Proudly Organized

Continuing Occupational Therapy Education (COTE)

&

Workshop

Theme: Occupational Therapy in Stroke Rehabilitation

SRM College of Occupational Therapy takes great pride in organizing an enriching and impactful workshop on “Occupational Therapy in Stroke Rehabilitation”

The workshop was conducted for 2 days on 24th and 25th of March 2025.

We are delighted to announce the successful completion of **Stroke Rehabilitation Workshop** organized by **SRM College of Occupational Therapy, SRMIST**. The workshop provided an enriching platform for students to gain in-depth knowledge about the evaluation and management of stroke in occupational therapy.

Under the expert guidance of our **distinguished resource person, Dr. Kamal Narayan Arya sir**, Lecturer (Occupational Therapy), **Pt. Deendayal Upadhyaya National Institute for Persons with Physical Disabilities, New Delhi**. He shared his enormous knowledge to the students which was very much enlightening. The students benefited a lot from the breadth of knowledge and depth of expertise.

The workshop was very interesting and motivated our students towards **OCCUPATIONAL THERAPY IN STROKE REHABILITATION**.

A total of **77 MOT students** registered and took part in workshop actively participated and benefited from this insightful session. Their enthusiasm and dedication contributed to making this workshop a remarkable learning experience.

A wide-angle photograph of a large lecture hall filled with students attending a presentation. A male speaker in a white shirt stands at a podium on the left side of the stage, gesturing towards a large digital screen. The screen displays a slide titled "Clinical Skills" with bullet points: "A presentation tool designed to enhance clinical skills", "A platform to share your experiences", "Enhancing Clinical Skills to reduce the extent of challenges", and "Transferable skills are #KampusTalk Topics". The audience, consisting of many young women, is seated in long rows of desks, facing the stage. The room has a checkered wall pattern and multiple ceiling fans.
