

DAY	
Saturday	Anesthesia for posterior fossa tumors
Sunday	
Monday	Anesthesia for VP shunt
Tuesday	Anaesthesia for patients with Aneurysms and AVM -Part 2
Wednesday	Autonomic nervous system - Functional Anatomy and physiology
Thursday	Drugs affecting Autonomic nervous system
Friday	Journal club
Saturday	Autonomic Dysfunction- Assessment and management
Sunday	
Monday	Monitoring Autonomic nervous system
Tuesday	Neuromuscular junction physiology
Wednesday	Neuromuscular blockade
Thursday	NMJ monitoring - PG symposium
Friday	Journal club- Neuraxial vs general anaesthesia for total hip and total knee arthroplasty: a systematic review of comparative-effectiveness research R. L. Johnson S. L. Kopp C. M. Burkle C. M. Duncan A. K. Jacob P. J. Erwin M. H. Murad C. B. Mantilla Br J Anaesth (2016) 116 (2): 163-176. DOI: https://doi.org/10.1093/bja/aev455
Saturday	Antagonism of Neuromuscular blockade
Sunday	
Monday	Venous air embolism
Tuesday	Bone cement syndrome
Wednesday	Tourniquet and anaesthetic implications
Thursday	Fat embolism syndrome
Friday	Journal club - Antifibrinolytic agents in current anaesthetic practiceE. Ortmann M. W. Besser A. A. Klein Br J Anaesth (2013) 111 (4): 549-563. DOI: https://doi.org/10.1093/bja/aet154
Saturday	Autonomic hyperreflexia
Sunday	
Monday	Spinal cord monitoring
Tuesday	Anaesthesia for Arthroscopy- Didactic lecture
Wednesday	Anesthesia for spine surgeries - Didactic lecture
Thursday	Anesthesia for Kyphoscoliosis- Flip class
Friday	Journal club- Enhanced recovery for lower limb arthroplasty K Place, MBChB FRCA NB Scott, MBChB FRCS(Ed) FRCA Contin Educ Anaesth Crit Care Pain (2014) 14 (3): 95-99. DOI: https://doi.org/10.1093/bjaceaccp/mkt037
Saturday	Regional anaesthesia in patients receiving Antithrombotic therapy
Sunday	
Monday	Positioning in Orthopedic procedures- PG symposium
