Patrons

Dr. T. R. Parivendhar, Chancellor, SRMIST
Mr. Ravi Pachamoothoo, Chairman, SRMIST
Dr. P. Sathyanarayanan, President, SRMIST
Dr. R. Shivakumar, Vice President, SRMIST

Advisory Committee

Dr. Sandeep Sancheti, Vice Chancellor, SRMIST
Dr. T. P. Ganesan, Pro-VC (P&D), SRMIST
Dr. N. Sethuraman, Registrar, SRMIST
Dr. C. Muthamizhchelvan, Director (E & T), SRMIST
Dr. M. Vairamani, Dean (SBE), SRMIST
Dr. M. P. Rajesh, Professor & HOD

Conveners

Dr. T. Viruthagiri, Professor
Dr. P. Muthamilselvi, Assistant Professor (O.G)

Organizing Committee

Dr. B. Karunanithi, Professor
Dr. S. Prabhakar, Visiting Professor
Dr. Ashish Kapoor, Associate Professor
Dr. K. Tamilarasan, Associate Professor
Dr. K. Anbalagan, Assistant Professor (S.G)

ADDRESS FOR CORRESPONDENCE

SRMIST

SRM Institute of Science and Technology (SRMIST) is one of the top ranking universities in India with over 50,000 students and 2,500 faculties, offering a wide range of undergraduate, post-graduate and doctoral programs in Engineering, Management, Medicine & Health sciences, and Science & Humanities. This University with more than three decades of existence under its ambit has emerged as one of the largest, privately funded Universities. SRMIST has set standards in education and knowledge creation across various fields, with over 250 acres replete with a variety of facilities, state-of the art labs, libraries, Wi-Fi, knowledge centre, 4000 capacity A/C auditorium, 100 online smart classrooms, Hostels with premium facilities. SRM is committed to create knowledge through research across all academic disciplines. The 98th Indian Science Congress was hosted at SRMIST, inaugurated by the Former Honorable Prime Minister Dr. Manmohan Singh, was attended by more than 10,400 delegates from India and abroad including Six Nobel Laureates. SRMIST is proud to have been accredited by (National Assessment and Accreditation Council) NAAC with 'A++' Grade. The Ministry of Human Resource Development, Government of India has also chosen to recognize SRMIST with a category 'A' rating.

STTP

With increasing pace of industrialization in Tamilnadu, the need for continuous monitoring of pollution due to industrial sources has become mandatory. Industries need to provide pollution control measures to meet the Minimum standards (MINAS) prescribed by the State and Central Pollution Control Boards. The industries generating trade effluent are required to provide effluent treatment plant to treat their trade effluent to satisfy the standards prescribed by the Board. Industries are constantly monitored regarding the functioning of their effluent treatment.With the increased industrial and commercial activities in the vicinity of major cities, the quality of the ambient air is being affected by emissions from the industries and from the ever increasing vehicular population.

The ambient air quality data collected from the air quality monitoring stations (NAMP) indicate that the parameters such as sulphur dioxide, nitrogen dioxide are found to be well controlled in Chennai including the industrial area and the average values of Respirable Suspended Particulates levels exceeded the standard in Chennai. This STTP Programme on Recent Advances on Industrial Pollution Control(RAIPC- 2018) is aimed to impart the latest Technologies in the field of Waste water treatment, Air pollution control ,Solid waste management,Noise pollution abatement, Nuclear waste disposal and Industrial safety to the participants from Industries and academic institutions.

Course contents

- ✪ Air Pollution Control
- ✪ Wastewater Engineering
- ✪ Solid Waste Management
- ✪ Noise Pollution Control
- ✪ Nuclear waste disposal
- ✪ Hand-on Training on modelling software
- ✪ Laws and legislations, Role of Central Pollution Control Board
- ✪ Intellectual Property Rights
- ✪ **Important Dates**

- • **Last date for registration** : **21th October 2018**
- • **Selection Intimation** : **01st November 2018**
