About the College

SRM College of Pharmacy, SRM University, Kattankulathur is one of the premier institutions for Pharmaceutical education and research in the country. The college was started in the year 1992 affiliated to the Tamil Nadu Dr.MGR Medical University and was later brought under the ambit of SRM University in 2005. The college now offers B.Pharm, M.Pharm., Ph.D., Pharm.D and Pharm.D Post Baccalaureate courses. The infrastructure available makes the college a conducive academic learning that provides students with quality education in a comfortable environment. The college has Memorandum of Understanding with the University of Bristol, UK. The College is committed to the highest level of work in the education of future pharmacists, research in the pharmaceutical sciences and service to our community. Students are prepared for the globally connected society of the future. Our students are tomorrow's pharmacy leaders. What starts here truly changes the world.

About NAWA

The Nilgiris Adivasi Welfare Association (NAWA) was established in 1958 by the pioneering humanist Padmashri Dr. S. Narasimhan for the welfare and development of the aboriginal people in the Nilgiris. Begun in a spirit of secularism and with five decades of work in the Nilgiris and its environs NAWA has become more proactive, addressing the changing needs of tribal people, focusing on sustainable development in medical, educational and nutritional aspects. The mission

statement of NAWA is to foster the establishment of self-reliant and self-sufficient Tribal Communities that are healthy and aware to ensure sustainable livelihoods through overall socio-economic development retaining their cultural identity as ethnic communities in the Nilgiris.

About the Conference

SRM College of Pharmacy in association with Nilgiri Adivasi Welfare Association (NAWA) will be hosting the Conference on Sickle Cell Anaemia on 19th June 2016, to be held at SRM University, Kattankulathur. This one day conference highlights and discusses the emerging clinical management and complications of sickle cell disease. It is also geared towards sharing local and international best practices in management and developments with Sickle Cell Anemia, which will provide a highly interactive forum for further discussion and collaboration.
