CONTENTS

ABOUT THE INSTITUTE

Sri Ramasamy Memorial Engineering College (SRMEC) was founded in the academic year 1985–86 at Kattankulathur, Chengalpattu District, Tamil Nadu. This is one of the first of a few engineering colleges started under the self-financing scheme of the Tamil Nadu Government to meet the increasing demand for technical education.

SRM Institute of Science and Technology – **SRMIST**- (formerly known as SRM University), which came into existence in the year 2002, is one of the top ranking Universities in India functioning in four campuses located at Kattankulathur, Ramapuram and Ramapuram Campus Part (Vadapalani) in Tamil Nadu besides a fourth campus at Modi Nagar, National Capital Region (NCR) Ghaziabad, near Delhi, with over 52000 students and 3300 faculty, offering a wide range of Undergraduate, Postgraduate and Doctoral programs in Engineering, Management, Medicine and Health Sciences, and Science and Humanities. The campuses occupy a total area of 380 acres. The main Kattankulathur campus is located in a sylvan campus skirting the National Highway (NH45), about 15 kilometers from Tambaram, Chennai.

The campuses consist of buildings with a built-up area of about 12 million square feet with various facilities, state-of-the-art laboratories, libraries, Wi-Fi connectivity, a knowledge center, 300 online smart classrooms, Hostels for boys and girls with premium facilities. Endless conveniences on the campus include Banks with ATMs, Hospital, Post office, bookstores, dining options, cafeterias, gymnasium, indoor game centers, prayer halls, staff quarters, guest houses and other facilities.

Further, the University has a multipurpose Dr. T. P. Ganesan Auditorium having a seating capacity for 3100 persons. In addition, there are two fifteen-storey buildings-the Tech Park and the University Administrative Building which houses the University Library.

SRM added a feather to its already glorious cap in 2011 by hosting the 98th edition of The Indian Science Congress where the distinguished delegates including six Nobel Laureates and other celebrated Scientists, Academicians and Philosophers participated and delivered their thoughts. INTERNAL QUALITY ASSURANCE CELL (IQAC)

In pursuance of the National Action Plan of the National Assessment and Accreditation Council (NAAC), Bangalore, for performance evaluation, assessment and accreditation and quality up-gradation of institutions of higher education, there is a stipulation that every accredited institution should establish an Internal Quality Assurance Cell (IQAC) as a post-accreditation quality sustenance measure. Since quality enhancement is a continuous process, the IQAC will become a part of an institution's system and work toward realizing the goals of quality enhancement and sustenance. The prime task of the IQAC is to develop a system for conscious, consistent and catalytic improvement in the performance of institutions. The IQAC will make a significant and meaningful contribution in the post-accreditation phase of institutions. During the post-accreditation period, the IQAC will channelize the efforts and measures of an institution toward academic excellence.

Strategies

IQAC shall evolve mechanisms and procedures for
- ensuring timely, efficient and progressive performance of academic, administrative and financial tasks;
- maintaining and upgrading the relevance and quality of academic and research programs;
- equitable and affordable access of academic programs to various sections of society;
- optimizing and integrating modern methods of teaching and learning.
- establishing the credibility of evaluation procedures;
- ensuring the adequacy, maintenance and functioning of the support structure and services and
- sharing research and networking with other institutions in India and abroad.

Functions

Some of the functions expected of the IQAC are:
- Development and application of quality benchmarks/parameters for various academic and administrative activities of an institution;
- Dissemination of information on various quality parameters of higher education;
- Organization of workshops and seminars on quality related themes and promotion of quality circles;
- Documentation of the various programs/activities leading to quality improvement;
- Acting as a nodal agency of the institution for quality-related activities; and
- Preparation of the Annual Quality Assurance Report (AQAR) to be submitted to NAAC based on the quality parameters.

Benefits

IQAC will facilitate:
- A heightened level of clarity and focus in institutional functioning towards quality enhancement and facilitate internalization of the quality culture;
- The enhancement and integration among the various activities of the institution and institutionalize many good practices;
- A sound basis for decision making to improve institutional functioning;
- A positive change in the institution; and
- Better internal communication.

STUDENTS COUNSELING CENTRE (SCC)

The SCC is a platform where students, teachers and parents stay connected. It is a centre for effective redressal of challenges and problems faced by students. It is a unique target oriented system that involves parents, teachers, wardens etc. The objective is to help students overcome concerns like anxiety due to exams, loneliness, and change in culture, low confidence level, hostel life, decision making dilemmas, academic problems, and lack of self assurance or difficulty in adapting to the new environment.

Counseling gives the students a chance to talk their minds. It enables them to understand the cause of anxiety more rationally and helps them to cope and deal with difficult situations. Senior faculty members from all schools form the core team. Also, we have experienced and dedicated student counselors available in the campus for this purpose. All the matters discussed during the counseling are kept confidential.

STUDENT COUNSELING SERVICES

Dear Students,

You have just come out of the safety and nurturing environment called home and the parents who made that possible.

You are here on your own because your parents think that you are aged enough, mature enough and responsible enough to get into the next stage in life and start taking care of self.

That does not mean, you are entirely on your own without help and guidance whenever you needed them.

This place is going to be home – away – from Home and have all the facilities to make your stay, a pleasant experience. At the same time, there are times when you may be confused, unsettled and restless for many reasons.

It may be Loneliness, Problems arising out of Comparison with others in many things such as, Physical differences, Cultural differences, differences in social standings of parents, Value systems, Language proficiency which cannot be spelt

out openly. This may result in complexes, frustration, low self-esteem, lack of concentration, sleeplessness and so on. Apart from these, problems in friendships, relationships may arise. These things may result in problems in academics and campus life.

The help is very much near to you in the form of Counseling within the campus and just a phone call away. Whatever you discuss with counselor will not be revealed to anybody else. This facility is completely free and dedicated to the mental wellbeing of the students. We are requesting you to make use of it whenever you needed it without any hesitation whatsoever.

Counseling is a process which offers the opportunity to explore those issues that are causing you concern or distress. It provides you with the time and space to talk about these issues in a confidential setting with a professionally qualified person. The counselor will not tell you what to do, but instead will assist you to think about your difficulties in a non-judgmental manner in order to help you find the best way to deal with them.

Our teams of Counselors are enlisted with the Manodarpan-a MHRD Initiative to provide psychosocial support to students, teachers and families for Mental Health and Emotional Wellbeing covering all students from Schools / University / Colleges / Institutions of Higher Education. The 'Manodarpan' initiative has been included in the ATMANIRBHAR BHARAT ABHIYAN, as a part of strengthening human capital and increasing productivity and efficient reform and initiatives for the Education sector.

PHYSICAL EDUCATION

Department of Physical Education was established in the year 1987. The College of Engineering & Technology teams have participated in many of the major tournaments such as Basketball, Cricket, Football, Tennis, Volleyball, Hockey, Athletics, Ball badminton and Indoor games such as Badminton, Table tennis and Chess.

The Directorate of Sports was established in the year 2007. SRMIST has conducted Inter-University tournaments in many of the major games. So far the directorate has organized 35 National Inter-University competitions. NATIONAL SERVICE SCHEME (NSS)

NSS was commissioned in SRM Institute of Science and Technology in 2003. The activities of the NSS mainly focus on Community Development Services, Social Service, Environmental Awareness Programs, Health Awareness Programs and Technology Transfer Programs. The NSS at SRMIST has guidelines to conduct various Regular and Special Camping activities. This ensures uniformity in the organization and conduct of the programs. The NSS volunteers benefit from the NSS activities as they get exposed to the sensitive issues of the downtrodden, need of the hour remedies, team work, time management and health issues. As a result of all this, they develop self-confidence, compassion, commitment, leadership qualities, positive attitude and above all, they turn out to be better individuals to survive in the 21st century.

The National Service Scheme (NSS) aims at involving the youth in community service through education. Students give their time, talent, and energy for social

work. It trains them to fulfill their social responsibilities as citizens. The experience of coming into close contact with the poorer section of the society molds the volunteers in the best possible way to face reality. Few students opt for such programs out of personal interest. Making NSS as a mandatory course ensures that all students participate and benefit from it, thus drawing every individual to learn to serve mankind with humility.

In order to render service to the community, the NSS volunteer undertakes various activities inside the campus and also outside the campus, particularly in the adopted villages, temples, common places like railway junction, bus stand and slums. These activities are normally conducted during weekends.

The Regular Activities are conducted with the help of the concerned Department Heads and the faculty members interested in social service. A program close to the heart is the adoption of a village or an area as a whole. The volunteers exhibit a greater sense of responsibility when they serve in the adopted villages. These activities are mainly a part of the Community Service and Health Awareness Programs. The Regular and Special Camp activities carried out are listed below:

i)   Environment Enrichment Programs
ii)   Health Awareness Programs
iii) Educational Programs
iv)   Women Empowerment Programs
v)   Social Service Programs
vi)   Production Oriented Programs
vii) Relief & Rehabilitation work during Natural calamities
viii) Creation of Durable Assets
ix)   Donation of computers, appliances and kits to school children
x)   Medical support to school children, orphanages, old age home and village public
xi)   Cleaning of school grounds, temples and planting trees
xii) Conducting short courses for school children and unemployed youth
xiii) Organizing blood donation camps periodically in association with many   Government Hospital blood banks and Rotary club blood banks
xiv) Collection of used dresses; washing them and distributing them to the needy people in and around SRMIST campus and in the vicinity of Chengalpattu District in association with NGOs

xv) Visits to orphanages and old age homes and entertaining them by conducting competitions of social interest in their premises, rewarding them with attractive and useful prizes and taking them to different intellectual places like, libraries, museums and offering them food for the whole day during weekends.

xvi) Distribution of herbal drinks ((Kabasura kudineer, free face mask, awareness on hand wash and sanitization, etc.,)) to general public in and around the campus and adopted villages, faculty, staff and students to the needed occasion like Dengue, Covid-19, etc.,

The NSS student volunteers celebrate Independence Day, NSS Day and Republic Day every year in the campus by bringing government school students to SRM campus and organizing interesting events on social interest, cleanliness, discipline, food habits, hygiene, tree plantation and environmental awareness. One of our 2nd year students participated in the Republic Day parade in New Delhi in 2013 and a first year student won prize in marathon organized near Marina in 2016, three of our first year students got medals and appreciation from the revenue department during a marathon organized on the occasion of Voters awareness program in 2019 and served as volunteers during the Lok sabha elections 2019 along with police and revenue officials. Red Ribbon Club (RRC) one of the clubs is functioning along with NSS bagged one of the "Best RRC units" award in Tamilnadu during the year 2020 offered by Ministry of Health & Family Welfare, Government of India.

NATIONAL CADET CORPS (NCC)

The objective of National Cadet Corps is to develop character, comradeship, and capacity for leadership among the youth in India. The NCC at SRM motivates the students with the best training and the ideals of selfless service. The training inculcates team spirit and a sense of nationalism and it also helps in developing the overall personality of an individual. The SRM NCC (Senior Division-SD) under 1 (Tamilnadu) Signal Company NCC [1 (TN) SIG COY NCC] was started in August 1996. The first and the second year students are enrolled for a duration of three years. We also enroll girls in the NCC since 2005, and the total allotted strength including girls is 83. The Obstacle Area was established in the year 2009 to train

the cadets. NCC parades are regularly conducted in Dr. T. P. Ganesan Auditorium Ground every Saturday from 7.00 to 11.00 a.m. as per the Parade Schedule. Pre-parade meeting is also conducted in front of the NCC Office every Friday from 4.30 to 5.30 p.m.

RULES AND REGULATIONS

The students must be aware of the Vision and Mission of the University. They should be familiar with their Departmental goals. Students should take all efforts to enable their Department to achieve these goals.

The students shall be thoroughly familiar with the regulations which are available at the University website *www.srmuniv.ac.in.* The curriculum and syllabus of various programs are also accessible at the website.

Some important aspects of the rules and regulations based on the present University regulations are reproduced here for strict compliance. These are subject to changes effected by the Institution from time to time.

1. Punctuality and Attendance Rules

- Attendance is the physical presence of the student in the class/laboratory/field work. It is a well-observed fact that the students who score good grades are those who attend the class/laboratory/field work, regularly. Therefore, the students must strive to attend all the classes without fail. Therefore, the students must strive to attend and sincerely participate in all the assigned learning activities without fail. Every faculty member handling a course will take attendance till the last instruction day in the semester.

- A student must maintain an attendance record of at least 75% in individual courses, **exclusive** of the leave of absence **due to medical reasons**, on-duty, extracurricular/extramural activities, permitted assignments such as job interviews, unforeseen emergencies etc. Without the minimum attendance of 75%, in any course, students become ineligible to appear for the end semester examination in that course. His/hers registration for that course will be treated as cancelled and the student should register for and repeat the entire course when it is offered next.

- A student must strive to attend all the classes without fail. However, the minimum attendance requirement of 75% allows a student the facility to use the balance 25% to account for illnesses, permitted assignments such as job interviews, inter-university sports meets, inter-collegiate/inter-university competitions, accidents, unforeseen emergencies etc. An attendance of 75% in a course is considered to be the minimum required for a student to get just enough input on the course syllabus through class room contact hours to make him/her eligible to appear in the end semester examination for that course. It is the responsibility of each and every student to keep track/monitor his/her percentage of attendance for each course and ensure that he/she satisfies the attendance norms prescribed by the university. If the student finds any discrepancy/error in the attendance status, he/she should immediately bring it to the attention of the concerned faculty member and seek redressal.

- **Condonation of Attendance** In rare and genuine cases, a committee consisting of the Director and Head of the Department of the concerned department will examine the case, based on the documents submitted by the student, facts and circumstances. The documents may include medical certificate, permission sought by the parents and students just before or just after the commencement of medical treatment, fitness certificate, evidence of being treated as in-patient and/or recommendation for convalescence etc. as applicable to particular situations. The assessment will be done by the committee on the merit of the case, and their recommendation will be communicated to the Vice Chancellor. The Vice Chancellor, based on the recommendation of the committee may then give condonation for the inadequate attendance. But in any case the condonation cannot exceed 10%. **It is to be noted that condonation of attendance shortage is not a right to be claimed by the student but to be considered only in the rarest of rare cases.** Once the medical leave is rejected by the committee, the period for which condonation is claimed will be treated only as 'absent'. Only those cycle tests, quizzes, surprise tests or any other forms of internal assessment

conducted during the approved condonation period will be re-administered. **No condonation will be considered for end semester examinations.**

- It is compulsory that a leave letter in an approved format should be submitted for Medical reasons. Medical leave letters should be signed/counter signed by parents/guardians/Hostel Warden. Medical leave letters should be accompanied by medical certificates for availing leave. Prior permission must be obtained for availing leave in other than emergency cases. A fitness and medical certificate should be submitted while rejoining the classes. Students are prohibited from producing false / fabricated certificates the act of which will result in grave disciplinary action against them.

- It is important that all students are present on the enrollment day as well as on the last working day. Absence will be permitted only for unavoidable reasons with prior permission. Suitable fine will be levied for absence on the course enrollment day and the last working day of the semester.

- Students should be punctual to the class and should equip themselves with calculators, approved drawing materials, instrument boxes, record note books and standard notebooks as and when necessary. Since the faculty will be taking the attendance at the commencement of the class, even one or two minutes of late entry will lead to the student being marked absent for the class which may ultimately lead to his/her attendance falling below 75% at the end of the semester.

2. Ragging

Ragging in any form is strictly forbidden, and severe action will be taken against those who indulge in such activities as per the Tamil Nadu Prohibition of Ragging Act No.7 of 1997. Please refer to the following URL to know about what constitutes ragging and actions that must be taken against those who indulge in ragging:
http://www.srmuniv.ac.in/content/anti-ragging

3. Discipline

- Every student is required to maintain discipline and decorum both inside and outside the University campus and should not indulge in any activity that will tarnish the reputation of the University.
- Any act of indiscipline by a student first will be scrutinized/considered by the Discipline and Welfare Committee of the Department/School for necessary action. If the issue demands more serious consideration, the act of indiscipline will be reported to the Director (Engg. & Tech.), and he will refer it to the Discipline and Welfare Committee of the University, constituted by the Vice Chancellor.
- The Committee will enquire into the charges and recommend suitable action if the charges are substantiated. The Director (Engg. & Tech.) will take appropriate action based on the recommendation of the Discipline and Welfare Committee.
- Director (Engg. & Tech.) may suspend a student pending inquiry depending upon the prima facie evidence.
- Appeal: The student may appeal to the Vice Chancellor whose decision will be final and binding.

4. Dress Code

Students are required to wear their identity cards (in an easily noticeable way) when they are in the College of Engineering and Technology campus and also when they travel using the College of Engineering and Technology transport. Not wearing the identity card will be considered as an act of indiscipline.

Laboratory Dress code

No loose garments are permitted in the workshop/laboratories. Gentlemen and Lady Students have to wear leather shoes in the workshops. In the workshops, the uniform for a Lady Student is grey overcoat and for a Gentleman student it is grey trousers and grey shirts. In Physics and Chemistry laboratories all the students have to wear white overcoats.

On play fields, the standard attire is shorts and vests or jerseys. Footwear used on the field should be securely strapped at the heel.

In case of violation of the dress code, the student concerned will be asked to leave the academic session.

Visiting students are also expected to observe the dress code. All students will wear presentable dress which is neat, clean and ironed.

> The Cell phone of the student who uses it in the class without the permission of the faculty will be confiscated and action will be taken.

> The student found with a cell phone during cycle test/model examination/practical exams/University examinations will be severely punished which will involve cancellation of tests/examinations or debar from writing further tests/examinations.

6. Overall Progress

> Students should maintain good academic progress on a continuous basis.

> Students should maintain satisfactory progress on all fronts.

> Corrective actions proposed by the Department to maintain academic excellence should be strictly adhered to by the students.

> Unsatisfactory performance will also render the students ineligible to appear for University Examinations.

7. History Cards/Certificates

> All the students are expected to fill the students' personal and performance record which will be supplied to them after they join the College of Engineering and Technology. These cards will form a record of their progress and achievements throughout their stay in the College of Engineering and Technology.

> The original certificates submitted by students at the time of admission to the College of Engineering and Technology will be returned within a year. They will be returned on production of a clearance certificate indicating that the student has no dues to the College of Engineering and Technology. The course completion/conduct/extra-curricular certificates will also be issued when the students leave the College of Engineering and Technology.

8. Hostellers

> Students admitted to the University hostel shall abide by the existent rules and regulations at the time of admission and as amended from time to time.

> A student dismissed from the Institute shall automatically cease to be a member of the Hostel.

Apart from the rules and regulations prescribed above, following exhortations are made to the students aimed at their well-being:

❖ Chennai and nearby areas have long beaches. Students are firmly advised not to take bath in the seawaters as the unpredictability of killer currents and monster waves may lead to untoward accidents.

❖ The students are advised to be extremely cautious while crossing the busy National Highway adjacent to the campus. Students are cautioned not to walk across or along the railway tracks in front of the campus or anywhere else. Carelessness on the part of students has led to many unfortunate fatal accidents.

❖ Students are strictly forbidden to smoke/consume alcoholic drinks/take drugs inside the campus or for that matter anywhere else. Such habits irreparably wreck the career of the students.
