About the Conference

ICIDL & IIC 2020 on "Revitalizing the Libraries to the Android Society" being organized by SRMIST Central Library and co-organised by International Library and Information Science Society (I-LISS), is the 3rd International Conference on the main theme "Innovation Driven Librarianship" (ICIDL) and IIC (I-LISS International Conference). Libraries have deliberately sought to change perceptions of themselves from spaces of collection to spaces of creation. The behavior of library users has drastically changed in recent years. Libraries and librarians play a central role in organizing and communicating knowledge. They are an important part of the knowledge production and use chain. With the liberalization and reform of the telecom sector, the people across the globe started to enjoy an affordable internet. Revitalizing the library is one of the pressing issues that have to be accomplished in the existing Android society. Keeping those in mind the organizers have planned a three-day international conference on the above theme. This conference provides a platform to all stakeholders in the field of libraries and information professions and aims to promote innovation, augmentation, and utilization of modern technologies in the direction of reaching Android society. The conference will be held in Central Library, SRM Institute of Science and Technology, Chennai, Tamil Nadu, India, on 7th - 9th August 2020.
