SRMIST is classed as Category I University by UGC/MHRD and enjoys 12B status too under UGC Act.

ABOUT EEE DEPARTMENT

Electrical and Electronics Engineering is a continuously evolving subject. As technology has advanced, so have the challenges facing the modern engineer. EEE is a subject that naturally partners with other disciplines to open whole new engineering avenues. The EEE Department at SRM Institute of Science and Technology (formerly known as SRM University) prepares students in this field using new-age information and computer-intensive technologies. Accredited by ABET, AICTE, CII.

ABOUT THE CONFERENCE

The International Conference on Power Electronics and Renewable Energy Systems will be held at SRM Institute of Science and Technology, Kattankulathur, India during April 21 – 23, 2021 with the technical publication support from Springer LNEE. This conference is to provide an international forum for industry professionals and researchers to deliberate and state their research findings, discuss the latest advancements and explore the future directions in

the emerging areas of Engineering and Technology. The conference also brings together both novice and experienced scientists and developers, to meet new colleagues, collect new ideas and establish new cooperation between research groups and provide a platform for researchers from academic and industry to present their original work and exchange ideas, information, techniques and applications in the field of Communication, Computing, Power Technologies and Intelligent Techniques in Engineering Systems.

All the selected papers presented in the conference will be published in Lecture Notes in Electrical Engineering, Springer Series (Scopus Indexed) (<https://www.springer.com/series/7818>).
