

SRM INSTITUTE OF SCIENCE AND TECHNOLOGY

COLLEGE OF SCIENCE AND HUMANITIES

DEPARTMENT OF COMMERCE

INTELLECT

Intellect 2K19 was the first celebration held solely for students and by the students in the Department of Commerce srm institute of science and technology on 12/11/2020 and 13/11/2020. It was organised by students who sponsored the event to their fellow students. This creates equity and encourages every student to participate in the activities. This offers them an opportunity to demonstrate their skills and talents. It is an academic event where students are not seasoned experts but who conduct the workshops. There were also exercises that were focused on the session after each session in order to assess our interpretation and participation. This two days session was organised by the second year and final year students.
