Opportunities given by Indian Government for Skill Development

National Skill Development Coordination Board (NSDCB)

The NSDCB chaired by the Deputy Chairman (Planning Commission) would assist the Prime minister's National Council and coordinate the action for skill development. The responsibility of the board is to specify the strategies for implementing the decisions of the Council on skill development and formulate suitable operational guidelines to meet the objectives of skill development. It is expected to develop strategies and solutions to tackle the various issues related to regional imbalances, socioeconomic concerns, shortage of quality teachers, gender divides and develop a framework of institutionalize such measures. The board evaluates the regional skill gaps and formulate action plans to bridge such gaps. It also facilitates and coordinates to reposition the employment exchanges as the outreach points for accumulating and providing information on skill development and employment and promote them to function as career counselling centers. The board is also responsible to check, assess, and evaluate the outcomes of the various skill development programmes and intimate the Prime Minister's National Council on skill development about the same.

NEP 2020 - EVENT (2021-08-10 at 01:30 GMT-7)

NEP 2020: AN INTERPLAY OF EDUCATION AND TECHNOLOGY.

The National Education Policy, 2020 ("Policy"), unveiled by the Ministry of Human Resource Development ("MHRD"), is revolutionary in every sense. While the Policy focuses on multiple aspects, including the need for early childhood care, inclusive education and revamping of the current curriculum, an inherent thread that runs through the Policy is the interplay of education and technology.

Over the last decade, India has transformed itself into an 'information intensive society' and there is a growing requirement to embrace the usage of technology in the field of education. In this regard, the Policy notes that one of the central principles steering the education system will be the '*extensive use of technology in teaching and learning, removing language barriers, increasing access as well as education planning and management*'.

NEP 2020 - EVENT (2021-08-10 at 01:30 GMT-7)

NATIONAL EDUCATION POLICY-2020

- The NEP 2020 is the first education policy of the 21st century and replaces the thirty-four year old National Policy on Education (NPE), 1986. Built on the foundational pillars of Access, Equity, Quality, Affordability and Accountability, this policy is aligned to the 2030 Agenda for Sustainable Development and aims to transform India into a vibrant knowledge society and global knowledge superpower by making both school and college education more holistic, flexible, multidisciplinary, suited to 21st century needs and aimed at bringing out the unique capabilities of each student.
