LT No: SE/000/00/00/00/18/

2013 DT 29.4.13

Dear Sir,

Sub: Electricity - CHEMICALPATTU / EDC HT Service - Review of the adequacy of the existing Current Consumption Deposit (CCD) for the HT SC No: 926 payment of Additional Current Consumption Deposit - Requested.

On a review of adequacy of the Current Consumption Deposit at your credit for the HT supply under HT SC No: 926 with reference to Section 5(5) (iii) of the Tamil Nadu Electricity Supply Code it is seen that the sum of Rs. 505250/- (Rupees Five Lakhs Five Thousand Three Hundred And Fifty Only) is payable by you towards Addl. Current Consumption Deposit over and above the existing Current Consumption Deposit of Rs. 254110/- at your credit for 2012-2013 (working sheet enclosed).

I would therefore request you to pay the sum of Rs. 505250/- towards the Addl. Current Consumption Deposit in one payment as stipulated below

Sl. No.	Amount in Rs.	Due date of Payment
1	5,05,250	29/05/2013

The above Addl. Current Consumption Deposit may be paid in one lumpsum on or before 31/05/2013. Failing which as per regulation (4) of the aforesaid payment surcharge shall be leviable at the rate not exceeding 1.5% per month. The failure of paying the same on the due date will entail to disconnect the service with out prior notice as per Section 5(5) (iv) of Tamil Nadu Electricity Supply Code.

On reviewing the Addl. CCD required for the year 2012-2013 after taking into account the interest on CCD, there is excess CCD in your HT Service to an extent of Rs. 0/- which will be adjusted in your future Current Consumption Bill alongwith Rs. /- towards interest allowed for CCD.

If any amount of deposit other than the amount shown above as existing Current Consumption Deposit has already been paid by you, the same may be intimated to this office quoting reference to the Receipt No and date of payment for taking further action.

Enclosure: As above

Yours faithfully,
for SUPERINTENDING ENGINEER

Biogas Plant (1 Ton)

Biogas Plant

Biogas plant with a capacity of 1 ton was available in our campus as a common facility shared between SRM IST and SRM Arts and Science College. Foodwaste from hostel and plant leaves were utilized for biogas production. The produced biogas were utilized in the hostel mess itself.
