

# Dr. PAARIVENDHAR RESEARCH COLLOQUIUM (DPRC)

(24-26<sup>th</sup> March 2022)

For all Ph.D. Scholars of SRM Group of Institutions

Dr. T. R. Paarivendhar

Founder Chancellor  
SRM Group of Institutions

The objective of this in-house colloquium is to provide an exclusive platform for research scholars working in Engineering, Medicine, Science, Arts and other fields to present their latest research findings to peers and veterans. This platform aids in highlighting the ongoing research capabilities of individuals to researchers of other departments opening up an arena for multidisciplinary approach. This would further facilitate scholars to interact with experts both in and out of their research domain, thus opening new avenues and interdisciplinary applications. The colloquium overall provides a fertile ground for generating novel ideas.

## Research @ SRM

The mission of SRMIST is to accomplish processes to advance knowledge in a rigorous academic and research environment. In line with the mission of the institute, faculty and students are encouraged to carry out research in basic and applied areas of technology and innovation. SRMIST further fosters research in a challenging, yet rewarding manner, by proving the state of art infrastructure, seed fund, selective excellence programs and recruitment of junior research fellows providing them stipend, on par with government institutions. The areas of research span across more than 36 fields including engineering & technology, science, arts, commerce and medical disciplines. Researchers associated with various disciplines contribute in their field of expertise by way of publications, patents, industrial collaborations and other valuable contributions to the serve the society at large. SRMIST supports the research endeavors of faculty and students by providing research funds and contingencies in addition to incentives for publications and patent applications filed and/or granted.
