FROM THE CHANCELLOR

SRM Institute of Science and Technology engineering programs endeavor to be at the forefront of innovation. They also foster multi-disciplinary collaborations aimed at solving the most pressing global problems.

Our mission is to seek solutions to global challenges by using the power of engineering principles, techniques and systems. We believe that engineers should not only possess deep technical excellence, but also nurture creativity, cultural awareness and entrepreneurial skills that come from exposure to science, business, medicine and other disciplines - all an integral part of the SRM experience.

Our goal is to deliver world class, problem driven programs that inspire curiosity and generate new knowledge and discoveries. Our collaboration with over 50 of the world's best universities and 215 corporates strengthens our academic and research programs.

The University is committed to pioneering innovations in research, transferring discoveries to broader community and educating tomorrow's leaders and entrepreneurs.

Dr. T. R. Paarivendhar

Founder Chancellor

SRM Institute of Science and Technology

VISION

To emerge as a world-class University in creating and disseminating knowledge and providing students a unique learning experience in science, technology, medicine, management and other areas of scholarship that will best serve the world and betterment of mankind.

MISSION

TO MOVE UP through international alliances and collaborative initiatives to achieve global excellence.

TO ACCOMPLISH A PROCESS to advance knowledge in a rigorous academic and research environment.

TO ATTRACT AND BUILD PEOPLE in a rewarding and inspiring environment by fostering freedom, empowerment, creativity and innovation.

RECOGNITION AND ACCREDITATION

A continuous emphasis on modern teaching methods, global links for research, student exchange and knowledge sharing, world class infrastructure, placement, diversity of students and industry institute interactions have consistently placed SRM students well ahead in every field. This dedication to academic excellence has brought accolades for the University in the form of recognition and accreditation.

RECOGNITION

The University Grants Commission (UGC) and Ministry of Human Resource Development (MHRD) MoE, Ministry of Education, Department of Higher Education, Government of India, granted graded autonomy to SRMIST by classifying it as Category - I University

UNIVERSITY ACCREDITATION

SRM is accredited by NAAC (National Assessment and Accreditation Council – an Autonomous Institution of the University Grants Commission) with 'A++' grade – the highest grading.

PROGRAM ACCREDITATION

Following programs of Kattankulathur Campus stand accredited by the NBA under Tier - I category (Washington Accord)

- Biotechnology
- Mechanical Engineering
- Civil Engineering
- Electrical and Electronics Engineering
- Electronics and Communication Engineering

The following programs of Kattankulathur Campus are accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org>.

ABOUT THE INSTITUTE

Sri Ramasamy Memorial Engineering College (SRMEC) was founded in the academic year 1985–86 at Kattankulathur, Chengalpattu District, Tamil Nadu. It is one of the first of a few engineering colleges started under the self-financing scheme of the Tamil Nadu Government to meet the increasing demand for technical education.

SRM Institute of Science and Technology – **SRMIST**- (formerly known as SRM University), which came into existence in the year 2002, is one of the top ranking Universities in India functioning in five campuses located at Kattankulathur (Main Campus), Ramapuram, Vadapalani in Tamil Nadu, fourth campus at Modi Nagar, National Capital Region (NCR) Ghaziabad, near Delhi, and 5th Campus at Tiruchirappalli, Irungalur, Tamilnadu, with over 52000 students and 3300 faculty, offering a wide range of Undergraduate, Postgraduate and Doctoral programs in Engineering, Management, Medicine and Health Sciences, Science and Humanities, Agriculture and Law. The campuses occupy a total area of **410** acres. The main Kattankulathur campus is located in a sylvan campus skirting the National Highway (NH45), about 15 kilometers from Tambaram, Chennai.

The campuses consist of buildings with a built-up area of about 12 million square feet with various facilities, state-of-the-art laboratories, libraries, Wi-Fi connectivity, a knowledge center, 300 online smart classrooms, Hostels for boys and girls with premium facilities. Endless conveniences on the campus include Banks with ATMs, Hospital, Post office, bookstores, dining options, cafeterias, gymnasium, indoor game centers, prayer halls, staff quarters, guest houses and other facilities.

Further, the University has a multipurpose Dr. T. P. Ganesan Auditorium with a seating capacity for 3100 persons. In addition, there are two fifteen - storey buildings - the Tech Park and the University Administrative Building which houses the University Library.

SRM added a feather to its already glorious cap in 2011 by hosting the 98th edition of The Indian Science Congress where the distinguished delegates including six Nobel Laureates and other celebrated Scientists, Academicians and Philosophers participated and delivered their thoughts. The launching of SRMSAT (satellite) is another milestone which other Universities across the country are yet to reach.

SRM Institute of Science and Technology has achieved many milestones over the years and a few of them are highlighted below:

- SRMIST is accredited by NAAC (National Assessment and Accreditation Council) with the highest Grade of 'A++' in the year 2018 which is currently valid.
- It is classified as **Category I** University by UGC/MHRD.
- All Engineering programs are approved by the AICTE (All India Council for Technical Education).
- QS (Quacquarelli Symonds-United Kingdom) has rated SRM Institute of Science and Technology globally as a 4-star Institute, in its second cycle, with Five Star ratings in Teaching, Employability, Online Learning, Innovation, Social Responsibility and Inclusiveness
- SRMIST has been ranked 24 by NIRF-2022 (National Institutional Ranking Framework-MHRD) under Engineering Category and 19th under University Category.
- SRMIST stands 3rd in country and 178th in world in the ranking by UI Green Metric World University Ranking on Sustainability.
- SRMIST gets regularly featured in the Global Ranking conducted by QS and THE (Times Higher Education-United Kingdom)
- SRMIST secured 4th position among private Institutes across our country under ARIIA-2021 ranking (Atal Ranking of Institutions on Innovation Achievements) – a ranking instituted by Ministry of Human Resource Development, Government of India.

- Clean and Smart Campus Awards (Universities - AICTE) - First place, 2020
- SRMIST is awarded the first prize by AICTE for the Campaign for 'One Student One Tree' (2019)
- SRMIST awarded QS IGAUGE E-Learning Excellence for Academic Digitization (E-LEAD) Certificate 2020
- SRMIST Rated as AAA for the year 2021 by NPTEL – SWAYAM and secured second position in India
- Following programs of Kattankulathur Campus stand accredited by the NBA under Tier I category (Washington Accord)
 - Biotechnology
 - Mechanical Engineering
 - Civil Engineering
 - Electrical and Electronics Engineering
 - Electronics and Communication Engineering
- Programs of Kattankulathur Campus namely B.Tech Civil Engineering, B.Tech Mechanical Engineering, B.Tech Electrical and Electronics Engineering, B.Tech Electronics and Communication Engineering are accredited by the Engineering Accreditation Commission of ABET, USA. <http://www.abet.org>.
- B.Tech Information Technology program offered at Kattankulathur campus is accredited by the Computing Accreditation Commission of ABET, USA. <http://www.abet.org>.
- Programs of Kattankulathur Campus namely B.Tech Computer Science and Engineering, B.Tech Software Engineering, B.Tech Electronics and Instrumentation Engineering and B.Tech Automobile Engineering are accredited by The Institution of Engineering and Technology (IET-United Kingdom). <https://www.theiet.org>.
- SRMIST is awarded Best Industry – Linked Institute for Electrical Engineering & Allied Institute category by AICTE-CII (2019)
- 'SRM Green Stabilizers' - a team of Department of Civil Engineering, Kattankulathur Campus, SRMIST has won the national AICTE – Chhatra Vishwakarma Award – 2019

Foreign faculty, flexible and dynamic curriculum, exciting research and global connections are the features that set SRM apart. Every year over 200 students are sponsored to study in more than 35 foreign universities such as MIT, Carnegie Mellon, UC Davis, Warwick, Western Australia etc. Fifty members from the top Universities across the world including MIT, Stanford, UC Berkeley, Cambridge and NUS help to set global standards. Over 100 top executives from leading corporate Institutions constantly interact with the faculty and students to help formulate the academic and research activities, thus enabling SRM to be one among the world class Universities in India.

The College of Engineering and Technology (Engg. & Tech.) which comprises of Engineering and Architecture programs has nearly 20000 students with a faculty strength of over 1600. For all engineering programs, the curriculum and syllabus have been revamped in 2018-19 and further revised in 2022-23 so that they are as per AICTE's prescription.

SRM Institute of Science and Technology is run by the Trust SRM Institute of Science and Technology. The motivating force behind it is our dynamic Founder - Chancellor Dr. T. R. Paarivendhar - now an honourable Member of Parliament (MP) - who, for the past five decades, has been rendering yeoman service to the cause of education in our country.

MEMBERS OF CORPORATE ADVISORY BOARD

We stay in tune with Industry Trends.

The Corporate Advisory Board (CAB) at SRM is a unique platform connecting over 150 industries across the country. It helps to keep the University's Engineering and Management programs in tune with industry trends, by bringing students face to face with Senior Managers, Vice Presidents, Chairmen and the top management of leading companies in the industry.

Working in partnership with industry helps students and faculty gain a broader view and gives them the expertise to live and work in a global context. It also gives them the right attitude and aptitude to translate the new knowledge from research to practical ends. UNIVERSITY RESEARCH COUNCIL

Fostering research has always been a priority at SRM Institute of Science and Technology (SRMIST) by making it as a research-driven institute of national importance. SRMIST has been providing strong support through providing huge infrastructure for the researchers. High-performance computing facilities is one of the niche facilities offered by SRMIST, and it is the only privately funded institution which has created such facilities almost 5 years ago. Given its importance to the theoretical researchers, the facility is being expanded through cloud resources as well. A separate research building, Raman Research Park, is dedicated to research. Central Research Facilities (CRF) host state-of-the-art facilities aimed at serving both researchers from SRMIST and outsiders as well. The research activities in SRMIST include academic research, sponsored research, and industry consultancies. These activities are being carried out in the Faculties of Engineering and Technology, Agricultural Sciences, Science and Humanities, and Medical Health Sciences, SRM Institute of Science and Technology. Thus, Research and Innovation happen in almost all streams in SRMIST.

Composition of the Committee

The Committee shall comprise

- | | | |
|---------------------------|---|---|
| Chairman | : | Vice Chancellor |
| Vice Chairman | : | Director / Joint Director (Research) |

The quorum for meetings shall be 1/3 of the membership.

Term of the membership

Nominated members shall serve for a term of two years.

INTERNATIONAL RELATIONS

The Office of International Relations (OIR) assists international students to adjust to and fully participate in the SRM Institute of Science and Technology campus community. It deals with the following:

- Admissions of NRI and Foreign students to various programs in the faculties of Engineering and Technology, Medicine and Health Sciences, Science and Humanities, and Management
- Recruitment of visiting professors from foreign Universities
- Facilitating the accommodation and other needs of the international students and faculty staying in the campus
- Student exchange and faculty exchange programs
- Building relationships with foreign Universities and Organizations, exploring new areas of cooperation, and facilitating MoUs and collaboration
- Organizing orientation programs and socio-cultural programs for the international community

The OIR also provides orientation to new students prior to the start of the academic year. OIR provides counseling on personal, academic and financial matters, immigration procedures, programs for social and cultural exchange, information about international employment and need-based English classes for the international students. OIR also assists new students through orientation and registration, and the staff are available at all times to assist in case of any problem.

Visiting Faculty on Long Tenure

Visiting faculty from foreign Universities are a boon to the University as they help to:

- promote international education;
- enhance the quality of research and build exposure to different cultures and international trends.

A few faculties from foreign Universities are teaching at SRMIST on long tenure.

Many more visit the campus for academic and research purposes on an ongoing basis. This gives both the students and the faculty greater opportunities for mutual interaction and learning. The visiting faculties currently at SRM are:

INTERNAL QUALITY ASSURANCE CELL (IQAC)

In pursuance of the National Action Plan of the National Assessment and Accreditation Council (NAAC), Bangalore, for performance evaluation, assessment and accreditation and quality up-gradation of Institutions of higher education, there is a stipulation that every accredited institution should establish an Internal Quality Assurance Cell (IQAC) as a post-accreditation quality sustenance measure. Since quality enhancement is a continuous process, the IQAC will become a part of an institution's system and work toward realizing the goals of quality enhancement and sustenance. The prime task of the IQAC is to develop a system for conscious, consistent and catalytic improvement in the performance of Institutions. The IQAC will make a significant and meaningful contribution in the post-accreditation phase of Institutions. During the post-accreditation period, the IQAC will channelize the efforts and measures of an institution towards academic excellence.

Strategies

IQAC shall evolve mechanisms and procedures for

- ensuring timely, efficient and progressive performance of academic, administrative and financial tasks;
- maintaining and upgrading the relevance and quality of academic and research programs;
- equitable and affordable access of academic programs to various sections of society;
- optimizing and integrating modern methods of teaching and learning;
- establishing the credibility of evaluation procedures;
- ensuring the adequacy, maintenance and functioning of the support structure and services and
- sharing research and networking with other Institutions in India and abroad.

Functions

Some of the functions expected of the IQAC are:

- Development and application of quality benchmarks / parameters for various academic and administrative activities of an Institution;
- Dissemination of information on various quality parameters of higher education;
- Organizing of workshops and seminars on quality related themes and promotion of quality circles;
- Documentation of the various programs / activities leading to quality improvement;
- Acting as a nodal agency of the Institution for quality-related activities; and
- Preparation of the Annual Quality Assurance Report (AQAR) to be submitted to NAAC based on the quality parameters.

Benefits

IQAC will facilitate:

- A heightened level of clarity and focus in institutional functioning towards quality enhancement and facilitate internalization of the quality culture;
- The enhancement and integration among the various activities of the Institution and institutionalize good practices;
- A sound basis for decision making to improve institutional functioning;
- A positive change in the Institution; and Better internal communication.

Recent contributions by IQAC to the College of Engineering and Technology

- NAAC III Cycle Accreditation (Awarded the highest A+ +)
- QS- IGAUGE Diamond rating
- ARIIA Ranking
- AICTE awards
- FICCI awards
- Quality enhancement through regular IQAC meetings

- Accreditation of five engineering programs at Kattankulathur campus by NBA
- Accreditation of five engineering programs at Kattankulathur campus by Engineering Accreditation Commission and Computing Accreditation Commission of ABET, (<https://www.abet.org>)
- Accreditation of four engineering programs at Kattankulathur campus by The Institution of Engineering and Technology (IET)
- Development of regulations and curriculum
- Participation in surveys conducted by media
- Preparation of reports for submission to UGC/MHRD/AIU
- Participation in NIRF(MHRD)/QS/Times Higher Education ranking surveys
- Advisory role in enhancing research publications, patents, faculty recruitment
- Preparation of annual MHRD-AISHE report
- Preparation of University annual report
- QS-Rating Process resulting in 4 star status for SRMIST
- Participation in Swachh Bharat Ranking Process
- Advisory role in internal promotion

Faculty Members in charge of IQAC

UNIVERSITY CENTRAL LIBRARY

The University Central Library spreads across the ground plus three floors with a built-up area of 1.5 lakh sq. ft. in the University Administrative Block, constructed in modern and functional lines. It is centrally air-conditioned with CCTV surveillance and automated with Radio Frequency Identification (RFID) Technology.

The University Central Library collection includes 1,49,304 volumes of books with 66,010 titles on Engineering and Technology, Management, Physical Sciences, Life Sciences, Humanities, and Architecture. The library subscribes to 178 print journals and 34,556 e-journals including IEL (IEEE Electronic Library) Online, ACM Digital Library, Springer Nature, Science Direct, ASCE, SAE Digital Library, Nature, Pro Quest, Emerald, Nature Nano, SCOPUS, EBSCO (Management, CINAHL and Dentistry Database), SCC Online and 1,63,719 E-books from publishers like John Wiley, Elsevier, Springer, McGraw Hill, Pearson Education, IET Publications and EBSCO e-book collections to cater to ever-growing needs of students, staff and research scholars. Members can access these resources throughout the campus through Wi-Fi.

The University Central Library has sections like Stack Area, 200-seater Reading Halls in each floor, a Conference Hall, SC/ST Book Bank Section, Technical Section, Library Office and Seminar Hall. There is a separate library for School of Architecture, School of Law and a separate section for Braille.

The library has facilities like a well-furnished Video Hall containing 700 Video programs, SWAYAM/NPTEL Video courses and other e-Learning resources initiated by the Government of India Shodhsindu, Shodhganga and National Digital Library (NDL).

The Library is also a member of the Regional Level Network of MAdras LIBRARY NETwork (MALIBNET) and National Level Network of Developing Library Network (DELNET) that enables the staff and students to access all the major participating libraries in India. The library also facilitates Inter-Library Loan (ILL) and Contents Page Service. Also, the library has facilities such as Internet browsing center and

Reprography Section. SRMIST is a Member of the Institution of Engineers, Kolkata, British Council Library, Chennai, American Information Services Center, Institute for Steel Development & Growth (INSDAG) to facilitate the members to borrow journals/magazines and video programs that are not available in SRM. To access and benefit these facilities, members have to follow the rules and regulations listed below. They are intended to regulate the use of library resources, and they are reviewed periodically to meet the requirements.

1. MEMBERSHIP

Membership is open to all the faculty, staff, research scholars and students of SRM Institute of Science and Technology.

2. WORKING HOURS

The working hours are as follows:

A. Central Library

All days (Including Sunday) 8.00 am to 10.00 pm

Summer Holidays 9.00 am to 5.30 pm

(Except Sunday)

Circulation Counter Functions

Monday to Friday 8.00 am to 10.00 pm

Saturday & Sunday 9.00 am to 4.00 pm

B. Architecture Library and School of Law Library

Monday to Friday 8.30 am to 4.30 pm

Saturday & Sunday Holiday

C. Library Office

Monday to Saturday 9.00 am to 5.00 pm

Sunday Holiday

Lunch Break 1.15 pm to 1.45 pm

D. Holidays

All Government / University Holidays

3. MEMBERSHIP CATEGORY

Category	No. of Books (that can be borrowed)	Duration
Teaching Faculty	8	Full semester
Supporting Staff		
Programmers	4	15 days
Lab Assistants	2	15 days
Student Members		
Under Graduate	3	15 days
Post Graduate	4	15 days
Research Scholars	4	15 days

Note: Additional two books are issued to students those who secure a CGPA of 8.5 and above. The HoD can recommend the list to the library through the Dean.

Members are responsible for all the books borrowed on their cards.

All final year student members should get “No Dues Certificate” from the University Library. The Course Completion / Mark Sheet, Degree Certificate will be given only on submission of the No Dues Certificate from the University Library.

Similarly, the staff members who intend to leave the Institution should settle all the dues including the ID cards and obtain a No Dues Certificate (NOC) from the University Librarian.

4. LOSS OF ID CARDS

- Loss of ID cards (Smart Card 4K) should be reported immediately to the University Library so as to block the account.
- Duplicate ID cards will be issued by the ID Card Section on payment of Rs.1000/- to all members on giving an undertaking that they will continue to be held responsible for any loss arising from the inadvertent use or misuse of the lost card.

5. LENDING OF BOOKS

- Books other than reference books will be issued to student members for a period of only 15 days. For faculty members, the loan period is one full semester.
- Reference Books, Encyclopedias, Hand Books, Dictionaries, Periodicals, Student Project Reports, Dissertations, Theses and Back Volumes will not be issued and it is only for reference.
- Two renewals will be permitted if there are no reservations against these books. For renewal, the books have to be produced at the library counter.
- The member can also renew the same through online <http://emanager.srmuniv.ac.in/elibrary> using their login.
- Members, before leaving the counter, must check whether the books they intend to borrow are in good condition; any damage/markings should be immediately reported to the Librarian failing which the member to whom the book was issued will be held responsible.
- Books that are in special demand shall be lent for shorter periods as may be necessary, and books lent may be recalled any time, if required.
- Absence will not be accepted as an excuse for the delay in the return / renewal of books.

6. OVERDUE CHARGES

- Members are advised to return / renew the books on or before the due date marked on the book, failing which a penalty will be collected. The details of the penalty are as follows:

01 - 15 days	Rs.1/- per day
16 - 30 days	Rs.2/- per day (from day one)
31 days and above	Rs.5/- (from day one)

Undue delay in returning the books will result in the cancellation of membership.

7. LOSS OF BOOKS

Loss of books, if any, should be reported to the library immediately, and it should be replaced with a new copy and the overdue charges, if any, must be paid. In case the borrower is unable to replace the books that are lost, he/she will be levied a penalty three times the cost of the book plus overdue charges, if any.

8. RESERVATION OF BOOKS

Members can reserve books that have been issued through the library website: <http://emanager.srmuniv.ac.in/elibrary>. The availability status will be informed to the members by email, or they can check the reservation status in the library web site. The reserved book(s) will be kept at the issue counter for 2 days. If members fail to collect the book(s) within 2 days, the book(s) will be given to the next member in the wait list.

9. LENDING OF LAPTOP

- A laptop can be borrowed from the library for 14 days.
- A borrowed laptop should be returned/renewed on the due date, failing which a penalty of Rs.50/- will be collected as late charge per day.
- The loan period will not be extended, and transfer to other members is also not permitted.
- System settings set at the time of issue should not be changed.
- No password protection for booting the system should be set.
- The working condition of the laptop should be carefully checked at the time of issue. The ITKM can be contacted for additional application software requirement.
- The concerned member should bear the sole responsibility for any physical damage to the laptop and its accessories.
- In case of any loss or damage to the laptop, the cost shall be recovered or from a replacement shall be made by the concerned members.

10. GENERAL

- All members should display their identity cards prominently, and it should be produced to the security, if required.
- Personal books, files and hardbound materials and other articles (except a small note book or loose sheets of papers) are not allowed inside the library. Members have to deposit their personal belongings at the deposit counter near the entrance.
- Silence should be strictly observed inside the library.
- Use of mobile phones inside the library is prohibited.
- The members are accountable for any damage caused by them to the books or other University properties. If so, they will be required to replace the book or other damaged material.
- Misbehavior in the library will lead to cancellation of membership and other serious disciplinary action.
- Any marking or writing in the books is strictly prohibited. If any damage/markings is found, the concerned member should replace the book.
- Irrespective of any of the above, the decision of the University authorities in all matters is final.

“A determined person will do more with a pen and paper than a lazy person will accomplish with a personal computer”

INFORMATION TECHNOLOGY AND KNOWLEDGE MANAGEMENT (ITKM)

IT&KM is responsible for the planning, implementation, and management of technology initiatives in support of both academic and administrative operations at SRM Institute of Science and Technology (SRMIST).

ITKM Mission

The mission of ITKM is to support SRMIST's vision of emerging as a world-class University by –

Deploying innovative technologies and infrastructure to support faculties and administrators by serving their constituents.

Enabling access to knowledge resources and supporting the academic community to achieve excellence in delivering high-quality education and research.

Achieving paperless office by process excellence and automating all business processes.

Information Technology

System Services – End User Computing Desktop, Laptop, Printer, Software

Technology Services – Servers, Network, and Security

Projects and Implementation – Consultancy, procurement, implementation, and maintenance.

Support and Service Desk.

Knowledge Management

User Account and Access Management

Software and Licensing

Application Development – Business Process Automation

Productivity and Collaboration – Email, Zoom, Teams, Google Classroom,

Web hosting and development.

Your Rights and Responsibilities

The computing resources at SRM Institute of Science and Technology (SRMIST) support the educational, instructional, research, and administrative activities of the University and the use of these resources is a privilege that is extended to members of the SRMIST community. As a user of these services and facilities, SRMIST members have access to valuable University resources and to internal and external networks. Consequently, it is important for the SRMIST community to behave in a responsible, ethical and legal manner.

Computing resources include all the SRMIST owned, licensed, or subscribed, and leased or managed software and hardware and use of the SRMIST network via a physical or wireless connection, regardless of the ownership of the computer or device connected to the network.

As a member of the SRMIST community, the University provides you with the use of scholarly and work-related tools, including access to certain computer systems, servers, software and databases, to the campus telephone, and to the internet. You have a reasonable expectation of unobstructed use of these tools, of certain degrees of privacy (which may vary depending on whether you are a faculty or staff member or a student), and of protection from abuse and intrusion by others sharing these resources.

In turn, you are responsible for knowing the regulations and policies of SRMIST that apply to appropriate use of SRMIST's computing resources and facilities. You are responsible for exercising good judgment in the use of the SRMIST's technological and information resources.

As a representative of the SRMIST community, you are expected to respect the University's good name in your electronic dealings with those outside the University. Effective security is a team effort involving the participation and support of every member of the University who deals with information or information systems. It is the responsibility of every computer user to know applicable guidelines and to conduct their activities accordingly.

Do's and Don'ts

The below list provides a framework for activities that are in the category of acceptable use.

- ✓ You should only use the computers, computer accounts, and computer files for which you have authorization.
- ✓ You should not use another user's account or attempt to capture or guess other users' passwords.
- ✓ You are individually responsible for appropriate use of all resources assigned to you, including the computer, the network address or port, software and hardware. Therefore, you are accountable to the University for all use of such resources. As an authorized SRMIST user of resources, you should not enable unauthorized users to access the network by using a SRMIST computer or a personal computer that is connected to the SRMIST network.
- ✓ SRMIST is bound by its contractual and license agreements respecting certain third-party resources; you are expected to comply with all such agreements when using such resources. You can't violate the rights of any person or company protected by copyright, trade secret, patent or other intellectual property, or similar laws or regulations as this will qualify as illegal downloading. Also, installation or distribution of "pirated" or other software products that are not appropriately licensed for use is strictly prohibited.
- ✓ You must configure hardware and software in a way that reasonably prevents unauthorized users from accessing SRMIST's network and computing resources. You should make a reasonable effort to protect your passwords and secure resources against unauthorized use or access.
- ✓ You should not attempt to access restricted portions of the network, an operating system, security software, or other administrative applications without appropriate authorization by the system owner or administrator.
- ✓ You should comply with the policies and guidelines for any specific set of resources to which you have been granted access. When other policies

are more restrictive than this policy, the more restrictive policy takes precedence.

- ✓ You should not use SRMIST computing or network resources in conjunction with the execution of programs, software, processes, or automated transaction-based commands that are intended to disrupt (or that could reasonably be expected to disrupt) other computer or network users, or damage or degrade performance, software or hardware components of a system.
- ✓ On SRMIST network or computing systems, you should not use tools that are normally used to assess security or to attack computer systems or networks (e.g., password 'crackers,' vulnerability scanners, network sniffers, etc.) unless you have been specifically approved and authorized by Directorate of ITKM.

Unacceptable Use

- ✓ Gain or attempt to gain or help others gain access without authorization.
- ✓ Allow other individuals (e.g. friends, co-workers, spouse, children, etc.) to use your account.
- ✓ Waste of information technology resources and assets (for example, by implementing or propagating malware, using destructive software, engaging in inappropriate game playing, or monopolizing information technology resources and assets for entertainment or personal use).
- ✓ Harass or intimidate others in violation of law or sexual harassment or discrimination on the basis of race, color, religion, gender, national origin, age, disability, sexual orientation, or veteran status or violation is strictly prohibited.
- ✓ Attempt to monitor, copy, delete, change or tamper with another student, staff, faculty members, or any other individual's communications, files, or software without the explicit agreement of the owner;
- ✓ Make, use, store, or transmit illegal copies or material of copyrighted or patented software/media.

- ✓ Attempt without authorization to circumvent or subvert normal security measures or engage in any activity that might be harmful to systems or information stored thereon or interfere with the operation thereof by disrupting services or damaging files (Examples include but are not limited to: running "password cracking" programs, attempting to read or change administrative or security files or attempting to or running administrative programs for which permission has not been granted, using a telnet program to connect to system ports other than those intended for telnet, using false identification on a computer or system or using an account assigned to another, forging mail or news messages, or using any application or system that circumvents security or operational configurations that have been established to optimize University computer resources and assets).
- ✓ Any and all criminal activity.
- ✓ Violate state laws pertaining to use of information technology resources and assets, and/or violate any of the regulatory laws or statutes that involve protection of data or privacy.

Fair Share of Resources

Information Technology Services, and other University departments which operate and maintain computers, network systems and servers, are expected to maintain an acceptable level of performance and must assure that frivolous, excessive, or inappropriate use of the resources by one person or a few people does not degrade performance for others. The campus network, computer clusters, mail servers, Internet bandwidth and other central computing resources are shared widely and are limited, requiring that resources be utilized with consideration for others who also use them. Therefore, the use of any automated processes to gain technical advantage over others in the SRMIST community is explicitly forbidden.

The University may choose to set limits on an individual's use of a resource through quotas, time limits, and other mechanisms to ensure that these resources can be used by anyone who needs them.

As a member of the SRMIST community, you are expected to uphold local ordinances and central, state, cyber and applicable international laws. SRMIST guidelines related to use of technologies derive from this concern, including laws regarding license, copyright and the protection of intellectual property.

Enforcement

For security and network maintenance purposes, authorized members within IT services can monitor equipment, systems and network traffic, at any time. ITKM reserves the right to audit networks and systems, as required to ensure that SRMIST is not subject to claims of institutional misconduct. The concerned authority of SRMIST will take disciplinary action, including the restriction and possible loss of network privileges. A serious violation could result in more serious consequences, up to and including suspension or termination from the University.

CAMPUS FACILITIES

PLACEMENT AND TRAINING CELL

The Career Center in SRM Institute of Science and Technology plays a vital role in making SRM a favored destination for many national and international organizations to recruit fresh talent nurtured at the Institute.

Career Center encompasses the Placement Office (PO) and the Career Development Centre (CDC). The Career Centre enables the students to take up in-plant training and project work in major industries. Continuous institute-industry interaction, pre-joining learning initiatives, participating in industrial exhibitions, fairs, seminars to promote useful interaction with the industries and alumni activities are some of the initiatives of Placement Office. Other initiatives include MOUs for Curriculum and Faculty Development with industry giants like TCS, KPIT, EY, Mahindra & Mahindra, EPAM and Wipro, to name a few.

The excellent infrastructure of the Career Center facilitates activities like pre-placement talks, written tests, group discussions, and interviews as per the requirements of the recruiting organizations.

The Career Development Center has three training verticals - Quantitative Aptitude Training, Soft Skills and Verbal Training. It has a team of highly experienced faculty, to prepare students across six semesters and to make them industry ready.

Super Dream and Dream Offers are made by Companies like WorkIndia, MotorQ, Amazon, Arcesium, DE Shaw, Paypal, Direct i, Barclays, Amadeus, Nielsen, Commvault, Oracle, Adobe, Capgemini, Deloitte, Bank of America, ZS Associates, Fractal Analytics, EY and many others . Even among the core sectors, companies such as Hero Motocorp, Reliance Industries, Akzonobel, HUL, IFB, Siemens, Titan, Ceat, Hitachi ABB, Fiat, Linde, Schneider, TATA Chemicals, L&T group, Cummins, KPIT, Adani Group, Nilkamal etc., who offered packages ranging from Rs. 5 Lakhs p.a. to 35 Lakhs p.a. In addition, SRM is a preferred destination for IT majors like TCS, Infosys, Cognizant, Wipro, Capgemini, IBM, L&T Infotech, DXC Technology among others.

In, 2021-22 SRM set a record of 10,000+ offers from 1100+ companies visiting SRMIST to recruit talented students - a testimony to SRMIST's commitment to excellence.

DIRECTORATE OF LEARNING AND DEVELOPMENT

The Directorate of Learning and Development (DLD), SRMIST aims to achieve the institute's vision and goals of creating a unique learning experience, learnability and increase professional graduation rates by providing world standard and outstanding instruction. The prime responsibilities of DLD are a) Training and Development: To offer professional qualification in Education and Leadership to academic leaders, teaching, non-teaching, support staff and students for induction and career advancement b) Technology Enabled Learning: To create and implement e-learning tools for learning management, simulation, virtual and live practice c) Educational Research and Outreach: To conduct academic research in the field of Learning and Development and collaborate with national and international research Institutions.

The DLD works closely with all the colleges and campuses of SRMIST to facilitate implementation of internationally recognized CDIO, TPACK curricular framework and IEEE-Purdue EPICS service-learning model for all UG, PG and Doctoral programmes including assessment and evaluation to ensure professional quality.

The Cambridge Professional Development Centre at DLD helps faculty members acquire Certificate and Diploma Qualifications from Cambridge University, UK in Educational Leadership, Teaching and Learning, Teaching with Digital Technologies and Teaching Bilingual Learners.

DLD Digital Learning Tools:

eLab: A web-based MOOC Programming learning tool that manages auto evaluation of Computer programs. eLab promotes logical thinking abilities and develops programming skills

eCurricula: An instructor-led technology enabled learning tool for theory-based courses. eCurricula measures learning and provides continuous feedback to the learners.

eSkill: A web-based ICT learning tool that aids users for preparation and skilling for competitive exams, aptitude, entrance examinations and other public-private sector exams

eCircuit: A web based electrical and electronic circuit simulator that helps one build low to high power circuits including communication circuits.

STUDENTS COUNSELING CENTRE (SCC)

The SCC is a platform where students, teachers and parents stay connected. It is a centre for effective redressal of challenges and problems faced by students. It is a unique target oriented system that involves parents, teachers, wardens etc. The objective is to help students overcome concerns like anxiety due to exams, loneliness, and change in culture, low confidence level, hostel life, decision making dilemmas, academic problems, and lack of self-assurance or difficulty in adapting to the new environment.

Counseling gives the students a chance to talk their minds. It enables them to understand the cause of anxiety more rationally and helps them to cope and deal with difficult situations. Senior faculty members from all schools form the core team. Also, we have experienced and dedicated student counselors available in the campus for this purpose. All the matters discussed during the counseling are kept confidential.

STUDENT COUNSELING SERVICES (SCS)

Dear Students,

You have just come out of the safety and nurturing environment called home and the parents who made that possible.

You are here on your own because your parents think that you are aged enough, mature enough and responsible enough to get into the next stage in life and start taking care of self. Apart from that, you are also ready to come out of home to study

and to meet new people and experience new environment along with challenges that come with it. That does not mean, you are entirely on your own without help and guidance whenever you need them.

This place is going to be Home – away – from Home and have all the facilities to make your stay, a pleasant experience. At the same time, there are times when you may be confused, unsettled and restless for many reasons.

It may be Loneliness, Problems arising out of Comparison with others in many things such as, Physical differences, Cultural differences, differences in Social standings of parents, Value systems, Language proficiency which cannot be spelt out openly. This may result in complexes, frustration, low self-esteem, lack of concentration, sleeplessness and so on. Apart from these, problems in friendships and relationships may arise. These things may result in problems in academics and campus life.

The help is very much near to you in the form of Counseling within the campus and just a phone call away. Whatever you discuss with counselor will not be revealed to anybody else. This facility is completely free and dedicated to the mental wellbeing of the students. We are requesting you to make use of it whenever you need it without any hesitation whatsoever.

Moreover the Counseling Cell is functioning in Departments, you can also get their guidance in this regard.

Counseling is a process which offers the opportunity to explore those issues that are causing you concern or distress. It provides you with the time and space to talk about these issues in a confidential setting with a professionally qualified person. The counselor will not tell you what to do, but instead will assist you to think about your difficulties in a non-judgmental manner in order to help you find the best way to deal with them.

Our teams of Counselors are enlisted with the **Manodarpan-a** MHRD Initiative to provide psychosocial support to students, teachers and families for Mental Health and Emotional Wellbeing covering all students from Schools / University / Colleges

/ Institutions of Higher Education. The 'Manodarpan' initiative has been included in the ATMANIRBHAR BHARAT ABHIYAN, as a part of strengthening human capital and increasing productivity and efficient reform and initiatives for the Education sector.

NATIONAL SERVICE SCHEME (NSS)

Dr. T. Rajasekaran, Prof. / Mechanical Engg.

NSS Program Coordinator, SRMIST

E.Mail: nsscell@srmist.edu.in

NSS was commissioned in SRM Institute of Science and Technology in 2003. The activities of the NSS mainly focus on Community Development Services, Social Service, Environmental Awareness Programs, Health Awareness Programs and Technology Transfer Programs. The NSS at SRMIST has guidelines to conduct various Regular and Special Camping activities. This ensures uniformity in the organization and conduct of the programs. The NSS volunteers benefit from the NSS activities as they get exposed to the sensitive issues of the downtrodden, need of the hour remedies, team work, time management and health issues. As a result of all this, they develop self-confidence, compassion, commitment, leadership qualities, positive attitude and above all, they turn out to be better individuals to survive in the 21st century.

The National Service Scheme (NSS) aims at involving the youth in community service through education. Students give their time, talent, and energy for social work. It trains them to fulfill their social responsibilities as citizens. The experience of coming into close contact with the poorer section of the society molds the volunteers in the best possible way to face reality. Few students opt for such

programs out of personal interest. Making NSS as a mandatory course ensures that all students participate and benefit from it, thus drawing every individual to learn to serve mankind with humility.

In order to render service to the community, the NSS volunteer undertakes various activities inside the campus and also outside the campus, particularly in the adopted villages, temples, common places like railway junction, bus stand and slums. These activities are normally conducted during weekends.

The Regular Activities are conducted with the help of the concerned Department Heads and the faculty members interested in social service. A program close to the heart is the adoption of a village or an area as a whole. The volunteers exhibit a greater sense of responsibility when they serve in the adopted villages. These activities are mainly a part of the Community Service and Health Awareness Programs. The Regular and Special Camp activities carried out are listed below:

- i) Covid-19 awareness program
- ii) Motivational webinars and interactions on Vaccination
- iii) Programs on Sustainable Development Goals (SDG)
- iv) Environment Enrichment Programs
- v) Health Awareness Programs
- vi) Educational Programs
- vii) Women Empowerment Programs
- viii) Social Service Programs
- ix) Production Oriented Programs
- x) Relief & Rehabilitation work during Natural calamities
- xi) Creation of Durable Assets
- xii) Donation of computers, appliances and kits to school children
- xiii) Medical support to school children, orphanages, old age home and village public
- xiv) Cleaning of school grounds, temples and planting trees
- xv) Conducting short courses for school children and unemployed youth
- xvi) Organizing blood donation camps periodically in association with many Government Hospital blood banks and Rotary club blood banks

- xvii) Collection of used dresses; washing them and distributing them to the needy people in and around SRMIST campus and in the vicinity of Chengalpattu District in association with NGOs
- xviii) Visits to orphanages and old age homes and entertaining them by conducting competitions of social interest in their premises, rewarding them with attractive and useful prizes and taking them to different intellectual places like, libraries, museums and offering them food for the whole day during weekends.
- xix) Distribution of herbal drinks (Kabasura kudineer, free face mask, awareness on hand wash and sanitization, etc.) to general public in and around the campus and adopted villages, faculty, staff and students during emergencies like Dengue, Covid-19, etc.,

The NSS student volunteers celebrate Independence Day, NSS Day and Republic Day every year in the campus by bringing government school students to SRM campus and organizing interesting events on social interest, cleanliness, discipline, food habits, hygiene, tree plantation and environmental awareness. One of our 2nd year students participated in the Republic Day parade in New Delhi in 2013 and a first year student won prize in marathon organized near Marina in 2016, three of our first year students got medals and appreciation from the revenue department during a marathon organized on the occasion of Voters awareness program in 2019 and served as volunteers during the Lok sabha elections 2019 along with police and revenue officials.

Red Ribbon Club (RRC) one of the clubs is functioning along with NSS bagged one of the “Best RRC units” award in Tamilnadu during the year 2020 offered by Ministry of Health & Family Welfare, Government of India.

Dr. GB. Sakthi Prasath, Asst Professor/School of Management
CTO/ Naval Wing NCC
nccnavywing@srmist.edu.in

The objective of National Cadet Corps is to develop character, comradeship, and capacity for leadership among the youth in India. The NCC at SRM motivates the students with the best training and the ideals of selfless service. The training inculcates team spirit and a sense of nationalism and it also helps in developing the overall personality of an individual. The SRM NCC Army Wing (Senior Division-SD) under 1 (Tamilnadu) Signal Company NCC [1 (TN) SIG COY NCC] was started in August 1996. The first and the second year students are enrolled for a duration of three years. SRM ARMY Wing enrolled girls in the NCC since 2005, and the total allotted strength including girls is 83. The Obstacle Area was established in the year 2009 to train the cadets. NCC parades are regularly conducted in Dr. T. P. Ganesan Auditorium Ground every Saturday from 7.00 to 11.00 a.m. as per the Parade Schedule. Pre-parade meeting is also conducted in front of the NCC Office every Friday from 4.30 to 5.30 p.m. The Naval Wing of SRM NCC was inaugurated on the 4th of December 2021. The Naval Wing of SRM NCC functions under the Command of 4 (TN) Naval Tech Unit NCC, 'Madras Group B'. The SRM Naval Wing enrolls with range of 100 vacancy and it admits the SRMIST students with passion of learning 'Unity and Discipline'. The boys and girls are formally called as Senior Division and Senior Wing.

The NCC cadets actively participate in the Independence Day and Republic Day celebrations in the campus. Annual Training Camp, Republic Day Camp (RDC–New Delhi), Inter Group Competitions (IGC), National Integration Camp (NIC) and special camps such as Trekking Camp, Boat Pulling Camp, Sea Attachment Camp, NTAC, NIC, Firing Camp are held periodically. The NCC cadets also get the opportunity to

visit various countries like Singapore, Srilanka, Bangladesh, Maldives and Taiwan through Youth Exchange Program (YEP) to represent our country. SRM NCC cadets also organize social service events like Anti-Drug Rally, Blood Donation Camp, Anti-Plastic Rally. They visit orphanages and old age homes and tap public consciousness regarding Consumer Awareness, Cancer & AIDS awareness, etc. The Cadets are encouraged to complete “B” and “C” certificate examinations and to join Defence Services like Army, Navy and Airforce.

STUDENT AFFAIRS

SRM Institute of Science and Technology is the first of its kind to have a full-fledged Directorate of Student Affairs to help students develop their personalities, resolve conflicts, and develop leadership skills through various initiatives. In cooperation with the faculty and administrators, the directorate provides specific educational services and programs that facilitate the achievement of students' educational, personal and career goals. Services like counselling and various other programs offer a growth-enhancing environment.

Graduation is a major transformation period in one's life. Several changes happen in the student's attitude and personality. The student engagement activities aim at developing his/her intellectual, social, emotional and spiritual cores. Students become more self-responsible through interactions and initiatives, and thus become aware of their strengths and weaknesses. The various clubs, committees and celebrations provide opportunities to showcase their unique talents, teamwork, and leadership qualities and thus they develop their managerial skills. This maturity helps them to be better individuals in terms of thinking and feeling, and they become confident individuals with high self-esteem.

The Directorate of Student Affairs helps the students in conducting various events. The major extravaganzas are:

Aaruush: National Level Intercollegiate Techno-Management Fest & Competition

Milan: National Level Intercollegiate Cultural Fest & Competition

AARUUSH

Aaruush is the student-run, official Techno-Management Fest of SRM Institute of Science and Technology, Kattankulathur, Chennai. One of the largest in the nation, it creates an arena for the best brains in the country and the world to converge, compete and put to test their technical and management concepts. Aaruush boasts of a plethora of events and guest lectures, with an infusion of cultural exhibitions, workshops, panel discussions, expos, video conferences, conclaves and the breath-taking pro-shows and nights. In its previous incarnations, Aaruush also

broke the Limca World Record under the category “Mass Participation – Biggest Eco Run” in which 1181 people participated and pledged to switch to 100% renewable energy and also attempted to hold three “Guinness World Records.”

Highlights

Aaruush excels in the platform of entertainment. On all the 4 exhilarating nights of Aaruush, the atmosphere is filled with anticipation and excitement. Aaruush, over the years, has attracted luminaries such as Shri Ramesh Pokhriyal (Hon’ble Minister for Human Resource Development), Dr V. Natarajan (Ministry of Defense, Defense R&D Organisation), Mr Suresh Raina (Indian Cricketer), Dr V. K. Saraswath, Dr Eswar Natarajan, Mr Sam Pitroda, Dr Tessy Thomas, General Dr V. K. Singh (former Minister of External Affairs), Mr P. K. Malhotra (Former Secretary, Ministry of Law and Justice), Dr A. S. Kiran Kumar, Mr Anand Kumar, Ms Sharddha Sharma, Mr Shravan and Mr Sanjay Kumaran, Mr Harsh Songra, Ms Mira Erda, Mr Jairam Pillai, Ms Bhargavi Sunkara (The Head of Asset Servicing Technology), Dr Bhardwaj (Director PRL), Dr Mohan Rajesh Elara (Assistant Professor at SUTD), Ms Jill Tarter (Former director at Centre of SETI Research), and Mr Medani Bhandari (Editor-In-Chief at The International Journal), Dr S.K. Singh (Director - NCDC) among many others addressed the gathering with their enlightening guest lectures.

Aaruush has seen artists such as Kanan Gill, Kenny Sebastian, Varun Thakur, Zakir Khan, Abhishek Upamanyu, Nikhil D’Souza, Arjun Kanungo, Shirley Setia, Nitin Gupta, Dilip Chhabria, Rajat Kapoor, Nishant Suri, Shivankit Singh Parihar, Badri Chavan, Sunny Hinduja, Arjun Kanungo and bands such as Agnee, Ekta, Attva and The Local Train enthral the audience. The specially conducted Pro-shows have also had guests such as Sunil Gogoi, Garip Ay, Vilas Nayak and J. Walt to wow the people with their talent.

Utilizing the perennial potential of social media, Aaruush also hosted a wholesome series of LIVE interactions on Instagram with celebrities and dignitaries such as Mr.Saurabh Sachdeva (Actor & Acting Coach), Ms Alyssa Carson (Astronaut & Mars-One Ambassador), Ms Alisha Abdullah (race Motorist), Ms Shreya Gupto (Actor), and Mr Sachin Rai (Professional Photographer).

Challenges & Championships

Competition is a vital part of any fest, and it is no different with Aaruush. 'Championships' brings to the students a platform to test their skills, compete against one another, and emerge victoriously. It involves several events and activities in highly competitive fields such as Coding, Sports, and Robotics. Some of the highlight tournaments include Capture the Flag Challenge, Online Design Challenge, Photoscope, HACK-SUMMIT, RC-Car Championships, Machine Learning Challenge, Quadcopters, Revival of Rivers, Life Support Challenge, Code Matrix, Online Design Challenge and many more. On the occasion of the tenth anniversary of the largest global hackathon hosted by NASA, team Aaruush partnered with the Local Lead from Chennai and organised an open to all international hackathon to address real-world issues with out-of-the-box ideas.

Workshops

Workshops are the medium to engage students with the real world and connect them with the current and trending topics of the industry. Workshops aim to provide opportunities for the participants to interact with professionals. Experts, covering all major disciplines dissipate their experience and knowledge through such workshops. Aaruush has had a plethora of workshops engaging several sectors of interest, ranging from Modernized Automotive Dynamics, Cognitive Computing Workshop, Digital Marketing Workshop, Social Media Marketing, Microsoft Power BI to Diving deep into Blockchain, crypto and all things Web.

Aaruush Educates

Aaruush, along with an array of technical events, has a social essence to the fest. Supplementing the fest with a tinge of social responsibility, Aaruush organises an interactive event with the underprivileged children and introduces them to basic concepts of science, maths and other basic facts. In the last edition, Team Aaruush took a step further and also organized this event for the Old Age Homes to empower them and contribute in their little way. During the pandemic, Team Aaruush still kept the spirits up high and made sure that education was imparted to one and all via the online platform.

Young Minds

In this ever-developing world, only the brightest minds can bring about a revolution. To nurture the next leaders of this nation and mould them young, Team Aaruush organizes Young Minds – the national level interschool competition. It is an umbrella of engaging and educative events ranging from Quiz Competition to coding, Spelling-bee, debate, Science exhibition and informative workshops on challenging events.

SRM RUN

It is a world-record-holding eco-marathon that has been organized by Aaruush since 2015. It is a platform where people from all walks of life come together for a cause and spread awareness. The 5.4 km marathon has seen exponential participation and for its 5.0 edition with 1500 participants and the highlighted cause was 'Saving Water before it runs out. As the beacon of change, even during the times when people were restricted to their houses and had menial contact, Team Aaruush partnered with the impact app and offered the patrons of Aaruush a chance to raise money through individual effort. Aaruush strives for the betterment of society and the environment and continues to do so with the partnership with the impact app. Encouraging people to passively track their steps no matter what work they're indulging in, be it indoor or outdoor. Impact donated Rs.10 for every 1 Km covered by the user, which enabled us to contribute to the world without leaving our homes and follow the motto of running towards a cause.

Plantation Drive

The Plantation drive is a pre-Aaruush initiative which is undertaken to symbolize the responsibility, we have for our environment. It also highlights the climate changes happening around the world and how, individually, one can contribute to a better tomorrow.

T-Summit

The Technical Summit (T-Summit) intends to contribute to society by developing innovative ideas. Innovation is a long process that proposes an irrefutable outcome

of development. T-Summit is the gathering of the intellectual cream of the nation for the sessions of unparalleled brainstorming and exchange of ideas. It provides a common platform for fruitful interaction among the colleges of India – to come together and deliberate on issues pertaining to the progress and development of the nation as a whole.

The first edition was presided over by Dr Avinash Chander, advisor to the Defense Ministry, and Secretary, Department of Defense Research & Development.

T-Summit '21 was chaired by Dr V.K. Saraswat, Guest of Honour- Prof. Syed Ehtesham Hasnain and Special Guest and Mentor Dr Atul Gurtu, T-Summit 5.0 was a groundbreaking venture in the fest's history and was held on 11th and 12th September.

T Summit '22 had the presence of esteemed dignitaries like Dr Harsh Kumar Gupta, Guest of honour Mr E. D. Jemmis, Valedictory Chief Guest Mr Govindraju T and our guiding force who has been a mentor since the inception of the conclave, Mr Atul Gurtu. The two-day conclave commenced on 23rd April'22 and saw the participation of prestigious colleges like IIT Jammu, NIT Calicut, IIT Ropar, NIT Utrakhand and many other Institutions.

Wednesday Speaks

Wednesday Speaks is a unique lecture series where the faculty members and distinguished professors from SRMIST and other colleges speak to the students on a topic provided in advance. This series not only opens up a pathway for students of other departments to attend lectures from faculty members of other branches but also improves the level of technicality of the fest in advance.

In Aaruush '20 we took a step forward toward the “Transitioning to Solar Energy - Bright or Dim?” with Dr S. Chandravathanam. Another session of Wednesday Speaks was conducted on 18th November 2020 on the topic “Covid Vaccine- How close are we?” by two significant professors, Dr Satyajit Mahopatra and Mr Melvin George.

Aaruush 21 saw its first online Wednesday Speaks on Design Thinking: Applications in Architecture Studio by Mr Anoop Menon.

Coming back to the offline edition in its full glory, Team Aaruush in the sixteenth edition (Aaruush'22) has conducted 3 Wednesday Speaks, out of which one was conducted on Zoom on the topic “Role of Nanotechnology in IoNT applications” whereas the other two were conducted in the offline mode and covered several topics ranging from “The brand called You” to “Emotional Intelligence”.

Liter of Light

Liter of Light is a campaign that brings about change by giving something back to society. In search of the right answer, the Aaruush team installed solar-powered hassle-free daylightlights in the houses and huts in areas close to the campus.

Team Envision

Team Envision is a Multidisciplinary technical team of Aaruush that aims to provide solutions to most campus and societal issues and problems. The Team comprises well-trained individuals in various fields of engineering technology. The team attends competitions and carries-out various activities and projects. It also conducts workshops for school and college students in and around Chennai and hopes to expand its wings in the future.

Recently, Team Envision, worked on two ground-breaking applications to help society when it needed it the most.

The “Near You” app is a crowdsourced initiative that provides a platform for tracking open marketplace/shops personalized to the user’s location. The other one, called the “Here for you” app is developed with direct consultation from experienced professionals. Through standardized test algorithms, it determines the user’s mental health and suggests whether they should seek any help.

Industrial Conclave & Unconference

It is a platform which bridges the gap between industrialists, entrepreneurs and students. It is a forum which revolves around a central agenda. A panel of experts

shares their views on the agenda. The aim is to obtain a broad perspective on the challenges and risks faced by aspiring industrialists. The agenda for IC Aaruush '19 was 'Interstellar Voyage: Inception of Light Years.'

In the successive edition, Aaruush'21, the panel discussed, a revering agenda, "A Digipreneurs Path: Business Visionary or Pioneer of Social Change", promoting the ideas of young budding entrepreneurs.

Unconference aims to connect the institution and the outside world, providing exposure to marketing and business techniques to the students. It is a participation driven forum where eminent guests take part knows in an interactive session with the audience. A constructive discourse is held based on the topic of discussion. The topic for UC in Aaruush was 'Social Media: Impact on Present and Future.'

The Unconference of Aaruush '20 had the agenda "Career satisfaction v/s Sustainable Career" and saw an enlightening discussion amongst the panellist, which bore fruitful learning.

The Unconference of Aaruush '21 brought light upon the "Impact of Automation on Future Jobs" with distinguished guests from the field.

Aaruush Connects

Learning and inspiration have no bounds and the distances are just reduced to a number. With the same objective in mind, Team Aaruush organized a unique series of interactions with renowned international dignitaries called Aaruush Connects. Some of the prominent guests included Charlie Ward (former American NBA athlete), Malika Malik (Data & AI Cloud Solution Architect at Microsoft), Miri Rodriguez (Global Head of Internships at Microsoft), Shreyansh Daftry (Robotics Technologist at JPL, NASA) and John Eades (CEO – Learnloft).

Mindfulness – An Aaruush Initiative

Mental Health is a complex subject to acknowledge and should be given as much attention as would be given to any other ailment. In the same spirit, Team Aaruush organized a series of immersive sessions called Mindfulness – where Mental Health

experts & psychiatrists interact with the audience and give deeper insights on the matter. Some notable guest speakers for this initiative include Dr K.V. Kishore Kumar (Director-The Banyan and BALM), Dr Raghu Kiran Appasani, MD (Founder & CEO- MINDS Foundation), Mr Ashish Kasbe (Senior Music Therapist at Kokilaben Dhirubhai Ambani Hospital) and Ms Sangeetha Param (Renowned TedX speaker). Team Aaruush in collaboration with the Directorate of Alumni Affairs also conducted a Mindfulness session on Tapping one's inner strengths and had the pleasure of hosting Dr Archana B (MBBS, MD, Assistant Professor - Dept of Pathology, Sri Ramachandra Medical College).

MILAN

There is a need in every college, where the students can come together, amalgamate their efforts and channel every inch of innate talent to form an event, which would be the very definition of student culture. '**Milan**' is one such most awaited National Level Mega Cultural Festival, which brings together enthusiastic students from various colleges to produce a lifelong memorable event.

Milan spots a surfeit of celebrities, main folding the gaiety of the festival and leaves everyone yearning for the next episode of Milan. The events in Milan are a mix of music, dance, drama, literature, art, filmmaking, computer gaming and a variety of other events which aim at bringing out the best in every team and individual. Besides this, several other literary, sports and cultural competitions are held with great enthusiasm.

CLUBS

There are various Clubs led by students conducting several activities every month. The students can choose to be in any number of clubs.

The **various clubs** are

1. LITERARY (English, Tamil & Hindi)
2. AEROMODELLING
3. ENVIRONMENTAL
4. NGO

5. WOMEN EMPOWERMENT
6. SELF – DEFENCE
7. SOCIAL
8. FESTIVAL
9. MUSIC
10. CREATIVE ARTS
11. ASTROPHILIA
12. DANCE
13. FASHION
14. GAMING
15. MOVIES & DRAMATICS
16. PHOTOGRAPHY
17. SPORTS
18. QUIZ
19. HEALTH & FITNESS
20. PERFORMING ARTS

These clubs help in enhancing students' skill sets and provide innumerable opportunities to represent the institution in external competitions (National and International levels).

A team of Student Conveners along with Club Heads and House Captains work together and make things happen throughout the academic year

HOUSES

The students are divided into eight houses and several art competitions are held amongst them throughout the year.

The eight houses are

1. AAKASH
2. AGNI
3. PRITHVI
4. TRISHUL

5. ASTRA
6. BRAHMOS
7. SHOURYA
8. NAAG

ANNUAL EVENTS

Following are the annual events that are conducted

1. SHURU – Fresher’s talent exhibition
2. JEET – Fresher’s Sport Competition
3. JHALAK – Inter House Cultural Competition – ODD Semester
4. TARANA – Inter House Cultural Competition – EVEN Semester
5. KHEL – Inter House Sports Competition
6. BUTTERFLIES – School Children Competition (Govt. Schools)
7. MILAN – National level Cultural and Sports Festival
8. GRATITUDE DAY – Thanksgiving Day
9. JOSH – Faculty Sports & Cultural Fest

CSR EVENT

BUTTERFLIES – School Children Competition (Govt. Schools)

UGC EVENTS

Throughout the year the Directorate organizes various events as suggested by the UGC in addition to Independence Day, Republic Day & Gandhi Jayanthi Celebrations.

Apart from all the above, various workshops are organised that enhance the students’ ability to assimilate and expand proficiency in their field of interest and choice. Students are also given the liberty to explore the available resources and emerge as a successful leader by the end of their course.

PROFESSIONAL TEAMS AND ASSOCIATIONS

ELECTRONICS CLUB

Faculty Mentor: Mr. A. V. M. Manikandan, Dept. of ECE

Electronics club is the student-run organization that strives to impart enthusiasm and passion for electronics and allied fields among students of ECE. It aims to cater to the various primary needs that are to be addressed to keep in pace with the ever evolving field of electronics. It also helps to uncover those key topics that are not part of the curriculum. This club deals with the simplest topics to the most complex ones and helps the students grow in their career. "COMET" an E-magazine is brought out by this club. TEDxSRM Kattankulathur Conference and Arduino Day are hosted by the Electronics club. For more details visit

<http://www.srmuniv.ac.in/content/electronics-club>.

THE CAMBER RACING TEAM

Faculty Mentor: Dr. Leenus Jesu Martin, Professor, & Mr. M. Jerome Stanly, Dept. of Automobile Engineering

Camber Racing is the official Formula Student Combustion team of SRMIST. It comprises of 40 undergraduate students from a broad range of engineering disciplines, who apply their collective intelligence to engineer an open wheel race vehicle. The team participates in various national and international design competitions organized by the Society of Automotive Engineers (SAE), namely Formula Bharat and Formula Student Germany. From the conception in 2009, the team has been passionate about learning and creating the ultimate racing machine. Their achievements and prototypes created over the past 7 years can be viewed in the following link: ***<http://www.srmist.edu.in/camberracing/index.htm>***.

THE CONRODS

Faculty Mentor: Mr. P. Baskara Sethupathi, Dept. of Automobile Engineering

The Conrods is the official BAJA SAE Off Road Racing team of SRMIST Kattankulathur Campus. It comprises of 25 dedicated and passionate

undergraduate students from a broad range of engineering disciplines. It is the place of future leaders who have already marked their position in motorsports. The team in association with the Society of Automotive Engineers (SAE), India chapter promotes engineering excellence. The Conrods was established 2008. The team participates in BAJA SAE events in National and International fronts. BAJA SAE events provide an environment of healthy competition with a chance to expand the knowledge base and technical skills, while having fun all along the way. Here, students are encouraged to use the knowledge gained in the classroom to come up with creative and innovative designs. Hands on knowledge gained from this gives the students a competitive edge when entering into the industry. Visit <http://www.srmuniv.ac.in/thecanrods/index.htm>. For required information.

4ZE RACING

Faculty Mentor: Dr. Leenus Jesu Martin, Professor, Dept. of Automobile Engg.

The word '4ZE' stands for "FOR ZERO EMISSION". 4ZE Racing is the official student formula electric racing team of SRMIST. It is a team of 60 highly dedicated and passionate undergraduate students whose main passion lies in engineering and achieving new possibilities. The team works toward energy efficiency and aims to develop a sustainable environment. The team is completely managed by students, and its three domains Mechanical, Electrical and Corporate work hard together to get it rolling on the ground and make it to the level where it can compete with the cars worldwide.

The spark was ignited in 2012 when a group of students decided to build a car the knowledge they gained from college and give the world a non-polluting vehicle. The team participates in international events such as FSAE held across the globe and compete with world class teams. Visit www.4zeracing.com. For required information

SRM SAE Collegiate Club

**Faculty Mentors: Dr. M. Cheralathan, & Mr. P. Baskara Sethupathi,
Dr. R. Murugesan, School of Mechanical Engineering**

The SRM SAE Collegiate Club organizes events every semester to provide a platform to budding engineers to showcase their skills and implement what they learn in their textbooks. The club also organizes various workshops and seminars every semester to increase awareness among students about the latest trends in the field of automobile, aerospace and advanced mobility. Members of this club also get the privilege to become a member of the esteemed worldwide organization and also get access to the SAE research papers. The students also get the latest insights from the industry in the form of SAE newsletter every month.

INFIEON SUPERMILEAGE

Faculty Mentor: Mr. S. Logeshwaran, Dept. of Automobile Engineering

Infieon Supermileage constituted in 2012, is the official team of SRMIST participating in the Shell Eco-Marathon. The team comprises of students from different engineering domains who have come together to build highly fuel efficient vehicles. The team also plans to spread the message of 'Fuel and Energy Conservation' through its various campaigns around the country. The team believes in continuous learning, the motto being "Journey is the Destination!" The official Supermileage Team of SRMIST, Chennai design, fabricate and test ultra-fuel efficient prototype vehicles for participating in Shell Eco-marathon Asia. Visit www.infieonsupermileage.com. for required information.

ENIGMATIC PLODDER

Faculty Mentor: Dr. S. Madhan Kumar, Dept. of Automobile Engineering

Enigmatic Plodder is the Official Quad Bike team of SRMIST, Kattankulathur, Chennai. Enigmatic Plodder, formed in 2014, is the result of zeal and determination of engineering students who wanted to create a difference. The student run, non-profit team specializes in the development, design and fabrication of All-Terrain Vehicles also known as Quad Bikes, and takes part in national competitions, namely

Quad Bike, Design Challenge and Quad Torc. The team ensures its evolution by designing each of its vehicle with changes and significant improvements over its predecessor. Visit www.enigmaticplodder.com for required information.

TEAM FULL THROTTLE

Faculty Mentor: Mr. D. Boopathi, Dept. of Automobile Engineering

The team was established in 2013 through the arduous efforts of enthusiasts, who wanted to understand more in practical terms how an automobile functions in the real world. In the process of achieving the target of making a small vehicle, the team also wants to create a proactive work environment for encouraging young enthusiasts and providing them with an ideal platform for exhibiting their skills. The team wants to focus on something simple and effective and has common populace as a wider audience group in the scenario of motorsports. Hence the Go-Kart championships are chosen as core sector.

The team gears up for the event conducted by SAE Collegiate Club of Lovely Professional University under the title of IGC (International Go-Kart Championship). This is the second largest event for Go-Karts next to NGKC (Currently renamed GKDC - Go-Kart Design Championship).

IET-IOT CLUB

Faculty Mentor: Dr. Revathy Venkatraman, Chairperson, School of Computing

The objectives of the club are

- To create a series of activities which will lead to the acquisition of IOT skill set for the students of our University
- To build a capable and talented start-up community and entrepreneurial ecosystem for IoT
- To provide an ecosystem for innovation to thrive and embrace entrepreneurship
- To energize research mindset and reduce costs in Research and Development by providing neutral and inter-operable, multi-technology stack laboratory facilities

- To reduce import dependency on IoT components and promote indigenization
- To provide environment for product Creation, Testing and algorithms for Validation and Incubation
- To create innovative applications and domain capability across verticals for the country's needs such as Smart City, Smart Health, Smart Manufacturing, Smart Agriculture, etc.

THE TEAM ROBOCON

The team was formed by a group of students who received funding from the DRDO in 2012. SRM Team Robocon is a multidisciplinary team involved in competitive robotics. The team comprises engineers from various branches including Mechanical, Mechatronics, EEE, ECE, CSE and Aerospace. The team members are specialized in various aspects of robotics engineering including Mechanical fabrication, designing and analysis, electronics and circuit designing, algorithm development and coding. The team participates in competitions such as ABV Robocon which involves making a robot from scratch which fulfils the problem statement given by the host country every year. As the problem statement is new every year, the contentants are kept on toes.

SRM TEAM HUMANOID

Faculty Mentor: Dr. M. Sangeetha, Dept. of ECE

The team was formed in 2013 with 12 members. It partakes in international competitions and plans to continue its research in the fields of Artificial Intelligence, Humanoid Manipulation, Human Robot Interaction and Machine Learning. The team aims to put India as the forerunner in Robotics Research and to win more accolades for the Nation and the University.

AAKASH RESEARCH LAB

Faculty Mentor: Dr. S. Vasanthadev Suryakala, Dept. of ECE

Aakash Research Lab, a part of ECE department is an aspiring team from SRM Institute of Science and Technology which deals with application development for Aakash tablets and its operating environment. Aakash is a low cost tablet computer that is promoted by the Government of India under the program National mission On Education through ICT to link various engineering colleges and universities in e-learning program. SRMIST has been identified as a remote centre to carry out this mission. Team Aakash has a reputation of creating applications based on android which is both helpful and informative for its users.

OPTIZEN

Faculty Mentor: Dr. Shanthi Prince, Department of ECE

The Vision of OPTIZEN is to expose the students to challenges awaiting them in the field of Optics and Photonics, to create a friendly environment that encourages out of classroom learning experience, and to provide a platform for innovation through practical skills. Missions of the group are to Organize workshops, seminars, competitions, and outreach activities to expose students to real-time challenges, uplift them to engage in various events and competitions, to enable students to face any hurdles in their way of learning and be dynamic along with the growing technology.

TEAM-EMBELLIGENCE

Faculty Mentor: Dr. A. Ruhan Bevi, Department of ECE

Team Embelligence is a faculty mentored student association in the Department of ECE to provide opportunity for students to broaden their knowledge of embedded systems programming and its applications. This forum would bring an interaction between the students who have a shared interest in embedded systems

TEAM SRM UAV

Faculty Mentor: Mr. Mahendra Perumal, Dept. of Aerospace

Established in 2013, SRM UAV is a team of highly enthusiastic undergraduates that aim at creating efficient solutions to real military and civilian problems which can be solved using Unmanned Aerial Systems. The student members work to achieve their goals and participate in several competitions and expos and bring laurels to the institution. Being a part of this team also opens the door for the publication of quality research papers in reputed journals. Visit www.srmuav.com for required information.

STUDENT COPTER RESEARCH ORGANISATION (SRM-SCRO)

Faculty Mentor: Mr. Vinoth Kumar Annamalai, Dept. of Aerospace

Student Copter Research Organization is a dynamic student-based research team with the facilitation of SRMIST, Chennai. It was established in August 2013 by two with copters at its primary focus, the team now is a highly multidisciplinary team and consists of students from various domain such as Design and Fabrication, Flight Systems, Computer Vision, Web Development & Corporate. With the zest to Inspire, Initiate and Innovate this team brings many laurels to the university by participating in multiple national and international events. Some prominent events and projects include Aero 360 a national level aero modelling competition, the Singapore Space Challenge '13, AAWMD – Autonomous Ambient Weather Monitoring Drone wherein the team has to create an innovative weather monitoring system, the International Micro Aerial vehicle 2014, SAREX18 (Search And Rescue EXercise-2018), AAKRUTI 2018, Op Rahat – Techfest at IIT Bombay and Tatamakerthon challenge at IIT Bombay. The team hosts the national level aero fest 'Udaan' with events such as Drone races, workshops for 3D printing and crashed aircraft safety drill. The team has won 1st place in Forensic Hackathon organised by Govt. of Uttarakhand, XDesign challenge conducted by Dassault Systems, Aerothon 2021 organized by SAE India. With the winning tag of Aakruthi 2018 Design challenge held at Dalla, Texas (USA) which was conducted by Solidworks, the team was selected for Smart India Hackathon for two consecutive years. With

all the above achievements, SCRO is also proud of publishing multiple research papers in the field of aviation. Visit www.srmscro.com for required information.

TEAM RECON SUBSEA

Faculty Mentor: Dr. G. Y. Rajaa Vikhram, Dept. of EIE

Team Recon Subsea is SRMIST's official ROV team. Located in the Kattankulathur Campus on the outskirts of Chennai, Recon subsea is a 25-member team of budding tech enthusiast engineers from various backgrounds working on the objective of popularizing the growing field of marine technology in their campus and beyond. What started as a major project of an alumni of SRM, Mr. Tony Phillips, is now fully established as a Marine Research Team.

Recon Subsea has a standard domain-wise structure common amongst college teams. The Students are divided into 5 domains; Coding, Electronics and Power Systems, Mechanical, Corporate and Graphic Design.

Recon Subsea's primary objective is to participate in the MATE ROV Challenge which is held in the USA every year. Since 2018, the team has built ROVs for the yearly problem statement and participated in the regional competition. The team travelled to Indonesia with their first major project called Rusty. The team ended up achieving 4th position in ASEAN regional competition. A year after this, in 2019, when the Regionals were held in Mumbai, India the team manufactured their second major robot called Varun. This robot and the team that went with it secured Second Position all over India. They also won the Innovative Design Award highlighting the advancement they had made in the last year. The team used the experience and technical know-how from this competition to publish their first research paper called floatbox: An Innovative approach to designing methodology for remotely operated underwater vehicle.

SRMKZILLA

Faculty Mentor: Dr. S. Karthick, Dept. of Computational Intelligence

SRMKZILLA is a part of the network of Mozilla Clubs inspired by the Mozilla Learning Network. It is an active and professional technical club of the University for the last 4 years. The club provides a very good platform for students to test their skills both

technical and non-technical by engaging them in different activities such as working on open source projects, development of websites, an organization of technical fests, workshops and so on.

SRM EXPLOROVER

Faculty Mentor: Dr. S. Padmini, Dept. of EEE

Team SRM Explorover is a multidisciplinary team of SRM Institute of Science and Technology under EEE department the design team aims to develop a rover which is capable of traversing the surfaces of extra terrestrial terrain of other planets for the competition organised by NASA, Marshall Space and Flight Center, Huntsville, Alabama, USA.

The team has participated in Jesco von puttkammer India cup-2017 which was the national qualifying round of this competition held at Amity University, Noida. It won BEST DESIGN AWARD among other several achievements in the qualifying round which got the team into the NASA's competition. It has successfully participated and competed among almost hundred teams from all around the world in the NASA HUMAN EXPLORATION ROVER CHALLENGE 2018 held at Marshall Space and Flight Center, Huntsville on 13th April 2018.

TEAM 1.618

Faculty Mentor: Dr. K. Mohanraj, Dept. of EEE

TEAM 1.618, the Official HYBRID VEHICLE RACING TEAM of SRMIST. It participated in the Hybrid Vehicle Challenge-2018 (HVC) which took place from the 17th-21st of January, 2018 in The Buddh International Circuit, Greater Noida. Hybrid Vehicle Challenge is Asia's largest Hybrid Vehicle Racing Competition organized by the Imperial Society of Innovative Engineers for the budding engineers to use all of the classroom knowledge alongside their creative and innovative ideas into designing and fabricating a formula type race car according to the international standards.

Out of the 103 teams, the Team emerged victorious clinching the Championship title alongside the Best Hybrid Vehicle Award and the Virtual Round Winners Award. Other achievements include second place in best design, best business plan and cost, innovation and weight test respectively.

SRM RUDRA

Faculty Mentor: Dr. A. Rathinam, Dept. of EEE

RUDRA is the official **Mars Rover team** of SRM Institute of Science and Technology which has been participating in the University Rover Challenge (URC) organized by the Mars Society at MDRS, Utah, USA, since 2013 (<https://www.srmrudra.com/team-page>). Kattankulathur. Our Team consists of over 30+ undergraduate students from various disciplines of Engineering and Technology right from first year to final year UG students, with the aim to develop a Mars Rover which meets international standards for the University Rover Challenge and other similar competitions. The team's primary focus is excelling in the University Rover Challenge which is a premiere International Robotics competition and Indian Space Robotics competition for space exploration. It held the following positions over the years at URC:

- **URC 2013:** World Rank:5th Asia Rank: 1st
- **URC 2014:** World Rank: 5th Asia Rank: 1st
- **URC 2015:** World Rank: 12th Asia Rank: 2nd
- **URC 2016:** World Rank: 9th Asia Rank: 1st
- **URC 2017:** World Rank: 20th Asia Rank: 2nd
- **URC 2019:** World Rank: 11th Asia Rank: 2nd
- **IRC 2020:** World Rank: 3th Asia Rank: 1st

CONCRETE CANOE RACING TEAM

Faculty Mentor: Mr. S. Pradeep, Dept. of Civil Engineering

Concrete Canoe Racing Team (CCRT) was founded in 2015 with the objective of making light weight concrete canoe, the team decided to participate in the India's First Concrete Canoe Competition 2015. Adithya Eswaran and Vishruth Krishnan, along with 12 other students of department of Civil Engineering conceived the idea

under the guidance of Assistant Professor, Mr. S. Pradeep. SRM CCRT has won India's First Concrete Canoe Competition with our first canoe "THIMIL". The team of 12 members designed a second canoe "NAVAL" for research purpose in 2016. In 2019, the 13 members team is doing research to make light weight 5m concrete canoe, and the team decided to participate in International Concrete Canoe Competition 2020.

TEAM URJA

Faculty Mentor: Mr. S. Pradeep, Dept. of Civil Engineering

The team was formed in 2017 with the aim of fabricating light weight solar powered boats. The team decided to participate in the annual Solar Splash Competition 2019 held in the USA. The team specializes in fabricating light weight Solar powered boats based on the requirements of the competition and conduct the research on the same. The Team consist of 8 passionate Undergraduate Engineering Students from various engineering disciplines such as Civil Engineering, Mechanical Engineering, Electrical and Electronics Engineering.

AUTOMOTIVE SKILLS DEVELOPMENT COUNCIL (ASDC)

SRMIST is the authorized training partner of Automotive Skills Development Council (ASDC). The ASDC is the first development skill council of India, promoted by the Automobile industry through various bodies. The aim of SRM - ASDC is to make skills as enabler of our sector's growth. This center aims to provide the skills and knowledge for school/college dropouts to ensure jobs in formal sector and improve the social development of the society.

SRM – ASDC Centre provides hands on training skills in following Qualification Pack (QP) as per NSDC standard.

- Automotive Service Technician
- Automotive Electrician
- Automotive Brake Specialist
- Automotive AC Specialist

The objective of this course is to make industry-ready engineers. This course consists of the following components.

- Diagnosis and routine repair requirements of the vehicle
- Major repairs and Overhauling of the vehicle
- Diagnosis and repair of Electrical and electronic faults in a vehicle.

This QP's are delivered as 80 % practical 20 % theory and at the end of the course, assessment is carried out by ASDC. Successful candidates details and their domain specialization are available at Skill development management system (SDMS) portal

SRM – BRIN CENTRE “CENTRE OF EXCELLENCE IN AUTOMATION TECHNOLOGIES”

SRM Institute of Science and Technology, College of Engineering and Technology has established the “**SRM–Bosch Rexroth India (SRM-BRIN)** Center of Excellence in Automation Technologies - A joint training centre” in Collaboration with Bosch Rexroth, Germany who are market leaders in drives and control equipments. The primary objective of this centre is to produce trained manpower for automation in industries. This is a state-of-the-art training facility in pneumatics, hydraulics and PLC technology at SRMIST, Kattankulathur, Chennai.

The SRM-BRIN centre will act as an independent centre to cater the needs of the technical institutes like polytechniques, Engineering institutes and Industries in this region specifically in Chennai. The objective of the centre is to bridge the gap between the Industries and the Institutes and to provide industry ready manpower in manufacturing plants of Automotive Applications, Industrial Automation, Machinery Applications and Engineering.

The centre will function on the concept of Industrial environment in the Institute by providing hands on training to the trainers in different fields of automation. The modules like basic hydraulic technology, industrial hydraulics, proportional technology, basic pneumatics, industrial pneumatics, closed loop pneumatics and PLC based controls. On successful completion of above said modules, the trainees will be given with a "Joint Completion Certificate" by SRM- BRIN centre. This

training centre can design and offer tailor made courses for employees of industries. Also the Centre will provide solutions to the industrial problems through the consultancy works and projects on need basis to enhance Industry- Institute-Interaction.

SRM WRO Team

Faculty Mentor: Mr. K. Sivanathan, Dept. of Mechatronics Engineering

The team works on building an autonomous robot which could arrange the tetra cubes autonomously in a given pattern. Since the robot needs a complete autonomy, the team comprises of student members from different disciplines. The key research avenues are locomotion, sensor fusion, SLAM, control of autonomy, communication and so on. The team was formed in the year 2016 and participated in a national level WRO competitions in the year 2016 and 2018. The team endeavors to build the autonomous robot as a product eventually. In addition, the team participates in the World Robot Olympiad Competitions.

SRM ASV (SRM Autonomous Surface Vehicle) Team

Faculty Mentor: Mr. K. Sivanathan, Dept. of Mechatronics Engineering

The team works on building an aquatic boat which could perform different missions autonomously on the surface of water. As the boat exhibits complex dynamics, it poses great challenges in control and navigation. There are several research avenues in Autonomous Surface Vehicle such as perception, sensor fusion, control of autonomy, communication and so on. Since its conception, the team has built several variants of ASVs with different capabilities. Although the team's mission is to eventually develop ASV as a commercial product, the team participates in the international Roboat Competition conducted by AUUSI foundation annually. The team acquired 2nd position in Static Judging Phase of the International Roboat Competition 2016 held in the USA.

Team SPARS

Faculty Mentor: Dr. T. Muthuramalingam, Dept. of Mechatronics Engineering

The team is continuously participating in aero design events conducted SAE both within the India and USA, since 2017. The aim of the team is to develop unmanned aerial vehicle based on the constraints provided by the organizer. The future goal of this team is to apply research concepts in UAV control for the benefits of the students. It is planned to have commercialization of the fabricated model. This team participated in many international events held under two classes namely Advance class and Micro class. Competing with many international teams the team have achieved milestones and were appreciated by the judges. The outcome of the event participation is also aimed in external project funding and students placement.

Team D.I.R.T (Dive into Robotics Technology)

Faculty Mentor: Mr. S. Vasanth, Dept. of Mechatronics Engineering

Team D.I.R.T (Dive into Robotics Technology) a nonprofit student driven organization founded in the year 2016 under the department of mechatronics engineering. The objectives are to create general awareness towards robotics technology and to provide opportunities for the team members to gain invaluable hands-on engineering and experience as they design, fabricate and compete combat robots. Team DIRT also the official Combat Robot Team of SRMIST under SIIEC was formed to nourish the Consortium of students in order to advance in the field of futuristic technologies. We as a team have participated in various competitions and have earned laurels for our university. The team bagged many awards since its inception.

ETROS RACING

Faculty Mentor: Mr. S. Vasanth, Dept. of Mechatronics Engineering

ETROS racing a non-profit student driven organization founded in the year 2014. The objectives are to create general awareness towards green technology by promoting alternate and efficient sources of fuels and to provide opportunities for team members to gain invaluable hands on engineering and business experience as they design, fabricate and race solar cars. The team operates under the supervision of

SRM Innovation and Incubation Entrepreneurship Centre (SIIEC) which aims of collaborating the various teams in the university to provide a superior working environment. Our solar car was showcased in Global Exhibition on Services (GES 2016), a global platform offering opportunities for networking and business delegations from across the world. It is organized by the ministry of commerce and Industry (Government of India) under Make in India campaign. This team continuously participated and bagged awards in Indo Asian Solar Challenge 2015, 2016, 2018, and Electric Solar Vehicle Championship 2016, 2018.

Team Auto-creed Racing

Faculty Mentor: Mr. S. M. Vignesh, Dept. of Mechatronics Engineering

Team Auto-creed Racing works on fabricating electric racing go-karts. Electric vehicles are the future and aim for sustainable development. Auto-Creed Racing is a venture started in SRMIST in the year 2015. It is home to the first Electric Go-Kart of the University.

Auto-Creed Racing is a motorsport racing team which envisions to bring a clean version of go-kart racing to the competitive college racing scene. With its genesis in 2015, Auto-Creed Racing comprises a team of dedicated individuals working towards integrating strong and innovative engineering practices into manufacturing. Building the team from ground up, now it has evolved into a group which is determined to continue on its winning spree and progress into the multifaceted world of motorsport racing.

TekMedica

Faculty Mentor: Dr. Varshini Karthik, Dept. of Biomedical Engineering

A student technical club 'Tekmedica' has been formed to kindle students' innovation and to carry out projects with self-motivation. The major interest is with healthcare innovations and point of care medical devices. The team aims to work on a multidisciplinary approach making itself one of the most popular tech team in the region.

Centre for Lean and Six Sigma (CLASS)

Faculty Mentor: Dr. E. Vijayaraghavan, Dept. of Mechanical Engineering

The centre is established with the support from MSME Technology Development Centre, Agra. Around 248 students have become Six Sigma Green Belt Professionals and 12 students have become Six Sigma Black Belt Professionals. More than fifty Internships have been offered to the students so far, in the companies like Caterpillar, Ashok Leyland, Ford India, Toyota, RANE TRW Steering Systems, RANE Engine Valves, Yamaha Motors India, Butterfly Home Appliances, VPG Sensors, and Sundaram Motors. The programs are offered with the support of industrial experts.

Team Super Ignitors

Faculty Mentor: Dr. R. Pankaj Kumar, Dept. of Mechanical Engineering

Team Super Ignitors is a workstation where like-minded people compile to find technical, educational and co-operative excellence for the team. The main core motive is the systematic development of the group chained under proper leaders, the board of directors, mentors, technical, leads and members adjoining us in this travel. Team Super Ignitors, a team of engineering students from various branches was formed on 14th October 2017. It's an RC IC car race team aiming to build their own cars and race it in different events. The team has participated in various RC car events held at different IITs and NITs in recent years and represented SRMIST.

Team Hybrutos Racing

Faculty Mentor: Dr. P. Nandakumar, Dept. of Mechanical Engineering

Hybrutos Racing is the official formula hybrid team comprising a faction of 35 engineers of various inter-disciplinarian manoeuvres to fabricate racing cars for Formula Hybrid Competition, held at Loudon, New Hampshire, USA. The team believes in 3P's: Passionate, Performers and Perfectionists, never willing to compromise on quality and hard work. The team uses the most advanced modeling and analyzing software to design the hybrid race car in order to emblazon their mission towards a brighter future through sustainable development. On completing its hybrid prototype 'Fury' in March 2015, the team unveiled its first hybrid race car

'Alpha' in April 2016 and secured overall first in "Hybrid in progress" category on its debut at Formula Hybrid Competition 2016. The team has won the overall third place in Formula Hybrid 2017 (Hybrid Class) and the spirit of Formula Hybrid Award.

The team participated in the event Formula Imperial-HVC-2019, which is a student formula style vehicle design and manufacturing event. The 5th Edition of the event was held between 4th and 10th February, 2019. This season of Formula Imperial was held at Galgotias University, and Buddh International Circuit, Greater Noida. The team cleared the Technical Inspection and Brake Test successfully and thus was allowed to participate further in the dynamics events. In Business plan presentation, the team had to prepare a business strategy as a start-up and seek investments from the investors & in Cost Presentation, the team was evaluated on the basis of its understanding of the manufacturing processes and the cost incurred for the production of a prototype.

The team secured 1st position in B-Plan & Cost Presentation. In the Design Presentation event, the team's engineering process and the effort that went into the design of the vehicle was evaluated. The team was awarded the Best Design award. The Acceleration and Endurance event was conducted at Buddh International Circuit. The team completed 21kms in the shortest time at the event & consumed just 0.9 litres for the same, making it the most efficient hybrid car in India.

Team Odyssey

Faculty Mentor: Mr. R. K. Barathraj, Dept. of Mechanical Engineering

Team Odyssey is a team of engineering students from various branches pursuing their Bachelor of Technology degrees. The team was formed on 27th October 2017 with the mission of becoming one of the finest robotic teams in the country and the DRDO Robotics. The Unmanned Systems Exposition (DRUSE) 2018 being conducted by the Defence Research and Development Organisation (DRDO) provided the team with the platform to establish itself as one of the very best in front of the top leadership of the ministry of defense. More than technical expertise and

experience, Team Odyssey prides itself on its member's professionalism and work ethics and the continuously evolving and improving nature of its work environment.

Team Infi Alpha Hyperloop

Faculty Mentor: Dr. S. Prabhu, Dept. of Mechanical Engineering

Infi Alpha Hyperloop is a technical team of undergraduates working on the research, development and design of Hyperloop System. The team aims to implement the first feasible Hyperloop route in India as a pilot project, and setting up a foundation for a Pan-India Network. The team comprises of several core members, further divided into 4 broad domains, according to their fields of expertise, namely:

- Structures Design and Analysis
- Propulsion and Braking
- Electronics and Embedded Systems
- Corporate Relations

Team Solareon

Faculty mentor: Mr. Joji Johnson, Dept. of Mechanical Engineering

The Team SOLAREON started as a vision of a group of students and faculty members to develop futuristic cars powered by green energy / solar power. The mission of the team is to develop an eco-friendly vehicle that could replace the existing fossil fuel based internal combustion engine vehicles. This is achieved by taking part in events with other competitors working on the same platform and honing our skills and developing new technologies and techniques to make our car better.

Team SOLAREON is a multi-disciplinary team consisting of students from different departments like Mechanical, Electrical, Electronics, Computer Science, etc specializing in their area of expertise and working together for the development of solar powered vehicles. The team aims to offer a unique learning experience to students to gain valuable hands-on engineering and business experience while raising community awareness of clean energy vehicles in parallel with their academic schedule. The students practically apply their academic knowledge and

develop the necessary technical skills which make them industry ready. The team has taken part in various competitions and won the best performance award two times in the national level.

Team Efficycle

Faculty Mentor: Dr. U. Mohammed Iqbal, Dept. of Mechanical Engineering

Efficycle is a human-electric hybrid vehicle operated by two persons which is used for day to day mobile needs and adventure transport. It has both mechanical pedal through chain drive and electric power transmission with a battery capacity of 48 volts and 35 Ampere hour. Efficient 8 is a team from the Department of Mechanical Engineering, which was initiated by students during the academic year 2016-17. The team consists of students from Mechanical, Electrical and Automobile Engineering.

The build of the vehicle was started with the making of a prototype with PVC pipes and the CAD model created using Solid work. Stress strain analysis was done for critical components to ensure the safety of the vehicle. The vehicle is fabricated in a centralized fabrication yard which is located in our campus. Cutting, welding, finishing and assembly have been carried by the team members. The team has participated in several national level events with their built vehicle and represented SRMIST.

Team Elecruisers

Faculty Mentor: Dr. T. Rajasekaran, Dept. of Mechanical Engineering

The Elecruisers is the official E-BAJA student team of SRM Institute of Science and Technology, Kattankulathur, Chennai. The team participates in E-BAJA SAE INDIA competition, which is an intercollegiate design competition. The team makes electric ATV, promotes E-mobility and aims at innovating sustainable development. The team was established during the year 2016 and comprises students from departments like ECE, EEE, Mechanical etc.

Team SRM HPV

Faculty Mentor: Mr. S. Balamurugan, Dept. of Mechanical Engineering

The team SRM HPV - Human Powered Vehicle Challenge provides an opportunity for students to demonstrate the application of sound engineering design principles in the development of sustainable and practical transportation alternatives. Students work in teams to design and build efficient, highly engineered human powered vehicles for everyday usage and make transportation easier and cost efficient. Our team consists of students with different ideologies working together in seven different domains, namely, Chassis, Steering, Wheel Assembly, Brakes, Gears, Seat and Fairing. Team works together to present the most economical and sustainable design for human transportation.

The team SRM_HPVP has participated in the ASME E-FEST 2019 held at VIT-Vellore during the month of February 2019. The team has also participated in the following activities at E-FEST: Women's drag race, Men's drag race, Endurance race. The team SRM_HPVP secured 2nd Prize in the Women's drag race among 40 teams in the ASIA PACIFIC E-FEST.

Team IAM3D

Faculty Mentor: Mr. S. Balamurugan, Dept. of Mechanical Engineering

The team IAM3D - Innovative Additive Manufacturing 3D (IAM3D) Challenge is designed to give mechanical and multi-disciplinary undergraduate students an opportunity to use additive manufacturing technologies to re-engineer existing products or create new designs by demonstrating the value added through their application of sound engineering design principles. Our team consists of five different domains, namely, Designing, Analysis, Components, Calculations and Arduino Programming. Team focuses on constructing lightweight designs that can perform tasks perfectly. The team IAM3D has participated in the ASME E-FEST 2019 held at VIT-Vellore during the month of February 2019. The team has also participated in ASME's Innovative Additive Manufacturing 3D Challenge and acquired 2nd price in the Innovative Additive Manufacturing 3D Challenge among 18 groups in the ASIA PACIFIC E-FEST.

Team SDC

Faculty Mentor: Mr. S. Balamurugan, Dept. of Mechanical Engineering

The team SDC - Student Design Competition provides a platform for students to present their solutions to a range of design problems – from everyday household tasks to groundbreaking space exploration. Each team is required to design, construct, and operate a prototype meeting the requirements of an annually determined problem statement. Group of brilliant engineers coming together from multi-engineering backgrounds to find solutions to the annual problem statement.

BEECLUST MULTI-ROBOT SYSTEMS LAB

Faculty Mentor: Dr. R. Kumar, and Dr. S. Dhanalakshmi, Department of ECE

Beeclust Multi-Robot Systems Lab is a multi-disciplinary student-driven research group under the department of Electronics and Communication Engineering based in SRM-IST Kattankulathur. Beeclust MRS� was founded by our student Mr. Kedar Prasad Karpe in the year 2017 with the sole motive to work on Multi-Robot Systems and algorithms for achieving coordination among a large number of robots. This team has been working on projects such as mobile printing solutions and methodologies to simplify warehouse logistics using multi-robot systems. The team had participated in various competitions on National and International levels, conducted dynamic seminars and published ground breaking research papers in due course.

Team SRMAUV (SRM Autonomous Underwater Vehicle)

Faculty Mentor: Dr. K. Annapurani, Professor and Head, Department of Networking and Communications

Team Lead : Pallapothu Uttez (RA1911004010017) , pu6767@srmist.edu.in , IV yr EEE, 8328550080

SRM Autonomous Underwater Vehicle is a technical team that consists of undergraduate students from SRMIST, prototyping an autonomous underwater vehicle. The team is collaboration among students of various departments of Engineering and Technology including School of Computing, Mechanical Engineering, Electrical and Electronics Engineering, Electronics and Communication Engineering, Mechatronics Engineering and Automobile Engineering. The team participates in competitions such as-

1. SAVE: Students Autonomous Underwater Vehicle organized by the National Institute of Ocean Technology (NIOT), India.
2. SAUVC: Singapore Autonomous Underwater Vehicle Challenge organised by IEEE OES, Singapore Chapter and Co-Organised by Singapore Polytechnic , Singapore
3. RoboSub: International RoboSub Competition organised by the Association for Unmanned Vehicle Systems International (AUVSI)Foundation held in San Diego, CA

Achievements

- National Champions: Secured first place at NIOT (National Institute for Ocean Technology) SAVE competition held in Chennai in 2015.
- Sponsored by the Indian Government to participate in AUVSI's international Robosub competition at San Diego, USA in 2015 to represent India.
- Sponsored by SRM to participate in SAUVC (Singapore Autonomous Underwater Vehicle Challenge) in 2015 and won a consolation prize.
- Received NVIDIA GPU-grant sponsorship for vehicle.
- Team invited to exhibit vehicle at ACMEE 2018, 13th International Machine Tool Exhibition held at Chennai Trade Centre, Tamil Nadu.

- Selected among 15 AUV teams out of 22 across India to participate in NIOT SAVe 2019 competition.
- Presented novel underwater 3D simulation framework at IEEE OES - Underwater Technology '19 conference in Kaohsiung, Taiwan.

Technical Club: IoTAlliance

**Faculty Mentor: Dr. Kayalvizhi Jayavel, Associate Professor,
Department of Networking and Communications, School of Computing**

Team Website: www.iotalliance.in

IoT Alliance is a not for profit club of SRMIST that revolves around the world of Internet of Things and allied technologies. This club is founded and headed by Dr.Kayalvizhi Jayavel, Associate Professor, Department of Networking and Communications, School of Computing since 2014. This club is unique as it is one of the very few clubs whose team composition includes students, faculty and alumni as its stakeholders. Our team indulges in various activities including research, product development for local or international requirements revolving around IoT, AI, ML and Data Analytics. As part of international engagements we have successfully completed many projects and one of the notable projects is the collaborative initiative with Sweden based start-up WeberMobility AB. Also the club has participated and won in many Hackathons including Syndicate Bank Hackathon. Moreover this club engages in knowledge dissemination to students through a series of workshops and national and international internships. This club has international collaborative projects with countries including Australia, Sweden, Rwanda etc., This club is selected under AICTE, Government of India scheme as to be Role Model club of SRM and has received a funding of INR 200000. If interested to be part of the club and to know more about the club visit : www.iotalliance.in.

GDC is the first club of SRM centred solely on Game design and Development. We provide a platform to our members to explore their potential through workshops, game jams, hackathons, seminars, webinars and industry talks. This report summarises the proceedings of GDC SRM over the course of the even semester of 2022.

The inauguration of GDC SRM took place on the 16th of March 2022. The chief guests for the event were Mr Rajesh Kumar (marketing head for Scopik Edutech Pvt Ltd) and Mr. Jainarssh BC (South Region Head for the Media & Entertainment Skills Council). There the students were enlightened upon the fast evolving world XR technology, and its potential applications to daily life.

Itch.io Game Jam - 1st-3rd April

The Game Developer's community participated in the one Game Jam, a Global game development competition wherein the participants had to make a high score themed game, whose gameplay time does not exceed One minute. Avinash Sreekumar of X1 section from our club secured 2nd place in the competition. Another group consisting of Nitish Vashishth, Naman Alagh, Divyansh Purohit, Kanishk Bajaj and Eklavya Agal, secured the ninth place.

GDC in the month of April conducted a series of workshops, both online and offline, to increase the proficiency of its members in the realm of Game design and development. There were 4 workshops conducted over a period of 2 weeks, all of which taught basics of softwares like Unity, Blender and Pixelart. These workshops were of utmost importance to make future events a greater success.

The SRM Games Expo 2022 - 29th April

A huge initiative taken up by the club that would normally require months' worth of planning and setting up was done within a span of 3 weeks that ended up being a massive success due to the help of the board and members of GDC.

The expo consisted of multiple systems set up with games that were created by our members for everyone in the college campus to try, free of cost, which helped and motivated many students to take up game development. This expo was conducted

with the finances of the sponsors of GDC. We were able to raise 35000/- for the smooth functioning of the event. The event helped spread news about the club rapidly across the college with many students interested in joining the club

Smart wobble board - 2nd Week of May

Project was undertaken by departments under school of computing along with the biomedical department. The GDC SRM team were asked to create a video for the product providing a few details on what was required.

Project for GDC- To create content and an animation for a product that was still under development and had no previous references to go.

A mere 36 hour time frame given to the club for the completion of the project yet members that took part managed to deliver a more than satisfactory end project.

Recruitments- 7th-20th of July

During the end of the semester GDC felt a lack of members from the 2021-2025 batch, and to ensure longevity of the club, it was essential that a round of recruitments be held. Helpdesks were set up along with a roadmap into game development, which showed a beginner how to get into game development and attain expertise in it. GDC received close to 100 applications for this round of recruitments, Even though it fell in the dead centre of CT-II and CT-III.

Overall we think it would be justified to say that GDC has been hard at work and has no plans on slowing down. Next semester will have a lot more in store and create more opportunities for the students of srm.

The Product Development Club

Faculty Mentor: Dr. M. Thenmozhi, Dr. L. Anand and Dr. V. Hemamalini,

Department of Networking and Communications

The product development club is an effort designed to assist students improve their skills in developing real-world applications, with an emphasis on web and mobile app development. The work we plan on getting ranges from internal projects to free-lance work. We want to obtain as many projects as possible so that students can learn about how the industry works.

Our goal is to create a community where people can work together, collaborate, and help one another. We want to give students a platform, as well as some assistance and direction, to help them become better software developers who can create secure, long-lasting, effective, and high-performing apps. In addition, the group brings together like-minded students to participate in Hackathons, Competitions, and Projects together.

If students have any ideas (startups or project ideas), we can provide them with the necessary resources and guidance to help them succeed. Being a member of the Product Development Club will provide students with skills that will last a lifetime and will prepare them for the fast-paced and dynamic technology environment.

GITHUB COMMUNITY SRM

Faculty Mentor: Dr. P. Supraja, Associate Professor NWC, SRMIST

GitHub Community SRM is the official student-led community spearheading the Open Source Revolution at SRMIST, Chennai. It is an affiliation of GitHub with the SRM-IST-KTR GitHub Organisation. We attempt to unify all the projects and papers developed under the SRM Institute of Science and Technology under a single banner, the official GitHub Organisation of SRM IST KTR. GitHub Community SRM has organized multiple events to spread awareness and knowledge about open-source software. Some of them include OSSmosis, Skilltober, WomenInTech, and Unhashed. Faculty and students of SRMIST can now avail of premium enterprise, and students are now eligible to participate in GitHub Externships. GitHub Community SRM will organize its flagship event, '#OSSome Hacks.' A hackathon aimed to innovate open-source. We are a team of highly dedicated undergraduate members contributing toward taking this community to a higher level, and we are always looking forward to recruiting highly motivated students.

Salesforce Student Group SRM

Faculty Mentor: Dr. P. Supraja, Associate Professor, NWC, SRMIST

Salesforce student group SRM is the official student-led community bringing industry-leading Salesforce skills at SRM IST, Chennai.

Salesforce is the world leader in CRM and the objective of this group is to teach current Salesforce technologies to current students to help secure placements and jobs in top companies.

It is an affiliation of the Salesforce Trailblazer community, Chennai with the SRM IST KTR Salesforce student group.

The student group plans to organise multiple events over the next 6 months, ranging from recruitments, tech workshops, and cloud computing workshops and also provide verified certificates to all participants. We have currently signed an MOU with IEEE which provides us with technical support and publicity for events.

The group had become inactive owing to the Covid-19 pandemic and due to dissolution of the previous team. The student group has recently been made active again with a new team being appointed. We have contacted the local salesforce trailblazer community in Chennai to reinstate sponsorship and swags for upcoming events.

Salesforce Student Group has organised multiple events in the past such as Trailhead, Techtrail and Furtherance & among many others.

We are a group of highly motivated individuals who aim to take the Salesforce Student Group to new heights and also aid the college in increasing placements in Salesforce-affiliated companies.

HackTheBox SRMIST

Faculty Mentor: Dr. P. Supraja, Associate Professor, NWC, SRMIST

HackTheBox SRMIST is a community supported by the official Hack The Box Meetups; it is a Chennai-based meetup organized by modern cybersecurity community professionals to educate and train the cyber soldiers of tomorrow to defend the international cyberspace. We are dedicated to preparing the future

generation of cyber-warriors at SRMIST and beyond. HackTheBox SRMIST started an initiative to create a Cyber Security based community to host workshops, events, and CTFs to educate the upcoming cyber professionals in and around the Chennai area, graciously sponsored by SRMIST.

STUDENT COPTER RESEARCH ORGANISATION (SRM-SCRO)

Faculty Mentor: Mr. Mahendra Perumal, Dept. of Aerospace

Student Copter Research Organization is a dynamic student-based research team with the facilitation of SRM Institute of Science and Technology, Chennai. It was established in August 2013 by two with copters at its primary focus, the team now is a highly multidisciplinary team and consists of students from various domain such as Design and Fabrication, Flight Systems, Computer Vision, Web Development & Corporate. With the zest to Inspire, Initiate and Innovate this team brings many laurels to the university by participating in multiple national and international events. Some prominent events and projects include Aero 360 a national level aero modelling competition, the Singapore Space Challenge '13, AAWMD – Autonomous Ambient Weather Monitoring Drone wherein the team has to create an innovative weather monitoring system, the International Micro Aerial vehicle 2014, SAREX18 (Search And Rescue EXercise-2018), AAKRUTI 2018, Op Rahat – Techfest at IIT Bombay and Tatamakerthon challenge at IIT Bombay. The team hosts the national level aero fest 'Udaan' with events such as Drone races, workshops for 3D printing and crashed aircraft safety drill. The team has won 1st place in Forensic Hackathon organised by Govt. of Uttarakhand, XDesign challenge conducted by Dassault Systems, Aerothon 2021 organized by SAE India. With the winning tag of Aakruthi 2018 Design challenge held at Dalla, Texas (USA) which was conducted by Solidworks, the team was selected for Smart India Hackathon for two consecutive years. With all the above achievements, SCRO is also proud of publishing multiple research papers in the field of aviation. Visit www.srmicro.com for required information.

IoT Alliance Club

IoT Alliance Electrical Division

Faculty Mentors: Dr. J. Kayalvizhi Jayavel, Dept of NWC, SRMIST, Dr. D. Maharajan, Dept of EEE, SRMIST, Dr. A. Geetha, Dept of EEE, SRMIST
Electrical Division is an AICTE 'SPICES' funded student club of SRM Institute of Science and Technology that revolves around the world of Embedded Systems and Internet of Things. Our team encourages research and product development, while reaching out to students through workshops and internships with the aim of sharing knowledge. This club is redefining the faculty, alumni and junior connect to a new dimension. It is an initiative to help students to become better at developing the Internet of Things (IoT) focused more on real-world applications. The club provides the opportunity to do collaborate with the Department of Networking and Communications to support software development, and freelance projects for companies and collaborate together.

Next-Gen AI

Faculty Mentor: Dr. S. Selvakumarasamy

Hailed as the ultimate future technology, Artificial Intelligence is all set to take over the world and further enhance the essence of the human life. Comprehending this vision, the idea for CINTEL's Next - Gen AI was born. Providing an educational and fun milieu, we create a foreground for students to acquire practical knowledge in the prodigious field of Artificial Intelligence and equip them with suitable strengths to undertake utile and creative projects involving the various subsidiaries of the field. We provide collaborative projects, upskilling programs, summer school programs, research opportunities and help with internship opportunities. The opportunities and experience provided by CINTEL's Next - Gen AI are sure to enhance the student resume and help them in securing good placements.

DOMAINS

We house five technical domains that include:

- Machine Learning/Deep Learning
- Web/App Development
- Computer Vision
- Natural Language Processing
- Robotics

Each of these domains endeavor to further our vision by providing its members with the best informative resources and creating a fun and conducive learning environment. The learning experience is not only limited to the CINTEL (Computational Intelligence) department but also expands to include various other departments like Civil Engineering, Biotechnology and Electrical & Electronics Engineering who we proudly call our collaborative departments. We aim to help our members to understand real-world applications of AI and come up with pragmatic solutions to real-time problems.

Apart from our five technical domains we also have two non-technical domains – Management and Creatives, who, keeping in line with our vision, plan events and activities that further our vision to include all the students of the University.

The SRM Chemical Club (TSCC)

Faculty Mentor: Mr. K. Selvam and Dr. D. Nanditha, Dept of Chemical Engineering

The SRM Chemical Club (TSCC) has been formed to nurture young talents and motivate the students to be involved in research projects, prototype-building, and showcasing their various aptitudes and technical events. The club's tagline is "Thriving and Growing," aimed at progressive learning and achieving greater heights.

THE TEAM ROBOCON

Faculty Mentor: Dr. G. Joselin Retna Kumar, Associate Professor, Dept of EIE

The team was formed by a group of students who received funding from the DRDO in 2012. SRM Team Robocon is a multidisciplinary team involved in competitive robotics. The team comprises engineers from various branches including Mechanical, Mechatronics, EEE, ECE, CSE and Aerospace. The team members are specialized in various aspects of robotics engineering including Mechanical fabrication, designing and analysis, electronics and circuit designing, algorithm development and coding. The team participates in competitions such as ABV Robocon which involves making a robot from scratch which fulfils the problem statement given by the host country every year. As the problem statement is new every year, the contestants are kept on toes.

STUDENT CLUBS, CHAPTERS & ASSOCIATION

Student Clubs: Quanta Association

Quanta Association initiated aiming to transform into contributing members of professional community in Nanoscience and Nanotechnology. And also, with the focus to flourish themselves with effective communication with personal interaction, practicing leadership experience, establishing network of contacts and presenting their scholarly works in professional meetings, journals, research experiences, outreach services to the in - and off campuses.

Professional Chapters: ACCMS-Global Research Centre (GRC)

The Asian Consortium on Computational Materials Science (ACCMS) was set up in order to nurture and promote research and development activities in computational materials in Asian countries.

Global Research Center is set up in SRMIST to attract a large number of young and high level researchers from all over the world The establishment of this real center promotes multidisciplinary research thereby opening new collaborations not only academic but also industrial The center serves as a hub to promote computational research in various fields like Multi scale modeling and simulations, Materials for energy storage and conversion, Nano devices for information storage, Nanostructure materials, multiferroics materials, 2 D materials, vdW materials, Biomaterials, Biosystems, Bioinformatics, Bioengineering and Nanomedicine, Physical organic materials, Catalytic materials, Advanced composite and functional graded materials and structures, Oxide based materials, Materials Informatics and Genome, Computational mechanics of advanced materials and structures, Static and dynamic stability of composite plates and shells, and more.

SCHOLARSHIPS AND AWARDS

SRM Institute of Science and Technology (formerly known as SRM University) offers several Scholarships, fee waiver schemes, concessions to meritorious and deserving students. Large number of students tremendously benefit from such schemes. The scholarship program is a transparent merit based process. In subsequent years, the scholarship is subject to consistent high performance as per the norms set by the university from time to time. The quantum of scholarship and the number of scholarships are subject to change from time to time. Processing will be done by a Scholarship committee consisting of SRMIST officials and academicians.

The scholarship and concession schemes of SRMIST to recognize excellence in academic, sports and deserving candidates are listed below.

SI. No	Category	Sub Category
I	Founder's Scholarship	SRMJEEE
		IIT JEE (Mains)
		State Toppers
		District Toppers within Tamil Nadu
		Early Bird
		Sports
II	SRM Merit Scholarship	SRM JEEE Merit Scholarship
III	Chancellor Constituency Scholarship	Perambalur Constituency
		PKMS
IV	Socio-Economic Scholarship	NGOs & Tribal Community
		Low Income Families
V	Unnat Bharat Abhiyan	Vendhar Education Grants Scheme

Sl. No	Category	Sub Category
VI	Differently Abled Scholarship	Locomotor / Orthopaedic
		Visually Impaired
		Speech & Hearing
		Mental Disability
		Multiple Disabilities
VII	SRM Arts and Culture Scholarship	Fine Arts
		Culture
		Achievements, Accolades / Special Talents
VIII	Employee Ward Scholarship	Availing for the first time admitted in SRMIST
		Availing for the second time admitted in SRMIST
IX	Alumni Scholarship	Alumni Ward Scholarship
X	Performance Based	SRMIST Examinations
XI	Concessions	Humanitarian/Reference
XII	Defence Scholarship	Defence Personnel - Service
		Defence Personnel - Ex Service
XIII	Sponsored Scholarships	State Govt. Sponsored
		Central Govt. Sponsored
		Corporate / NGO etc.,

SCHOLARSHIP PROGRAM: INTERNATIONAL STUDENTS

SRMIST offers various scholarship for International students joining undergraduate and postgraduate programs. The exceptions are MBBS, BDS, BASLP, B. Pharm and Pharm D.

In all matters relating to scholarship, the decision of the SRMIST Scholarship Committee would be final and binding. Candidates are eligible for either Merit or Economic scholarship and not both.

Eligibility norms to avail various Scholarships: -

1) Economic Scholarship for Africa, SAARC and Asia countries

(Applicable for both UG & PG Programs)

Tuition fee waiver of 50% on Annual tuition fee.

Scholarship Exempted Courses: MBBS, BDS, BPharm, BASLP, Pharm D

2) Founders Scholarship for NRI/OCI/PIO

Tuition fee waiver of 50% on first year tuition fee for the entire duration of the program for the candidates who score 80% and above in relevant subjects. If the Eligibility Committee seeks grade equivalence, in such cases the responsibility lies with the candidate to submit the grade equivalence signed by the authorized signatory from the concerned school. Based on the same, scholarship will be approved. (for subjects and Boards refer the below table)

	Applicable only for UG program for the entire duration except MBBS, BDS, B. Pharm, BASLP, Pharm D & Ph D courses	
	Criteria -70% and above	
	50% Tuition fee waiver	
	Science Stream	Commerce Stream
CBSE / HSC	70% and above aggregate of PCM or PCB	70% and above for CBSE-Commerce stream-80%

	Applicable only for UG program for the entire duration except MBBS, BDS, B. Pharm, BASLP, Pharm D & Ph D courses	
	Criteria -70% and above	
	50% Tuition fee waiver	
	Science Stream	Commerce Stream
		Aggregate in ACE (Accounts, Commerce and Economics)
GCE A Level	Grade 'B' and above in two courses and minimum 'C' in third course (PCM or PCB)	Grade 'B' and above in two courses and minimum 'C' in third course (ACE)
IB	Grade '5' and above in any two courses but not less than "4" in the third course (PCM or PCB)	Grade '5' and above in any two courses but not less than "4" in the third (ACE)
WAEC and other African national grade examination	Grade 'C4' and above in any two courses and minimum 'C5' in the third course. (PCM or PCB)	Grade 'C4' and above in any two courses and minimum 'C5' in the third course. (ACE)
Note	The Scholarship amount is 50% for above 70% marks	
1) For courses like BA JMC, B. Sc Vis-com, B. Com ISM, LLB, B. A LLB, BScHCM, B. Des, B. Arch, BCA and BBA- overall percentage will be considered for CBSE and boards other than CBSE any three subjects as per the above-mentioned band will be considered.		
2) Marks scored in the language subjects will not be considered for scholarship		
3) If the Eligibility Committee seeks grade equivalence, in such cases the responsibility lies with the candidate to submit the grade equivalence signed by the authorized signatory from the concerned school. Based on the same scholarship will be approved.		

3) SAT Scholarship for NRI/PIO/OCI

RULES AND REGULATIONS

The students must be aware of the Vision and Mission of the University. They should be familiar with their Departmental goals. Students should take all efforts to enable their Department to achieve these goals.

The students shall be thoroughly familiar with the regulations which are available at the University website www.srmist.edu.in. The curriculum and syllabus of various programs are also accessible at the website.

Some important aspects of the rules and regulations based on the present University regulations are reproduced here for strict compliance. These are subject to changes effected by the Institution from time to time.

1. Punctuality and Attendance Rules

- Attendance is the physical presence of the student in the class/laboratory/field work. It is a well-observed fact that the students who score good grades are those who attend the class/laboratory/field work, regularly. Therefore, the students must strive to attend all the classes without fail. Therefore, the students must strive to attend and sincerely participate in all the assigned learning activities without fail. Every faculty member handling a course will take attendance till the last working day in the semester.
- A student must maintain an attendance record of at least 75% in individual courses, **exclusive** of the leave of absence **due to medical reasons**, on-duty, extracurricular/extramural activities, permitted assignments such as job interviews, unforeseen emergencies etc. Without the minimum attendance of 75%, in any course, students become ineligible to appear for the end semester examination in that course. His/Her registration for that course will be treated as cancelled and the student should register and repeat the entire course when it is offered next.

- A student must strive to attend all the classes without fail. However, the minimum attendance requirement of 75% allows a student the facility to use the balance 25% to account for illnesses, permitted assignments such as job interviews, inter-university sports meets, inter-collegiate/inter-university competitions, accidents, unforeseen emergencies etc. An attendance of 75% in a course is considered to be the minimum required for a student to get just enough input on the course syllabus through class room contact hours to make him/her eligible to appear in the end semester examination for that course. It is the responsibility of each and every student to keep track/monitor his/her percentage of attendance daily for each course and ensure that he/she satisfies the attendance norms prescribed by the University. If the student finds any discrepancy/error in the attendance status, he/she should immediately on the same day bring it to the attention of the concerned faculty member and seek redressal.
- **Condonation of Attendance** In rare and genuine cases, a committee consisting of the Director and Head of the concerned department will examine the case, based on the documents submitted by the student, facts and circumstances. The documents may include medical certificate, permission sought by the parents and students just before or just after the commencement of medical treatment, fitness certificate, evidence of being treated as in-patient and/or recommendation for convalescence etc. as applicable to particular situations. The assessment will be done by the committee on the merit of the case, and their recommendation will be communicated to the Vice Chancellor. The Vice Chancellor, based on the recommendation of the committee may then give condonation for the inadequate attendance. But in any case the condonation cannot exceed 10%. **It is to be noted that condonation of attendance shortage is not a right to be claimed by the student but to be considered only in the rarest of rare cases.** Once the medical leave is rejected by the committee, the period for which condonation is claimed will be treated only as 'absent'. Only those cycle tests, quizzes, surprise tests or any other forms of internal assessment

conducted during the approved condonation period will be re-administered.

No condonation will be considered for end semester examinations.

- It is compulsory that a leave letter in an approved format should be submitted for Medical reasons. Medical leave letters should be signed/counter signed by parents/guardians/Hostel Warden. Medical leave letters should be accompanied by medical certificates for availing leave. Prior permission must be obtained for availing leave in other than emergency cases. A fitness and medical certificate should be submitted while rejoining the classes. Students are prohibited from producing false / fabricated certificates the act of which will result in grave disciplinary action against them.
- It is important that all students are present on the enrollment day as well as on the last working day. Absence will be permitted only for unavoidable reasons with prior permission. Suitable fine will be levied for absence on the course enrollment day and the last working day of the semester.
- Students should be punctual to the class and should equip themselves with calculators, approved drawing materials, instrument boxes, record note books and standard notebooks as and when necessary. Since the faculty will be taking the attendance at the commencement of the class, even one or two minutes of late entry will lead to the student being marked absent for the class which may ultimately lead to his/her attendance falling below 75% at the end of the semester.

2. Ragging

Ragging in any form is strictly forbidden, and severe action will be taken against those who indulge in such activities as per the Tamil Nadu Prohibition of Ragging Act No.7 of 1997. Please refer to the following URL to know about what constitutes ragging and actions that must be taken against those who indulge in ragging:

<http://www.srmist.edu.in/content/anti-ragging>

3. Discipline

- Every student is required to maintain discipline and decorum both inside and outside the University campus and should not indulge in any activity that will tarnish the reputation of the University.
- Any act of indiscipline by a student first will be scrutinized/considered by the Discipline and Welfare Committee of the Department/School for necessary action. If the issue demands more serious consideration, the act of indiscipline will be reported to the Dean (Engg. & Tech.), and he will refer it to the Discipline and Welfare Committee of the University, constituted by the Vice Chancellor.
- The Committee will enquire into the charges and recommend suitable action if the charges are substantiated. The Dean (Engg. & Tech.) will take appropriate action based on the recommendation of the Discipline and Welfare Committee.
- Dean (Engg. & Tech.) may suspend a student pending inquiry depending upon the prima facie evidence.
- Appeal: The student may appeal to the Vice Chancellor whose decision will be final and binding.

4. Dress Code

Students are required to wear their identity cards (in an easily noticeable way) when they are in the College of Engineering and Technology campus and also when they travel using the College of Engineering and Technology transport. Not wearing the identity card will be considered as an act of indiscipline.

Laboratory Dress code

No loose garments are permitted in the workshop/laboratories. Both boys and girls students have to wear leather shoes in the workshops. In the workshops, the uniform for a girl student is grey overcoat and for a boy student it is grey trousers and grey shirts. In Physics and Chemistry laboratories all the students have to wear white overcoats.

On play fields, the standard attire is shorts and vests or jerseys. Footwear used on the field should be securely strapped at the heel.

In case of violation of the dress code, the student concerned will be asked to leave the academic session.

Visiting students are also expected to observe the dress code. All students will wear presentable dress which is neat, clean and ironed.

Students are strictly instructed to adhere to the following dress code while attending the college for Lectures/Practicals/Library/Laboratories and formal functions of the Departments/Institution.

Boys	Girls
Trousers and Collared Shirts / T-Shirts	Formal Wear: Chudidhar, Salwar Kameez, Sari, Trousers and Collared Shirts or T-Shirts

Short shirts, T-shirts with round collars	Short tops, Sleeveless tops, round collared T-Shirts and Deep-neck tops.
Clothes depicting illegal drugs, alcohol, profane language, racial comments etc.	Clothes depicting illegal drugs, alcohol, profane language, racial comments etc.
Chappals, Pony tails, Ear Rings	Loose hair

5. Use of Cell Phones

SRM Management understands the necessity of cell phones in a student's life. But the management is totally against its over-use or misuse.

- Use of cell phones inside the classroom when the class is on is strictly prohibited. However, with the specific permission of the concerned faculty a student may use it to take photo of notes etc.
- The Cell phone of the student who uses it in the class without the permission of the faculty will be confiscated and action will be taken.
- The student found with a cell phone during cycle test/model examination/practical exams/University examinations will be severely punished which will involve cancellation of tests/examinations or debar from writing further tests/examinations.

6. Overall Progress

- Students should maintain good academic progress on a continuous basis.
- Students should maintain satisfactory progress on all fronts.
- Corrective actions proposed by the Department to maintain academic excellence should be strictly adhered to by the students.
- Unsatisfactory performance will also render the students ineligible to appear for University Examinations.

7. Hostellers

- Students admitted to the University hostel shall abide by the existent rules and regulations at the time of admission and as amended from time to time.
- A student dismissed from the Institute shall automatically cease to be a member of the Hostel.

Apart from the rules and regulations prescribed above, following exhortations are made to the students aimed at their well-being:

- ❖ Chennai and nearby areas have long beaches. Students are firmly advised not to take bath in the seawaters as the unpredictability of killer currents and monster waves may lead to untoward accidents.
- ❖ The students are advised to be extremely cautious while crossing the busy National Highway adjacent to the campus.

Students are cautioned not to walk across or along the railway tracks in front of the campus or anywhere else. Carelessness on the part of students has led to many unfortunate fatal accidents.

- ❖ Students are strictly forbidden to smoke/consume alcoholic drinks/take drugs inside the campus or for that matter anywhere else. Such habits irreparably wreck the career of the students.

Please visit the following URLs to have sound knowledge on academic regulations and curriculum and syllabus

Regulations: <http://www.srmist.edu.in/engineering/course-reg>

Curriculum and syllabus: Respective department Webpage in our website: www.srmist.edu.in

Any amendment issued by the University will be binding on the concerned students. Students are expected to know the mode of internal assessment.

LIST OF HOLIDAYS* FOR THE ACADEMIC YEAR 2022 – 2023
(BASED ON STATE AND CENTRAL GOVERNMENT NOTIFICATIONS)

1.	Bakrid	10.07.2022	Sunday
2.	Muhurram	09.08.2022	Tuesday
3.	Independence Day	15.08.2022	Monday
4.	Vinayakar Chathurthi	31.08.2022	Wednesday
5.	Gandhi Jayanthi	02.10.2022	Sunday
6.	Ayutha Pooja	04.10.2022	Tuesday
7.	Vijaya Dasami	05.10.2022	Wednesday
8.	Milad-un-Nabi	09.10.2022	Sunday
9.	Deepavali	24.10.2022	Monday
10.	Christmas	25.12.2022	Sunday
11.	New Year's Day	01.01.2023	Sunday
12.	Pongal / Thiruvalluvar Day	15.01.2023	Sunday
13.	Uzhavar Tirunal	16.01.2023	Monday
14.	Thai Poosam	05.02.2023	Sunday
15.	Republic Day	26.01.2023	Thursday
16.	Telugu New Year's Day	22.03.2023	Wednesday
17.	Mahaveer Jayanthi	04.04.2023	Tuesday
18.	Good Friday	07.04.2023	Friday
19.	Tamil New Year's Day / Dr. B. R. Ambedkar Birthday	14.04.2023	Friday
20.	Ramzan	22.04.2023	Saturday
21.	May Day	01.05.2023	Monday

EVENT CALENDAR

Sl. No.	Date	Month	Department	Activity
1.	3-4	June '22	ECE	Workshop on Skill Development and Entrepreneurship
2.	10-11	June '22	NWC	Workshop on Codigo
3.	22	June '22	Mechatronics	IIC Calendar Activities on Entrepreneurship Skill, Attitude and Behavior Development
4.	23-24	June '22	Mechatronics	Seminar on Robotic Surgery
5.	1-2	July '22	Civil	National Conference on Materials and Sustainability in Civil Engineering
6.	4-6	July '22	CINTEL	Workshop on Intelligence in Healthcare
7.	6-8	July '22	CTech	Workshop on Critical Thinking and Problem Solving Skill and Personality Development
8.	7-8	July '22	Genetic	Teachers Training Programme on Recombinant DNA
9.	11-16	July '22	Mechanical	Professional Development Programme on Project Management
10.	13-15	July '22	CTech	Workshop on Smart Devices with Natural Language Processing
11.	18-20	July '22	ECE	Entrepreneurship Development Training Program on Dairy Supply Chain and Marketing Rural Women in SRM Adopted Village
12.	18-25	July '22	ECE	Workshop on High End Workshop on Recent Trends in Computer Vision and its Applications
13.	20	July '22	Civil	Workshop on Light Gauge Steel Concrete Composite Structures
14.	20-23	July '22	Biotechnology	Workshop on Basic Techniques for Biotechnology Students (Who Lacked Practical Learning During Covid-19 Pandemic Situation)

Sl. No.	Date	Month	Department	Activity
15.	25	July '22	Civil	An Awareness Webinar on Intellectual Rights in Civil Engineering
16.	25-30	July '22	CTech	Workshop on Artificial Intelligence for Computer Vision Applications
17.	26	July '22	EIE	EIE Progressive Talk 1
18.	1-2	August '22	ECE	Workshop on Photonics and Photovoltaic Devices (WOPPD)
19.	3-5	August '22	CTech	Workshop on Quantum Computing
20.	4-5	August '22	EEE	Hands on Training on the Development of Electric Vehicles
21.	5	August '22	ECE	Workshop on Physical Health and Related Activities to Celebrate National Mental Health Awareness Day
22.	8-13	August '22	CTech	STTP on MERN Stack Development
23.	9-12	August '22	EIE	Student Centric Approach - Counsellor Training Program for Faculties - Phase 2
24.	9-14	August '22	DSBS	FDP on Big Data Analytics Living Lab Applications
25.	11-12	August '22	Genetic	Workshop on Cloning of Viral Genome by Rolling Circle Amplification
26.	11-12	August '22	Chemistry	Workshop on Experimental Approaches in Materials Characterisation (EAMC2022)
27.	11-18	August '22	Design	FDP on Teaching Aids for Faculties in Interior Design
28.	12	August '22	Mathematics	Dr. Parivendhar Mathematics Convention-2022
29.	12-14	August '22	NWC	Workshop on League of Legends
30.	16-22	August '22	CTech	Workshop on A Research Focus on Graph Algorithms, NP completeness and Beyond
31.	17	August '22	Mechatronics	IIC Calendar Activities - Workshop on IPR

Sl. No.	Date	Month	Department	Activity
32.	18-19	August '22	Architecture	Upcycling Workshop on Tires & Plastic
33.	22-27	August '22	Chemical	Faculty Development Programme on Current Trends in NanoMaterials and its Applications
34.	22-27	August '22	Mechanical	Workshop on Six Sigma Green Belt Certification
35.	22-27	August '22	DSBS	Professional Development Programme on Blockchain Technology2022
36.	22-27	August '22	CTech	FDP on Computre Vision and its Applications
37.	23-24	August '22	Biomedical	Extension Activity on Project Expo & School Students (In-houseVisit)
38.	24-26	August '22	EEE	Workshop on FPGA Based Controllers for Electrical EngineeringApplications
39.	25-26	August '22	ECE	Outreach Program on Fun with Electronics (for School Students)
40.	25-26	August '22	Aerospace	Workshop on Composite Materials Fabrication and Characterization Techniques
41.	26-27	August '22	Biomedical	Online Workshop on Principles and Practice of Ideating Images for Science Communication
42.	27	August '22	NWC	Entrepreneurial Skill of Eveluation for Success of Start-Up
43.	29-31	August '22	CTech	Outreach Program on Awareness about Computing and itsApplication for Government School Students
44.	30	August '22	EIE	EIE Progressive Talk 2
45.	1-2	September '22	Chemical	Workshop on Entrepreneurs Alumni Connect-2022
46.	1-2	September '22	DSBS	Workshop on Deep Visual Data analytics and Futuristic Research Directions

Sl. No.	Date	Month	Department	Activity
47.	1-3	September '22	CTech	Full Stack Developer Skill Brackdown along with AWS and Kubernetes
48.	3-4	September '22	CTech	Data Science Hack'22
49.	5-7	September '22	EEE	Workshop on IOT in Electrical Engineering
50.	5-10	September '22	Architecture	FDP on Bulding Science for Architects : Advanced and SustainableConcepts
51.	6-8	September '22	DSBS	National Workshop on Gamification using EdTech Tools
52.	6-9	September '22	NWC	Workshop on Ethical Hacking
53.	8	September '22	Genetic	Webinar on Preeision Medicine for Targeting Cancer Stem Cells
54.	8-9	September '22	DSBS	Workshop on Big Data Analytysics with Hadoop
55.	9-10	September '22	CTech	Workshop on Hack2Leap 2022
56.	12-17	September '22	EIE	FDP on Artificial Intelligence for Medical Imaye Classification
57.	12-17	September '22	Chemical	Faculty Development Programme on Smart Waste Management (SWM)-2022
58.	12-17	September '22	ECE	PDP on Immersive Content Creation Using Virtual Reality and Augmented Reality
59.	12-17	September '22	Mechanical	Workshop on Future Trends of IC Engines
60.	14	September '22	Mechatronics	Workshop on AI and ML Applications in Electric and Hybrid ElectricVechicles
61.	14-16	September '22	Architecture	Short Trem Training Program on Ghirha Green Building Rating System
62.	14-16	September '22	CTech	Workshop on Hardware, Networking and Trouble Shooting
63.	14-16	September '22	DSBS	Workshop on Data Analytics in Healthcare
64.	15-16	September '22	CINTEL	Workshop on Ruby on Rails

Sl. No.	Date	Month	Department	Activity
65.	16	September '22	Chemistry	Workshop on SRM Crystal Growing Challenge
66.	16	September '22	English and Foreign Language	Seminar on Recent Trends in English Language and Literature
67.	16-17	September '22	CINTEL	Workshop on Smart Environment with Ambient Intelligence
68.	16-18	September '22	NWC	Technical Bootcamp
69.	19-24	September '22	NWC	FDP on Emerging Trends in Cyber Security
70.	20-21	September '22	EIE	Electro-Innov-Tech Club
71.	21-23	September '22	Automobile	Workshop on Recent Trends in Automotive Electrical & Electronics
72.	22-23	September '22	Biomedical	Online Workshop on Cloud Computing for Healthcare
73.	22-23	September '22	CTech	Workshop on Deep Learning for Video Analytics
74.	22-27	September '22	Civil	STTP on Dimensions of Advancement in Civil Engineering Design and Construction Practices
75.	23-24	September '22	ECE	Workshop on Recent Trends in Embedded Systems and Applications
76.	23-25	September '22	E&T	Aaruush '23
77.	26-1	September '22	Mechanical	FDP on Advanced Materials and Characterization
78.	26-1	September '22	Food Process	Hands-on Training Program and FDP Program on Making of Bakery and Confectionary Products
79.	26-1	September '22	DSBS	FDP on Next Generation Interactive Visual Technologies
80.	27	September '22	EIE	EIE Progressive Talk 3
81.	28-29	September '22	Mechatronics	Workshop on Internet of Things on Industrial Automation
82.	28-30	September '22	Biotechnology	RARIORA 2022 Pandora's Box

Sl. No.	Date	Month	Department	Activity
83.	3-8	October '22	Civil	Contemporary Ideologies in Various Fields of Civil Engineering (CIVIC'22)
84.	3-20	October '22	CTech	Workshop on Cryptography in Quantam Computing
85.	4-6	October '22	CINTEL	AI -Ideathon
86.	4-10	October '22	Aerospace	SRM World Space Week 2022
87.	6	October '22	Biotechnology	Symposium on Classic and Modern Experiments using Fly Model
88.	7	October '22	Mathematics	Students Symposium on IMF – 2022
89.	7-8	October '22	ECE	Two Days Workshop on Intellectual Property Rights: Protection and Management
90.	10-15	October '22	Mechanical	Professional Development Programme on Enterpreneruship and Opportunities
91.	10-15	October '22	EIE	FDP on Design and Analysis of Micro Structures
92.	13-14	October '22	Biotechnology	National Webinar on Biotechnological Interventions on the Management of Municipal and Industrial Solid Wastes
93.	13-14	October '22	NWC	Ranakshetram Caputer the Flag - (CTF)
94.	14-16	October '22	Mechanical	International Conference on Friction, Wear and Lubrication
95.	17	October '22	Food Process	World Food Day 2022
96.	17-19	October '22	DSBS	Workshop on Artificial Intelligence in Agriculture
97.	17-22	October '22	CINTEL	FDP on Practical Artificial Intelligence in the wild: Trends, Oppurtunities and Challenges
98.	17-22	October '22	Genetic	FDP on In-Vitro and In-Silico Protocols for Metagenomics
99.	19	October '22	Mechatronics	IIC Calendar Activities on IP Management and Startup

Sl. No.	Date	Month	Department	Activity
100.	19-24	October '22	ECE	Workshop on Research Opportunities in Semiconductor Materials and Devices ROSMD 2022
101.	20-21	October '22	DSBS	Data Techno Contest through Student Association
102.	21-22	October '22	DSBS	Workshop on Data Analytics Approach in Renewable Energy
103.	26	October '22	CTech	Awareness on Intellectual Property Rights and Successful Commercialization
104.	27-28	October '22	Genetic	Workshop on Real Time PCR for Gene Expression Analysis
105.	27-28	October '22	CTech	Hands on Parallel Programming (Open MP, MPI, Tensorflow and GPU)
106.	27-28	October '22	Chemical	ChemFlux-A National Level Technical Symposium
107.	28	October '22	Chemistry	Symposium on Crystal Engineering - Where Academia and Industry Meet
108.	2	November '22	ECE	Workshop on Balancing Stress at Work and at Home to Celebrate Stress Awareness Day
109.	3-4	November '22	Design	Seminar UNFOLD
110.	7-12	November '22	ECE	FDP on Insight of Analog and Digital IC Design - Overview of VLSI Tools (IADICD-2022)
111.	7-12	November '22	CTech	STTP on Intelligence at the Edge
112.	7-12	November '22	Aerospace	FDP on Emerging Technologies in Aerospace Engineering
113.	10	November '22	Genetic	Workshop on Molecular Diagnosis of Microbial Pathogens
114.	10-11	November '22	Mathematics	Workshop on Mathematical Aspects in Bio Sciences and Engineering
115.	14-16	November '22	Biomedical	Extension Activity on Health Camp

Sl. No.	Date	Month	Department	Activity
116.	14-19	November '22	Mechanical	FDP on Recent Innovation and Futuristic Scope in Advance Manufacturing Technology : Integration of Robots, IOT Devices and Computer Vision
117.	17-18	November '22	DSBS	Outreach Programme for School Children
118.	17-22	November '22	Physics and Nanotechnology	FDP on Enhanced Teaching Learning and Research in Applied Physics 2022
119.	21	November '22	EIE	EIE Progressive Talk 4
120.	21-25	November '22	CINTEL	Short Term Training Program on "Intelligent IoT System Development from Scratch to Prototype
121.	21-26	November '22	CTech	FDP on Computer Vision Implication in Digital Twin Technologies
122.	21-27	November '22	Mechanical	FDP on Recent Advances in Renewable Energy Technologies for Sustainable Development
123.	23-25	November '22	EIE	Hands on Training on Real Time Data Acquisition and Signal Conditioning for Industrial Applications
124.	24-26	November '22	Mechanical	Workshop on Signal Based Condition Monitoring in Rolling Element Bearings
125.	25	November '22	Chemical	Students Workshop on Computational Techniques for Chemical Engineers
126.	25	November '22	Genetic	Webinar on Molecular Diagnosis
127.	25-26	November '22	Automobile	SAE International Conference on Advances in Design, Materials, Manufacturing and Surface Engineering For Mobility (ADMMS 2022)
128.	5-6	December '22	Physics and Nanotechnology	International e-Symposium on Plasma for Energy (ISPE)

Sl. No.	Date	Month	Department	Activity
129.	5-10	December '22	English and Foreign Language	FDP on English Language Teaching
130.	5-10	December '22	ECE	FDP on Innovations and Inclinations in Microwave and Millimeter -Wave Antennas
131.	5-10	December '22	Mechanical	FDP on Machine Learning for Real World Applications and Research Directions with Programming Skills
132.	7	December '22	Mechatronics	IIC Calendar Activities on How to Plan for Startup, Legal and Ethical Steps
133.	7-9	December '22	Civil	Training Programme on Advances in Water Resources Research (AWRR'22)
134.	7-9	December '22	CINTEL	Workshop on Real Time Applications of Machine Learning in Health Sciences
135.	9	December '22	Chemical	Faculty Workshop on Computational Techniques for Chemical Engineers
136.	10	December '22	DSBS	Tech Talk on Data Science for Business
137.	12-17	December '22	EEE	FDP on Storage Technologies and Associated Control Techniques
138.	12-17	December '22	Civil	Workshop on Sustainable Geotechnics for Infrastructure Works
139.	12-17	December '22	Automobile	Faculty Development Programme on Polymer Composite for Automotive Friction Materials
140.	12-17	December '22	CINTEL	FDP on Design of Artificial Intelligence Based System for Disaster Mitigation and Management
141.	15-17	December '22	Biotechnology	Hands on Workshop on Fluorescent Activate Cell Sorting (FACS)

Sl. No.	Date	Month	Department	Activity
142.	16-17	December '22	Food Process	Entrepreneurship Development Program on Processed Food Products Development to Empower Chengalputtu District Self Help Group Women in Tamil Nadu
143.	22-23	December '22	NWC	Workshop on Wireless Networks : 5G and Beyond
144.	23-28	December '22	CINTEL	FDP on Intellectual Property Rights and Research Proposal Writing (IPR-RPW'23)
145.	26-31	December'22	Chemistry	FDP on Clean and Sustainable Energy
146.	2-7	January '23	Mechanical	Six Days Workshop in Advances on Fluid Flow and Heat Transfer (AFFHT2023)
147.	4-12	January '23	Physics and Nanotechnology	School and Conference on Evolution of Electronic Structure Theory and Experimental Realization (EESTER 2023)
148.	6-11	January '23	Mechanical	Workshop on Six Sigma Green Belt Certification
149.	19-20	January '23	NWC	Workshop on Sensors and their Applications in IoT Based Systems
150.	20	January '23	ECE	Workshop on Holistic Human Health to Celebrate Mental Wellnessmonth
151.	20-21	January '23	Biotechnology	National Conference on Recent Trends in Biosciences and Healthcare (RTBH2023)
152.	21-22	January '23	EEE	Outreach and Training on the Electrical Engineering Concepts for School Students
153.	21-22	January '23	Design	National Conference on Design Reflection
154.	22	January '23	EIE	EIE Progressive Talk 5
155.	23-24	January '23	Chemical	Blended Mode International Conference on IT Enabled Green Technology for Energy and Environment (ITGTEE – 2023)

Sl. No.	Date	Month	Department	Activity
156.	24-25	January '23	EIE	TechoBliz (Open House) in Collaboration with IGCAR
157.	24-26	January '23	CINTEL	AI -Hackathon
158.	25	January '23	NWC	Workshop on Semicolon 8.0
159.	25-27	January '23	Aerospace	Workshop on UAV Technologies
160.	30-1	January '23	Mathematics	3rd International Workshop on Numerical & Analytical Techniques in Engineering Problems (IWNATEP-2023)
161.	30	January '23	Civil	Expert Talk on Innovation in Digital Construction
162.	30-4	January '23	ECE	Workshop on Machine Learning for Wireless Communication and Electronics
163.	1-3	February '23	CTech	Workshop on Machine Learning Techniques for Healthcare Image Analysis with Hands-on
164.	1-3	February '23	EIE	Workshop on Advanced Industrial Automation
165.	3-4	February '23	Mechanical	Workshop on Augmenting Innovative Ideas for Entrepreneurship
166.	3-4	February '23	Biotechnology	Workshop on Innovation and Bio-ideation
167.	6	February '23	Mechatronics	IIC Calendar Activities on Converting Innovation into a Startup
168.	6-8	February '23	NWC	Spatial Data Network Analysis by ISRO
169.	6-8	February '23	DSBS	Workshop on Converting Innovation into a Startup
170.	6-11	February '23	Civil	Skill Development Program on Computer an Application in Civil Engineering (CACE'23)
171.	6-11	February '23	Biotechnology	FDP on Mammalian Cell Culture and Molecular Expression Techniques

Sl. No.	Date	Month	Department	Activity
172.	6-11	February '23	CTech	STTP on Capacity Building of Women for Health Emergency and Disaster Management
173.	8	February '23	Design	Workshop on Faculty Upskill
174.	8-9	February '23	EEE	Workshop on E-mobility with Cloud Computing with and without Server
175.	10	February '23	Mathematics	Students Symposium on EMF – 2023
176.	10	February '23	Food Process	National Symposium on Current Trends in Food Safety and Quality Control 2023
177.	13-14	February '23	DSBS	Sustainable Development Goal (SDG) Hackathon 2023
178.	13-18	February '23	Civil	An One Week Workshop on the Global Innovations in Civil Engineering Infrastructure Developments
179.	14-15	February '23	ECE	Two Days Workshop on Factor of Gratitude in Balancing Stress
180.	14-15	February '23	Biotechnology	National Workshop on Multiplex Immunoassay Technology
181.	14-16	February '23	Mechanical	Workshop on Design Thinking, Critical Thinking and Innovation Design as Applied in a Academic Projects
182.	15-16	February '23	CINTEL	SRM IST Project Expo- 2023
183.	16-17	February '23	Biotechnology	Workshop on Advanced Analytical Techniques in Biotechnology
