ABOUT THE WORKSHOP

The prime objective of this workshop is to bring the experts from academia, and share their knowledge pertaining to real-world applications. It will enrich all the participants who are already working in this field as well as those who are beginning to work in this field. The invited lectures delivered by our experts from premier institutes, will surely motivate all the dynamic researchers. We hope that each participant of our program may get stimulated and encouraged to start and enrich their research to achieve milestones after attending this workshop.

ABOUT THE DEPARTMENT

The Department of Mathematics, College of Engineering and Technology, SRMIST was established in the year 1985. The department offers graduate, post graduate courses and PhD programme in Mathematics. It consists of 77 highly qualified faculty members along with 172 research scholars to make sure that the best education is at the student's disposal. The faculty members are actively involved in research and in carrying out projects besides teaching. The department has to its credits many funded research projects from BARC, SERB-DST and NBHM. The students are provided with ample opportunities to improve their organizational skills and group dynamics. They are motivated to handle seminars and to participate in group discussions. Apart from stressing on consistent

and good academic performance, the department encourages participation of students in curricular and co-curricular activities to bring out the best in them. Also "Sri Ramanujam Mathematics Club" was founded in the year 1991 through which an Intra Mathematics Festival (IMF) and Engineering Mathematics Festival (EMF) are conducted every year to help the students sharpen their analytical skills.
