

# Placements

Mechanical Engineers have a broad spectrum of opportunities in Industrial giants in the field of Energy, Oil and Gas, Manufacturing, Steel, Automotive, Robotics and Information Technologies. Many IT industries also have CAD/CIM divisions, which increases the job potential of mechanical engineers in IT industries too. Around 70% of the students are placed in reputed industries practicing core and allied engineering, through campus recruitment and the remaining 30% prefer higher studies in India and abroad. The consistent placement record illustrates the commitment to the success of the Institute.

- Training and Placement Cell is an integral part of our Institute.
- A dedicated software “SUPERSET” is the Official University Recruitment Platform for all placement process.
- Superset is a one-stop solution for end-to-end Placement services, ranging from effective corporate outreach tracking to a seamless communication for the Administrators in campuses among themselves as well as with the students.
- The department placement cell with its dedicated faculty coordinators organizes the entire placement and training activities in line with the Institute’s Career Centre.
- The department placement cell also organises the “Connect Sessions” a series of motivational talks and preparation sessions, in which the students interact with the Department Alumni who are placed in-campus and working in prominent Industries.
- Apart from placement activities, the placement cell also guides the interested students in opportunities available for higher studies in their area of interest in prestigious institutes in India and abroad.
- The Mechanical Department through Professional Societies like The Society of Automotive Engineers (SAE) and The Indian Society of Heating, Refrigerating and Air Conditioning Engineers (ISHRAE) provides additional placement and internship opportunities to student members in these organisations through SRM Students Chapters.
