

## **American Society of Civil Engineers SRM Student Chapter (ASCE SRM)**

The American Society of Civil Engineers Student Chapter at SRM Institute of Science and Technology (ASCE SRM) was established in the year 2015 with the motto 'By the students and For the Students'. The goals and objectives are set up in order to ensure provisions of opportunity and help to the students for their all-round development. **ASCE stands at the forefront of a profession that plans, designs, constructs, and operates society's economic and social engine – the built environment – while protecting and restoring the natural environment.** At present the chapter has 376 active members with 122 ASCE National level members. The chapter plans out to cater to the current need and demand of a budding student by organising and involving the student in technical workshops, social activities, student talks, alumni talk and field trips. The chapter also provides a helping hand to the community by working with NGOs and by conducting various educative and interactive sessions with people from all walks of life for the betterment of society.

The student members of SRM Institute of Science and Technology (formerly known as SRM University) have won India's first National Concrete Canoe competition in association with the Indian Concrete Institute held at IIT Madras. SRM Institute of Science and Technology ASCE Student Chapter have been selected by the Committee on Student Members to receive a Certificate of Commendation 2019 and 2021 for its outstanding activities as recorded in the 2018 and 2020 Chapter Annual Report. This is a distinction earned by only the top 5% of all Student Organizations in the world.
