Département de Français

The department of French was established in the Faculty of Science and Humanities, in SRM University in the year 2003 along with other departments which were founded and established in the same year. As part of the regulations French language is one of the languages to be selected by students to learn in Faculty of Science and Humanities.

The department of French apart from part I language course offers language, basic, scientific and business Translation related subjects to the non major elective students. These students are given the choice to study French language and translation as an elective subject in their second year.

At present the student enrolment in French is more than 280 including foreign students from Nigeria, China and Japan. Now French is offered to all departments. The department has been offering French course to 13 departments namely; B.Com, B.Com CS, B.Com A&F, BCA, B.Sc. Cs, B.Sc Viscom, B.A Jour, B.Sc. Biotech, B.A English, B.Sc Chemistry, B.Sc. Physics and B.Sc Maths.

The faculty members consistently enrich their knowledge by pursuing higher studies and by conducting various seminars, conferences and workshops, besides presenting papers and publishing articles.

Once every three years the department of French invites the highly qualified and experienced academicians to revise the syllabus. The present syllabus is set with an object to cater the students of all backgrounds irrespective of the medium of instruction they had studied in school. The syllabus is equally balanced with Literature and the technical and functional use of French Language. At present the syllabus is revised the current scenario.

VISION AND MISSION

- To introduce students to basic principles and practice of oral and written communication
- To enable students to appreciate the role of the different grammatical elements and structures of the French language
- To scan the artistic environment of the different literary genres in French and introduce basic skills of literary criticism in French.
- To trace the cultural, socio-economic and political map of France and understudy the emerging trends
- Scan the working environment of French for Specific Purposes and enable students to use it in the different development sectors.
