ABOUT THE DEPARTMENT

Economics is a widely welcomed course by all established universities around the world. At SRMIST, Economics has been offered since 2009 imparting quality education and conducting in-depth research relating to various aspects of Economics.

SRMIST is one of the first Universities to start a B.Sc. in Economics program in Tamil Nadu. Economics as a science program, demands a specialized audience with an interest and passion that can be extrapolated into various aspects of economics. A dynamic curriculum in consonance with academics and industry experts allows the students to master new skills and explore diverse perspectives and emphasizes practical learning through case studies, live projects, and practice sessions with industry experts, etc.

B.Sc. Economics of SRMIST, focuses on a wide range of interdisciplinary subjects, in addition to major courses, such as Statistical Methods, Econometrics, Experimental Economics, Behavioral Economics, Agricultural Economics, Industrial Economics, Actuarial Science, Health Economics, Energy Economics, Computer for Economics, Game Theory, Foundations of Data Science, Econometrics using R, Applications of SQL – RDBMS in Economics, Economic Journalism, Geoeconomics, Law and Economics.
