INDCUTION 2024

REPORT:

The Induction 2024 for the Department of Commerce at SRM Institute of Science and Technology was a remarkable event, held virtually via Zoom. The event began a new academic journey for the freshers, warmly welcomed by Dr A. Kavitha, the Head of the Department (HOD). Her presence and words of encouragement set a positive tone for the session, emphasizing the importance of academic excellence and holistic development. The event was seamlessly coordinated by Dr K.B. Praveen, the faculty coordinator, ensuring that the induction was both informative and engaging. The main emcees, Christine Pranita and Chaithanya, skillfully navigated the program, maintaining an energetic and welcoming atmosphere.

One of the highlights of the induction was the introduction of various departmental clubs by their co-chairpersons. Each co-chairperson gave a brief overview of their club's activities, events, and the opportunities they offer students. This segment was crucial in helping the freshers understand the extracurricular landscape of the department, encouraging them to participate and enhance their university experience. This session provided the freshers with a comprehensive understanding of the academic structure, and the learning outcomes expected. Additionally, the rules and regulations governing academic and campus life were clearly outlined, ensuring that students are well-informed about the policies in place. This overview not only excited the new students but also gave them a glimpse of the vibrant and dynamic culture of the department. The list of faculty members was presented, allowing students to familiarize themselves with their future educators and their areas of expertise.

A particularly inspiring part of the induction was the session with alumni Shreya Nandini and Kuizh Mozhi. They shared their memories and experiences at SRMIST, offering valuable insights and advice to the freshers. Their stories highlighted the supportive environment of the department and the numerous opportunities available to students. To add a touch of creativity and entertainment, a small song performance was prepared by Devashree and Dharshini. Their musical contribution added a delightful and refreshing break to the proceedings, showcasing the diverse talents within the department.

Overall, the Induction 2024 for the Department of Commerce at SRMIST was a well-organized and comprehensive event. It effectively combined essential academic information with engaging activities, providing the freshers with a warm welcome and a strong start to their journey at SRMIST.
