POLICY ON SUSTAINABLE INVESTMENT

Preamble

SRM Institute of Science and Technology (SRMIST) is one of the top-ranking institutes in India. SRMIST offers various undergraduate, postgraduate, and doctoral programs in different faculties. The institute invest significant part of its budget for the sustainable activities towards the attainment of Net-Carbon zero by 2070. The policy on sustainable investment is established to systematically channelize the investment towards the utilization of renewable energy sources.

Policy Statement

The sustainable investment policy of SRM Institute of Science and Technology is to

- Encourage the usage of renewable sources to reduce the direct emission such as emission from transportation and operation of diesel generators.
- Eliminate the indirect emission through the utilization of non-renewable energy sources such as consumption of conventional electricity and LPG.
- Promote the utilization of solar and wind energy.
- Enhance the effective utilization of water and treated wastewater.
- Adopt pollution hierarchy approach through reduce, reuse (recycle), recovery, treatment, and controlled disposal.
- Encourage the research contributions are aligned with the attainment of sustainable development goals.

All the students, research scholars, teaching and non-teaching staff, and other external stakeholders share this responsibility of maintaining the sustainable investment policy, wherever applicable.
