

**SRM INSTITUTE OF SCIENCE AND TECHNOLOGY**  
**FACULTY OF SCIENCE AND HUMANITIES**  
**DEPARTMENT OF COMPUTER SCIENCE**

**Faculty Coordinators:** Dr. G.Kalpana, Professor and Head

Dr.P.Kavitha     Assistant Professor

**Date & Time** : 15-03-2024 & 10:00AM – 4:00PM

**Venue** : FN : Polytechnic block seminar hall

AN : FSH block 404,504 &707

**Chief Guest** : Dr.T.S.Shiny Angel,  
Associate Professor,  
Department of Computer Science and Engineering, SRMIST,  
Kattankulathur,

**No. of Participants** : 95 students (I MSc.CS & I MSc.IT)

**Objective of the Event:**

The objective of the event was to commemorate “**World Computer Day**” by providing participants with an insightful exploration into the evolution of Software Engineering yesterday, today, tomorrow. Through this seminar component, students gained a comprehensive understanding of the historical journey and transformative innovations within the realm of computing technology. Additionally, the event aimed to foster practical knowledge and skill development through three competitions designed to assess students’ proficiency in programming and computer science concepts. By combining educational seminars and engaging competitions, the event aspired to inspire and empower participants to embrace the significance of computers in shaping the modern world while encouraging continuous learning and exploration in the field of technology.

**Brief Description about the Event:**

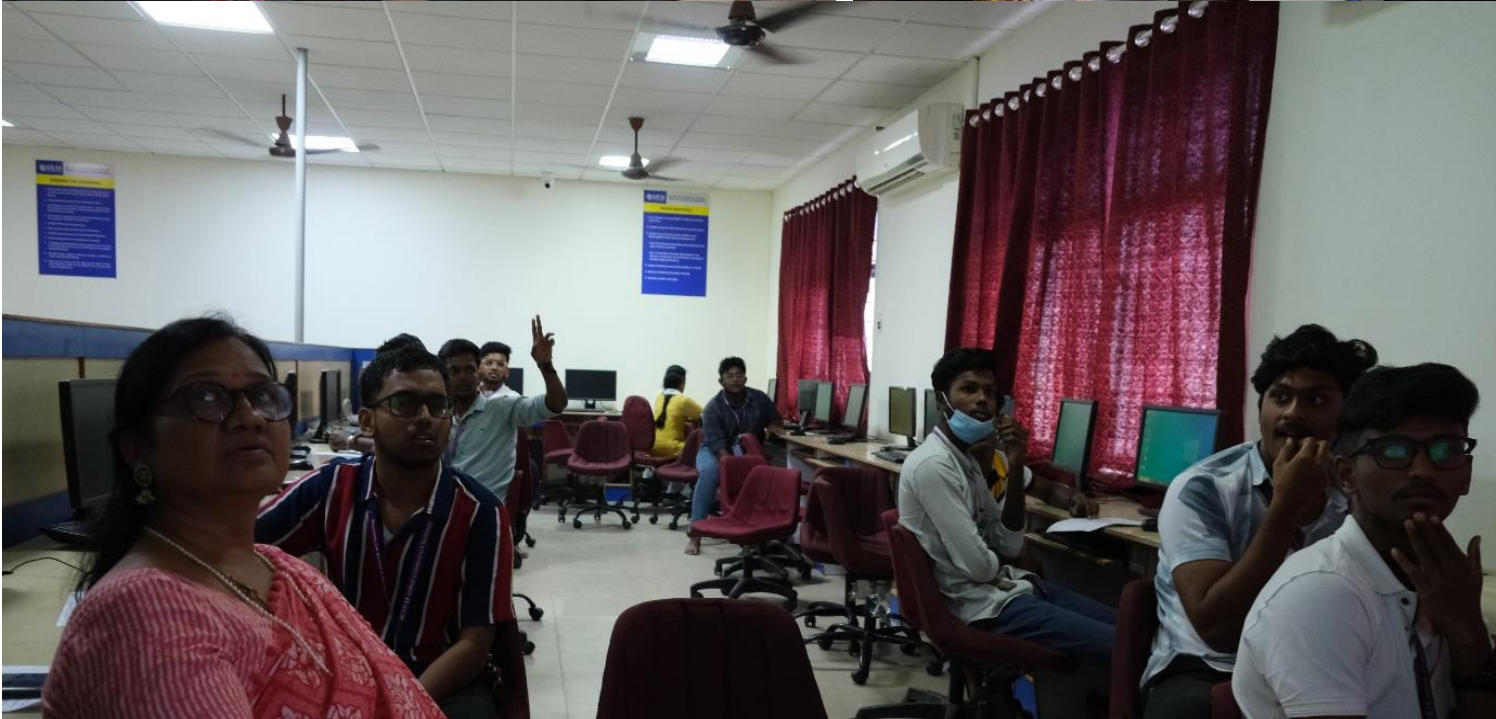

The event aimed to celebrate World Computer Day by offering participants an in-depth exploration of the evolution of computers, covering hardware and software advancements.

Through seminars, attendees gained insights into the historical journey and transformative innovations in computing technology. Additionally, the event featured three competitions – “Guess the Code,” a technical quiz, and poster making – to foster practical knowledge and skill development in programming and computer science concepts. By combining educational seminars with engaging competitions, the event sought to inspire and empower participants to appreciate the role of computers in shaping the modern world, while encouraging ongoing learning and exploration in technology.

#### **Welcoming the Chief Guest**

## Validictory Function

## **Impact /Feedback from the participants:**

### **Feedback comments from students:**

. The students understand why World Computer Day was celebrated and they learned about the advent of digital technology has forever changed our lives. From financial transactions to online classes and from shopping to availing benefits of key government schemes, we have become more reliant on computers and the internet for many important tasks in day-to-day life. With the rising dependence on digital technology, learning computers is inevitable for all. The students understand how to **Empower Themselves, Enhancing Employability, Fostering Innovation and Global Connectivity.**

The day encompasses a broader understanding of digital tools, software, and the ability to leverage technology for personal and professional growth by means of conducting competitions.

### **Attendance :**

#### **I MSc CS and I MSc IT**
