

## Event Report 2024-25

Club/Chapter Name: EIE Association and UHV cell

Event title: **World ozone day awareness to school children**

Date: **16 September 2024**

Time: 9 am to 12 pm

Venue: SRM Public school Guduvancherry

Organizing committee:

- Faculty coordinator: **Dr. R.Bakiya lakshmi**
- No. of Participants: 200 students

Description of the Event/Objective:

The department of EIE in association with UHV cell jointly organized an outreach in connection with World Ozone day'24. The event was organized to create an awareness among school children about ozone layer protection. The event was attended by 200 children from grades 7 and 8 of SRM Public School. The chief guest was Dr.B.Amudha from IMD Chennai who vividly shared her expertise with the children on ways of preserving the ozone layer. Poster presentations and drawing competitions were conducted and there were about 150 active student participations. 15 best posters were selected for prize distribution. Students took ozone day pledge at the end of the guest talk and all the prize winners were awarded with certificates by the guest speaker.

Chief Guest: **Dr.B.Amudha, Scientist-F, Regional Maintenance Centre, India Meteorological Department, Chennai**

**Sequence of the event:** Introduction of the Guest followed by Chief Guest talk
