--

Ms. Jenifer is a distinguished professional in the field of intellectual property rights. Since becoming a registered patent agent in 2018, Ms. Jenifer has amassed a wealth of experience in preparing and prosecuting patent applications at a leading R&D law firm. Over the past five years, she has expertly drafted over 500 patents and managed various compliance requirements according to patent laws in India and abroad. In her current role as the Intellectual Property Coordinator in the Directorate of Entrepreneurship and Innovation at SRM Institute of Science and Technology, Kattankulathur Campus, Chennai, Ms. Jenifer plays a pivotal role in managing the deployment of technological innovations across various domains. Her responsibilities also include coordinating between the Indian Patent Office and other key stakeholders, ensuring seamless communication and compliance.

Highlights of the Webinar:

Ms. Jenifer brought her extensive knowledge and expertise in Intellectual Property Rights to the table, delivering a highly engaging session focused on **patents and design filing** processes.

1. **IPR Fundamentals** – Ms. Jenifer introduced the participants to the foundational concepts of Intellectual Property Rights, their importance in research and innovation, and how they play a crucial role in protecting the interests of inventors and creators.
2. **Patent Filing Process** – The step-by-step procedures for patent filing were explained, covering the various stages from drafting a patent application to its submission and approval process.
3. **Design Filing Techniques** – Detailed insights were provided on the design filing process, showcasing how it differs from patent filing, and emphasizing the significance of protecting designs for commercial products.
4. **Legal and Commercial Aspects** – The speaker also discussed the legalities involved in IPR, with a focus on the commercial advantages of patents and designs, including how they can be monetized through licensing and sales.

Interactive Q&A Session:

Participants actively engaged with the speaker during the Q&A session. Questions ranged from the intricacies of patent law to practical aspects of preparing and filing patent applications. Ms. Jenifer addressed all queries with expertise and provided real-life examples to illustrate key points.

Key Takeaways for Participants:

- A comprehensive understanding of **IPR fundamentals**.
- Familiarity with the **patent filing process** and essential documentation.
- Knowledge of **design filing techniques** for protecting creative innovations.
- Insights into the **legal and commercial aspects** of intellectual property.

Participation and Certification:

A total of 134 participants attended the webinar. All attendees were awarded an **E-Certificate** as recognition of their participation in the event.

The webinar was a resounding success, providing valuable knowledge on intellectual property rights and equipping participants with essential skills to navigate the complex processes of patent and design filing. The Career Development Centre, SRMIST, looks forward to organizing similar knowledge-sharing events in the future.
