FROM THE CHANCELLOR

I am pleased to share that SRM Institute of Science and Technology (SRMIST) is releasing its Annual Report for 2023–24, highlighting the institution's achievements and milestones over the past year.

Through its multidisciplinary programs spanning six faculties, SRMIST continues to lead in innovation, addressing critical global challenges in collaboration with top universities across India and around the world.

Reflecting our commitment to excellence, SRMIST has been ranked 12th among universities in India by the NIRF 2024. Additionally, we are proud to have achieved the highest NAAC accreditation grade for three consecutive cycles, starting from 2013 — a testament to our sustained focus on quality education, research, and institutional development. Our 4th cycle grade of A++ is valid until 2031.

Even before the introduction of the National Education Policy (NEP) 2020, SRMIST had already embraced several of its core principles — including credit transfers, outcome-based education, student migration from other institutions, credits for MOOC learning, interdisciplinary projects, open electives beyond one's specialization, value-based education, and multilingual learning. With the NEP now being actively implemented, even more students and faculty are poised to benefit from these transformative policies.

Our mission is to offer world-class programs that spark curiosity, drive innovation, and contribute to global knowledge, with a strong focus on sustainability. Our partnerships with over 60 of the world's top universities and 300 corporate organizations further enhance the strength and relevance of our academic and research endeavors.

As we look to the future, we remain guided by the belief that education is not merely the transmission of knowledge, but the illumination of the human spirit. In nurturing inquiry, compassion, and creativity, we prepare our students not only to succeed in the world, but to shape it—toward a more equitable, sustainable, and enlightened tomorrow.

Dr. T. R. Paarivendhar

I. RESEARCH FOCUS

SRM Research Institute

SRM Institute of Science and Technology has set up Research Institutes to mobilize the knowledge resources available for research and to come up with innovative solutions. The research institutes are operational in Bangalore and Chennai. Each of these centers is focused on a niche research area(s) to collectively address a wide variety of problems. These centers are interlinked, interoperated, and are virtually located.

The centers function in a cooperative manner to identify and initiate foundational multi-disciplinary research and applied research projects, create and combine patentable Intellectual Property (IP) components, design and develop prototypes and proof of concepts, manage and market products and solutions (through know-how transferred incubated companies), and win and work to deliver funded research projects.

VISION

- Establish state-of-the-art multi-disciplinary, inter-disciplinary and co-disciplinary research institute in a dynamic, competitive and vibrant environment.

MISSION

- Provide excellent research culture and infrastructure
- Serve as a platform for strong interdisciplinary collaborations and knowledge sharing
- Publish papers in high quality journals of international repute
- Create quality human resources for scientific research

K. SEMESTER ABROAD PROGRAM (SAP)

SRMIST is recognized across the country for its high standards of education, exciting opportunities and excellent placement. To maintain its top position, the University is spearheading with Semester Abroad Program (SAP), a unique initiative providing its students an international exposure and global opportunities. This, we believe, is the first of its kind in India.

Under the Semester Abroad Program the students are allowed to take-up a few courses and -or a Major project in reputed foreign universities for ONE semester. The credits earned in the foreign university through the SAP will be translated into SRM credits, by an approved conversion procedure, and taken for consideration for the award of the degree by SRM IST. After the study period at a foreign university the students return to SRM IST to continue with the degree program for which they were enrolled, and after fulfilling all the necessary conditions laid out in the regulations of SRM IST, the student will become eligible for the award of the degree.

L. STRATEGIC INTERNATIONAL ALLIANCES

EXTENDING BOUNDARIES OF EDUCATION – 22 Countries, 97 Institutions

There are no boundaries to the pursuit of knowledge at SRM. Through strategic alliances and links with foreign universities, the standard of education at SRM is currently at par with the best in the world.

M. INDUSTRY – INSTITUTE INTERACTION CELL

SRM IST to be the Centre of Excellence for Industrial Research in India Mission

To make SRM IST a pivotal node in Industrial Research, Consultancy, Continuing Education for Industry Preamble

SRM IST has placed emphasis on the cultivation of strong links with industry and promotion of various industrial activities by the faculty members and students. In order to keep up with the growing volume of industrial liaison activities, and even more importantly, to catalyze the further growth and development of interaction between the Institute and Industry, a separate cell (Industry-Institute Interaction Cell - IIIC) was established in the year 2007.

IIIC coordinates with all the faculties of the University and Industry,

- To have a closer linkage and promote research suited to industry needs, and consultancy which creates a sense of owning among faculty members
- To provide continuing education to people working in industries, so that they can upgrade their technical knowledge, and - or obtain higher degrees; this orients the faculty members towards the industry from the portals of University i.e. Academics
- To enable academics to take a sabbatical in industries; provide internships for students in industries, which will prepare the students better for entering the industry;
- To create an industrial chair in the university; and to enable the appointment of experienced industry resource persons as visiting faculty in the University
- IIIC has brought about a number of MoUs and Agreements with various industrial and research organizations in different fields and sectors to promote various forms of interactions.

N. CONVOCAATION

20th Convocation

The 20th Annual Convocation of SRM Institute of Science & Technology took place on 15th November 2024 (Friday) at 11.00 am. at Dr. T.P. Ganesan Auditorium, Main Campus, Kattankulathur.

“Skills and knowledge are essential for sustaining a career in today’s rapidly changing job market,” said T. G. Sitharaman, Chairman of the All India Council for Technical Education (AICTE), during the 20th Convocation of SRM Institute of Science and Technology (SRMIST) in Kattankulathur. A total of 8,438 students from the Faculty of Engineering and Technology received their degrees on this momentous occasion.

Addressing a large gathering of students and parents, he emphasised that this moment signifies years of hard work and perseverance. “Regardless of your field of study, staying updated on digital transformations is crucial for remaining relevant in the job market,” he stated.

Sitharaman highlighted the importance of adaptive learning, as outlined in the New Education Policy (NEP). “While degrees are important, the skills you acquire during your education will be your foundation in this disruptive world.”

He noted that India is the third-largest startup ecosystem globally, attributing this success to the youth. “More than 60% of these startups come from students in second- and third-tier colleges, not just IITs. We are the youngest nation in the world, and we must leverage this demographic for our economic growth.”

Dr. T. R. Paarivendhar, Founder Chancellor of SRMIST, presided over the convocation. Vice Chancellor Professor C. Muthamizhchelvan delivered the welcome address and presented the annual report.

Among those present were Pro Chancellor (Administration) Dr. Ravi Pachamuthu, Pro Chancellor (Academics), Dr. P. Sathyanarayanan, Co-Chairman of the SRM Group of Institutions Mr. S. Niranjana, Pro Vice Chancellor (MHS) In-charge Dr. Nitin M. Nagarkar, Registrar Dr. S. Ponnusamy, Controller of Examinations Dr. K. Gunasekaran, and UGC Nominee (Finance Committee) Commander V. K. Jaitly, among others.
