FROM THE CHANCELLOR

SRM Institute of Science and Technology's Engineering programs endeavor to be at the forefront of innovation. They also foster multi-disciplinary collaborations aimed at solving the most pressing global problems.

Our mission is to seek solutions to global challenges by leveraging the power of Engineering principles, Techniques and Systems. We believe that engineers should not only possess deep technical excellence, but also nurture creativity, cultural awareness and entrepreneurial skills that come from exposure to science, business, medicine and other disciplines - all integral part of the SRM experience.

Our goal is to deliver world-class, problem-driven programs that inspire curiosity and generate new knowledge and discoveries. Our collaboration with over 50 of the world's best universities and 215 corporation strengthens our academic and research programs.

The university is committed to pioneering innovations in research, transferring discoveries to broader community and educating tomorrow's leaders and entrepreneurs.

Dr. T. R. Paarivendhar
Founder Chancellor
SRM Institute of Science and Technology

VISION

"To emerge as a world-Class University in creating and disseminating knowledge and providing students a unique learning experience in Science, Technology, Medicine, Management and other areas of Scholarship that will best serve the world and betterment of mankind".

MISSION

TO MOVE UP through international alliances and collaborative initiatives to achieve global excellence.

TO ACCOMPLISH A PROCESS to advance knowledge in a rigorous academic and research environment.

TO ATTRACT AND BUILD PEOPLE in a rewarding and an inspiring environment by fostering freedom, empowerment, creativity and innovation.

ABOUT THE INSTITUTE

SRM Institute of Science and Technology (SRMIST), formerly known as SRM University which came into existence in the year 2002, is one of the top-ranking multi-disciplinary Universities in India functioning from Six campuses located at Kattankulathur (Main), Ramapuram, Ramapuram Part, Tiruchirappalli, Modinagar (NCR) and Baburayenpettai. SRMIST has over 74,110 full-time students and 5,100 faculty membrs, offering a wide range of undergraduate, postgraduate and doctoral programs in Engineering and Technology, Architecture and Design, Medicine and Health Sciences, Pharmacy, Liberal Arts and Business Studies, Management, Hotel Management, Education, Physical Education, Agricultural Sciences and Law. The campuses cover a total area of 500+ acres. The main Kattankulathur campus is located in a sylvan setting skirting the National Highway (NH45), about 15 kilometers from Tambaram, Chennai.

The campuses consist of buildings with a built-up area of about 13.3 million square feet with state-of-the-art research park, laboratories, libraries, Wi-Fi connectivity, a knowledge center, incubation and innovation Centre, Fab Lab, 1,000 Wi-Fi-enabled/smart class rooms, Hostels for boys and girls with premium facilities. Supportive conveniences on the campus include Banks, hospital, post office, bookstores, dining options, cafeterias, gymnasium, international standard (World Aquatics, FINA) swimming pool, indoor game centers, prayer halls, staff quarters, guest houses, battery cars, shuttle bus services and other facilities.

Additionally, the University features the Dr. T. P. Ganesan Auditorium, a multipurpose venue with a seating capacity of 3,100. The campus also includes three fifteen-story buildings: Tech Park Twin Towers and the University Administrative Building, which houses the University Central Library.

Research and innovation continued to remain at the core of SRMIST's Institutional vision. The University secured 750 funded research projects with a total outlay of ₹ 350 Crores from prestigious national agencies including DST, DBT, CSIR, DRDO, ISRO, ICMR, SERB, BRNS etc. These projects span interdisciplinary domains such as Biotechnology, Artificial Intelligence, Nanotechnology, Sustainable Energy, Healthcare, Advanced Materials, and Data Sciences.

The University also demonstrated remarkable performance in Intellectual Property Generation over the years. SRMIST achieved 1142 patents filed, 1097 patents published, 605 patents granted and 6 patents commercialised.

SRM Institute of Science and Technology has achieved significant milestones over the years and a few of them are highlighted below:

- SRMIST is accredited by NAAC (National Assessment and Accreditation Council) with the highest Grade of 'A++' upto the year 2031 – third time in succession spanning over three cycles.
- It is classified as Category I University by UGC/MoE.
- All Engineering programs are approved by the AICTE (All India Council for Technical Education).
- QS (Quacquarelli Symonds-United Kingdom) has rated SRM Institute of Science and Technology globally as a 4-star Institute, in its third cycle, with five star ratings in Teaching, Employability, Online Learning, Innovation, Good Governance and Environmental Impact.
- QS-IGUAGE has rated SRMIST with the highest Platinum grade, thus improving upon the Diamond rating in the last cycle. SRMIST has also attained platinum rating in Employabilty, Faculty Quality, Governance and Social Responsibility.
- SRMIST has been ranked 11 under University category, 14 under Engineering and 4 under Sustainability by NIRF-2025 (National Institutional Ranking Framework - MoE).
- SRMIST stands 4th in the country and 136th in the world ranking by UI Green Metric World University Ranking 2025.
- SRMIST gets regularly featured in the Global Ranking by QS, THE (Times Higher Education-United Kingdom) and Shanghai Ranking including ranking in subjects.
- SRMIST Launched SRMSAT satellite

Foreign faculty, flexible and dynamic curriculum, exciting research and global connections are the features that set SRM apart. Every year over 200 students are sponsored to study in more than 35 foreign Universities such as MIT, Carnegie Mellon, UC Davis, Warwick, Western Australia etc. Eighty faculty members from the top Universities across the world including MIT, Stanford, UC Berkeley, Cambridge and NUS are engaged on full time and part time basis who help to set global standards at SRMIST. Over 100 top executives from leading corporate

Institutions constantly interact with the faculty and students to help formulate academic and research activities. This collaboration contributes to SRMIST's status as one of the world-class Universities in India.

The College of Engineering and Technology (CET) which comprises of Engineering and Architecture programs serving more than 33,600+ students with a faculty strength of over 1,740.

SRM Institute of Science and Technology is run by the Trust SRM Institute of Science and Technology. The motivating force behind it is our dynamic Founder Chancellor Dr. T. R. Paarivendhar, – formerly an honourable Member of Parliament in the 17th Lok Sabha - who, for the past six decades, has been rendering yeoman service to the cause of education in our country.

RECOGNITION AND ACCREDITATION

A continuous emphasis on modern teaching methods, global research collaboration, faculty and student exchanges and knowledge sharing, world class infrastructure, placements, diversity of students and industry institute interactions and community outreach has consistently placed SRM students well ahead in every field. This dedication to academic excellence has brought accolades to the University in the form of recognition and accreditation.

RECOGNITION

The University Grants Commission (UGC) and MoE, the Ministry of Education, Department of Higher Education, Government of India, granted graded autonomy to SRMIST by classifying it as a Category - I University and 12B Status.

MEMBERS OF CORPORATE ADVISORY BOARD

We stay in tune with Industry Trends.

The Corporate Advisory Board (CAB) at SRM is a unique platform connecting over 150 industries across the country. It helps to keep the University's Engineering and Management programs in tune with industry trends, by bringing students face to face with Senior Managers, Vice Presidents, Chairmen and the top management of leading companies in the industry.

Working in partnership with industry helps students and faculty members gain a broader view and gives them the expertise to live and work in a global context. It also gives them the right attitude and aptitude to translate the new knowledge from research to practical ends.

The following are the members of Corporate Advisory Board who help us to turn our goals into reality:

UNIVERSITY RESEARCH COUNCIL

Fostering research has always been a priority at SRM Institute of Science and Technology (SRMIST) aiming to establish itself as a research-driven Institute of National importance. SRMIST has been offering extensive infrastructure. High-performance computing facilities are one of the niche facilities offered by SRMIST, and it is the only privately funded institution that created such facilities nearly 10 years ago. Given its importance to theoretical researchers, the facility is being expanded through cloud resources as well. A separate research building, Sir C. V. Raman Research Park, is dedicated to research. Central Research Facilities (CRF) host state-of-the-art equipment aimed at serving both researchers from SRMIST and external users. The research activities in SRMIST include academic research, sponsored research, and industry consultancy. These activities are being carried out in the Colleges of Engineering and Technology, Agricultural Sciences, Science and Humanities, and Medical and Health Sciences, SRM Institute of Science and Technology. Thus, research and innovation happen in almost all streams in SRMIST.

Composition of the Committee

The Committee shall comprise the following members

Chairman: Prof. C. Muthamizhchelvan, PhD, Vice Chancellor

Ex- Officio Members:

1. Prof. Y. S. R. Murthy, PhD, Pro Vice-Chancellor [Law]

Member Secretary – Prof. B. Neppolian, Dean [Research]

Terms of Reference

1. To work with Colleges / Schools / Departments to improve the existing research ecosystem, creating necessary human resource and PhD scholars, required infrastructure to enable SRMIST to be positioned at the forefront of National and International developments and shaping the future research agendas
2. To suggest the priority areas of research in the Colleges / Schools / Departments particularly with reference to the role and responsibility of the Institute considering the facilities available in the Institute and expertise of the faculty members
3. To promote collaboration and interdisciplinary research both internally and externally, Nationally and Internationally, to improve the quality of research at SRMIST. The University Research Council (URC) could advise and help the faculty members to establish collaboration with national laboratories and premier Institutions

4. To advise on the development of strategic research partnerships with industries
5. To oversee the development and delivery of appropriate staff development activities for researchers
6. To oversee local implementation of national research activities of national importance, for instance, Clean energy initiative, Nanotechnology, Smart Cities, Cyber-Physical Systems, Waste to Energy etc. Also, the URC could suggest and guide in establishing Centers of Excellence (CoEs)
7. To advise on and monitor the progress towards research grants received by the faculty members from the Government agencies, Industries, etc
8. To develop and review policies and practices to improve the quality, impact, and quantity of research activity, monitor implementation, and evaluate outcomes
9. To approve procedures for allocating research funds and monitor their implementation
10. To formulate guidelines pertaining to the conduct of PhD and Post-Doctoral research programs offered by SRMIST on the lines prescribed by the UGC
11. To support IP related activities of faculty members, researchers, and students; the Intellectual Property Cell (IPC) facilitates the patent filing process, spin-off provision, licensing the know-how, and industry liaison.

Frequency of Meetings

A minimum of two meetings shall be scheduled in a year (January and July of the academic year). Additional meetings may be scheduled on a need basis.

Quorum

The quorum for meetings shall be 1/3 of the membership.

Term of Membership

Nominated members shall serve for a term of two years.

DIRECTORATE OF INTERNATIONAL RELATIONS

The Directorate of International Relations at SRMIST is committed to supporting International students and fostering global academic partnerships. Its key responsibilities include:

1. Management of International MoUs

- Identify top QS-ranked Universities and establish Memorandum of Understanding (MoUs) to facilitate student and faculty mobility.
- Monitor and evaluate the progress of each MoU.
- Renew agreements at least three months prior to expiration.

2. Student-Centric International Engagements

- Facilitate joint research projects between SRM students and International Universities.
- Enable students to undertake coursework or research abroad for durations ranging from one semester to two years.
- Organize short-term immersion programs (1–20 days) to help students experience International academic and cultural environments.
- Promote participation in twinning, dual degree, and pathway programs.
- Support graduating students in pursuing higher education abroad.

3. Faculty Exchange and Collaboration

- Encourage SRM faculty to engage in teaching, research, and post-doctoral fellowships at International Universities (for durations ranging from one month to one year).
- Host International faculty at SRM for collaborative teaching and research.

4. Support for International Students at SRM

- Promote SRMIST across Asia, Australia, New Zealand, the Middle East, and Africa.
- Provide end-to-end support during the application and admission processes.
- Administer scholarships for International students.

- Offer continuous academic, personal, and administrative support throughout their stay in India.
- Conduct orientation programs and provide counseling on academic, financial, immigration, and employment matters.
- Organize social and cultural exchange activities, and offer need-based English language support.

Visiting Faculty Engagement

Visiting faculty from International Institutions enhance SRMIST's academic ecosystem by:

- Promoting global perspectives in education.
- Strengthening research quality through international collaboration.
- Facilitating cultural exchange and academic innovation.

Some faculty members are engaged in long-term teaching assignments, while others visit regularly for collaborative initiatives. These interactions enrich learning experiences for both students and faculty.

INTERNAL QUALITY ASSURANCE CELL (IQAC)

In pursuance of the National Action Plan of the National Assessment and Accreditation Council (NAAC), Bangalore, for performance evaluation, assessment and accreditation and quality up-gradation of Institutions of higher education, there is a stipulation that every accredited institution should establish an Internal Quality Assurance Cell (IQAC) as a post-accreditation quality sustenance measure. Since quality enhancement is a continuous process, the IQAC will become a part of an Institution's system and work toward realizing the goals of quality enhancement and sustenance. The prime task of the IQAC is to develop a system for conscious, consistent and catalytic improvement in the performance of Institutions. The IQAC will make a significant and meaningful contribution in the post-accreditation phase of Institutions. During the post-accreditation period, the IQAC will channelize the efforts and measures of an Institution towards academic excellence.

Strategies

IQAC shall evolve mechanisms and procedures for

- Ensuring timely, efficient and progressive performance of academic, administrative and financial tasks;
- Maintaining and upgrading the relevance and quality of academic and research programs;
- Equitable and affordable access of academic programs to various sections of society;
- Optimizing and integrating modern methods of teaching and learning;
- Establishing the credibility of evaluation procedures;
- Ensuring adequacy, maintenance and functioning of the support structure and services and
- Sharing research and networking with other Institutions in India and abroad.

Functions

Some of the functions of the IQAC are

- Development and application of quality benchmarks / parameters for various academic and administrative activities of an Institution;
- Dissemination of information on various quality parameters of higher education;
- Organizing of workshops and seminars on quality related themes and promotion of quality circles;
- Documentation of the various programs / activities leading to quality improvement;
- Acting as a nodal agency of the Institution for quality-related activities; and
- Preparation of the Annual Quality Assurance Report (AQAR) to be submitted to NAAC based on the quality parameters.

Benefits

IQAC will facilitate:

- Greater clarity and focus in institutional functioning towards quality enhancement and the internalization of a quality culture.
- Enhanced integration and coordination among the various activities of the institution, leading to the institutionalization of best practices.
- A sound basis for informed decision-making to improve institutional performance and effectiveness.
- Positive institutional transformation through improved internal communication and a culture of continuous quality

Recent contributions by IQAC to the College of Engineering and Technology

- NAAC IV Cycle Accreditation (Awarded the highest A++)
- QS- IGAUGE Platinum rating
- AICTE awards
- FICCI awards
- Quality enhancement through regular IQAC meetings

- Established e-Governance Portal
- Organised Academic and Administrative Audit
- Accreditation of Seven Engineering UG Programs Three Engineering PG Programs at Kattankulathur campus by NBA
- Accreditation of Four Engineering programs at Kattankulathur campus by Engineering Accreditation Commission and Computing Accreditation Commission of ABET, *(https://www.abet.org)*
- Accreditation of four engineering programs at Kattankulathur campus by The Institution of Engineering and Technology (IET)
- Development of regulations and curriculum
- Participation in surveys conducted by media
- Preparation of reports for submission to UGC / MHRD / AIU
- Participation in NIRF(MHRD) / QS / Times Higher Education ranking surveys
- Advisory role in enhancing research publications, patents, faculty recruitment
- Preparation of annual MHRD-AISHE report
- Preparation of University annual report
- QS-Rating Process resulting in 4 star status for SRMIST
- Participation in Swachh Bharat Ranking Process
- Advisory role in internal promotion
- Student feedback on teaching (Satisfaction Survey)
- Stakeholders' feedback on curriculum and syllabus (Satisfaction Survey)
- Organizing workshops and seminars on quality related themes and promotion of quality circles

UNIVERSITY CENTRAL LIBRARY

The University Central Library spans the ground floor and three additional floors, covering a built-up area of 1.5 lakh square feet within the University Administrative Block. Designed with modern and functional aesthetics, it is centrally air-conditioned, equipped with CCTV surveillance, and fully automated using Radio Frequency Identification (RFID) technology.

The library's collection includes ***156,001*** volumes across ***70,564*** titles, covering disciplines such as Engineering and Technology, Management, Physical Sciences, Life Sciences, Humanities, and Architecture. It subscribes to 110 print journals and over 38,884 e-journals, including IEL (IEEE Electronic Library) Online, ACM Digital Library, Springer Nature, Science Direct, ASCE, ASME, IOP, Nature, Emerald e-Journals Premier, SAE Digital Library, Springer Materials, SCOPUS, SciVal, EBSCOHost Business Source Premier, Emerald e-Case Collections, J-Gate, Lexis Advance, SCC Online, CDJ, JSTOR, IndiaStat, Air Online, and more. The library also provides access to ***214,586*** e-books from publishers such as John Wiley, Taylor and Francis, Elsevier, Springer, Pearson Education, IET Publications, and EBSCO e-book collections to cater to the growing needs of students, staff, and research scholars. These resources are accessible throughout the campus via Wi-Fi.

The University Central Library features various sections, including a stack area, ***800-***seater reading halls on each floor, a conference hall, a Technical Section, a library office, and a Seminar Hall. Additionally, there are dedicated libraries for the School of Architecture, the School of Law, and the Faculty of Management Studies and Faculty of Science and Humanities, as well as a separate section for Braille resources.

Facilities include a well-furnished video hall containing 700 video programmes, SWAYAM / NPTEL video courses, and other e-learning resources initiated by the Government of India, such as Shodhsindhu, Shodhganga, and the National Digital Library (NDL).

The University Central Library is a member of the Madras Library Network (MALIBNET) and the Developing Library Network (DELNET), providing staff and students access to major participating libraries across India. The library also offers Inter-Library Loan (ILL) and Contents Page Service, along with facilities such as an Internet browsing centre and a Reprography Section.

SRMIST Library is affiliated with the Institution of Engineers, Kolkata, the British Council Library, Chennai, the American Information Services Center, and the Institute for Steel Development & Growth (INSDAG). These affiliations allow members to borrow journals, magazines, and video programmes that are not available at SRM. To utilize these resources, members must adhere to the library's rules and regulations, which are periodically reviewed to meet evolving needs.

1. MEMBERSHIP

Membership is open to all the faculty, staff, research scholars and students of SRM Institute of Science and Technology.

3. MEMBERSHIP CATEGORY

Category	***No. of Books*** (that can be borrowed)	***Duration***
Teaching Faculty	8	Full semester
Supporting Staff		
Programmers	4	15 days
Lab Assistants	2	15 days
Student Members		
Undergraduate	3	15 days
Postgraduate	4	15 days
Research Scholars	4	15 days

Note: Students who achieve a CGPA of 8.5 or higher are eligible to borrow two additional books. The Head of Department (HoD) can recommend the eligible students to the library through the Dean.

- Members are accountable for all books borrowed using their library cards.
- Final-year students must obtain a “No Dues Certificate” from the University Library. The Course Completion/Mark Sheet and Degree Certificate will be issued only upon submission of this certificate.
- Similarly, staff members intending to leave the institution must settle all dues, including returning ID cards, and obtain No Dues Certificate (NOC) from the university librarian.

4. LOSS OF ID CARDS

If members lose their ID card, they must follow the procedure outlined below:

- Loss of ID cards (Smart Card 4K) should be reported immediately to the university library so as to block the account.
- ***Duplicate ID cards will be issued by the ID Card Section upon payment of Rs.1000/- (via demand draft). Members must provide an undertaking that they will remain responsible for any loss resulting from the inadvertent use or misuse of the lost card.***

5. LENDING OF BOOKS

- Books, excluding reference books, will be issued to student members for a period of 15 days. Faculty members can borrow books for an entire semester.
- Reference Books, Encyclopedias, Handbooks, Dictionaries, Periodicals, Student Project Reports, Dissertations, Theses, and Back Volumes are for reference only and cannot be issued.
- Members are allowed two renewals if there are no reservations against the books. For renewal, books must be presented at the library counter.
- Members can also renew books online at *https://library.srmist.edu.in/* using their login credentials.
- Before leaving the counter, members must check the condition of the books they intend to borrow. Any damage or marking should be reported to the Librarian immediately; otherwise, the member will be held responsible.
- Books in high demand may be lent for shorter periods as necessary, and such books may be recalled at any time if required.
- Absence is not an acceptable excuse for delays in returning or renewing books.

5. OVERDUE CHARGES

Members are advised to return or renew the books on or before the due date marked on the book; failing which, a penalty will be collected. The details of the penalty are as follows:

- 01 - 15 days: Rs. 1/- per day
- 16 - 30 days: Rs. 2/- per day (from day one)
- 31 days and above Rs. 5/- (from day one)

Undue delay in returning the books will result in the cancellation of membership.

6. LOSS OF BOOKS

Loss of books, if any, should be reported to the library immediately, and it should be replaced with a new copy, and the overdue charges, if any, must be paid. In case the borrower is unable to replace the books that are lost, he/she will be levied a penalty three times the cost of the book plus overdue charges, if any.

7. RESERVATION OF BOOKS

- Members can reserve books that have already been issued through the library website: *https://library.srmist.edu.in/*.
- The availability status will be communicated to the members by email, or they can check the reservation status on the library website.
- Reserved book(s) will be kept at the issue counter for two days.
- If members fail to collect the book(s), it/they will be given to the next member in the waiting list.

8. GENERAL

- All members must prominently display their identity cards and present them to security personnel if required.
- Personal books, files, hardbound materials, and other articles (except a

small notebook or loose sheets of paper) are not allowed inside the library. Members must deposit their personal belongings at the deposit counter near the entrance.

- Silence must be strictly observed inside the library.
- The use of mobile phones inside the library is prohibited.
- Members are accountable for any damage they cause to books or other university property and will be required to replace any damaged items.
- Misbehaviour in the library will result in the cancellation of membership and other serious disciplinary actions.
- Marking or writing in books is strictly prohibited. If any damage or marking is found, the concerned member must replace the book.
- Regardless of the above, the decision of the University authorities in all matters is final.

"A determined person will do more with a pen and paper than a lazy person will accomplish with a personal computer."

INFORMATION TECHNOLOGY AND KNOWLEDGE MANAGEMENT (ITKM)

ITKM is responsible for planning, implementing, and managing technology initiatives in support of academic, research and administrative operations at SRM Institute of Science and Technology (SRMIST).

ITKM Mission

The mission of ITKM is to support SRMIST's vision of emerging as a world-class University by

- Deploying cutting-edge technology infrastructure and applications to support faculty and administrators in servicing their constituents.
- Enabling access to knowledge resources and supporting the academic community to achieve excellence in delivering high-quality education and research.
- Achieving a paperless organization through process excellence and automating business processes

Information Technology

- Technology Services – Servers, Network, and Security
- Projects and Implementation – Consultancy, Procurement, Implementation, and Maintenance
- System Services – End User Computing, Desktop, Laptop, Printer, Software
- Support and Service Desk

Knowledge Management

- User Account and Access Management
- Software and Licensing
- Application Development – Business Process Automation
- Productivity and Collaboration – Email, Zoom, Teams, Google Classroom

Your Rights and Responsibilities

As a member of the SRM Institute of Science and Technology (SRMIST) community, you are provided with access to the University's computing resources to support your academic, research, instructional, and administrative activities. This access is a privilege and should be used responsibly.

Your Rights

You have the right to:

- Access authorized SRMIST computing resources, including computer systems, servers, software, databases, and internet services required for your academic or work-related activities.
- Use University-owned, licensed, subscribed, leased, or managed hardware and software, as well as the SRMIST wired and wireless networks, in accordance with University policies.
- Expect reasonable access to these resources without unnecessary interruption.
- Receive an appropriate level of privacy while using University systems, subject to applicable laws and SRMIST policies.
- Be protected from unauthorized access, misuse, and interference by others using University computing resources.

Your Responsibilities

As a user of SRMIST computing resources, you are expected to:

- Use all computing and information resources responsibly, ethically, and in compliance with applicable laws and University regulations.
- Understand and follow SRMIST policies governing the acceptable use of computing resources.
- Exercise sound judgment in all digital and online activities.
- Protect your accounts, passwords, and University information from unauthorized access or misuse.

- Help maintain the security and integrity of the University's information systems by following established security practices and reporting any suspected misuse or security incidents.
- Respect the rights and privacy of other users.
- Uphold the reputation of SRMIST in all electronic communications and interactions with individuals and organizations outside the University.

Acceptable Use

The list below provides a framework for activities in the acceptable use category.

- ✓ You should only use the computers, computer accounts, and computer files for which you have authorization.
- ✓ You should not use another user's account or attempt to capture or guess other users' passwords.
- ✓ You are individually responsible for the appropriate use of all resources assigned to you, including the computer, the network address or port, software, and hardware. Therefore, you are accountable to the University for all use of such resources. As an authorized SRMIST user, you should not enable unauthorized users to access the network by using an SRMIST computer or a personal computer connected to the SRMIST network.
- ✓ SRMIST is bound by its contractual and license agreements respecting specific third-party resources; you are expected to comply with all such agreements when using these resources. You must not violate the rights of any person or company protected by copyright, trade secret, patent, or other intellectual property laws or regulations, as this constitutes illegal downloading. Additionally, installation or distribution of "pirated" or other software products not appropriately licensed for use is strictly prohibited.
- ✓ You must configure hardware and software to reasonably prevent unauthorized users from accessing SRMIST's network and computing resources. You should make reasonable efforts to protect your passwords and secure resources against unauthorized use or access.

- ✓ You should not attempt to access restricted portions of the network, an operating system, security software, or other administrative applications without appropriate authorization from the system owner or administrator.
- ✓ You should comply with the policies and guidelines for any specific set of resources you have been granted access to. When other policies are more restrictive than this one, the more restrictive policy takes precedence.
- ✓ You should not use SRMIST computing or network resources in conjunction with the execution of programs, software, processes, or automated transaction-based commands intended to disrupt (or that could reasonably be expected to disrupt) other computer or network users or damage or degrade the performance, software, or hardware components of a system.
- ✓ On SRMIST network or computing systems, you should not use tools normally used to assess security or to attack computer systems or networks (e.g., password crackers, vulnerability scanners, network sniffers, etc.) unless you have been specifically approved and authorized by the Directorate of ITKM.

Unacceptable Use

- ✓ Gaining, attempting to gain, or helping others gain access without authorization.
- ✓ Allowing other individuals (e.g., friends, co-workers, spouse, children, etc.) to use your account.
- ✓ Wasting information technology resources and assets (for example, by implementing or propagating malware, using destructive software, engaging in inappropriate gaming, or monopolizing IT resources for entertainment or personal use).
- ✓ Harassing or intimidating others in violation of law, including sexual harassment or discrimination based on race, color, religion, gender, national origin, age, disability, sexual orientation, veteran status, or any other protected status is strictly prohibited.

- ✓ Attempting to monitor, copy, delete, change, or tamper with another student's, staff's, or faculty member's communications, files, or software without the explicit consent of the owner.
- ✓ Making, using, storing, or transmitting illegal copies or material of copyrighted or patented software/media.
- ✓ Attempting without authorization to circumvent or subvert normal security measures or engaging in any activity that might harm systems or information stored therein, or interfere with their operation by disrupting services or damaging files. Examples include, but are not limited to:
- ✓ Running password cracking programs
- ✓ Attempting to read or change administrative or security files without permission
- ✓ Using telnet to connect to unauthorized system ports
- ✓ Using false identification or accounts assigned to others
- ✓ Forging mail or news messages
- ✓ Using applications or systems that circumvent security or operational configurations established to optimize University computer resources and assets
- ✓ Engaging in any criminal activity.
- ✓ Violating state laws related to the use of IT resources and assets, or any regulatory laws/statutes involving data protection or privacy.

Fair Share of Resources

Users are expected to:

- Use computing resources in a fair and considerate manner so that their activities do not adversely affect other users.
- Avoid frivolous, excessive, or inappropriate use of computing resources that may reduce system or network performance.
- Refrain from using automated processes, scripts, bots, or other technical means to gain an unfair advantage over other members of the SRMIST community.

- Comply with any usage limits, including storage quotas, bandwidth restrictions, time limits, or other resource management measures implemented by the University to ensure fair access for all.

Resource Management

The Information Technology and Knowledge Management (ITKM) Department, together with other University departments responsible for managing computing systems, networks, and servers, monitors and maintains these resources to ensure their efficient, secure, and reliable operation. Where necessary, the University may implement appropriate controls to maintain acceptable performance levels and equitable resource allocation.

Compliance with Laws and University Policies

All users are expected to comply with applicable local, state, national, cyber, and international laws while using SRMIST computing resources. This includes adherence to laws and regulations relating to:

- Software licensing
- Copyright
- Intellectual property rights
- Information security and cyber laws
- Other applicable legal and regulatory requirements

SRMIST's technology usage policies are based on these legal and ethical principles, and every member of the University community is responsible for complying with them.

Enforcement

For security and network maintenance, authorized IT personnel may monitor equipment, systems, and network traffic at any time. ITKM reserves the right to audit networks and systems to ensure SRMIST is not subject to claims of institutional misconduct.

Violations may result in disciplinary action, including restriction or loss of network

privileges. Serious violations could lead to suspension or termination from the University.

SRM Innovation And Design Centre (SIDC)

SRM Innovation and Design Centre offers a range of design-oriented courses for innovators. These courses are designed to foster a design and entrepreneurial mindset while developing functional skills in design thinking, problem-solving, innovative product design, prototyping, and entrepreneurial fundamentals.

All courses are industry-supported and guided by mentors from relevant domains. These mentors work closely with student teams, providing expert guidance and enabling an experiential learning journey.

FABLAB – Makerspace

It is an initiative launched by SRMIST, to promote innovation and entrepreneurship. FABLAB is focused on the use of digital fabrication technologies that will drive the future of product development. The lab is designed to support the creativity and innovation of individuals to turn ideas into products. The lab provides access to sophisticated prototyping equipment, with the user primarily responsible for moving ideas to products.

SISFS

Grant of 3 crores has been sanctioned by DPIIT ***(Department for Promotion of Industry and Internal Trade)*** with the aim to provide financial assistance to startups for proof of concept, prototype development, product trials, market entry and commercialization.

BIRAC BioNEST

SRM Medical College has established a ***BioNEST Centre*** with funding support from the ***Biotechnology Industry Research Assistance Council (BIRAC)*** through a grant of ***Rs. 10 crore***. The Centre is dedicated to nurturing and supporting startups in the ***HealthTech*** and ***MedTech*** sectors. The BioNEST Centre focuses on the development of low-cost medical devices, point-of-care diagnostic technologies,

and data-driven solutions to support public health policy and healthcare delivery. It provides an ecosystem that fosters innovation, entrepreneurship, and collaboration between academia, industry, and healthcare professionals. The Centre also promotes the creation, protection, and commercialization of intellectual property while facilitating the translation of research-driven innovations into products and technologies that benefit society

Atal Incubation Center (AIC)

We propose to establish an Atal Incubation Center at SRM Institute of Science and Technology (AIC SRMIST) which will be managed by the Bootstrapper's Research Council (BRC), an incubator registered as section 8 company, and the SRM Directorate of Entrepreneurship & Innovation (DEI) under the SRMIST.

IHFC (Co-Innovation Center)

The I-Hub Foundation for Cobotics (IHFC) is the Technology Innovation Hub (TIH) at IIT Delhi, established under the National Mission on Interdisciplinary Cyber-Physical Systems (NM-ICPS) by the Department of Science and Technology (DST), Government of India. The Co-Innovation Center (CIC) under IHFC acts as a collaborative platform bringing together startups, corporates, academia, and researchers to work on robotics, cobotics (collaborative robotics), automation, and AI-driven solutions. It promotes joint product development, technology translation, and commercialization.

EDII - Innovation Voucher Program (IVP)

Bootstrappers' Research Council (BRC) is a Knowledge Partner under the Innovation Voucher Program (IVP) by Entrepreneurship Development and Innovation Institute – Tamil Nadu. (EDII-TN) Innovation Voucher Programme (IVP), supporting early-stage startups. Through this program Startups can avail Voucher A funding of upto 2 Lakhs for prototype development and Voucher B funding of upto 5 Lakhs for market/business support.

Events at DEI

1. Industrial Research and Innovation Summit (IRIS)

IRIS – The Industry-Academia Collider is a flagship event of the ***Directorate of Entrepreneurship & Innovation (DEI), SRMIST***. The event serves as a platform to strengthen collaboration between academia and industry by promoting innovation, knowledge exchange, and meaningful partnerships. It features project showcases, expert sessions, and networking opportunities, providing a space for industry-academia interactions, potential collaborations, and future research engagements. The programme also includes formal agreements to support joint development initiatives and recognizes the contributions of participating stakeholders.

2. Triumph Talks

Triumph Talks is a series of interactive sessions that brings eminent personalities into one-on-one conversations with students of the SRMIST community. The initiative aims to inspire and guide students by providing insights, experiences, and perspectives that help them develop the mindset, skills, and approach required to excel in their respective fields. As part of this initiative, ***Showtime*** provides students with a platform to showcase their innovative ideas, inventions, prototypes, and technology-based solutions, encouraging creativity, innovation, and experiential learning.

3. Boot Camp

The Bootcamp is centered on the Berkeley Method of Entrepreneurship, which helps students understand entrepreneurial concepts through practice, observation, and critical thinking. Every entrepreneur's journey is unique, and students participate in the programme at different stages of their entrepreneurial path. The objective of the Bootcamp is to help students identify their next milestone and provide the guidance required to progress towards becoming successful entrepreneurs.

The Bootcamp is conducted twice a year.

4. EXPO

EXPO is an event where the best teams of SRMIST showcase their finest craftsmanship and present their innovative products and prototypes. The event provides a platform for students to demonstrate their creativity, technical expertise, and product development capabilities while engaging in detailed discussions about their innovations. In the latest edition, exceptionally talented teams such as ***UAV, SCRO, and Spars*** showcased their latest and most innovative products and prototypes.

5. Hackathons

SRMIST organizes sector-wise, industry-supported hackathons that provide students with a platform to address and solve some of society's most pressing challenges.

6. Entrepreneurship Awareness Camp

The ***Entrepreneurship Awareness Camp*** introduces students to startup fundamentals, opportunity identification, business models, funding sources, legal basics, and market validation.

Through workshops, mentoring sessions, and pitch activities, participants develop an entrepreneurial mindset, enhance their networking skills, and create actionable plans to launch ventures or pursue innovation within organizations. The programme fosters sustainable local economic growth and contributes to job creation.

INSTITUTIONAL UNITS FOR STUDENT'S GROWTH AND DEVELOPMENT

DIRECTORATE OF CAREER CENTRE

The Career Centre at SRM Institute of Science and Technology plays a vital role in making SRM a preferred destination for several national and international organizations seeking to recruit fresh talent nurtured at the institution.

The Career Centre comprises the Placement office, and Career Development Centre, catering to all five campuses across the country — KTR, RMP, VDP, Trichy, and NCR. SRM has emerged as a prime recruitment destination for major recruiters due to its strong industry linkages and excellent reputation among leading employers.
The Career Centre enables students to undertake internships and project work in leading industries. Continuous Institute–Industry interaction, pre-joining learning initiatives, participation in industrial exhibitions, fairs and seminars, along with alumni engagement activities, are some of the key initiatives undertaken by the Placement office. Additional initiatives include hackathons and industry collaborations established through Memorandums of Understanding (MOUs) for curriculum enhancement and faculty development.

The excellent infrastructure of the Career Centre facilitates pre-placement talks, written tests, group discussions, and interviews as per the requirements of recruiting organizations. The Career Development Centre consists of a team of highly experienced faculty members who train students across six semesters to make them industry-ready.

Marquee, Super Dream, and Dream offers have been made by reputed companies such as Amazon, Barclays, Amadeus, Nielsen, Oracle, Adobe, Capgemini, Deloitte, Bank of America, ZS Associates, Fractal Analytics, EY, Kalvium, Myntra, Boeing, Razorpay, OneBanc, Ather Energy, and many more.

In the core sectors, companies such as Hero MotoCorp, Reliance Industries, HUL, IFB, Siemens, Titan, CEAT, Hitachi ABB, Fiat, Linde, Schneider Electric, Tata Chemicals, L&T Group, Cummins, KPIT, Adani Group, Nilkamal, Elure Motors, Michelin, and BirlaNU have offered packages ranging from ₹5 Lakhs per annum to ₹65 Lakhs per annum.

DIRECTORATE OF LEARNING AND DEVELOPMENT

The Directorate of Learning and Development (DLD) SRMIST is a central facility aimed to achieve the Institute's vision and goals of creating a unique learning experience, learnability and increase professional graduation rates by providing world standard and outstanding instruction. The prime responsibilities of DLD are;

a) Training and Development: To offer professional qualifications in Education and Leadership to academic leaders, teachers, teaching support staff, administrative support staff, and students for induction and career advancements

b) Technology Enabled Learning: To create and implement e-learning tools for learning management, simulation, virtual, and live practice

c) Educational Research and Outreach: To conduct academic research in the field of Learning and Development and collaborate with National and International research institutions

d) eGovernance: Centralized digital platform developed to streamline academic, administrative, and institutional data management. It offers integrated modules for faculty, students, research, accreditation, rankings, curriculum, and administrative processes. The platform features real-time dashboards, analytics, automated reports, workflow-based approvals, and secure role-based access.

The DLD works closely with all the faculty and campuses of SRMIST to facilitate implementation of internationally recognized CDIO, TPACK curricular framework and IEEE-Purdue EPICS service-learning model for all UG, PG and Doctoral Programmes including assessment and evaluation to ensure professional quality.

The Cambridge Professional Development Centre at DLD helps faculty members acquire Certificate and Diploma Qualifications from Cambridge University, UK in

Educational Leadership, Teaching and Learning, Teaching with Digital Technologies and Teaching Bilingual Learners.

DLD Digital Learning Tools

eLab: A web-based MOOC Programming learning tool that manages auto-evaluation of computer programs. eLab promotes logical thinking abilities and develops programming skills.

eCurricula: An instructor-led technology enabled learning tool for theory-based courses. eCurricula measures learning and provides continuous feedback to the learners.

eSkill: A web-based ICT learning tool that aids users in preparation and skilling for competitive exams, aptitude, entrance examinations and other public-private sector exams.

eCircuit: A web based electrical and electronic circuit simulator that helps one build low to high power circuits including communication circuits.

eGovernance: A comprehensive web-based institutional management platform that digitizes academic, administrative, research, and accreditation processes through a centralized and secure system

DLD follows the ISO 30422:2022 and ISO/TS 30437:2023 quality policy standards for its functioning.

Alumni Day: Every year, Alumni Day is celebrated on the third Saturday of December. It is a momentous occasion that brings together graduates from various batches to celebrate the success and achievements of SRMIST over the years.
The Alumni Awards Ceremony is organized as part of the celebration to honor outstanding alumni and recognize their valuable contributions.

Alumni Awards And Engagement Initiatives

Alumni Awards

The ***Alumni Awards*** recognize and celebrate the achievements, contributions, and excellence of SRMIST alumni across diverse fields. The awards are presented under three categories:

1. Distinguished Alumni Award

Recognizes alumni who have demonstrated exceptional professional achievements, made significant contributions to their alma mater, rendered dedicated service to society, and achieved excellence in their respective fields.

2. Eminent Alumni Award

Honors alumni who have earned national or global recognition through sustained and outstanding contributions in areas such as public service, community development, arts, sports, culture, entrepreneurship, and other fields of distinction.

3. Young Achievers' Award

Celebrates the accomplishments of young alumni who have demonstrated excellence in entrepreneurship, community service, leadership, and innovation. The award aims to inspire young achievers and encourage a culture of excellence, continuous growth, and meaningful contributions to society.

Alumni Reunions

SRMIST organizes alumni reunions to strengthen connections and celebrate the enduring bond between alumni and the institution. These include class reunions, college-wise reunions, department-wise reunions, and milestone reunions such as the ***15th, 20th, 25th, and 30th year reunions***.

These gatherings provide opportunities to reconnect, share experiences, cherish memories, and reflect on the lasting impact of SRMIST in the lives and journeys of its alumni.

Alumni Fundraising Initiative

The alumni fundraising initiative is guided by three key objectives:

- ***Reward Excellence***
- ***Enable Access***
- ***Foster Innovation***

Through contributions to the ***Rank Holder Endowment Fund***, alumni play a vital

role in supporting academic excellence and creating opportunities for future generations of students. Every contribution, regardless of its size, contributes to building a legacy of excellence and empowering students to lead, innovate, and create a positive impact on society.

Alumni Initiatives and Social Activities

The Alumni Office undertakes various initiatives to strengthen alumni engagement, foster lifelong connections, and encourage meaningful contributions from alumni towards the growth and development of SRMIST. Key initiatives include:

- Maintaining the alumni website and official social media platforms.
- Managing and regularly updating the alumni database.
- Publishing the quarterly alumni newsletter, ***Reflections***.
- Facilitating alumni visits to the campus and encouraging continued engagement.
- Supporting alumni participation in Institute-related activities.
- Providing a dedicated job portal to support alumni career opportunities.
- Encouraging alumni to contribute to the institution through donations, expert lectures, sponsorships, mentoring, internships, and placement support.
- Organizing alumni reunions and networking events.
- Recognizing outstanding alumni achievements through awards.
- Establishing national and international alumni chapters.
- Collecting alumni feedback on curriculum development and institutional governance.

Online Alumni Portal

The ***Online Alumni Portal*** serves as a comprehensive platform to connect and engage the global SRMIST alumni community. The portal:

- Brings alumni together on a single platform and facilitates efficient management and updating of alumni records.

- Enables the organization of alumni activities such as reunions, networking sessions, workshops, and other engagement programmes.
- Provides a platform for career support through job postings, mentorship opportunities, and professional networking.
- Enhances institutional branding, outreach, and alumni engagement.
- Allows alumni to search and connect with fellow alumni, access event albums, and manage information related to fees and donations.

STUDENTS COUNSELING CENTRE (SCC)

The SCC is a platform where students, teachers and parents stay connected. It is a centre for effective redressal of challenges and problems faced by students. It is a unique target oriented system that involves parents, teachers, wardens etc. The objective is to help students overcome concerns like anxiety due to exams, loneliness, and culture changes, low confidence level, hostel life, decision making dilemmas, academic problems, and lack of self-assurance or difficulty in adapting to the new environment.

Counseling gives the students a chance to express their minds. It enables them to understand the cause of anxiety more rationally and helps them to cope with and deal with difficult situations. Senior faculty members from all schools form the core team. Also, we have experienced and dedicated student counselors available on the campus for this purpose. All the matters discussed during the counseling are kept confidential.

STUDENT COUNSELING SERVICES

Dear Students,

You have just stepped out of the safe and nurturing environment called home, supported by the parents who made that possible.

You are here on your own because your parents believe that you are old enough, mature enough, and responsible enough to enter the next stage of life and start taking care of yourself. Moreover, you are ready to leave home to study, meet new people, and experience a new environment along with the challenges that come with it. However, this does not mean you are entirely on your own without help and guidance whenever you need it.

This place is going to be your home away from home, equipped with all the facilities to make your stay a pleasant experience. At the same time, there may be times when you feel confused, unsettled, or restless for many reasons. It could be loneliness or problems arising from comparisons with others in areas such as physical differences, cultural differences, social standing of parents, value systems,

or language proficiency—issues that are often difficult to express openly. These feelings may lead to complexes, frustration, low self-esteem, lack of concentration, sleeplessness, and more. Additionally, problems in friendships and relationships may arise, which can affect your academics and campus life.

Help is very close to you in the form of counseling available on campus and just a phone call away. Whatever you discuss with a counselor will be kept strictly confidential. This facility is completely free and dedicated to the mental well-being of students. We encourage you to make use of it whenever you need it, without any hesitation.

Moreover, the Counseling Cell is also functioning within departments, where you can seek guidance as well.

Counseling is a process that offers you the opportunity to explore issues causing you concern or distress. It provides you with time and space to talk about these issues confidentially with a professionally qualified person. The counselor will not tell you what to do but will assist you in thinking about your difficulties in a non-judgmental manner to help you find the best way to deal with them.

Our team of counselors is enlisted with ***Manodarpan, an MHRD*** initiative providing psychosocial support to students, teachers, and families for mental health and emotional well-being. This covers all students from schools, universities, colleges, and institutions of higher education. The Manodarpan initiative is part of the ***ATMANIRBHAR BHARAT ABHIYAN,*** aimed at strengthening human capital, increasing productivity, and implementing efficient reforms and initiatives in the education sector.

NATIONAL SERVICE SCHEME (NSS)

Fostering Social Responsibility and Community Development

National Service Scheme (NSS) is a widely recognized and influential youth-centric programme implemented in colleges across India. Established in 1969, the birth year of Mahatma Gandhi, NSS aims to foster the character and personality development of student youth through volunteer community service. Inspired by the ideals of Mahatma Gandhi, the NSS motto is "NOT ME, BUT YOU."

NSS was commissioned at SRM Institute of Science and Technology in 2003. The activities of SRMIST NSS mainly focus on Community Development Services, Social Service, Environmental Awareness Programmes, Health Awareness Programmes, and Technology Transfer Programmes. The NSS at SRMIST follows guidelines to conduct various regular and special camping activities.

Objectives and Structure

The SRMIST NSS programme operates with well-defined objectives, including:-

1. ***Community Service***: Encouraging students to actively engage in community service activities, addressing social issues such as education, healthcare, environmental conservation, rural development, and more.
2. ***Personality Development***: Providing a platform for students to develop leadership skills, enhance interpersonal communication, and build a strong ethical foundation through various training programmes and workshops.
3. ***Empathy and Social Awareness***: Promoting empathy, compassion, and understanding towards the needs and challenges faced by marginalized sections of society, encouraging students to become responsible citizens.

The NSS programme typically functions under the guidance of college authorities, with dedicated NSS units formed on campuses. NSS Programme Officers, who are faculty members in charge of these units, oversee and coordinate various operations. The programme includes orientation, fieldwork, training sessions, and frequent community services.

Activities and Initiatives: NSS programmes offer a diverse range of activities designed to address local community needs and promote sustainable change. Some key initiatives include:

- ***Health and Hygiene Awareness Programmes***: Educating communities on cleanliness, sanitation, and personal hygiene through workshops, seminars, and campaigns covering topics like handwashing, yoga practices, menstrual hygiene, and waste management.
- ***Tree Plantation and Environmental Conservation***: Organizing tree plantation drives and activities focused on conserving natural resources, encouraging students to contribute to a greener environment.
- ***Social Service Initiatives***: Visiting orphanages, old age homes, and schools for underprivileged children, where volunteers teach, provide support, and organize recreational activities.
- ***Blood Donation Camps***: Collaborating with reputed blood banks and hospitals to organize blood donation drives on campus, enabling students, faculty, and staff to contribute to saving lives.
- ***Swachh Bharat Abhiyan***: Actively participating in the Government of India's Clean India Campaign through cleanliness drives, awareness programmes, and waste management initiatives.
- ***Rural Development Programmes***: Conducting health camps, promoting education, and empowering women through skill development workshops in underprivileged rural communities.

- ***Disaster Management and Relief:*** Training students in disaster management techniques and participating in relief efforts during natural calamities by distributing aid and supporting rehabilitation. Awareness Campaigns:
- Organizing campaigns on literacy, gender equality, drug abuse, tobacco and alcohol effects on health, and environmental conservation to sensitize communities.
- ***Other Social relevance activities***: Donating computers, appliances, and kits to schools; providing medical support; distributing herbal drinks (like Kabasura Kudineer), free face masks, and sanitization awareness materials to the public during health crises such as Dengue and COVID-19.

Impact and Benefits: Participation in NSS programmes offers numerous benefits for both students and society:

1. Civic Engagement: Instills a sense of social responsibility, encouraging active participation in community welfare.

2. Holistic Development: Builds leadership, teamwork, empathy, and a broader understanding of societal challenges.

i. ***Bridging the Gap:*** Connects educational institutions with local communities, fostering mutual understanding and collaboration.
ii. ***Career Enhancement:*** Volunteering experience enhances resumes, showcasing commitment to social causes, beneficial for future employment or higher education

Accolades of SRMIST NSS CELL

SRMIST NSS volunteers have actively participated in prestigious events such as:

- National Level Pre-RD Camp, Coimbatore (2023)
- National Integration Camp, Mangalore (2024)
- National Youth Festival, Maharashtra (2024)
- National Integration Camp, Nagarkoil (2025)
- National Youth Festival, Tamil Nadu (2025)

The NSS Cell organizes celebrations for Independence Day, NSS Day, Republic Day, and other national importance days by inviting students from government schools and conducting activities that promote social awareness, cleanliness, discipline, healthy eating, and environmental consciousness.

The Red Ribbon Club (RRC), functioning alongside NSS, received the "Best RRC Unit" award in Tamil Nadu in 2020, presented by the Ministry of Health & Family Welfare, Government of India.

The National Service Scheme (NSS) at SRMIST strives to instill the principles of civic participation and social responsibility among students, shaping them into conscientious and socially aware citizens.

NATIONAL CADET CORPS (NCC)

The National Cadet Corps aims to develop character, comradeship, and leadership skills among the youth in India. At SRMIST, NCC motivates students with top-notch training and the ideals of selfless service. This training fosters team spirit, a sense of nationalism, and helps in the overall personality development of individuals. The SRM NCC Army Wing (Senior Division-SD) under the 1 (Tamil Nadu) Signal Company NCC [1 (TN) SIG COY NCC] was established in August 1996. First year and second-year students are enrolled for a duration of three years.

SRM Army Wing has been enrolling girls in the NCC since 2005, with the total allotted strength including girls is 83. The Obstacle Area was established in the year 2009 to train the cadets. NCC parades are regularly conducted in Dr. T. P. Ganesan Auditorium Ground every Saturday from 7.00 a.m. to 11.00 a.m. according to the Parade Schedule. Additionally, a pre-parade meeting is held every Friday from 4.30 to 5.30 p.m. in front of the NCC Office

The Naval Wing of SRM NCC was inaugurated on 4th December 2021. It operates under the command of the 4 (TN) Naval Tech Unit NCC, 'Madras Group B'. The SRM Naval Wing has a capacity of 100 vacancies and admits SRMIST students who are passionate about learning 'Unity and Discipline'. The boys and girls are formally referred to as Senior Division (SD) and Senior Wing (SW) respectively.

The NCC cadets actively participate in the Independence Day and Republic Day celebrations in the campus. Annual Training Camp, Republic Day Camp (RDC–New Delhi), Inter Group Competitions (IGC), National Integration Camp (NIC) and special camps such as Trekking Camp, Boat Pulling Camp, Sea Attachment Camp, NTAC, NIC, Firing Camp are held periodically. The NCC cadets also get the opportunity to visit various countries like Singapore, Srilanka, Bangladesh, Maldives and Taiwan through Youth Exchange Program (YEP) to represent our country.

SRM NCC cadets organize social service events like Anti-Drug Rally, Blood Donation Camp, Anti-Plastic Rally. They visit orphanages and old age homes and raise public consciousness regarding Consumer Awareness, Cancer & AIDS awareness, etc. The Cadets are encouraged to complete "B" and "C" certificate examinations and to join Defence Services such as the Army, Navy and Airforce.

AARUUSH

Aaruush is a student- led Techno Management fest, bringing together technology and creativity in ways that challenge the expected. Aaruush is an immersive journey, where every event and competition highlights the impact of collective thinking and innovation. From meticulously designed workshops to intense, high-pressure challenges, Aaruush is creating a space where participants move beyond participation to performance, consistently expanding the limits of possibility. It is a convergence of sharp minds, driven ambition, and a constant striving for excellence that defines this landmark festival of technology and management.

Highlights of Aaruush

Aaruush has emerged as a dynamic platform celebrating innovation, leadership, and entertainment. The fest proudly welcomed ***Dr. Sridhar Vembu***, Founder & Chief Scientist of Zoho Corporation, as its Chief Guest, alongside eminent personalities such as ***Dr. A. Sivathanu Pillai***, widely known as the *Father of BrahMos* and a pioneer in India's aerospace and missile programs, and ***Mr. Ajay Thomas John***, Group Chief Digital Officer at Shriram Capital Ltd. Distinguished guests including Ramesh Pokhriyal, Suresh Raina, Sam Pitroda, Tessy Thomas, V. K. Singh, and Dommaraju Gukesh have also inspired audiences through impactful guest lectures and interactions.

Aaruush has additionally hosted renowned entertainers and creators such as Bhuvan Bam, Kanan Gill, Zakir Khan, Abhishek Upmanyu, Arjun Kanungo, Shirley Setia, and bands like The Local Train and When Chai Met Toast, creating unforgettable experiences for attendees.

Expanding its digital reach, Aaruush further engaged audiences through Instagram live sessions featuring personalities such as Saurabh Sachdeva, Alyssa Carson, and Alisha Abdullah.

Challenges & Championships

Competition is vital to any fest, and Aaruush is no exception. Championships provides students with a platform to test their skills, compete against one another, and emerge victorious. It features a variety of events and activities across highly competitive fields such as coding, sports, and robotics. Some of the highlight tournaments include the Capture the Flag Challenge, Photoscope, HACK-SUMMIT, RC-Car Championships, Machine Learning Challenge, Quadcopters, Revival of Rivers, Life Support Challenge, Code Matrix, Online Design Challenge, and many more.

On the occasion of the tenth anniversary of the largest global hackathon hosted by NASA, the team Aaruush partnered with the Local Lead from Chennai and organised ***NASA SAC (Space Apps Challenge)***, an open-to-all international hackathon to address real-world issues with out-of-the-box ideas.

Workshops

Workshops serve as a valuable medium to engage students with the real world and connect them to current and trending industry topics. They also provide participants with opportunities to interact directly with professionals. Experts from various major disciplines share their experience and knowledge through these workshops. Aaruush has conducted numerous workshops across diverse fields of interest, including Cyber Security, Forensic Science, Digital Marketing, Web Development, Game Development, Financial Management, Stock Market, Product Design, and Public Speaking. These sessions have been organized in association with reputed companies such as Yellow Chalk, Google, Accenture, Google Play, the Indian Forensics Organisation, and many more.

Aaruush Educates

Aaruush, renowned for its dynamic technical events, also demonstrates a strong commitment to social responsibility. Recognising the importance of inclusive education, the fest regularly organises interactive sessions aimed at underprivileged children, introducing them to fundamental concepts in science, mathematics, and

general knowledge. Beyond supporting children, Aaruush has expanded its outreach to other vulnerable communities, including elderly care homes, demonstrating a holistic approach to social welfare. Even during difficult times such as the pandemic, Team Aaruush remained steadfast in its mission by challenging to online platforms to ensure uninterrupted access to education for all.

In the most recent edition, Team Aaruush continued this impactful tradition by engaging with children at local shelters, fostering an environment of learning and encouragement. The sessions were designed to be interactive and enriching, leaving a positive impression on both the participants and the organisers, thereby reinforcing Aaruush's role as a fest with a meaningful social conscience.

SRM RUN

SRM Run is a world-record-holding eco-marathon organised by Aaruush since 2015, serving as a platform where people from all walks of life unite to raise environmental awareness and promote sustainable actions. On ***31st August 2025***, ***SRM Run 9.0*** was held under the theme *"Zero Waste"*, featuring a 5.2 km marathon that attracted over 2,100+ participants. The event focused on translating ecological consciousness into practical, impactful actions. Alongside the main marathon, SRM Run Jr offered a mini-run for children, who were rewarded with goodies for their enthusiastic participation. The day concluded with a felicitation ceremony recognising dignitaries and awarding mementos to the top five runners.

T-Summit

The Technical Summit (T-Summit) is a flagship initiative of Aaruush, envisioned as a platform that fosters innovative thinking and collective problem-solving. It brings together some of the brightest student minds from across the nation to deliberate on pressing societal and technological challenges. With each edition, T-Summit continues to evolve, promoting meaningful discussions, fostering collaboration, and encouraging the generation of actionable ideas for national development.

The summit's inaugural edition was presided over by ***Dr. Sivanthanu pillai***, widely

known as the *Father of BrahMos* and a pioneer in India's aerospace and missile programs. Over the years, T-Summit has featured eminent dignitaries, including Dr. Atul Gurtu, a renowned particle physicist and former Tata Institute of Fundamental Research professor, who served as a special guest and mentor in T-Summit 21, offering valuable insights into scientific progress and institutional collaboration. T-Summit 9.0, held from 15th to 17th August 2025, marked a historic milestone as the first international edition of the summit. With participation from over 20 prestigious institutions, this edition underscored the global relevance of the summit.

Hack Summit

Hack Summit '25, held on 6th and 7th September 2025, was a 36-hour national-level hackathon that brought together passionate innovators, developers, and problem-solvers from across the country. Conducted at Mini Hall 2, the event challenged participants to create impactful solutions addressing real-world problems in domains such as Healthcare, FinTech, and Sustainability. Throughout the hackathon, teams showcased exceptional technical expertise, creativity, collaboration, and problem-solving abilities while building innovative projects under intense time constraints. The event concluded with final project presentations, where the top three teams were recognised and awarded cash prizes for their outstanding solutions.

E-Summit

The E-Summit, held from 6th to 8th September 2025, emerged as a dynamic platform for aspiring entrepreneurs, innovators, and startup enthusiasts to explore and transform ideas into impactful ventures. The summit fostered an entrepreneurial spirit by providing participants with opportunities to network with investors, industry leaders, and startup founders while gaining valuable mentorship from experienced professionals. With exposure to business incubation, innovation-driven discussions, and internship opportunities, the event created an inspiring environment that encouraged creativity, collaboration, and growth within the startup ecosystem.

Wednesday Speaks

Wednesday Speaks is a unique lecture series where faculty members and distinguished professors from SRMIST and other colleges engage students on pre-selected topics, opening pathways to explore diverse fields and gain insights from esteemed professionals. The 50th edition, held on 22nd January 2025, featured Dr A. Rathinam, the convenor of Aaruush and the Director of the Directorate of Alumni Affairs, who addressed "Freshers to Leaders: The Impact of Student Mentoring", fostering a meaningful dialogue on the importance of mentorship between students and faculty.

Liter of Light

Liter of Light is a campaign that brought positive change by giving back to society. In pursuit of the right solution, the Aaruush team installed solar-powered, hassle-free daylight systems in houses and huts in areas near the campus.

Team Envision

Team Envision, the multidisciplinary technical team behind Aaruush, develops innovative digital solutions to enhance the festival experience. Their flagship Aaruush Main Website enables seamless registrations, personalised dashboards, and easy access to event information, extending Aaruush's reach beyond the SRM campus.

The Aaruush Connect App offers real-time schedules, notifications, registrations, and Google Maps navigation, while the Virtual Campus, built using Unreal Engine and Blender, provides an immersive digital exploration of SRM. Team Envision also created the Near You app for locating nearby services and AVA (Aaruush Virtual Assistant), a smart guide offering instant festival assistance.

Together, these initiatives reflect Team Envision's commitment to innovation, accessibility, and user-centric technology at Aaruush.

Aaruush Live

Aaruush Live is a series of Instagram Live sessions that connects students with influential personalities, fostering conversations that inspire innovation, leadership, and growth beyond classrooms. In Aaruush '25, the session titled ***"Spin, Strategy & Surprises"*** featured ***Kaushik N C***, renowned sports broadcaster for JioHotstar and Star Sports, who shared engaging insights into the world of sports broadcasting, storytelling, and live media. Another impactful session, ***"The Power Playbook,"*** featured ***Capt. Raghu Raman***, former CEO of NATGRID and a distinguished Armed Forces veteran, who spoke about leadership, discipline, strategy, and navigating challenges across both military and corporate landscapes. These interactive sessions witnessed enthusiastic participation from students and audiences nationwide, further strengthening Aaruush Live as a platform that sparks meaningful conversations, inspires young minds, and brings visionary leaders closer to the student community.

Industrial Conclave & UnConference

The Industrial Conclave is a platform that bridges the gap between industrialists, entrepreneurs, and students. It revolves around a central agenda where a panel of experts shed light on pressing topics to provide a broad perspective on the challenges and risks faced by aspiring industrialists. This year, the session focused on the theme 'AI, Robotics, AI – The Double-Edged Sword of Technology,' featuring expert discussions by Mr. Shankar Prakash, Ms. Vanshika Pandey, Mr. Bezaleel, and Mr. Kamlesh. They explored the transformative role of AI and robotics in shaping the future, along with potential ethical and societal challenges these technologies present.

The UnConference aims to connect the institution and the outside world, providing students with exposure to various techniques and perspectives. It is a participation-driven platform where eminent guests engage in interactive sessions with the audience, fostering constructive discourse. Recent sessions have included thought-provoking themes such as 'Millennials vs Gen-Z: Work

Culture, Well-Being in the Year 2030. Experts, including Mr. Mannan Dattah, Mr. Deepak Dinkar, Mr. Mustafa, Mr. Sudharsan Varatharajan, and Ms. Prema Malini Vanam, contributed to this open platform, enabling discussions on emerging technologies, innovations, industry trends, and evolving workplace dynamics.

Plantation Drive

The Plantation Drive is a pre-Aaruush initiative undertaken to symbolize our collective responsibility towards the environment. It also raises awareness about the ongoing climate changes worldwide and emphasizes how each individual can contribute to creating a better tomorrow.

E-Waste Drive

The E-Waste Drive is a post-Aaruush initiative undertaken a part of SRM Run 9.0's alignment with this year's theme of "Zero Waste". The Objective of the theme is to promote responsible waste management practices and encourage the campus community to move towards a more sustainable and environmentally conscious lifestyle.

Aaruush Young Minds

Aaruush Young Minds is a national-level interschool competition organized to nurture and inspire the next generation of innovators and leaders. Open to students from Classes 9 to 12, the initiative was first launched in 2012 and witnessed participation from over 1500 students in its inaugural edition, which later grew to more than 4500 participants. The event features engaging and knowledge-driven competitions such as ***Swastika***, a quiz competition based on current affairs, aptitude, and general knowledge, and ***Coding Pundit***, a coding event focused on beginner-level programming concepts and debugging in HTML and Java. Through such events, Young Minds encourages creativity, critical thinking, teamwork, and technical learning among school students

International Book of Records (IBR)

The space exploration session conducted on 29th August 2024 was a well-coordinated educational event that brought together 709 students in a shared learning experience. Lasting for 1 hour and 12 minutes, the session earned recognition in the International Book of Records as the 'Longest Space Exploration Lesson given to the Maximum Number of Students'. The event commenced with a thought-provoking and inspiring address by the Chief Guest, Shri A. Rajarajan, a highly respected scientist from ISRO. His detailed presentation offered valuable insights into the field of space exploration, capturing the curiosity and enthusiasm.

The Grover Perspective

On ***2nd February 2025***, the ***Grover Perspective*** session was held at Hippocrates Hall, featuring ***Mr. Ashneer Grover*** as the guest speaker. Mr. Grover began by sharing insights into his entrepreneurial journey, recounting how his college batchmates influenced his path and what motivated him to pursue entrepreneurship. He spoke on organisational growth, maintaining work-life balance, and critiqued the education system's impact on risk-taking, emphasising that excessive formal education can often stifle an entrepreneur's willingness to take risks.

Under 25 Summit

The Under 25 Summit at Aaruush '24 was a vibrant celebration of youthful ambition and innovation. Headlined by the charismatic Mr. Bhuvan Bam, the event brought together over 1,500 eager minds ready to be inspired. The summit sparked powerful conversations with Mr. Aman Johri (CEO, Jatayu Unmaned Systems) and Mr. Guruprakash Sivabalan (Founder and CEO, Xobin) on topics such as career choices, entrepreneurship, and leadership, inspiring young people to boldly embrace their potential. Through dynamic panel discussions and insightful stories, it fostered an environment where fresh ideas flourished, empowering participants to confidently shape their futures. This gathering truly highlighted the unstoppable energy and promise of the next generation.

Events

Flickshot was a National-level gaming tournament organized by the Xzone and E-sports domain, featuring BGMI, Valorant, Call of Duty Mobile, and FC25. Conducted in a hybrid format with online preliminaries and offline knockout rounds, the event brought together gamers from across the country and showcased strategy, teamwork, and competitive gameplay. ***X-Play*** provided aspiring game developers with a platform to showcase their creativity and technical expertise through innovative game design challenges and engaging development stages.

Astralweb Innovate, themed "On This Day, But Make It Cosmic," encouraged participants to develop interactive astronomy-inspired webpages, blending storytelling with modern front-end web development. ***Cognixion*** served as a hub for innovation where students transformed ideas into functional prototypes and impactful technological solutions, while ***Aerospanza*** introduced participants to advancements in aerospace technology, satellite systems, and future space missions.

Visual Vista celebrated creativity and design through challenges involving jersey concepts and album cover creation, allowing participants to showcase their artistic vision and originality. Adding to Aaruush's legacy, the ***Main Quiz*** remains one of the fest's flagship intellectual events, testing participants on knowledge, strategy, teamwork, and quick thinking, while featuring personalities such as Chetan Bhagat, Rajat Kapoor, and Major Chandrakant Nair. ***NXgen Forum*** further strengthened the spirit of innovation by creating a platform for discussions on entrepreneurship, emerging technologies, and future-forward ideas.

ECE ASSOCIATION

Faculty Mentors: Dr. S. Kayalvizhi, Dr. A. Sriram, Dr. S. Praveen Kumar, Dept. of ECE, SRMIST

The ECE Association is an energetic and student-driven organization committed to promoting collaboration and engagement within the department. Striking a balance between technical initiatives and non-technical activities, it serves as a crucial bridge between students and faculty. The association’s primary goal is to nurture a culture of earning, creativity, and recognition within the realm of Electronics and Communication Engineering. Established with a broad vision, the ECE Association organizes a range of events from technical workshops to non-academic programs that enrich both academic and personal growth. It also honors exceptional student achievements, fosters hands-on skill development through practical sessions, and supports a dedicated technical team tasked with showcasing innovative student-led projects.

OPTIZEN

Faculty Mentor: Dr. Shanthi Prince, Dept. of ECE, SRMIST

OPTIZEN is an initiative of the SRM OPTICA Student Chapter aimed at advancing the field of optics and its related technologies. The OPTIZEN group encompasses various domains where students can explore diverse areas of interdisciplinary research, including quantum and atomic optics, optoelectronics, sensors, communication, optomechanics, optical materials, and more. The vision of OPTIZEN is to expose students to the challenges they will face in the field of optics and photonics, foster a supportive environment that promotes out-of-classroom learning experiences, and provide a platform for innovation through practical skills. The group's mission is to organize workshops, seminars, competitions, and outreach activities that expose students to real-world challenges, encourage their participation in various events and competitions, and empower students to overcome obstacles in their learning journey while staying adaptable to the evolving technologies.

TEAM-EMBELLIGENCE

Faculty Mentor: Dr. A. Ruhan Bevi, Dept. of ECE, SRMIST

Team Embelligence is a faculty mentored student association in the Department of ECE to provide opportunity for students to broaden their knowledge of embedded systems programming and its applications. This forum would bring an interaction between the students who have a shared interest in embedded systems. Team Embelligence is a faculty-mentored student association within the Department of ECE, dedicated to providing students with opportunities to deepen their knowledge of embedded systems programming and its diverse applications. This forum fosters collaboration and interaction among students who share a common passion for embedded systems, encouraging learning, innovation, and skill development.

SRM OPTICA (formerly SRM OSA) Student Chapter

Faculty Mentor: Dr. Shanthi Prince, Dept. of ECE, SRMIST

SRM OPTICA (formerly SRM OSA) Student Chapter, under the department of ECE, was officially inaugurated on December 1, 2017. This student chapter, managed by and for students, creates valuable opportunities for professional development. The mission of OPTICA is to promote the generation, application, and archiving of knowledge in optics and photonics, disseminating this knowledge worldwide. Its broad objectives encompass scientific, technical, and educational domains. This chapter has organized a variety of activities aimed at raising awareness and enriching students' understanding of optics. Throughout the year, the SRM OPTICA Student Chapter has successfully hosted a series of guest lectures featuring eminent scientistsin the field of optics, providing members with valuable insights and knowledge shared by the experts.

IEEE Women in Engineering Society Students Branch

Faculty Mentor: Dr. M. S. Vasanthi, Dept. of ECE, SRMIST

IEEE Women in Engineering (WiE)is one of the largest international professional organizations dedicated to promoting women engineers, scientists, and inspiring girls worldwide to pursue their academic interests and careers in engineering. The mission of IEEE WiE–Affinity Group (AG) of the IEEE–SRMIST Student Branch (SB) is to inspire, engage, encourage, and empower women globally. It envisions a vibrant community of women and men collectively using their diverse talents to innovate for the benefit of humanity. This IEEE WiE-AG is active since 2019 and regularly conducts events like Workshops/Seminars-The"Women in STEM" in 2019. Three editions of the International Conference on SDG 5–Gender Equality were held in 2022, 2023, and 2024. Outreach activities involving school children have provided a platform for girls to discuss various topics related to gender equality. Additionally, rallies to spread awareness about gender equality are regularly conducted.

Dr. M. S. Vasanthi, Associate Professor, ECE department, SRMIT-KTR is nominated as treasurer for IEEE MADRAS Section-WiE affinity group for 2025-26.

IEEE SRMIST Electron Devices Society Student Branch Chapter

Faculty Mentor: Dr. Soumyaranjan Routray, Dept. of ECE, SRMIST

IEEE SRMIST Electron Device Society SBC is a professional society at SRMIST underthelEEE Madras Section. It is inaugurated on 1st February 2023 in association with Dept. of ECE, SRMIST and IEEE SRM Student Branch Chapter. The mission of this professional society is to advance the field of electron devices and VLSI by increasing its members' access to and interchange of technical knowledge, publication, education, and recognition, and by raising the profile of the subject in public awareness. The vision of the society is to advance the state of the art in the field of electronic devices for the good of society. Thesociety's fields of interestinclude electron and ion devices in classical and quantum states, VLSI, photo-electronic, electro-magnetic, electromechanical, electro-thermal, and photovoltaic devices. This professional society aims to motivate more students, train them in the field of core electronics and create skilled manpower fortheIndia Semiconductor Mission. Currently, the society has atotal 25 students members, 7 professional Members and 3 senior members associated with this society.

IEEE SSIT SRMIST SBC

Faculty Mentor: Dr. T. Deepa, Dept. of ECE, SRMIST

IEEE Society of Social Implications of Technology SRMIST Student Branch Chapter was established on 9th March 2023 with 36 IEEE student members. The SBC aims to foster interdisciplinary discussions and collaborations among engineers, scientists, researchers, policymakers, and social scientists to address the social, ethical, and policy challenges arising from technological innovation. It recognizes the need for considering the broader impact of technology beyond technical aspects, such as privacy, security, sustainability, equity, and access. We organize conferences, workshops, and events to facilitate knowledge sharing and exchange of ideas on topics related to the social implications of technology. The SBC also engages in educational activities, including the development of resources and curricula, to raise awareness and understanding of the social implications of technology among students and professionals. It collaborates with other

organizations, policymakers, and stakeholders to provide input and guidance on ethical and societal aspects of technological developments.

IEEE SSIT SRMIST SBC is dedicated to addressing the social, ethical, and policy implications of technology. It brings together professionals from various disciplines to foster interdisciplinary discussions and collaborations, promoting the responsible development and use of technology for the betterment of humanity.

IEEE MTT-S SRMIST Student Branch Chapter

Faculty Mentor: Dr. M. Susila, Dept. of ECE, SRMIST

The IEEE Microwave Theory and Technology Society (MTT-S) SRMIST Student Branch Chapter was established to foster interest, learning, and research in the field of microwave theory, techniques and related technologies among students and young professionals. Operating under the IEEE SRMIST Student Branch and IEEE Madras Section, this chapter aims to promote the advancement of microwave engineering through education, technical development, and professional growth.

The mission of the IEEE MTT-S SRMIST SBC is to inspire and empower students in the domains of microwave, millimetre-wave, terahertz, and RF technologies by providing access to global research, professional networking opportunities, and hands-on technical experiences. The society focuses on areas such as antennas, RF/microwave circuits, radar, wireless power transfer, and emerging 5G/6G communication technologies.

The chapter approved in the month of March 2025, will organize seminars, technical talks, design challenges, and workshops in collaboration with leading experts from academia and industry. These events aim to equip students with cutting-edge knowledge and skills in microwave systems design, simulation, fabrication, and measurement. With an interdisciplinary outlook, the society also encourages student-led research projects and fosters collaboration with other IEEE

societies to address practical challenges in wireless communication, biomedical applications, space systems, and IoT.

The IEEE MTT-S SRMIST SBC envisions becoming a vibrant platform that nurtures future innovators and professionals in microwave engineering and contributes to national missions like Digital India, Smart Cities, and 6G communications. The chapter currently includes 11 student members and 1 professional member and continues to grow in strength and impact.

IEEE PHOTONICS SOCIETY

Faculty Mentors: Dr. Vivek Kachhatiya, Dr. Shayna Kumari, Dept. of ECE, SRMIST

The IEEE Photonics Society at SRMIST is an international professional organization dedicated to promoting activities to disseminate knowledge in the broad areas of photonics. We are a group of passionate students who strive to impart enthusiasm and passion for photonics and allied fields among students of ECE. We aim to cater to the various primary needs required to keep pace with the ever-evolving field of photonics. Additionally, the society helps to uncover those key topics that are not part of the regular curriculum.

IEI ECE STUDENT CHAPTER

Faculty Mentor: Dr. S. Dhanalakshmi, Dr. K. Harisudha, Dr. S. Latha, Dept. of ECE, SRMIST

The Institution of Engineers India (IEI)ECE Students Chapter at SRM Institute of Science and Technology, Kattankulathur, has been recognized as an authorized student chapter approved by The Institutions of Engineers (India), Kolkata, since September 2017. Chapter Code: 603203/SRMU/EC. The benefits of being a member of the students'chapter are the following:

Various technical events like seminars, industrial visits, group discussions, technical quiz competitions, workshops and model/poster competitions will be organized throughout the year with the sponsor and banner of IEI.

An Annual Students' Convention with a Seminar on a topical subject and Technical

Session will be conducted to provide a platform for presentation of technical papers and building fellowship and opportunities for networking with peers and senior members of the Institution. Opportunities to participate in technical events e. g. Seminars, Symposia, Conventions, Workshops, etc., organized by various IEI centres at State, National and International levels at a concessional rate of 20%. Scholarships for selected student members are awarded by IEI, along with R&D grants.

IETE STUDENTS FORUM(ISF)

Faculty Mentor: Dr. S. Krithiga, Dept. of ECE, SRMIST

IETE Students Forum (ISF)–is a student chapter of the Institution of Electrical and Electronics Engineers (IETE)professional society in the Department of ECE, SRMIST, Kattankulathur. It was established in 2013 and currently has a student strength of 52. The main objective of ISF is to counsel the students in the emerging new opportunities and improvise the standard of Engineering Education. This forum encourages and motivates the students to organize/attend various technical programs, special lectures, workshops, project exhibitions and seminars thereby gain engineering knowledge and benefit the society. It also facilitates technical visits, project work, and interactions with industries and academic institutions. Students benefit from priority in publishing their papers in the Journal of Education and have access to other publications such as the IETE Journal of Research and IETE Technical Review. ISF members can attend IETE technical programs across India at reduced registration fees.

The ISF of the ECE department received the EMERGING ISF award from the IETE Chennai Centre for the year 2023–24.

ISTE Students Chapter

Faculty Mentor: Dr. P. Eswaran, Dept. of ECE, SRMIST

The Indian Society for Technical Education (ISTE) is the leading national professional, non-profit organization dedicated to strengthening the technical education system in our country. Its motto focuses on the career development of teachers, the personality development of students, and the overall advancement of technical education.

The major objectives of the ISTE include providing quality training programmes to teachers and administrators of technical institutions to update their knowledge and skills, assisting in the production and development of top-quality professional engineers and technicians needed by the industry and other organizations and providing guidance and training to students to develop better learning skills and personalities. SRMIST is an institutional member of Indian Society for Technical Education, since 2004 and organised many events for students and faculty development. SRMIST–ISTE Student Chapter (TN-396) is affiliated with the ISTE-Tamil Nadu Section, currently has over 2000 active student members.

THE CAMBER RACING TEAM

Faculty Mentor: Dr. Leenus Jesu Martin & Mr. M. Jerome Stanly, Dept. of Automobile Engineering., SRMIST

Camber Racing is the official Formula Student Combustion team of SRMIST. It comprises of 40 undergraduate students from a broad range of engineering disciplines, who apply their collective intelligence to engineer an open wheel race vehicle. The team participates in various national and international design competitions organized by the Society of Automotive Engineers (SAE), namely Formula Bharat and Formula Student Germany. From the conception in 2009, the team has been passionate about learning and creating the ultimate racing machine. Their achievements and prototypes created over the past 7 years can be viewed in the following link: *http://www.srmist.edu.in/camberracing/index.htm.*

THE CONRODS

Faculty Mentor: Dr. P. Baskara Sethupathi, Dept. of Automobile Engineering, SRMIST

The Conrods is the official BAJA SAE Off-Road Racing team of SRMIST, Kattankulathur Campus. Comprised of 25 dedicated and passionate undergraduate students from a wide range of engineering disciplines, the team serves as a training ground for future leaders who have already made their mark in motorsports. In association with the Society of Automotive Engineers (SAE), India chapter, The Conrods promotes engineering excellence.

Established in 2008, the team regularly participates in BAJA SAE events at both national and international levels. These events foster healthy competition and provide students with opportunities to expand their technical knowledge and skills while enjoying the thrill of motorsports. Students are encouraged to apply classroom concepts to develop creative and innovative designs. The hands-on experience gained through participation gives team members a competitive edge as they transition into the industry.

4ZE RACING

Faculty Mentor: Dr. Leenus Jesu Martin, & Dr. T. Praveenkumar Dept. of Automobile Engineering, SRMIST

The name‘4ZE’stands for “FOR ZERO EMISSION”4ZE Racing is the official student Formula Electric racing team of SRMIST, comprising 60 highly dedicated undergraduate students passionate about engineering and innovation. The team is committed to energy efficiency and the development of sustainable technologies. Entirely student-managed, 4ZE Racing operates through three domains-Mechanical, Electrical, and Corporate-which collaborate to design, build, and race their vehicle at a global level.

The initiative began in 2012, when a group of students set out to apply their academic knowledge to build a non-polluting vehicle. Since then, the team has participated in prestigious international competitions such as Formula SAE(FSAE), competing alongside world-class teams.

SRM SAE Collegiate Club

Faculty Mentors: Dr. M. Cheralathan, & Dr. P. Baskara Sethupathi, Dr. R. Murugesan, School of Mechanical Engineering, SRMIST

The SRM SAE Collegiate Club organizes events each semester to provide budding engineers with a platform to showcase their skills and apply concepts learned in the classroom. The club also conducts various workshops and seminars to keep students informed about the latest trends in the fields of automotive, aerospace, and advanced mobility. Members enjoy the privilege of joining this esteemed global organization and gain access to SAE research papers. Additionally, students receive the latest industry insights through the monthly SAE newsletter.

INFIEON SUPERMILEAGE

Faculty Mentor: Mr. S. Logeshwaran, Dept. of Automobile Engineering, SRMIST

Infieon Supermileage, established in 2012, is the official team of SRMIST participating in the Shell Eco-Marathon. The team comprises students from various engineering disciplines who have come together to build highly fuel-efficient vehicles. They also aim to promote the message of "Fuel and Energy Conservation" through campaigns across the country. Believing in continuous learning, the team's motto is" Journey is the Destination! "The official Super mileage Team of SRMIST, Chennai designs, fabricates, and tests ultra-fuel-efficient prototype vehicles to compete in Shell Eco-Marathon Asia. For more information, visit

ENIGMATIC PLODDER

Faculty Mentor: Mr. S. Madhan Kumar, Dept. of Automobile Engineering, SRMIST

Enigmatic Plodder is the Official Quad Bike team of SRMIST, Kattankulathur, Chennai. Enigmatic Plodder, formed in 2014, is the result of zeal and determination of engineering students who wanted to create a difference. The student run, non-profit team specializes in the development, design and fabrication of All-Terrain Vehicles also known as Quad Bikes, and takes part in national competitions, namely Quad Bike, Design Challenge and Quad Torc. The team ensures its evolution by

designing each of its vehicle with changes and significant improvements over its predecessor.

TEAM FULL THROTTLE

Faculty Mentor: Mr. D. Boopathi, Dept. of Automobile Engineering, SRMIST

The team was founded in 2013 through the dedicated efforts of passionate enthusiasts eager to gain practical, hands-on understanding of how automobiles operate in real-world conditions. While striving to build a small vehicle, the team also aims to foster a proactive work environment that encourages young talent and provides an ideal platform for showcasing their skills.

Focusing on simplicity and effectiveness, the team targets the broader public as its audience within the motor sports arena. Consequently, Go-Kart championships have been chosen as the team's core focus.

The team actively prepares to participate in the International Go-Kart Championship (IGC), organized by the SAE Collegiate Club of Lovely Professional University. IGC is recognized as the second-largest Go-Kart event after the NGKC, which has been recently renamed the Go-Kart Design Championship (GKDC).

IET-IOT CLUB

Faculty Mentor: Dr. Revathy Venkatraman, Chairperson, School of Computing, SRMIST

The objectives of the club are

- To create a series of activities which will lead to the acquisition of IOT skill set for the students of our University
- To build a capable and talented start-up community and entrepreneurial ecosystem for IoT
- To provide an ecosystem for innovation to thrive and embrace entrepreneurship
- To energize research mindset and reduce costs in Research and Development by providing neutral and inter-operable, multi-technology stack laboratory facilities

- To reduce import dependency on IoT components and promote indigenization
- To provide environment for product Creation, Testing and algorithms for Validation and Incubation
- To create innovative applications and domain capability across verticals for the country's needs such as Smart City, Smart Health, Smart Manufacturing, Smart Agriculture, etc.

TEAM RECON SUBSEA

Faculty Mentor: Dr. G. Y. Rajaa Vikhram, Dept. of EIE

Team Recon Subsea is SRMIST's official ROV team. Located in the Kattankulathur Campus on the outskirts of Chennai, Recon Subsea is a 25-member team of budding tech enthusiast engineers from various backgrounds working towards the objective of popularizing the growing field of marine technology within the campus and beyond. What started as a major project by SRM alumnus Mr. Tony Phillips is now a fully established Marine Research Team.

Recon Subsea has a standard domain-wise structure common among college teams. The students are divided into five domains: Coding, Electronics and Power Systems, Mechanical, Corporate, and Graphic Design.

Recon Subsea's primary objective is to participate in the MATE ROV Challenge held annually in the USA. Since 2018, the team has built ROVs for the yearly problem statement and participated in the regional competitions. The team traveled to Indonesia with their first major project called Rusty. They achieved 4th position in the ASEAN regional competition.

The following year, in 2019, when the Regionals were held in Mumbai, India, the team manufactured their second major robot called Varun. This robot, along with the team that accompanied it, secured second position nationwide. They also won the Innovative Design Award, highlighting the progress they had made in the previous year. The team used the experience and technical know-how gained from this competition to publish their first research paper, titled Floatbox: An innovative approach to designing methodology for remotely operated underwater vehicles.

SRM RUDRA

Faculty Mentor: Dr. A. Rathinam, Dept. of EEE

RUDRA is the official Mars Rover team of SRM Institute of Science and Technology, participating in the University Rover Challenge (URC)organized by the Mars Society at MDRS, Utah, USA, since 2013(https: //www. srmrudra. com/team-page), Kattankulathur. Our team consists of over 30 undergraduate students from various disciplines of Engineering and Technology, ranging from first-year to final-year students, with the aim of developing a Mars Rover that meets international standards for the University Rover Challenge and similar competitions.

The team's primary focus is excelling in the University Rover Challenge, which is a premier international robotics competition and the leading Indian space robotics competition for space exploration. Over the years, RUDRA has achieved the following positions at the URC

URC 2013: World Rank: 5th Asia Rank: 1st

URC 2014: World Rank: 5th Asia Rank: 1st

URC 2015: World Rank: 12th Asia Rank: 2nd

URC 2016: World Rank: 9th Asia Rank: 1st

URC 2017: World Rank: 20th Asia Rank: 2nd

URC 2019: World Rank: 11th Asia Rank: 2nd

IRC 2020: World Rank: 3rd, Asia Rank: 1st

The EEE Association

The Electrical and Electronics Engineering Association (EEEA)was established in 2004 to foster a sense of community among students and faculty within the department. All the students and faculty in the department are members of EEEA. The association operates under the leadership of annually elected office bearers who oversee its activities and initiatives. The primary objective of the EEEA is to cultivate the managerial and leadership skills of its members. To achieve this, the association organizes a variety of events throughout the academic year. These events, encompassing technical and non-technical domains, serve as platforms for students to develop and showcase their abilities. Technical events may include

design competitions, hackathons, seminars, workshops, etc. Meanwhile, non-technical events could focus on tours, sports, cultures, etc.

By participating in the activities organized by the EEEA, students have the opportunity to gain practical experience in event planning, coordination, and execution. These experiences not only complement their academic studies but also contribute to their personal and professional growth. Additionally, the association plays a crucial role in promoting a sense of camaraderie and collaboration among members of the department, fostering a supportive environment for learning and development.

Energy and Fuel Users Association of India (ENFUSE)

Faculty Mentors: Dr. C. Naveen, Dr. C. Subramani and Dr. B. Vinothkumar, Dept. of EEE

Energy and Fuel Users Association of India (ENFUSE)is an NGO representing a wide spectrum of Indian Organisations who are producers and users of all forms of energy. It was formed in 1950 as a voluntary and non-profit organization that seeks to maximize the effectiveness of energy and fuel usage. The ENFUSE student chapter was inaugurated in the Department of Electrical and Electronics Engineering, SRM IST on 14 March 2018. Its primary commitment aims at creating awareness on efficient energy management by conducting conferences, seminars, workshops and training programs in different regions of the country every year.

ENFUSE periodically conducts seminars, workshops, and conferences which are nationally and internationally recognized by the eminent industrial experts and academicians. The following are the key benefits of the ENFUSE members:

- Regular industrial visits to obtain experience in real-time situation.

- Opportunities to meet professionals from core companies periodically.
- Hands-on project work with industries and overseas Universities
- Opportunities to collaborate with leading overseas universities
- A strong network of contacts of core company officials which could help increase the chances of getting a career in core companies

IEI Students'Chapter

Faculty Mentors: Dr. C. Balaji and Dr. A. Dominic Savio, Dept. of EEE

The Institution of Engineers (India)[IE(I)], headquartered in Kolkata, aims to promote the needs of the student community, act as a platform to connect with global engineers, and actively encourage R&D programs through various promotional aids. It also supports many activities such as lectures, seminars, symposia, workshops, and other educational programs.

SRM Institute of Science and Technology has been nurturing academic excellence in young minds by encouraging and promoting student chapters of various technical societies. This led to the formation of the SRM-IE(I)EEE Students' Chapter. The Institution of Engineers (India)IEEE Students Chapter at SRM Institute of Science and Technology, Kattankulathur, is recognized as an authorized student chapter and is officially approved by the Institution of Engineers (India), Kolkata.

SRM Marine Technological Society

Faculty Mentor: Dr. J. Preetha Roselyn, Professor, Dept. of EEE

It is a proud moment to mention SRMIST is the first Indian university to start Marine Technology Student Chapter in India on 22 August 2016. Dr. R. Venkatesan is the Secretary and Mr. R. Nandakumar is the Treasurer of MTS India Section. The SRM chapter is awarded the MTS Outstanding Student Section Award for the year 2019 in the United States of America, based on its superior performance in the advancement of society's objectives, including electrical engineering applications in marine sciences and societal benefit activities. SRM MTS Student Chapter has out performed international student chapters like Massachusetts Institute of Technology, University of Washington, North Carolina State University and others.

The chapter has 35 active student members and a faculty mentor. It is very active in organizing technical workshops, competitions for college and school students, school awareness camp in marine-related fields and sessions on the latest technical developments. Over the past three years, student chapter members have been awarded six international scholarships. The chapter has also actively volunteered in many activities by MTS India Section. .

IPowerE Student chapter

Faculty Mentors: Dr. D. Suchitra and Dr. R. Ramya, Dept. of EEE

The Institution of Power Engineers (IPowerE) was formed in 2019 with the aim of being the leading independent professional body for power engineers, and to play a key role in training, developing, and representing industry. The institution's mission is to serve the members and the industry by encouraging the sharing of knowledge in the field of power and energy and to advance conceptual thought, design, development, manufacture, application, operation and maintenance of power and energy plants and systems.

The SRM Institute of Science and Technology became an institutional member of IPowerE professional society in 2022. Dr. K. Vijayakumar, Professor is the Lead Member of IPowerE professional society at SRMIST. The IPowerE student chapter was inaugurated in the Department of Electrical and Electronics Engineering, SRMIST on 30 October 2023.

The mission of IPowerE student chapter is to educate the students to become better practicing engineers to meet global excellence, to provide better environment through the latest developments in Power and Energy sector involving problem solving, design, practice, and training and to motivate the graduates to become good leader, designers and researcher through industry-oriented trainings with social and ethical responsibilities.

IoT Alliance Club (Electrical Division)

Faculty Mentors: Dr A. Geetha and D. Karthikeyan, Dept. of EEE

IoT Alliance Club–Electrical Division is an AICTE'SPICES' funded student club of SRM Institute of Science and Technology that revolves around the world of Embedded Systems and Internet of Things. Our team encourages research and product development, while reaching out to students through workshops and internships with the aim of sharing knowledge. This club is redefining the faculty, alumni and junior connect to a new dimension. It is an initiative to help students to become better at developing the Internet of Things (IoT) focused more on real-world applications. The club provides the opportunity to collaborate with the Department of Networking and Communications to support software development, and freelance projects for companies and collaborate together. A diverse range of workshops, projects, and industry visits have been meticulously organized for electrical engineers and enthusiasts, covering various facets of IoT, sensor technology, and industry insights.

Few of the achievements made by the active members of the IoT Alliance Club (Electrical Division) are,

- Journal Articles and Patents Publications by the students.
- Students' participations in many project expos, hackathons, ideathons and winning prizes and medals.
- Internship opportunities to students in Core Industries.
- Placement opportunities to students via club activities.

BIS Student Chapter EEE

Faculty Mentors: Dr. R. Ramya and Dr. N. Kalaiarasi, Dept. of EEE

The Bureau of Indian Standards (BIS) Student Chapter was established in the Department of Electrical and Electronics Engineering at SRM Institute of Science and Technology on 11 November 2023 with the objective of promoting awareness and understanding of standards, quality assurance, safety, and conformity assessment among students. The chapter was initiated to create a strong standards culture in academia and to emphasize the importance of standardization in

engineering education, industrial practices, innovation, and sustainable development.

The BIS Student Chapter serves as a platform for students to gain knowledge about national and international standards and their applications in engineering and technology. The chapter actively encourages students to understand the role of standards in ensuring product quality, reliability, consumer safety, environmental sustainability, and regulatory compliance across various engineering sectors. Currently, the chapter has 123 active student members who actively participate in standards-related learning and professional development activities.

The mission of the BIS Student Chapter is to develop technically competent and socially responsible engineering graduates with a strong foundation in quality practices and standardization principles. The chapter aims to bridge the gap between academia and industry by organizing expert lectures, workshops, awareness programmes, industrial interactions, competitions, training sessions, and technical activities related to standards and compliance. It also motivates students to engage in innovation, research, and sustainable engineering practices while fostering leadership qualities, ethical values, and problem-solving abilities.

Through its activities and initiatives, the BIS Student Chapter provides students with opportunities to enhance their technical knowledge, professional skills, and awareness of quality culture, thereby preparing them to contribute effectively to industry, society, and national development.

SRM ASV (SRM Autonomous Surface Vehicle) Team

Faculty Mentor: Dr. K. Sivanathan, Dept. of Mechatronics Engineering

The team works on building an aquatic boat capable of autonomously performing various missions on the water's surface. Due to the boat's complex dynamics, it presents significant challenges in control and navigation. Key research areas in Autonomous Surface Vehicles (ASVs) include perception, sensor fusion, autonomous control, communication, and more. Since its inception, the team has developed several variants of ASVs with different capabilities. While the ultimate mission is to develop the ASV as a commercial product, the team actively

participates in the annual international Roboboat Competition organized by the AUVSI Foundation. The team secured 2nd place in the Static Judging phase of the International Roboboat Competition 2016 held in USA.

Team Auto-Creed Racing

Faculty Mentor: Dr. S. M. Vignesh, Dept. of Mechatronics Engineering

Team Auto-Creed Racing focuses on fabricating electric racing go-karts. Electric vehicles are the future and represent a commitment to sustainable development. Auto-Creed Racing is a venture started at SRMIST in 2015. It is home to the first electric go-kart at the university. Auto-Creed Racing is a motorsport racing team that envisions bringing a clean version of go-kart racing to the competitive college racing scene. With its genesis in 2015, Auto-Creed Racing comprises a team of dedicated individuals working towards integrating strong and innovative engineering practices into manufacturing. Having built the team from the ground up, it has now evolved into a group determined to continue its winning streak and progress into the multifaceted world of motorsport racing.

NWC ASSOCIATION

Faculty Mentor: Dr. Nimala. K, NWC, SRMIST

The Networking and Communications (NWC)Association is a student-run organization at SRM Institute of Science and Technology (SRMIST). It operates under the Department of Networking and Communications and serves students who are pursuing courses in Information Technology, Internet of Things (IoT), Computer Networking, Cybersecurity, and Cloud Computing. The main goal of the association is to provide a platform for students to explore their interests in these fields, develop technical and leadership skills, and prepare for successful careers in the fast-changing world of technology. The association encourages students to go beyond classroom learning by involving them in research, technical innovation, and collaborative projects. It organizes a wide range of events and activities, both technical and non-technical, to help students apply what they learn in real-world scenarios.

The NWC Association goes beyond traditional learning, offering students a unique

platform to actively engage with the latest trends, tools, and technologies used in the industry. By collaborating with like-minded peers, students can develop critical problem-solving skills and learn how to apply theoretical knowledge to real-world challenges.

dBug Labs Club

Faculty Mentor: Dr. Arun. A, NWC, SRMIST

dBug Labs is the official student-led technical community at SRMIST, dedicated to nurturing innovation, technical skills, and collaborative learning among students. As a hub for coding enthusiasts, designers, and tech explorers, dBug Labs actively organizes a widerange of events and workshops to bridge the gap between academic learning and real-world applications. Our initiatives include flagship events like La Casa De Flutter, No Way Web, and specialized sessions on Artificial Intelligence, Machine Learning, and Cybersecurity. Through hands-on workshops, Capture The Flag (CTF)competitions, hackathons, and tech talks, we aim to cultivate a culture of learning, experimentation, and teamwork. At dBug Labs, we believe that true learning happens beyond textbooks. By working on real projects, participating in technical challenges, and collaborating with industry professionals, our members develop not just technical expertise but also critical problem-solving and leadership skills.

GeeksforGeeks Club

Faculty Mentor: Dr. Meenakshi. K, NWC, SRMIST

GeeksforGeeks SRMIST is a student-led community at SRM Institute of Science and Technology, KTR dedicated to promoting a culture of coding, collaboration and continuous learning. Affiliated with the renowned GeeksforGeeks platform, our club serves as a launchpad for passionate learners, explorers and developers to explore, build, and share knowledge in the world of computer science, technology and innovation.

We envision a vibrant ecosystem where students can bridge the gap between

academic theory and real-world application through collaborative learning andthe organization of all-domain events. Our goal is to empower students by equipping them with the tools, skills, and confidence to solve modern-day challenges through skill development and mentorship by experts. We emphasize hands-on learning, peer-to-peer mentorship, and community-driven growth.

We organize interactive workshops, technical sessions, hackathons, ideathons and internal club events to foster innovation and build strong relationship among the club members that dive deep into industry-relevant tools and technologies. Whether a student is a beginner or an advanced coder, there's something for everyone in our community. Some of our recent initiatives include:

Docker for Geeks–A beginner-friendly workshop demystifying containerization and DevOps tools.

GraphQL Workshop–A deep dive into API development with modern GraphQL techniques and best practices by industry experts.

Since we are the collaborators with the GeeksforGeeks, we also host coding competitions, project showcases, and knowledge-sharing meetups, creating a well-rounded tech experience for all members in all fields.

GITHUB COMMUNITY SRM

Faculty Mentor: Dr. Muruganandam S, NWC, SRMIST

GitHub Community SRM serves as the official student-led initiative championing the Open Source movement at SRM Institute of Science and Technology, Chennai. As an authorized affiliate of GitHub, we operate under the SRMIST-KTR GitHub Organization to consolidate all research papers and projects developed within our institution under a unified, official banner.

Our community has successfully organized numerous impactful events to propagate the open source movement, promoting awareness and expertise, including OSSome Hacks, Skilltober, WomenInTech, and Unhashed. Through our

strategic partnership, both faculty and students now enjoy access to premium enterprise features, with students gaining eligibility for valuable GitHub Externship opportunities.

We are proud to announce that we recently hosted our flagship event, "OSSome Hacks, "an invigorating hackathon designed to encourage innovative solutions to real-world problems using open-source software and frameworks. Our team comprises dedicated undergraduate students committed to elevating this community to unprecedented heights. We continually seek passionate, motivated students eager to contribute to our mission and grow with us.

MICROSOFT LEARN STUDENT AMBASSADORS

Faculty Mentor: Dr. Deepa N, NWC, SRMIST

Microsoft Learn Student Ambassadors SRM (MLSA SRM) is a student-led tech community that was founded in 2014 and has now proudly completed eleven years of inspiring innovation, collaboration, and peer learning on campus. Backed by Microsoft, this community is driven by a team of passionate students who love to build, share, and grow together in the world of technology.

MLSA SRM focuses on empowering students with the tools and knowledge needed to thrive in today's tech landscape. Whether it's cloud computing, web development, design, AI, or open-source, we aim to make learning accessible, fun, and hands-on. Our events are designed to bring students of all skill levels together to learn byand to make meaningful connections.

One of our most successful and large-scale initiatives is Resonate, our flagship 48-hour online hackathon. We also hosted the FUES–Figma User Experience Summit, an event aimed at exploring the art of UI/UX design using Figma at an industry level. Additionally, we conduct an internal ideathon called Think Tank, where our members brainstorm about upcoming technologies and how they can be practically implemented to solve real-world problems. At MLSA SRM, we believe that learning is best when shared. With our amazing team, supportive mentors, and a growing

network of tech enthusiasts, we're committed to helping students turn ideas into action and passion into a profession.

TEAM SRM HACKATHON

Faculty Mentors: Dr. M. Safa, Dr. Saranya, NWC, SRMIST

TEAM SRM HACKATHON is an official student-led innovation and development community under the Department of Networking and Communications, School of Computing, at SRM Institute of Science and Technology (SRMIST), Kattankulathur Campus. The club is committed to fostering a tech-driven culture by encouraging students to solve real-world problems through collaborative coding, design thinking, and product development.

Over the past year, the club has hosted a series of impactful events that have brought together innovators and creators from diverse domains. We kicked off with Semicolon 10.0, a competitive coding contest that saw strong participation and was proudly sponsored by Unstop. This was followed by one of our flagship events, Ideathon 5.0, where students showcased innovative ideas and collaborated to create meaningful prototypes. The highlight of our calendar was Hackathon 9.0, which was a massive success. With a wide range of themes and domains, this event attracted hundreds of participants from across the country. Our title sponsor, Nyalazone. ai, added immense value to the hackathon, awarding prizes worth over ₹2 lakhs, significantly raising the stakes and engagement.

TEAM SRM HACKATHON focuses not only on technical growth but also on building leadership, teamwork, and communication skills. By collaborating with industry experts, faculty members, and alumni, we provide hands-on learning experiences in emerging fields like AI, Healthcare, Blockchain, Cybersecurity, Sustainability, and Open Source development. Our mission is to bridge the gap between classroom knowledge and real-world application. We aim to empower students by giving them

a platform to explore, ideate, and innovate. Through our events and workshops, we continue to nurture a vibrant community of passionate developers, designers, writers, and visionaries.

NETWORKING NEXUS SRM

Faculty Mentor: Dr. Murugaanandam S, NWC, SRMIST

In the ever-evolving landscape of technology, student engagement has become more vital than ever before. Recognizing the pressing need for hands-on experience and exposure to real-world challenges, Networking Nexus SRM was founded by a group of dedicated and like-minded students at SRM Institute of Science and Technology, Kattankulathur. The initiative was born out of a desire to bridge the gap between theoretical knowledge and industry-grade project development, with the goal of nurturing a generation of innovators, developers, and creators who are ready to meet the demands of the tech industry with competence and confidence.

Networking Nexus SRM functions as a student-led technical community that places a strong emphasis on the fields of Internet of Things (IoT)and Cloud Computing. The organization encourages learning through practical engagement and fosters a collaborative environment where students from diverse domains come together to share knowledge, explore new ideas, and build impactful projects. Through structured mentorship, interdisciplinary teamwork, and a focus on domain-specific development, Networking Nexus SRM aims to create a technically enriched and experience-driven community that empowers students to grow both personally and professionally.

The community's flagship initiative, ESP_Explore, is a series of events designed to provide immersive exposure to industry-relevant technologies. ESP_Explore. v1 introduced students to core IoT concepts through hands-on workshops, insightful tech talks by professionals, and student-led project demonstrations. Building on this momentum, ESP_Explore. v2 expanded the scope and scale of participation with a multi-track format that included a competitive hackathon, a project expo, and a dynamic tech roadshow. These events attracted significant attention from peers,

faculty, and sponsors, further establishing Networking Nexus SRM as aleading platform for student innovation and excellence.

Newton School Coding Club SRM

Faculty Mentors: Dr. H Karthikeyan, NWC, SRMIST

NSCC SRM, founded in November 2022, has grown from a small initiative into a thriving hub of over 250 passionate students. United by a shared love for coding and technology, our members are constantly empowered to push the boundaries of what's possible. With a mission to promote excellence in coding, problem-solving, and creativity, we aim to be the springboard for the next generation of tech leaders. NSCC SRM is never just about coding; itis about creating a space where dreamers, developers, and disruptors could come together. A place where it's okay not to know everything but never okay to stop learning. Where innovation is the currency, and growth is the ultimate goal.

From those early brainstorming sessions and sleepless nights preparing events to becoming a family of over 5, 700 followers on Instagram, with hundreds of regular participants, NSCC SRM has built something beyond just a coding club. We've created a culture. A culture of growth, creativity, and relentless pursuit of excellence. We began with courage. We developed with grit. And we shone brightly with our flagship hackathon, HackNova, an event where ideas became reality and coders transformed into creators. Idea Nova followed, a platform for wild ideas to take center stage, while deCODE Hour merged excitement with intellectual rigor. Each session wasn't just an event, it was a milestone, a test, and a triumph. But what truly makes NSCC SRM stand out? It's not the number of followers or the accolades we've earned. It's the people, the late-night debug sessions, the messages of triumph when we solve complex problems, and the spirit of collaboration that drives us forward. We're more than just a club; we're a community, a movement.

Think Digital SRM

Faculty Mentor: Dr. G. Sujatha & Dr. K Venkatesh, NWC, SRMIST

Think Digital SRM is the official student-led multidirectional upskilling and tech innovation community at SRMIST, Chennai. It serves as a platform for students to engage in hands-on learning, real-world collaboration, and skill-based growth across various domains in technology and innovation.

Westrive to bridge the gap between academic concepts and industry-ready skills through practical experiences and curated initiatives. Think Digital SRM has organized multiple events and programs to promote growth, leadership, and problem-solving. Some of these include Biznovate where studentstackle case study challenges; Think Digital Grid, which aims to innovate in open source; and the Think Digital Summer of Code.

Faculty and students of SRMIST benefit from a collaborative environment that encourages creativity, critical thinking, and technological exploration. Think Digital SRM continues to foster a culture of innovation and continuous learning through collaborations, expert sessions, and student-led impact projects.

We are a team of highly dedicated undergraduate members working to take this community to greater heights, and we are always looking forward to recruiting highly motivated and curious individuals.

IoT Alliance Club

Faculty Mentor: Dr. M. Safa and Dr. Saisanthiya, Department of NWC, SRMIST

IoT Alliance is the official student-led community at SRM Institute of Science and Technology (SRMIST), Chennai, dedicated to advancing technological innovation and interdisciplinary collaboration in the fields of Embedded Systems and the Internet of Things (IoT). Affiliated with the Department of Networking and Communication (NWC), the club fosters practical learning, technical excellence, and community engagement through hands-on workshops, tech talks, and real-time collaborative projects.

Founded in 2014 by Dr. Kayalvizhi Jayavel under the AICTE SPICES Scheme, IoT

Alliance started as an initiative to offer internships in embedded systems. It has since evolved to embrace the growing trends in IoT, bringing together students, faculty, and alumni in a dynamic ecosystem of innovation and mentorship.

Key Initiatives and Events:

- Flex-It-Out Hackathon: A 36-hour flagship hackathon encouraging participants to develop real-world, tech-driven solutions.
- Global Product Development Ideathon–2023: Organized by the IoT Alliance (Electrical Division), this event was a major success, offering a platform for student innovation and collaboration, while strengthening networking among participants.
- Workshops and Internships: Regular technical sessions and internship opportunities offered to enhance student learning and bridge the gap between theory and practice.

The club serves as a hub for student researchers and developers, promoting product development and innovation. It supports knowledge sharing through educational outreach and is backed by alumni mentors and the Department of Information Technology, SRMIST. The IoT Alliance has successfully completed and deployed several projects and continues to work on many more.

TEAM CENTINELS

Faculty Mentor: Dr. Balaji Srikanth, Dept. of NWC

TEAM CENTINEL is a dynamic, student-led initiative at SRM Institute of Science and Technology (SRMIST), operating under the Department of Networking and Communications. Dedicated to the domains of Cybersecurity, Ethical Hacking, Digital Forensics, and Network Security, the team serves as a hub for students passionate about protecting the digital world and staying ahead in the rapidly evolving tech landscape.

Under the inspiring leadership of Mr. Raghunath V M, and guided by experienced faculty with both academic and industry expertise, TEAM CENTINEL is committed to the all-round development of its members. The team encourages students to

push beyond classroom boundaries, engaging in hands-on cybersecurity practices, research, and technical innovation.

TEAM CENTINEL regularly organizes a spectrum of events—both technical and non-technical—including Control All Secrecy, Cyber Jakurtha Divas, Mobile Security Workshops, Capture the Flag (CTF)competitions, and Code Craft Chase. These events are crafted to sharpen skills, foster collaboration, and simulate real-world cyber-security challenges.

With a mission to cultivate technical expertise, leadership, and a sense of ethical responsibility, TEAM CENTINEL stands as a pillar of innovation and vigilance, empowering students to become the cyber defenders of tomorrow

Some of the key events include: Technical Workshops, Hackathons, Ideathons, CTF(Capture The Flag) competitions, and faculty-led sessions on leadership.

Our Functional Domains: Cyber Squad, Software Geeks, Web Dev, Creatives, Corporate.

180 Degrees Consulting–SRM Kattankulathur Chapter

Faculty Mentor: Dr. L Anand, Dept. of NWC

180 Degrees Consulting is the world's largest student-led consultancy, operating in over 35 countries with a mission to drive social impact through innovative, actionable solutions. Our SRM Kattankulathur (KTR)chapter was launched in March 2023, and in just a short span, we've grown into a 50-member strong, interdisciplinary team of highly motivated student consultants. At 180DC SRM KTR, we believe in impact with integrity. We specialize in consulting for social enterprises, nonprofits, and mission-driven startups—but we don't stop there. We also engage in paid consulting projects, extending our services to clients across India and internationally, allowing us to blend purpose with professionalism. As a part of the global 180DC network, we collaborate with chapters from Australia, Singapore, Africa and Europe, gaining exposure to international consulting practices and participating in joint projects and competitions. Our consultants are trained in frameworks used by top-tier firms like McKinsey, BCG, and Deloitte, giving our clients and team members access to global consulting standards. We offer

customized solutions in areas such as business strategy and growth, market research and entry plans, digital transformation and social media strategy, impact evaluation and measurement, and financial and operational planning. Our client base includes NGOs, emerging startups, eco-tech firms, educational initiatives, and more.

Each project is driven by a dedicated team of consultants, led by a Project Leader and mentored by a Senior Consultant. Our engagements run for 8–12 weeks, ensuring deep research, tailored strategies, and measurable outcomes. We also conduct internal workshops, alumni mentoring, and leadership development bootcamps to upskill our members continuously.

Key Achievements:

- Delivered 8+successful client engagements in under a year—both unpaid and paid
- Onboarded clients from Delhi, Mumbai, Chennai, Bangalore, and Assam.
- Facilitated cross-chapter collaborations and built relationships with leading chapters globally.
- Hosted impact workshops and strategy sprints for social innovators.

Our Vision:

To be recognized as India's leading student consultancy—one that not only serves but transforms the social impact ecosystem by empowering organizations to scale and sustain their missions effectively.

Institute of Engineers (India)–IE(I)Students'Chapter

Faculty Mentor: Dr. S. A. Angayarkanni, Dept. of NWC

The Department of Networking and Communication at SRM Institute of Science and Technology has been recognized as an authorized student chapter under The Institution of Engineers (India)[IE(I)], Kolkata, since January 2025. With the chapter code 603203/SRMU/NWC, the IE(I)NWC Student Chapter functions under the Computer Science Division of the IE(I)Kattankulathur Local Centre.

The IE(I)Student Chapter provides an excellent platform for engineering students to bridge the gap between academics and industry. Through seminars, workshops,

expert talks, and training sessions, students can develop their technical knowledge, leadership skills, and professional networks. Members also gain access to exclusive resourcessuch as technical journals and magazines, keeping them updated with the latest industry trends. Opportunities to participate in competitions, project exhibitions, and research activities further promote innovation, creativity, and problem-solving skills. Industrial visits and guidance from industry professionals help prepare students for real-world challenges. Additionally, the certifications and memberships offered through IE(I)enhance students'academic and professional profiles, giving them an edge for higher education and global career opportunities.

For faculty members, the IE(I)Student Chapter offers avenues for professional development and academic engagement. It enables faculty to collaborate with industry experts, organize and participate in technical events, and stay connected to the latest advancements in technology and research. Faculty members also have the opportunity to mentor students on innovative projects, contribute to technical publications, and engage in consultancy work. Networking with academic peers and industry leaders across the country opens doors for interdisciplinary research and academic collaborations.

Overall, the IE(I)Student Chapter significantly strengthens the industry-academia connection, ensuring that the department remains aligned with emerging technologies and standards. As the Department of Networking and Communication offers multiple specializations in Computer Science and Engineering, this chapter acts as a strong platform to elevate the department's academic reputation, support accreditation processes, and enhance visibility within the wider engineering and professional community.

SRM ACM Simple Interest Group on Applied Computing (SIGAPP): Your Gateway to the Future Student Chapter

Faculty Mentor: Dr. Vaishnavi Moorthy, Dept. of NWC

SRM ACM SIGAPP aims to empower the Generation Z of tech professionals with invaluable opportunities to excel in the dynamic world of applied computing.

The SIG strives to:

- Elevate Your Skills: Enhance your communication and technical skills, equipping you with the tools you need to thrive in your future applied computing career.
- Build Your Network: We believe in the power of community. We create a strong network of like-minded students, providing a supportive environment for collaboration and growth.
- Connect You with Industry: Bridge the gap between academia and industry by connecting with seasoned professionals at advanced technological frontiers, offering invaluable networking opportunities to expand your STEM horizons.
- Ignite Innovation: Foster a vibrant culture of innovation and entrepreneurship, encouraging you to think creatively and develop groundbreaking solutions.
- Champion Ethical Practices: Promote the ethical and responsible use of technology, ensuring that innovation serves the greater good. What We Offer is a diverse range of professional and life skill activities—a rich tapestry designed to engage, educate, and empower young minds
- Eminent/Distinguished Speaker Program: Gain insights from leading ACM experts as they share their knowledge and experiences.
- Podcasts: Discover the technical and research achievements of your fellow SIG members through engaging podcast series shared on social media platforms.
- Research SLAM: Unleash your creativity! Showcase your research work in dynamic and engaging ways, incorporating artistic talents to captivate your audience.
- Gallery Talks: Participate in concise, 20-minute gallery chats that delve into the pros, cons, and technological advancements of emerging technologies.
- Edushops: Get hands-on! Participate in our practical training workshops to develop specific skills and enhance your expertise.
- Techathons and Coding Challenges: Put your problem-solving skills to the test! Collaborate with your peers, innovate, and develop solutions in our exciting techathons and coding challenges.
- Mentorship Programs: Receive personalized guidance and support from

experienced students who will serve as your technical mentors, helping you navigate your academic and professional journey.

- Product Development and Commercialization: Transform your innovative ideas into reality, guiding you through the development and commercialization process.
- Community Outreach: Make a difference in your community. Participate in our outreach events to promote STEM education and inspire the next generation of innovators.

The SRM ACM SIGAPP is more than just a group; it's a community, a platform, and a launchpad for your professional and personal success. Together, we can shape the future of computing and make a positive impact on the competitive world

WICYS SRM STUDENT CHAPTER

Faculty Mentor: Dr. Thanga Revathi S, Dept. of NWC

The Women in Cyber Security (WiCyS)SRM Student Chapter at SRM Institute of Science and Technology, Kattankulathur, is a recognized student chapter affiliated with WiCyS Global, an international organization dedicated to the recruitment, retention, and advancement of women in cybersecurity.

Established in October 2024, the WiCyS SRM Chapter aims to create a strong community for students passionate about cybersecurity. Our mission is to bridge the gender gap in the cybersecurity field by fostering a collaborative and inclusive environment for technical learning and professional growth.

Member Benefits Include:

- Participation in technical eventssuch as workshops, CTFs (Capture the Flag competitions), webinars, hands-on training, and guest lectures by industry experts.
- Weekly hands-on training sessions focused on different cybersecurity topics and tools to upskill members in a practical, engaging manner.
- Networking opportunities with cybersecurity professionals and students across national and international WiCyS chapters.
- Exclusive access to scholarships, internships, and mentorship programs offered through WiCyS Global.

- Organization of an annual cybersecurity conclave, featuring technical paper presentations, panel discussions, and competitions.
- Opportunities to attend national and global WiCyS conferences and represent SRM on larger platforms.

SRM ACM SIGMOBILE STUDENT CHAPTER

Faculty Mentor: Dr. P. Mahalakshmi, Dept. of NWC

The ACM SIGMOBILE Student Chapter at SRM Institute of Science and Technology, Kattankulathur, has been officially recognized as an authorized student chapter by the Association for Computing Machinery (ACM)since October 2024. Chapter Code: SRMKTR/SCH/202404.

Membership in the chapter offers students a wide array of benefits, including access to diverse technical events such as expert lectures, poster presentations, interactive workshops, coding challenges, and hands-on hackathons—all aimed at nurturing a comprehensive understanding of mobile computing and wireless technologies.

The chapter fosters a vibrant and inclusive ecosystem that promotes innovation, interdisciplinary collaboration, and technical skill development, encouraging students to actively participate in solving real-world mobility challenges through team projects and technical competitions. These initiatives help bridge the gap between academic learning and industry expectations. Additionally, the chapter offers unparalleled networking opportunities, connecting students with leading professionals, academic researchers, and fellow enthusiasts from across the country and beyond.

Through these connections, members gain mentorship, industry exposure, and access to emerging trends in mobile and ubiquitous computing. Members are also encouraged to participate in ACM-sponsored national and international events such as seminars, conventions, symposia, and workshops, providing a platform for global learning and recognition. The ACM SIGMOBILE Student Chapter empowers aspiring engineers by equipping them with the tools, knowledge, and experiences needed to thrive in a rapidly evolving technological landscape. By fostering

creativity, leadership, and a research-oriented mindset, the chapter prepares students to become future innovators and leaders in mobile computing and wireless communication technologies.

World Wide Women in Cyber Security (W3CS) Students'Chapter

Faculty Mentor: Dr. G. Sujatha, Dept. of NWC

The Department of Networking and Communication at SRM Institute of Science and Technology has been recognized as an authorized student chapter under World Wide Women in Cyber Security(W3CS), since 24 January 2025.

The W3CS Student Chapter provides an excellent platform for engineering students to bridge the gap between academics and the industry. Through seminars, workshops, expert talks, and training sessions, students can develop their technical knowledge, leadership skills, and professionalism. This Chapter aims to create a platform for students, particularly female students, to learn, network, and grow in the field of cybersecurity. The initiative supports the mission of W3CS to increase the representation of women in cybersecurity through training, mentorship, and professional development. The chapter offers cybersecurity workshops, training sessions, mentorship programs, and career guidance for chapter members. The Student Chapter core team will be notified of any job opportunities, internship opportunities, or student-oriented programs, if any.

Students and faculty will be given the opportunity to attend regional (Chennai)and national events of W3CS. Three persons from the student chapter will be given a complimentary pass to attend the BSides Bangalore Annual Cybersecurity Conference (only the conference fee is waived). Students will receive participation e-certificates for W3CS-related events and workshops organized by W3CS.

Overall, W3CS Student Chapter significantly strengthens the industry-academia connection, ensuring that the department remains aligned with emerging technologies and standards especially for Women faculty and students.

ACM-SIGCHI STUDENT CHAPTER

Faculty Mentor: Dr. P Balamurugan, Dept. of NWC

The ACM SIGCHI Student Chapter at SRM Institute of Science and Technology is a vibrant, student-led community dedicated to advancing Human-Computer Interaction (CHI)and driving innovation through technology. As part of the global ACM Special Interest Group on Computer-Human Interaction, the chapter fosters interdisciplinary learning at the intersection of design, computing, and user experience. This chapter plays a vital role within SRM by bridging the gap between technical proficiency and human-centered design—a crucial focus in today's digital age. It provides students with opportunities to engage in workshops, seminars, outreach programs, and collaborative events that encourage creativity, hands-on learning, and real-world problem-solving. Through its initiatives, the chapter empowers students to become thoughtful creators of user-centric technologies, while offering a dynamic platform for ideation, collaboration, and professional networking. Events like coding workshops, Generative AI sessions, and digital literacy outreach reflect the chapter's commitment to both technical excellence and social impact. The chapter also hosts a Membership Drive to welcome enthusiastic students from various disciplines, building an inclusive and diverse community. Together, these efforts highlight the chapter's mission to inspire, innovate, and shape the tech leaders of tomorrow—blending empathy, creativity, and technology.

Team SRMAUV (SRM Autonomous Underwater Vehicle)

Faculty Mentor: Dr. K. Annapurani, Dept. of NWC

SRM Autonomous Underwater Vehicle is a technical team that consists of undergraduate students from SRMIST, prototyping an autonomous underwater vehicle. The team is collaboration among students of various departments of Engineering and Technology including School of Computing, Mechanical Engineering, Electrical and Electronics Engineering, Electronics and Communication Engineering, Mechatronics Engineering and Automobile Engineering. The team participates in competitions such as-

- SAVe: Students Autonomous Underwater Vehicle organized by the National

Institute of Ocean Technology (NIOT), India.

- SAUVC: Singapore Autonomous Underwater Vehicle Challenge organised by IEEE OES, Singapore Chapter and Co-Organised by Singapore Polytechnic, Singapore
- RoboSub: International RoboSub Competition organised by the Association for Unmanned Vehicle Systems International (AUVSI)Foundation held in San Diego, CA

Achievements

- National Champions: Secured first place at NIOT(National Institute for Ocean Technology) SAVe competition held in Chennai in 2015.
- Sponsored by the Indian Government to participate in AUVSI's international Robo subcompetition at San Diego, USA in 2015 to represent India.
- Sponsored by SRM to participate in SAUVC (Singapore Autonomous Underwater Vehicle Challenge) in 2015 and won a consolation prize.
- Received NVIDIA GPU-grant sponsorship for vehicle.
- Team invited to exhibit vehicle at ACMEE 2018, 13th International Machine Tool Exhibition held at Chennai Trade Centre, Tamil Nadu.
- Selected among 15 AUV teams out of 22 across India to participate inNIOT SAVe 2019competition.
- Presented novel underwater 3D simulation framework at IEEE OES-Underwater Technology'19conference in Kaohsiung, Taiwan.

HackTheBox SRMIST

Faculty Mentor: Dr. V. Joseph Reymond, Assitant Professor, Dept. of NWC

HackTheBox SRMIST is a community supported by the official Hack The Box Meetups. It is a Chennai-based meetup organized by modern cybersecurity professionals to educate and train the cyber soldiers of tomorrow to defend international cyberspace. We are dedicated to preparing the future generation of cyber warriors at SRMIST and beyond. HackTheBox SRMIST started an initiative to create a cybersecurity-focused community to host workshops, events, and CTFs to educate upcoming cyber professionals in and around the Chennai area, graciously sponsored by SRMIST. Gen-Y Events Team

Faculty Mentor: Dr. V. Vijayalakshmi, Dept. of NWC

The Gen-Y Events Team, the event management club at SRMIST-KTR, is a dynamic and enthusiastic group dedicated to creating remarkable experiences. We thrive on fruitful collaborations with other successful teams across various domains, believing that collective synergy leads to the successful organization of events such as workshops, webinars, conclaves, and more.

Our main objective at Gen-Y Events Team is to assist people in growing both personally and professionally. We recognize how events can unite individuals from diverse backgrounds, inspiring, educating, and informing them. Our activities are methodically planned and executed to foster a vibrant and welcoming community where relationships and ideas can flourish.

Gen-Y Events Team encompasses six domains, each contributing to the seamless execution of our events:

1. Public Relations
2. Content Writing
3. Graphic Designing
4. Sponsorship
5. Logistics

6. Emcee

QWIKLABS DEVELOPER CLUB SRMIST

Faculty Mentor: Dr. Geetha G, Dept. of NWC,

Qwiklabs Developer Club SRMIST is a student-led club dedicated to cloud computing enthusiasts at SRM Institute of Science and Technology, Chennai. As an officially recognized club, we are committed to providing students and faculty with hands-on experience and knowledge in cloud technologies through the Qwiklabs platform.

Our club hosts a variety of engaging activities, such as speaker sessions, hackathons, and workshops, aimed at empowering members with practical skills essential for success in today's digital world. Through our partnership with Qwiklabs, students and faculty gain access to premium resources, enabling them to explore and excel in cloud computing.

Additionally, we conduct regular internal knowledge transfer sessions to empower our team with essential skills and foster a collaborative learning environment. These sessions serve as a platform for members to share expertise and stay updated with the latest developments in cloud computing.

Join us at Qwiklabs Developer Club SRMIST and become part of a dynamic community passionate about shaping the future of cloud technology. Whether you're a seasoned enthusiast or just starting your journey, all students and faculty are welcome as we unlock the potential of the cloud together.

THE TEAM ROBOCON

Faculty Mentor: Dr. G. Joselin Retna Kumar, Dept of EIE

The team was formed by a group of students who received funding from the DRDO in 2012. SRM Team Robocon is a multidisciplinary team involved in competitive robotics. The team comprises engineers from various branches, including Mechanical, Mechatronics, EEE, ECE, CSE, and Aerospace. The members specialize in various aspects of robotics engineering, such as Mechanical fabrication, design and analysis, electronics and circuit designing, algorithm development and coding. The team participates in competitions such as ABV Robocon, which involves making a robot from scratch, to fulfill the problem statement given by the host country every year. As the problem statement changes annually, the contestants are constantly challenged and kept on their toes.

Department Of Electronics And Instrumentation Engineering

Automation Club

Faculty Mentor: Dr. G. Joselin Retna Kumar, Dept of EIE

Automation Club was established under the SRM-ISA chapter to encourage research and innovation in automation technologies. The club promotes creativity and problem-solving skills among its members through projects, competitions, and collaborations with faculty members and industry partners. Regular training sessions, workshops and guest lectures are arranged to introduce latest technological advancements to the students. A national level symposium "Automation & Robotics Challenge (ARC)" is organised twice every year to inculcate the spirit of automation and robotics in emerging areas among school children and college students of various institutions across the nations.

LabVIEW Club

Faculty Mentor: Dr. R. Bakiyalakshmi, Dept of EIE

Faculty Mentor- Dr. R. Bakiya lakshmi

LabVIEW club was launched during the academic year 2022-23 with the motive to equip the students in the field of Virtual instrumentation. Virtual instrumentation is one of the emerging field of Instrumentation which uses customizable LabVIEW software and measurement hardware to create user-defined virtual instruments. The club helps the students to interface the hardware kit with LabVIEW software for research and project purposes. The club has about 30 student members who show active involvement in learning the software. Regular classes are conducted every weekends in the department lab venue, where senior students teach and demonstrate LabVIEW program and train the students in different aspects of the software. Once in every 2 months, an academic mentor from Industry/ R&D institute is invited to deliver tech talks on topics relevant to the software and hardware to the student members.

SAE SRM AEROSPACE COLLEGIATE CLUB

Faculty Advisors: Dr. S. Senthilkumar and Dr. S. Rajkumar, Dept. of Aerospace Engineering

The ***SAEINDIA SRM Aerospace Collegiate Club*** functions under the Department of Aerospace Engineering at SRM Institute of Science and Technology (SRMIST), Kattankulathur. Established on ***14 March 2019***, the club serves as a vibrant platform for students to enhance their technical knowledge, practical skills, leadership qualities, and professional competencies in the field of aerospace engineering. Guided by dedicated faculty advisors, the club actively promotes experiential learning through workshops, competitions, industrial interactions, and project-based activities.

The club was inaugurated by the faculty advisors ***Dr. S. Senthilkumar and Dr. S. Rajkumar***. During the inaugural session, students were introduced to the vision, objectives, and activities of SAEINDIA and were encouraged to actively participate in technical events that complement classroom learning and foster professional growth.

One of the club's first major initiatives was the ***RC Model Plane Workshop*** conducted in collaboration with Garuda Aerospace, Chennai. The workshop provided students with hands-on training in radio-controlled aircraft design, fabrication, assembly, and flight operations. Participants gained valuable practical exposure to aircraft systems, aerodynamics, and flight testing, thereby strengthening their understanding of aerospace engineering fundamentals.

A significant milestone in the club's journey has been its active involvement in organizing the prestigious ***SAE Drone Design Challenge (DDC)*** Final Events at SRMIST in 2019, 2020, and 2024. These national-level competitions attracted nearly 1,000 student participants from engineering institutions across India. The events featured rigorous technical inspections, design evaluations, and flight demonstrations, providing students with an opportunity to showcase their engineering innovation and problem-solving skills. Distinguished experts from ***DRDO, ISRO, CSIR-NAL, HAL,*** leading aerospace industries such as ***Boeing and***

Airbus, and renowned academic institutions served as judges, mentors, and technical evaluators, offering participants valuable insights into current industry practices and technological advancements.

The club has also organized introductory technical activities such as the Paper Glider Workshop for first-year Aerospace Engineering students. Through simple design-and-build exercises, participants learn the fundamental principles of aerodynamics, aircraft stability, and flight mechanics. Such activities stimulate creativity, analytical thinking, teamwork, and an early interest in aerospace engineering. It also conducted a ***National Level Competition on CFD (NLCCFD)*** and several technical workshops.

Over the years, the SAEINDIA SRM Aerospace Collegiate Club has emerged as a dynamic student organization dedicated to fostering innovation, technical excellence, leadership, and collaborative learning. Through its diverse range of activities, the club continues to bridge the gap between academic learning and real-world engineering practice, preparing students to meet the challenges and opportunities of the global aerospace industry.

Team - Aerospace Systems Research Laboratory (ASRL)

Faculty Mentor: K. Allwyn, Department of Aerospace Engineering.

The ***Aerospace Systems Research Laboratory (ASRL)*** is a premier, student-led UAV research and development team based at the SRM Institute of Science and Technology, Chennai. Built on a strong foundation of hands-on experience, structured mentorship, and years of documented knowledge, ASRL transforms beginners into skilled engineers, preparing the next generation to lead the future of aerospace innovation.

Core Initiatives and Impact

The team engages in comprehensive end-to-end aerial engineering by designing and developing Unmanned Aerial Systems (UAS) from initial calculations and virtual modeling through to flight-ready physical prototypes. ASRL specializes across diverse platforms including Fixed Wing UAS, Rotorcraft UAS, and CANSAT

Systems. Beyond laboratory development, members compete internationally in prestigious events like SAE, SUAS, CanSat USA, and TeknoXian, gaining valuable industry exposure and building professional connections with teams worldwide. The laboratory also prioritizes community outreach by conducting practical UAV workshops and school programs to inspire young minds, while actively participating in national conferences and tech fests to exchange knowledge and stay updated on emerging engineering trends.

Specialized Domains

Operations within the lab are divided into four specialized domains to maximize technical and professional skill development. The ***Design & Fabrication*** domain focuses on transforming aerospace concepts into reality through airframe design, structural analysis, and hands-on manufacturing. Precision in the air is managed by the ***Flight Systems*** domain, which handles control systems, sensors, flight testing, stability assessment, and the analysis of real flight data. Autonomy and intelligence are driven by the ***Coding*** domain through the development of software for flight control, automation, navigation, and microcontroller simulations. Supporting these technical divisions, the ***Creatives & Corporate*** team oversees the club's institutional growth, branding, social media marketing, sponsorships, and event management.

Legacy of Success

ASRL has established a remarkable track record of competitive excellence across national and international stages. This legacy includes winning ***1st Place in the Design Category*** at the International SUAS Competition in 2019 and securing recognition for innovative autonomous system architecture at the ***SAE Autonomous Design Challenge*** in 2020. More recently, the team achieved ***1st Place*** at VAYURVA NITTE in 2024 for multirotor payload dropping with image detection, earned multiple top placements at ***Aerospanza*** in 2025 for design and presentation excellence, and proudly received the ***Best Design Award*** at Aerofest in 2026.

Team SCOUTS

Faculty Mentors: Dr. Malaikannan G, Dr. A. Muthuram, Department of Aerospace Engineering, and Dr. Eswaran P, Department of Electronics and Communication Engineering.

Team SCOUTS is a multidisciplinary team comprising students from various departments, working on rockets and similar aerial vehicles to participate in rocketry competitions. The team provides students with hands-on experience and industrial-level projects, involving product design, simulation software, and the manufacturing and testing of a full-scale sounding rocket capable of carrying a scientific payload designed by the students themselves.

The team receives mentorship and guidance from faculty members of the Department of Electronics and Communication Engineering and the Department of Aerospace Engineering. Team SCOUTS has registered for the IN-SPACe Model Rocketry India Student Competition (organized by ASI and ISRO) and has also registered for the Latin America Space Challenge and the Spaceport America Cup. The team continues to excel in model rocketry competitions, including launch, recovery, and payload deployment.

The team had the privilege of presenting its work to leading aerospace and defence organizations, including Hindustan Aeronautics Limited, Defence Research and Development Organisation, Ministry of Defence, Bharat Dynamics Limited, AgniKul Cosmos, Sona SPEED, Boeing, and other global industry leaders at Tamilnadu Industrial Development Corporation Limited (TIDCO) AeroDefCon'25. These opportunities reinforced the team's commitment to student-driven innovation and demonstrated its potential to contribute meaningfully to the national aerospace ecosystem.

IE(I) Students' Chapter, Aerospace Division, Department of Aerospace Engineering

Faculty Advisor: Dr Selvakumaran T, Department of Aerospace Engineering

The IE(I)Students' Chapter under the Aerospace Division was established on 25th August 2022 under the guidance and motivation of our Head of Department, Dr. L. R. Ganapathy Subramanian. The students' chapter comprises 50 students from the second, third, and final years of Aerospace Engineering, with Dr. Selvakumaran T, Associate Professor, serving as the Faculty Advisor. The main objective of the students' chapter is to conduct workshops, webinars, seminars, and technical competitions in various thrust areas of Aerospace Engineering.

Aeronautical Sector Skill Council (ASSC) Students' Chapter, Department of Aerospace Engineering

Faculty Advisor: Dr Selvakumaran T, Department of Aerospace Engineering

The ASSC Students' Chapter was established in December 2022 under the direction and inspiration of our Head of Department, Dr. L. R. Ganapathy Subramanian. This lifetime students' chapter comprises 43 student members from Aerospace Engineering, with Dr. Selvakumaran T, Associate Professor, serving as the Convener. The main objective of the students' chapter is to conduct various technical activities in the field of Aeronautical and Aerospace Engineering. This chapter also provides a pathway for students to interact with domain experts from the respective industries.

AeSI Students' Chapter

Faculty Advisors: Dr S. Sivakumar, and Dr. G. Saravanan, Department of Aerospace Engineering

The (AeSI) Students' Chapter under the Aerospace Division was established on 22nd August 2023 under the guidance and motivation of our Head of Department, Dr. L. R. Ganapathy Subramanian. The students' chapter comprises 104 students from the first, second, third, and final years of Aerospace Engineering, with Dr. S. Sivakumar, Associate Professor, and Dr. G. Saravanan, Assistant Professor,

serving as Faculty Advisors. The main objective of the students' chapter is to conduct workshops, webinars, seminars, and technical competitions in various thrust areas of Aerospace Engineering.

Alexa Developers SRM (ADS)

Club Motto : Innovate • Build • Inspire

About the Club

Alexa Developers SRM (ADS) is a student-led technical community dedicated to fostering innovation, collaboration, and technical excellence among aspiring developers. The club provides a platform for students to explore emerging technologies, enhance their programming and problem-solving skills, and bridge the gap between academia and industry through hands-on learning, hackathons, workshops, and technical events. Throughout the 2025–2026 tenure, ADS continued its commitment to creating an ecosystem where creativity meets technology, empowering students to build impactful solutions for real-world challenges.

Faculty Coordinator: Dr.A.Murugan

Major Highlights (2025–2026)

* Successfully organized ***AlexaVerse 2.0*** a three-day flagship technical festival with 1,000+ registrations, featuring Debug the Campus, Pitch & Patch Ideathon, GenVision (Generative AI Workshop), and Vlog It.
* Conducted ***HackTrax 2.0***, a 24-hour offline hackathon with 150+ participating teams, encouraging innovative solutions across Healthcare, FinTech, Cybersecurity, E-Commerce, and Renewable Energy.
* Hosted industry experts and mentors, providing students with practical exposure to Generative AI, software development, innovation, and entrepreneurship.
* Collaborated with multiple industry sponsors and partners to provide mentorship, internships, networking opportunities, and exciting rewards for participants.

Outcome

* Enhanced students' technical competency through hands-on coding, AI, and software development activities.
* Promoted innovation and entrepreneurial thinking by encouraging students to solve real-world problems.
* Strengthened teamwork, leadership, communication, and project management skills through collaborative events.
* Bridged the gap between academia and industry through expert talks, mentorship, and networking opportunities.
* Created a vibrant developer community that inspires continuous learning, creativity, and technological excellence.

Alexa Developers SRM continues to serve as a hub for passionate innovators, empowering students to transform ideas into impactful solutions while preparing them to become the next generation of technology leaders.

DSBS Students Association

About the DSBS Student Association

The DSBS Student Association – SRMIST is a dynamic student-driven organization under the Department of Data Science and Business Systems at SRM Institute of Science and Technology. The association is committed to fostering innovation, collaboration, and leadership among students by creating a platform that connects academic learning with real-world applications.

It actively promotes technical excellence by encouraging students to explore emerging technologies such as Artificial Intelligence, Data Science, and Analytics. Through a variety of initiatives including workshops, seminars, hackathons, and technical events, the association enhances practical knowledge, problem-solving abilities, and industry readiness.

In addition to technical growth, the association emphasizes teamwork, creativity, and leadership development. By organizing impactful events and academic activities, it plays a vital role in bridging the gap between theory and practice while strengthening the DSBS student community. The association also keeps students engaged through regular updates on programs, achievements, and opportunities.

Mission & Objectives

Key Goals

- To promote technical knowledge and innovation among students
- To encourage participation in competitions and hackathons
- To bridge the gap between academia and industry
- To develop leadership and teamwork skills
- To support research and practical learning

Area of Focus

- Technical Development
- Innovation & Research
- Skill Enhancement
- Industry Interaction
- Student Engagement

Faculty Coordinators

The DSBS Student Association is guided by the following faculty coordinators:

1. Dr. J. Jeba Sonia – Associate Professor
2. Dr. Jayaraj R – Associate Professor
3. Dr. R. Anita Jasmine – Assistant Professor
4. Dr. Ragupathi T – Assistant Professor

Student Coordinators

1. Darwin R Soloman – President of Events
2. Sanjana C – President of Finance
3. Keerthana Sri D – President of Operations
4. Gomathi Nayagam S R – President of Communication
5. Divyanand A P – President of Creatives
6. Mahathi – President of Public relations

Activities & Events (2025–2026)

During the academic year 2025–2026, the DSBS Student Association organized a variety of academic, technical, and cultural events. Workshops and seminars were conducted to strengthen students' technical knowledge. Competitions and hackathons encouraged innovation and problem-solving.

Flagship events such as ***Datakon'25*** and ***Innofusion'26*** attracted participation from both internal and external students. Additionally, events like ***Vidya Vandana 2025*** fostered a sense of appreciation and bonding between students and faculty. These initiatives contributed to holistic student development.

Society of Women Engineers (SWE) – SRMIST Student Chapter

The Society of Women Engineers (SWE) – SRMIST Student Chapter, established on 27 February 2025 under the Department of Data Science and Business Systems, School of Computing, SRM Institute of Science and Technology, is committed to empowering women in engineering, technology, and STEM disciplines. Guided by Faculty Mentor ***Dr. T. Veeramakali***, the chapter serves as a vibrant platform that promotes technical excellence, leadership, innovation, professional growth, and inclusivity among aspiring women engineers.

The chapter actively organizes workshops, technical sessions, expert talks, panel discussions, outreach programmes, and industry-interaction activities to bridge the gap between academia and industry. Flagship initiatives such as ***EDUZEN 2025*** and ***STEM for HER 2025*** have significantly contributed to promoting awareness of emerging technologies, Artificial Intelligence, wellness, leadership, and STEM education among students, educators, and young learners. These programmes provide participants with practical exposure, confidence-building opportunities, and future-ready technical skills.

One of the major outreach initiatives, ***STEM for HER 2025***, focused on inspiring school students to pursue STEM education through interactive activities, technical demonstrations, and creative competitions. Similarly, ***EDUZEN 2025***, organized in association with SWE, emphasized empowering women educators through Artificial Intelligence integration, wellness awareness, and leadership development.

These events reflect the chapter's vision of creating an inclusive ecosystem that encourages innovation, collaboration, mentorship, and lifelong learning.

The SWE SRMIST Student Chapter also promotes collaborations with universities, professional societies, industry experts, and international SWE chapters to facilitate interdisciplinary learning and global exposure. Membership in SWE provides students access to an international network of women engineers, mentorship opportunities, leadership programmes, career guidance resources, scholarships, and professional development activities.

In addition, the Society of Women Engineers offers several scholarships annually to support women pursuing undergraduate and postgraduate education in STEM fields. These scholarships encourage academic excellence and help students achieve their educational and professional aspirations while strengthening women's participation in engineering and technology domains.

Club name: Game Developers Community (GDC)

Faculty Coordinator: Dr.A.Murugan & Dr.S.Sindhu

The Game Developers Community (GDC) at SRM Institute of Science and Technology is a dynamic and rapidly growing hub of innovation, creativity, and technical excellence in the field of game development. Established alongside the introduction of the B. Tech Computer Science and Engineering in specialization with Gaming Technology program in 2024, GDC represents passionate collective of aspiring developers, designers, and gaming enthusiasts. At GDC SRM, we believe in creating not just games, but meaningful interactive experiences that push the boundaries of creativity and technology.

GDC actively organizes a wide spectrum of events that provide students with hands-on experience, industry exposure, and collaborative learning opportunities, including:

- Hackathons and Game Jams
- Game Expos and Showcases
- Technical Workshops and Masterclasses
- Industry Summits and Panel Discussions

- Outreach and Community Engagement Programs
- Esports Tournaments and Competitive Events

These initiatives enable students to bridge the gap between academic learning and real-world game development practices, while also building strong industry connections

Mission

The club aims to empower students to transform ideas into impactful interactive experiences by providing a collaborative platform for learning, experimentation, and real-world application of game technologies.

Areas of focus: Technical & Social

Objectives

To promote creativity and innovation in Game design and development.

To provide hands-on learning through workshops, hackathons, and game jams.

To bridge the gap between academic learning and industry practices.

To encourage collaboration among multidisciplinary teams (developers, designers, artists).

To build technical, problem-solving, and project development skills for real-world applications.

Block Chain Club

Faculty coordinator: Dr. Prakash, Dept. of DSBS

Blockchain Club SRM is a pioneering student-led community at SRM University dedicated to exploring the world of blockchain technology, Web3, and decentralization. With a growing membership of over 125 students, the club fosters young and inquisitive minds, equipping them with the knowledge and skills needed to make a significant impact in this transformative field.

Blockchain Club SRM has a clear vision of empowering blockchain professionals and enthusiasts, ensuring they stay informed about the latest advancements in the industry. Through a wide range of activities and projects, students have numerous opportunities to apply their knowledge and gain practical experience.

The club has established partnerships with several leading companies in the blockchain space, including Lumos Labs, Router, 5ire Chain, Polygon, Roni Analytics, Biconomy, and more. These collaborations enable members to benefit from real-world insights and networking opportunities with industry experts.

As an active presence in Chennai's blockchain community, Blockchain Club SRM organizes regular activities and events to facilitate knowledge sharing, skill development, and collaboration among its members. Notably, the club recently hosted the largest blockchain hackathon in Tamil Nadu, featuring an impressive prize pool of$69, 420 at SRM. This event showcased the exceptional talent and innovative ideas of club members, driving blockchain innovation in the region.

Moreover, Blockchain Club SRM proudly oversees the Polygon Guild Chennai, solidifying its commitment to the growth and development of the blockchain ecosystem. The club's partnerships grant members access to a diverse range of resources and valuable industry connections.

If you are interested in becoming part of this dynamic community and exploring the limitless potential of blockchain technology, joining Blockchain Club SRM is highly encouraged. Together, the club and its members can shape the future—one block at a time.

The club’s prestige is further solidified by its deep-rooted connections with industry titans. Serving as the official overseer of the Polygon Guild Chennai, the Blockchain Club DSBS SRM has positioned itself as a regional leader in the Ethereum scaling ecosystem. Its strategic alliances include partnerships with global pioneers such as Lumos Labs, Router Protocol, 5ire Chain, Biconomy, and Roni Analytics. These collaborations provide members with exclusive access to developer grants, professional mentorship, and networking opportunities that are often inaccessible in a traditional classroom setting. This integration into the professional sphere ensures that the community stays informed about the latest advancements while gaining direct exposure to the veterans who are building the future of finance and data.

The impact of the Blockchain Club is best evidenced by its landmark achievements and high-octane events. The club recently hosted high-impact initiatives like the Layer 4.0 Hackathon, which provided a stage for students to showcase exceptional talent and solve real-world problems through collaborative innovation. Featuring a significant prize pool of ₹2 Lakhs, these events have solidified SRM's position as a regional epicenter for blockchain excellence. Looking ahead, the club envisions expanding its global footprint by collaborating with international experts and encouraging members to contribute to open-source protocols. Through a relentless commitment to continuous learning and teamwork, the Blockchain Club DSBS SRM continues to establish itself as a center of Web3 excellence, empowering students to shape the future of the internet—one block at a time.

IEEE SMC Student Branch Chapter

Faculty Mentor: Dr. Dr. K. Priyadarsini, Dept. of DSBS

IEEE SMC Student Branch Chapter Advisor

The IEEE Systems, Man, and Cybernetics (SMC) Student Branch Chapter at IEEE Systems, Man,and Cybernetics Society, SRM Institute of Science and Technology, Kattankulathur Campus, operates under the Department of Data Science and Business Systems, School of Computing. The chapter is dedicated to fostering innovation, technical excellence, interdisciplinary learning, and professional growth among students in the domains of Artificial Intelligence, Data Science, Machine Learning, Cybernetics, Automation, Human–Machine Systems, and emerging technologies. Our chapter serves as a platform for students to connect academic learning with real-world industry exposure through expert talks, technical workshops, seminars, research discussions, industrial collaborations, and innovation-driven activities. We actively encourage students to enhance their technical, leadership, communication, and teamwork skills while promoting research culture and professional networking.

Over the years, the chapter has successfully organized several impactful events including expert sessions on Generative AI, Data Visualization using Power BI, industry-oriented seminars, and collaborative activities with professionals from

academia and industry. These initiatives aim to bridge the gap between classroom concepts and current technological advancements while inspiring students to contribute toward future innovations.

The IEEE SMC Student Branch Chapter also focuses on creating opportunities for students to interact with researchers, industry experts, and innovators. Through technical events, competitions, and collaborative learning environments, the chapter motivates members to participate in research activities, present ideas, and develop solutions that address real-world challenges. With a passionate team of student leaders and faculty advisors, the chapter continues to strengthen its vision of building a technically empowered student community that contributes positively to society through innovation, creativity, and professional excellence.

SRMIST ACM SIGKDD Student Chapter
Faculty Sponsor: Dr. A.V. Kalpana, Dept. of DSBS
Faculty Coordinators:
1) Dr. J. Shobana, Dept of DSBS
2) Dr. P.C. Karthik, Dept of DSBS
3) Dr. B. Prabhu Kavin, Dept of DSBS

The SRMIST ACM SIGKDD Student Chapter is a student-led initiative under the prestigious Association for Computing Machinery's Special Interest Group on Knowledge Discovery and Data Mining (SIGKDD), committed to fostering excellence in data science, machine learning, artificial intelligence, and knowledge discovery. Established within the vibrant academic environment of SRM Institute of Science and Technology, the chapter aims to bridge the gap between theoretical foundations and practical implementation by nurturing an ecosystem that promotes innovation, research, and interdisciplinary collaboration. The chapter actively engages students through a diverse range of events and activities, including hands-on workshops, technical tutorials, research seminars, and guest lectures by industry experts.

Members regularly participate in data-driven hackathons, paper presentations, and journal clubs that deepen their understanding of cutting-edge topics such as big data analytics, predictive modeling, and algorithmic development. By organizing reading groups, hosting collaborative research forums, and encouraging participation in national and international competitions, the chapter ensures its members are equipped with both the knowledge and the experience to tackle real-world challenges in the rapidly evolving data science landscape.

Society of Women Engineers (SWE) – SRMIST Student Chapter

The Society of Women Engineers (SWE) – SRMIST Student Chapter, established on 27 February 2025 under the Department of Data Science and Business Systems, School of Computing, SRM Institute of Science and Technology, is committed to empowering women in engineering, technology, and STEM disciplines. Guided by Faculty Mentor ***Dr. T. Veeramakali***, the chapter serves as a vibrant platform that promotes technical excellence, leadership, innovation, professional growth, and inclusivity among aspiring women engineers.

The chapter actively organizes workshops, technical sessions, expert talks, panel discussions, outreach programmes, and industry-interaction activities to bridge the gap between academia and industry. These programmes provide participants with practical exposure, confidence-building opportunities, and future-ready technical skills.

One of the major outreach initiatives, ***STEM for HER 2025***, focused on inspiring school students to pursue STEM education through interactive activities, technical demonstrations, and creative competitions. Similarly, ***EDUZEN 2025***, organized in association with SWE, emphasized empowering women educators through Artificial Intelligence integration, wellness awareness, and leadership development. These events reflect the chapter's vision of creating an inclusive ecosystem that encourages innovation, collaboration, mentorship, and lifelong learning.

The SWE SRMIST Student Chapter also promotes collaborations with universities, professional societies, industry experts, and international SWE chapters to facilitate interdisciplinary learning and global exposure. Membership in SWE provides students access to an international network of women engineers, mentorship opportunities, leadership programmes, career guidance resources, scholarships, and professional development activities.

In addition, the Society of Women Engineers offers several scholarships annually to support women pursuing undergraduate and postgraduate education in STEM fields. These scholarships encourage academic excellence and help students achieve their educational and professional aspirations while strengthening women's participation in engineering and technology domains.

The Data Science Club (DSC)

Faculty coordinator: Dr. T. Karthick, Dept. of DSBS

I have definitely had experiences living up to the DSC slogan, "Together, ordinary people can do extraordinary things!" DSC has provided exposure to and connections with individuals who are motivated to work towards improving our society. DSC is a place where you can experiment with and put ideas into practice in the area of your choosing.

Our domain is responsible for imparting knowledge and developing experiences that go beyond the physical realm, allowing us to access the internet of the future. We aim to be the main hub for the overall growth and development of the student community with interests in big data, machine learning, and data analytics. The three major verticals of DSC are Technical, Cultural, and Corporate.

Objectives:

- To foster an atmosphere where students interested in data science can learn more about it and pique the curiosity of others
- To provide students with a foundation in data science and its practical applications
- To assist students in staying current with emerging technologies in their field
- To guide students in the right direction when they have project ideas

Gen-Y

Faculty coordinator: Dr. T Karthick, Dept. of DSBS

Team Gen-Y is a project-oriented, technology-based IT solutions student team that aims to integrate and advance the best minds at SRMIST. With mentorship and guidance from industry leaders, we strive to transform ideas and competitions into outstanding opportunities. Our mission is further enhanced through the continual organization of workshops, seminars, and hackathons.

Team Gen-Y works to build an excellent community, motivate like-minded individuals, and bring them together to work towards a better society. We strive to help people become the best versions of themselves through training and teaching that emphasize a rational and practical approach to problem-solving. The successful projects we have created and the hackathons we have won attest to our commitment. Rather than calling Gen-Y a tech club, we love to describe it as a community of more than 100 tech-loving students.

Our Mission

We, Gen-Y, aim to inspire bright minds in the field of technology with a vision to foster global change. We bring developers, designers, and young leaders together under one roof, forming a student-led community to inspire millions! In addition, we strive to establish new standards of excellence in our respective spheres by teaching and growing together as a whole.

IEI Student Chapter Dept. of DSBS

The role of IEI Student Chapters at University Level

Student Chapters of the Institution of Engineers (India) act as a connecting link between the academia and the world of engineering practice in the University. They offer a formal structure for students to learn, practice and apply technical, managerial and leadership skills outside of the classroom.

Motto

IEI Student Chapters' motto is "Skill Development, Professional Growth, and Nation Building. This is indicative of the chapter's mission of producing a competent engineer who can significantly add value to society and industry.

Special benefits that students receive as members of the club.

- Technical Enhancement: Access to IEI organised seminars, workshops, conferences and technical paper presentations at regional and national level. Students are exposed to current technologies and trends in the industry.
- Professional Networking: Personal contact with practicing engineers, industry experts, faculty members and fellow students from other institutions, thereby creating valuable networking opportunities.
- Leadership and Organizational Skills: Have opportunities to lead groups, committees and organize events within the chapter as part of their role, which will help develop project management and communication skills.
- Career Advancement: IEI membership enhances resumes. Students are provided access to job portals, internships and career counselling.
- Competition and Technical Events: Certificates, medals and awards are a possibility of participation in competitions and technical events.
- Library and Resource Access: Members have access to IEI's vast digital library, journals, and research publications, to help complete coursework and research.
- Soft Skills Development: Regular interaction, presentations at events, and working in a team within the chapter enhances confidence, presentation skills, and interpersonal skills.
- Affiliation Benefits: Deduction of fees of IEI Examination, Conference and Publications. Student members will later be able to easily graduate into associate member status.

Events Conducted so far: IEI student chapter for the Department of Data Science and Business systems was formally inaugurated on 2nd April 2025 with ***Dr. Radha R as Faculty Advisor, Dr. Sharanya S as Faculty Coordinator.*** We have organised two events so far – a one day event on "From zero to App: Raspberry pi in a day" in the month of March 2026 and two days event on Android Bootcamp-Unlock the secrets of App Development in the month of July 2025.

Core team members:

Shyam Jaiswal – President

Priya Saxena – Vice President

Vaishnavi Mishra – Secretary

Akrish – Creatives and Product Lead

Mudit Kather – R&D Lead.

The club has around 250 members so far.

To conclude, IEI Student Chapters develop all-round engineers with technical knowledge and professional skills, making students successful in their career and for lifelong learning.

CINTEL Association

Faculty Mentor: Dr. Sasirekha Sankar, Dept. of CINTEL

The CINTEL Student Association at SRMIST is a platform that fosters innovation, skill development, and real-world problem-solving in the field of Computational Intelligence. It provides students with opportunities to enhance their technical expertise through workshops, coding competitions, hackathons, and research initiatives while also encouraging collaboration and creativity. The association works closely with faculty and industry experts to offer hands-on learning experiences, bridging the gap between academics and industry needs. It also promotes corporate social responsibility, encouraging students to give back to society by engaging in community service activities. Beyond technical growth, the association helps students build leadership, teamwork, and networking skills, creating an environment that supports both personal and professional development. Through its diverse activities, CINTEL student association empowers students to stay at the forefront of technology and prepares them for successful careers.

SRMKzilla

Faculty Mentor: Dr. S. Karthick, Dept. of CINTEL

Nerdy techies with code editors, developers fixing bugs, and everything "geeky" might be the typical image for a college technical club. Well, SRMKZILLA is a lot more than just a technical club. We are a hub of unique ideas, incredible tech products, resourceful events, quality mentorship, and endless creativity. SRMKZILLA, inspired by the Mozilla Learning Network, is a part of the network of Mozilla Clubs and serves as a professional technical club at SRMIST. We offer a platform for students to enhance their technical and non-technical skills, collaborating with tech communities and mentors to provide top-notch learning opportunities. Our mission is to advance open-source adoption and educate students about the latest technological innovations through hands-on workshops, competitions, and conferences. Beyond technology, we aim to make a societal impact through initiatives such as: Technical Projects: Collaborating with startups, companies, and NGOs to work on web and app development projects. Workshops and Events: Organising and hosting various technical and non-technical events, such as MOZOHACK, our national-level hackathon and MOZOFEST, an extravaganza of technical and non-technical events, in order to foster growth and learning in our student community. Environmental Drives: Partnering with NGOs to organize plantation drives for a greener world. Community Service: Visiting local orphanages to bring joy to children and foster community responsibility.

NextGenAI

Faculty Mentor: Dr. S. Selvakumara Samy, Dept. of CINTEL

NextGen AI club is the passport for your future, because tomorrow belongs to those who prepare for it today. Though this is not just simply a club, it is an endeavour to make your learning experience seem like a journey, a journey with blue skies and a journey that would stick to your memories forever. A journey starts where the learning is now and ends where the learner is more successful. The end of the journey doesn't know more, it's doing more. The activities that our club, "CINTEL's NEXT-GEN AI" offers are vibrantly diverse to say the least. Up skilling programs,

Collaborative Projects, Research, Summer school programs, Club helps you get internships. Beginner once, expert forever. That's what we strive to make and for that we proudly announce six domains. Exponential progress will be assured by faculty for each domain, that means undivided attention- a guiding light essential for that right direction of progress.

TEDXSRMIST

Faculty Mentor: Dr. B. Hariharan, Dept. of CINTEL

TEDxSRMIST is a not-for-profit organization that aims to inspire and encourage unique perspectives in community. Our team strives to curate engaging talks, performances, and demonstrations that ignite intellectual curiosity, foster learning, and inspire action. An annual flagship event studded with eminent personalities from different walks of life echoes diversity of thought, the power of ideation and the potential of humanity. TEDXSRMIST would be a student-run club with the primary goal of conducting interactive informational talks on campus. The organization would work under the prestigious name of TED conferences, following all the guidelines and standards of a conventional TED conference. Upon establishment, the club would conduct talks involving experienced speakers in a diverse range of fields. It would not only be a great platform for students to gain invaluable exposure through interactive sessions, but also an opportunity for aspiring speakers to convey their ideas.

IE(I) students Chapter

Faculty Mentor: Dr. S. Karthick, Dr. M. Maheswari, Dept. of CINTEL

The IEI student chapter is committed to fostering a dynamic environment of innovation and collaboration among engineering students. Through a range of activities including workshops, seminars, and technical competitions, we aim to cultivate creativity, problem-solving skills, and practical expertise. Our chapter serves as a platform for students to engage in research projects, publish their findings, and network with industry professionals for internships and career opportunities. We are dedicated to promoting sustainable engineering practices

through awareness campaigns and projects that address environmental challenges. Additionally, our mentorship programs offer guidance and support from seasoned engineers, while our outreach initiatives connect us with local communities to provide engineering solutions for societal needs. By collaborating with other student chapters and organizations, organizing study tours, and facilitating continuous learning opportunities, we strive to empower our members to become skilled, ethical, and socially responsible engineers poised for success in their academic and professional endeavours.

ACM SIGAI Student Chapter

Faculty Mentor: Dr. M. Uma, Dr. R. Beaulah Jeyavathana, Dept. of CINTEL

The ACM SIGAI Student Chapter at SRM Institute of Science and Technology (SRMIST) is a student-driven technical community focused on Artificial Intelligence and its real-world applications. As part of the global Association for Computing Machinery (ACM) and its Special Interest Group on Artificial Intelligence (SIGAI), the chapter aims to foster innovation, research, and collaboration among students. The chapter actively organizes workshops, hackathons, seminars, and technical events to bridge the gap between theoretical knowledge and practical implementation. It provides a platform for students to explore domains such as Machine Learning, Deep Learning, Computer Vision, and Natural Language Processing.

The core objectives of the ACM SIGAI Student Chapter at SRMIST are:

- Facilitate learning in AI, ML, and emerging technologies
- Organize technical events such as hackathons, coding competitions, and seminars
- Encourage research and project development in AI-related domains
- Provide networking opportunities with industry professionals and academia
- Promote leadership, teamwork, and innovation among students
- Support participation in national and international competitions

IEEE GRSS Student Chapter

Faculty Mentor: Mr. Kaviyaraj R, Dept. of CINTEL

The IEEE GRSS Student Branch Chapter functions under the global framework of the IEEE Geoscience and Remote Sensing Society (GRSS). Established within the Department of Computational Intelligence, the chapter promotes innovation in Geoscience, Remote Sensing, and Geo-AI through interdisciplinary research, technical events, and hands-on learning initiatives.

The chapter actively builds a Geo-AI innovation ecosystem within SRMIST by integrating satellite data analytics, artificial intelligence, sustainability research, and Earth observation technologies.

- Foster research in Geo-AI and Spatial Machine Learning.
- Conduct hackathons, workshops, and expert sessions in Remote Sensing.
- Promote AI-driven Earth monitoring and sustainability solutions.
- Provide global exposure through collaboration with NASA experts and industry mentors.
- Encourage student participation in geospatial competitions and research initiatives.

The IEEE GRSS SRMIST Student Chapter currently has 20+ active IEEE GRSS members and 120+ Student Chapter members, forming a dedicated and rapidly growing community of students engaged in:

- Geospatial Intelligence
- Remote Sensing
- Satellite Data Analytics
- AI-driven Earth Observation

IEEE-CIS Student Chapter

The IEEE Computational Intelligence Society Student Chapter at the Department of Computational Intelligence, SRM Institute of Science and Technology (SRMIST) is a vibrant student community established to cultivate interest, research aptitude, and practical skills in computational intelligence and allied fields. The chapter serves as

a forum for interaction between students, faculty, industry experts, and researchers — promoting excellence in technical education and professional development.The chapter organizes seminars, workshops, guest lectures, technical competitions, research symposia, and community outreach activities to empower students with emerging technologies in artificial intelligence, machine learning, deep learning, natural language processing, evolutionary computation, soft computing, and real-world intelligent systems.

The core objectives of the IEEE CIS Student Chapter at SRMIST are:

- To organize workshops, webinars, hackathons, and technical events that deepen understanding of computational intelligence paradigms.
- To support members in publishing research articles, participating in conferences, and developing innovative solutions in emerging areas like AI and data science.
- To build an inclusive, collaborative community of students and researchers passionate about computational intelligence.
- To enhance hands-on skills in programming, modeling, simulation, and design of intelligent systems.
- To facilitate networking with professionals, professors, and industry experts for mentorship, internships, and career growth opportunities.
- To bring industry perspectives through internships, expert lectures, and collaborative projects with leading organizations.

Students Association

Faculty Mentor: Ms. Grace Ansica. Dr. Kousalya Devi, Dept. of Architecture and Interior Design

The Student Association is a dynamic student organization that fosters creativity and engagement. Comprising diverse fine arts and performance clubs, it empowers students to participate in a wide range of activities, enriching their university experience. The association is coordinated by a team of office bearers.

1. President
2. Vice President

3. Fine arts club coordinator
4. Music club coordinator
5. Dance club coordinator
6. Literature club coordinator
7. Social media coordinator

Art Club

Faculty Mentor: Dr. P. Karuppusamy, & Mr. Saravanan, School of Architecture and Interior Design, SRMIST

The School of Architecture and Interior Design Art Club motivates interested students and faculty to reach the next level in art. The Art Club inspires enthusiastic participants in arts, drawing, and painting by providing opportunities to display their artistry in exhibitions. The club trains students and faculty in drawing, painting, and transforming digital paintings into manual drawings for the upcoming generation.

Reviving pottery-making practices uplifts potters' livelihoods and helps propagate this tradition to future generations as an art form. Students' and faculty members' drawings and paintings are critically appraised by inviting renowned artists to provide feedback. The Art Club organizes various workshops and programs, inviting great artists to collaborate with students and faculty, inspiring them and offering fresh perspectives.

The key motto of the Art Club is to make art accessible to all and to reach out to every student and faculty member on the SRMIST campus. The goal is to encourage participation, bring out their creative zeal, and showcase their unexplored talents to the world.

Heritage Club

Faculty Mentor: Mrs. Shanmuga Priya & Dr. R. Shanthi Priya, School of Architecture and Interior Design, SRMIST

The Centre for Architectural Heritage is a brainchild of the School of Architecture and Interior Design, SRM Institute of Science and Technology, Kattankulathur, established in 2022. The Centre aims to educate and create awareness among students and the public about the importance of our enduring heritage and culture. Architecture and heritage share an innate connection, with Indian history and heritage offering a vast wealth of knowledge to be shared and learned—creating a bridge between people and place, past and future. The Centre seeks to understand and preserve architectural history, from addressing important issues that affect our city's liveability to exploring the history of built spaces and their associated heritage and culture through periodic events, tours, exhibits, and collections.

CODING NINJA CLUB

Faculty Mentors: Dr. M. Uma Devi, Dr. M. Senthil Raja, Dr. C. Muralidharan, Dept. of Computing Technologies

Coding Ninjas Club SRM is a thriving community of passionate coders and forward-thinking executives dedicated to exploring the ever-evolving world of technology. As a platform built for students, the club fosters an environment where members can learn, share, and continuously grow their technical skills through meaningful collaboration. Over the course of the academic year, the club successfully organized a diverse range of events—including high-energy hackathons that challenged participants to build innovative solutions under pressure, hands-on workshops that deepened practical knowledge across key technical domains, and exciting gaming events that strengthened community bonds and encouraged broader student participation. At Coding Ninjas Club SRM, the belief that technology can be a force for good remains central to every initiative—inspiring members to leverage their skills not just for personal growth, but to solve real-world problems and create a lasting positive impact on society.

GOOGLE DEVELOPER GROUP

Faculty Mentor: Dr. M. Uma Devi, Dept. of Computing Technologies

Google Developer Groups on Campus SRM is a vibrant, campus-based community established for the students of SRM Institute of Science and Technology, Kattankulathur, dedicated to helping members fine-tune their technical skills and build impactful applications that address real campus and local challenges. Over the course of this academic year, the club brought together hundreds of zealous developers who channelled their passion for technology toward meaningful solutions that benefit society at large. True to its mission of bridging the gap between theory and practice, GDG on Campus SRM welcomed students of all skill levels—from novice coders taking their first steps in programming to advanced developers looking to further sharpen their expertise. Through a series of engaging events and collaborative initiatives, the club served as an open and inclusive space where students explored new ideas, experimented with emerging technologies, and worked together to tackle real-world problems in mobile and web development, fostering a culture of innovation, learning, and community-driven growth.

LIFTOFF

Faculty Mentors: Dr. P. Selvaraj and Dr. Sibi Amaran, Dept. of Computing Technologies

Liftoff is a dynamic cohort-based club dedicated to empowering students to build, ship, and capitalize on their side projects, transforming creative ideas into tangible, real-world outcomes. Throughout this academic year, the club brought together a driven community of builders and innovators who were guided through a structured, cohort-based approach — ensuring that every member received the support, accountability, and resources needed to take their projects from concept to completion. By fostering a hands-on culture of execution and entrepreneurial thinking, Liftoff served as the launchpad for students looking to go beyond conventional learning and make their ideas count, equipping them with the skills and confidence to build products, ship solutions, and unlock the true potential of their side ventures.

E-cell:

Faculty Mentor: Dr. J.D. Dorathi Jayaseeli, Dept. of Computing Technologies

E-Cell SRMIST is a student-run entrepreneurial organization operating under the C.Tech department of the SCO and a vibrant community of innovators, creators, and future leaders committed to fostering a culture of entrepreneurship and innovation on campus. Driven by the mission to cultivate an entrepreneurial mindset among students, the club provides the resources, mentorship, and platform necessary to transform ideas into reality — nurturing creativity, encouraging collaboration, and building a sustainable ecosystem for startups to thrive. Over the course of the academic years, E-Cell delivered a rich and diverse program of initiatives spanning regular workshops, seminars, and networking events with industry leaders, one-on-one mentorship from experienced entrepreneurs, pitch competitions where students won funding and recognition for their ideas, and inspiring speaker sessions featuring founders, investors, and industry experts. Beyond events, the club empowered its members through hands-on skill development in technical, creative, and business domains; marketing bootcamps covering growth hacking and brand building; and access to a comprehensive suite of startup resources, including tools, templates, research grants, lab access, and patent filing support. Further strengthening its ecosystem, E-Cell facilitated exclusive internship opportunities through its partner network and connected students with a powerful alumni community for guidance, funding, and long-term business opportunities — making it the definitive launchpad for the next generation of student entrepreneurs at SRMIST.

SRMIST Quantum computing club:

Faculty Mentors: Dr. M. Gayathri and Dr. G.K. Sandhia, Dept. of Computing Technologies

Quantum Computing Club SRMIST is a trailblazing community of innovators, tech enthusiasts, and creative minds united by a shared passion for exploring the fascinating frontier of quantum computing, bringing together talented individuals from diverse technical and non-technical domains to collaborate, ideate, and turn

ambitious ideas into reality. Guided by the vision that quantum computing is the future and the conviction to be at the forefront of this revolution, the club has consistently served as a hub of curiosity, learning, and creative expression throughout this academic year. Driven by the mission to demystify this complex and rapidly evolving field, the club empowered students at all levels to explore the boundless potential of quantum technologies—fostering an inclusive ecosystem where creativity meets cutting-edge innovation. Through a carefully curated program of events, workshops, and collaborative initiatives, Quantum Computing Club SRMIST nurtured an environment that bridges the gap between theoretical foundations and practical application, inspiring its members to push the boundaries of what is possible in the quantum realm and positioning SRMIST as a forward-thinking institution at the heart of the next great technological revolution.

BIS

Faculty Mentor: Dr. M. Eliazer, Dept. of Computing Technologies

The BIS Standards Club was initiated in July 2023 in the Department of Civil Engineering at SRM Institute of Science and Technology, Kattankulathur, with the aim of promoting awareness and understanding of Indian Standards among students. The club began with 20 enthusiastic student members from various programs, including B.Tech in Civil Engineering, B.Tech in Civil Engineering with Computer Applications, M.Tech in Structural Engineering, and M.Tech in Construction Engineering and Management and M.Tech Geotechnical Engineering. This multidisciplinary participation ensures a comprehensive approach to learning and applying BIS standards in both academic and practical scenarios. The Bureau of Indian Standards (BIS) Student Club at SRM Institute of Science and Technology, Kattankulathur, was established with a vision to create awareness about the importance of standardization and its application in the engineering field. Operating under the Department of Civil Engineering, the club provides a platform for undergraduate and postgraduate students to engage with national standards, understand their significance, and apply them in real-time projects and academic work.

CHERRY+ NETWORK:

Faculty Mentor: Dr. B. Sowmiya, Dept. of Computing Technologies

Cherry+ Network is a forward-thinking student community with a clear aspiration to be the leading platform that empowers students to forge meaningful professional connections and hone their skills to become proficient in their respective domains. Guided by a vision of a future where every student has the opportunity to expand their professional horizons, the club delivered a dynamic program of creative networking events, hands-on workshops, and insightful discussions throughout this academic year — all within a supportive and thriving community built on collaboration and mutual growth. True to its mission of serving as the bridge between students and their success, Cherry+ Network guided its members on a transformative journey of self-refinement, equipping them with the tools, mindset, and experiences needed to thrive in an ever-evolving and competitive professional landscape. Through a diverse array of initiatives, mentorship programs, and industry partnerships, the club remained steadfast in its commitment to preparing students with the practical skills, real-world exposure, and career-ready confidence necessary to excel in their chosen paths—making the Cherry+ Network an indispensable pillar of professional development within the campus community.

FOSS CLUB:

Faculty Mentor: Dr. M. Eliazer, Dept. of Computing Technologies

FOSS Club SRM KTR is a student-led community established in June 2024 at SRM Institute of Science and Technology, Kattankulathur, dedicated to promoting and growing the free and open-source software ecosystem on campus and beyond. As a proud chapter under FOSS United, the club brings together students who are passionate about open-source technologies, collaborative development, and the philosophy of software freedom. Throughout this academic year, the club organized a compelling lineup of events that catered to a wide range of technical interests—including hands-on sessions on Git and its ecosystem, machine learning algorithms, and the IDE vs Vim + tmux debate under the popular "Zero to One" series, an introductory workshop on FOSS, Docker, and Linux titled "Unbox

Freedom," a mapping-focused session on OpenStreetMaps; the OpenExploit CTF competition, and an online session themed "Free as in Frappe" — each event reflecting the club's commitment to practical, open-source-driven learning. By creating a space where students can explore, contribute to, and advocate for open technologies, FOSS Club SRM KTR continues to inspire a new wave of developers who believe in the power of transparency, community, and freedom in software.

HEXADYNAMICS:

Faculty Mentor: Dr. B. Ida Seraphim, Dept. of Computing Technologies

Hexadynamics is SRM's premier drone club and a passionate community of aviation enthusiasts, engineers, and innovators united by a shared love for drone technology and the thrill of flight. Specializing in the design and construction of FPV drones, the club has built a strong reputation not only on campus but across India, with proud victories in multiple drone racing competitions that stand as a testament to the skill, dedication, and competitive spirit of its members. Throughout this academic year, Hexadynamics continued to push the boundaries of what is possible in the world of unmanned aerial systems — organizing engaging workshops, hands-on build sessions, and collaborative projects that equipped members with the technical expertise and practical knowledge needed to excel in this fast-evolving field. By fostering an environment where curiosity takes flight and innovation is built from the ground up, Hexadynamics empowered its growing community of drone enthusiasts to explore, experiment, and compete at the highest level — making it the definitive destination at SRMIST for anyone looking to discover the exhilarating world of drone technology.

SOFTWARE QUALITY ASSURANCE CLUB:

Faculty Mentor: Dr. M. Suganiya, Dept. of Computing Technologies

SQAC is a student-led community at SRMIST built around a shared passion for clean code, quality-driven development, and collaborative learning, bringing together developers who believe that great software is not just written — it is crafted with precision and purpose. Throughout this academic year, the club delivered a

focused and impactful program of hands-on sessions, testing workshops, and real-world project experiences designed to bridge the gap between academic learning and industry-grade development practices. With a strong emphasis on building future-ready developers, SQAC created an environment where members were challenged to go beyond functionality and strive for excellence in every line of code they write — fostering a culture where attention to detail, best practices, and continuous improvement are at the heart of everything the community does. True to its guiding philosophy that where code meets perfection, every student is part of the journey, SQAC stands as a vital space for developers at SRMIST who are committed to elevating their craft and making a meaningful mark in the world of software quality and engineering.

VISUAL COMPUTING RESEARCH COMMUNITY (VCRC):

Faculty Mentor: Dr. Aruna M & Dr. Arthi B, Dept. of Computing Technologies

The research initiatives undertaken this academic year reflect a strong commitment to applying cutting-edge technology toward solving meaningful real-world challenges across healthcare, geospatial science, environmental management, and human-computer interaction. A deep learning solution was developed for the detection of emphysema patterns on lung CT images, demonstrating the community's capability to harness artificial intelligence for critical medical diagnostics. Complementing this, a mobile application was created to serve as an educational tool for medical imaging, making complex clinical concepts more accessible to students and learners. On the geospatial front, a geoinformatics-based campus mapping application was developed for SRMIST, translating real-world spatial data into an intuitive and practical mobile experience. Furthering the community's impact in environmental science, a remote sensing-based flood depth estimation system was built using simulation models for varying rainfall intensities, offering a valuable tool for disaster preparedness and urban planning. Rounding out the year's research output, EmoTune — an emotion-based music recommendation system — was developed, blending affective computing with personalized user experiences to showcase the breadth of innovation within the community.

Collectively, these projects stand as a powerful testament to the research-driven culture and technical excellence that define the community's approach to building solutions that matter.

Fin₹CoderZ Club:

Faculty Mentor: Dr. S. Ramamoorthy, Dr. M. Ranjani, Dr. Mohideen AbdulKader M, Dept. of Computing Technologies

Fin₹CoderZ Club is a dynamic student-driven community dedicated to exploring the rapidly evolving world of Financial Technologies (FinTech) through innovation, collaboration, and practical learning. Established under the Department of Computing Technologies, the club serves as a vibrant platform for students passionate about Blockchain, Decentralized Finance (DeFi), Digital Payments, Artificial Intelligence in Finance, Trading Technologies, Cybersecurity, and emerging financial innovations. Throughout the academic year, the club aims to bridge the gap between theoretical knowledge and real-world financial technology applications by organizing technical workshops, seminars, ideathons, hackathons, guest lectures, and hands-on project development activities. By fostering a culture of research, creativity, and problem-solving, Fin₹CoderZ encourages students to build innovative solutions in areas such as smart contracts, predictive financial systems, robo-advisors, fraud detection, digital banking, and secure financial ecosystems.

AMIEEE Student Association

Faculty Mentor: Dr. Anbarasi Dept. of Computing Technologies

The main objective of this chapter is

- to work towards imparting and advancing education with a focus on cutting-edge fields such as Artificial Intelligence, Machine Learning, and innovation & entrepreneurship, particularly targeting engineers and tech enthusiasts.
- to establish, run, and maintain educational institutions including schools, colleges, technical institutes, and research centers, with special emphasis on AI and Machine Learning. This includes engineering colleges and

medical colleges equipped with research facilities to foster technological and medical innovations.

- to establish and maintain open knowledge resources like libraries, book banks, and reading rooms, along with providing access to digital data and resources. Additionally, to manage all necessary ancillary activities required to support the functioning of these educational institutions, ensuring compliance with legal and educational standards.

ASI Students Chapter:

Faculty Mentor: Dr. S. Nagadevi, Dr. Godfrey Winster and Dr. R. Vidhya, Dept. of Computing Technologies

The objectives of the ASI Students Chapter are to foster a collaborative and inclusive environment for students interested in artificial intelligence; to provide educational resources and opportunities for hands-on experience in AI projects to facilitate networking and mentorship among peers and industry professionals; to promote awareness of ethical considerations in AI; and to encourage the application of AI solutions to real-world problems. Additionally, the chapter aims to organize workshops, seminars, and competitions to enhance members' skills: to collaborate with other student chapters and organizations for interdisciplinary projects.

Indian Society for Quality ISQ Student Chapter (ISQ SC)

Membership No.: SRMKTR/SCH/202303

Faculty Mentor: Dr. E Vijayaragavan, Depr of Mechanical Engineering

Mobile: +91 988 421 4710

Email: vijayare@srmist.edu.in

The ISQ Student Chapter at SRM IST, Kattankulathur, established in May 2023, aims to "Contribute to the thriving of humanity on a healthy planet." The Chapter prepares students to be industry-ready graduates by offering professional development programs in Lean Six Sigma, Integrated Management Systems, and Project Management.

Mentored by leading industry experts:

Dr. Rajkumar Swaminathan, President, REVL Rane Engine Valves Ltd.
Mr. B Raajkumar, Sr. GM, TAFE Tractors and Farm Equipment Ltd.
Mr. KN Gopalakrishnappa, Head, Quality-Based Management, CEAT Tyres Ltd.
Mr. L Murali, Sr. Consultant, TQM International Pvt. Ltd.
Mr. Vishwadeepak Khandelwal, GM (TQM), Sundaram Clayton Ltd.
The Chapter offers hands-on exposure through internships at leading organizations, skill workshops, quality projects, and participation in national-level quality competitions. Members have won accolades at prestigious contests organized by

ISQ, NIQR, and Pro MFG Media.

Focus Areas:

- Certifications in Quality and Lean Six Sigma
- Industry projects and internships
- Workshops on 7 QC Tools, FMEA, SPC
- National conference participation and competitions

Vision:

To nurture future leaders in quality and excellence, committed to sustainable and impactful growth for society and industry.

Mission:

To empower students with quality-driven knowledge, leadership skills, and real-world experience to advance operational excellence across sectors.

Centre for Analysis of Movement, Ergonomics Research and Animersion (CAMERA)

The Centre for Analysis of Movements, Ergonomics Research and Animersion (CAMERA) is a multidisciplinary hub dedicated to advancing the science and application of human movement analysis, ergonomics, and immersive technologies. CAMERA integrates cutting-edge motion capture systems, wearable sensors, force plates, EMG platforms, and advanced data analytics to explore how people move, work, interact, and perform.

As a centre of excellence, CAMERA supports research, education, product development, and industry collaboration. The centre's work spans human biomechanics, posture and gait analysis, sports performance, workplace ergonomics, assistive device design, and immersive simulation for training and rehabilitation. It aims to bridge scientific knowledge with real-world applications, enabling researchers, students, clinicians, and industry partners to develop innovative, evidence-based solutions.

CAMERA is committed to becoming a leading national and international destination for high-quality movement analysis and ergonomics research, driving discoveries that enhance human health, safety, and performance.

Vision

To become a leading center of excellence in biomechanics and human movement research, fostering innovation, interdisciplinary collaboration, and technological advancements that transform healthcare, sports science, ergonomics, rehabilitation and animation globally.

Mission

Educate and Train: Provide world-class education and hands-on training for students and researchers in biomechanics, biomedical engineering, and clinical applications.

Advance Knowledge: Conduct cutting-edge research in motion analysis, postural control, and neuromusculoskeletal dynamics to deepen understanding of human movement.

Innovate Solutions: Develop next-generation assistive devices, rehabilitation strategies, and wearable technologies that improve mobility and quality of life.

Translate Research to Practice: Collaborate with clinicians, industry partners, and policymakers to ensure research findings lead to real-world clinical and societal impact.

Promote Multidisciplinary Collaboration: Serve as a hub for partnerships across engineering, medicine, physiotherapy, and sports sciences to address complex human movement challenges.

Infrastructure

Force Blates: Bertec

Motion Capture System (Qualisys)

EMG: Delsys- 16 Channel Trigno Avanti™ Sensor

Utilizations/Trainings offered

Academic Training: For Students and Scholars learning the fundamentals of motion analysis, ergonomics, and immersive technologies.

Research Utilization: Access to motion capture labs, data analysis support, and guidance for thesis, dissertations, and collaborative research.

Industry and Clinical Training: Specialized modules for ergonomics, rehabilitation, sports performance, and product usability testing.

Workshops and Certifications: Hands-on workshops, short-term courses, and certified training programs for skill development.

Consultancy and Project Support: Movement-based product validation, ergonomic redesign, and customized analysis for organizations.

Animersion (VR/AR) training: Immersive simulation for movement training, ergonomics testing, and cognitive–motor assessments.

Data Analysis and Reporting: Support in biomechanical data processing, modelling, visualization, and interpretation

Motion Capture Services: 3D movement recording, gait analysis, postural assessment, sports performance profiling.

Ongoing Research

Sports Biomechanics- Shuttle cock smash Landing

Loading effects of backpacks on gait and balance in school children

Knee Osteoarthritis- Biomechanical Analysis

Fall risk assessment for elderly

Reverse walking and Tandem walking analysis

Foot anomalies study

AI- Integrated Wearable for Parkinson's disease diagnosis

Industry Collaboration

Mahindra Research Valley (MRV)+SRMIST- Ingress/ Egress comfort Analysis-SUV Segment

Seating Ergonomics

Other Research Focus

Rehabilitation Engineering and Assistive Technology

Pediatric and Aging Population Studies

About the Student Club -TEKMEDIKA

Vision:

Aim is to combine biomedical engineering advancements with digital healthcare solutions in order to transform healthcare delivery, creating a better, more accessible, and fair society for everyone.

Mission:

- Build a community of biomedical engineering enthusiasts to give them hands-on learning, mentorship, and networking opportunities to succeed.
- Encourage students to create biomedical engineering solutions for real-world healthcare issues.
- To connect academic research to practice, collaborate with faculty, industry partners, and healthcare professionals.

- Use biomedical engineering to address healthcare inequities and promote Swachh Bharat and Swasth Bharat.
- Students build healthcare firms that serve Digital India's vision of a digitally empowered nation.

Faculty Coordinators:

Dr. U. Snekhalatha (Professor & Head)
Dr. Rohit Gupta (Assistant Professor)
Dr. S. Sivaranjini (Assistant Professor)
Dr. Deboleena Sadhukhan (Assistant Professor)

In the academic year 2025–2026, Team TekMedica conducted several technical workshops and participated in competitions focused on biomedical engineering applications driven by innovation. Through the practical sessions in Electronics Lab Familiarisation, CAD for Biomedical Design, and BCI design, the students were introduced to various technologies and concepts relevant to the industry. The club participated in competitions such as Club Wars and the Smart India Hackathon 2025, where the students showcased their skills in problem-solving, innovation, teamwork, and creation of healthcare technologies.

NUTRISAFE CLUB

Centre for Lean and Six Sigma (CLASS)

Faculty Mentor: Dr. L. Antony Catherine Flora, Dept. of Food Technology
antonycf@srmist.edu.in

Nutrisafe club is a student club, run by the PG students of the Department of Food Technology. It was inaugurated on 28th March 2025. The club strives to empower communities with knowledge on food nutrition for promoting wellness and educate them on safe and healthy food practices with sustainable use of food resources to reduce food wastage. Its aim to build a generation of leaders dedicated to improving public health and fostering sustainable food practices. The scope of the club can encompass various activities, initiatives, and programs aimed at educating and engaging individuals, particularly students or community members, about the

importance of healthy eating habits, proper food handling, and food-related health issues. The club has organized technical events and competitions among the students. The club members organized a “Food Wastage Awareness Campaign in the Hostel Messes of SRMIST” to reduce food wastage.

CENTRE OF EXCELLENCE AND SKILL DEVELOPMENT

CENTRE FOR YOGA

Vision and Mission

Vision: To lead and shape the overall wellness of students and to bring out their potential through inner transformation.

Mission: To strengthen the body, sharpen the mind, cultivate emotional stability, and develop social values by equipping students with yogic knowledge and techniques essential for personal and professional life.

About the Department

The Centre for Yoga (CFY) offers the course *Physical and Mental Health Using Yoga* (21GNM101L) to approximately 2,500 students per semester across diverse academic programmes including BTech, MBBS, Nursing, BPT, BOT, BArch, and other allied disciplines. Each session comprises 50 minutes of theory and 50 minutes of practical instruction, delivered by a faculty team of nine, under the leadership of Dr S. Vidhya Shankari, i/c (Head of Department).

The *Physical and Mental Health Using Yoga* course is designed to educate students on Indian philosophy and culture, the history of yoga, yogic principles of human physiology and mind, ethics and values, and yogic techniques for physical and mental well-being. It also aims to foster awareness, concentration, service-mindedness, interpersonal skills, appreciation and conservation of nature, and the development of a holistic lifestyle leading to self-actualization.

Infrastructure and Facilities

The Centre operates three dedicated yoga halls — Vivekananda Hall, Thirumular Hall, and Avvai Hall — encompassing a total area of 7,500 sq. ft. Each hall is equipped with Wi-Fi connectivity, projectors, audio systems, computers, and yoga mats. Supplementary facilities include dressing rooms and shoe racks.

Events and Academic Activities

International Day of Yoga is observed annually as an institutional wellness event.

International Day of Meditation is yearly commemorated to promote mindfulness and mental well-being.

Webinars, Seminars, and Conferences are conducted periodically to advance knowledge sharing and professional development in the field of yoga and wellness.

CENTRE FOR ELECTRONICS SKILL DEVELOPMENT AND CONSULTANCY SERVICES (CESD)

VISION

Our vision is to create a holistic environment for electronics system design, fabrication, and test facility for budding researchers, engineers, and professionals to upskill and execute their concepts through product development training and consultancy services

MISSION

- CESD will foster experiential learning and provide mentorship to the budding engineers
- CESD aims to provide an environment for up-skilling through ab-initio training to meet the requirements of the contemporary core industry.
- CESD strives to create state-of-the-art infrastructure to attract the stakeholders, and also to grow as a Centre of excellence in the area of up-skilling.
- CESD and Consultancy services aim to provide solutions for the contemporary issues in the multidisciplinary areas and also to attract national and international recognition through the services.

About CESD and CS Facilities

This Centre is developed to provide a holistic experience to stakeholders (students, research scholars, faculty, innovators, entrepreneurs, startups) in electronics and RF circuit design, manufacturing, testing, and characterization. The Centre comprises specialized laboratories that facilitate design, fabrication, testing, and RF characterization to cater to the needs of stakeholder projects, product development, research work, and industrial requirements. This infrastructure is also used to conduct skill development training programs for students, teaching, and industry professionals in the respective areas of electronics design, fabrication, and antenna characterization, which helps stakeholders become industry-ready engineers.

In this Centre, we have high-speed computing facilities with standard EDA tools

like Altium, Orcad, TINA, etc., with academic and commercial licenses. We also have PCB fabrication facilities for making prototypes to large-volume production. CESD is equipped to fabricate single, double, and multilayer PCBs. We have state-of-the-art facilities to fabricate Plated Through Hole (PTH) PCBs and a Hot Air Solder Leveling Machine (HAL). The Electronics Manufacturing System (EMS) facility is developed with state-of-the-art equipment to handle through-hole and SMT devices up to 15,000 components per hour for mass production.

The RF Design and Characterization Lab is equipped with HFSS software for RF components and circuit design and also has an anechoic chamber with a test capability up to 40 GHz, supported by a Keysight Vector Network Analyzer (VNA) with a frequency range up to 44 GHz for characterization.

We have a team of consultants available in various domains who provide consultancy services in areas such as antenna design, fabrication, and characterization; embedded system design; artificial intelligence, machine learning, and deep learning; image and video processing (all categories); signal processing (analog and digital); RF circuit design, analysis, and characterization; VLSI design (complete design flow); communication systems (5G and beyond); millimeter-wave communication; optical communication, computing, and networking; nanoscale device modeling; robotics and automation; blockchain; drone communication and control technologies; AR/VR and other multidisciplinary domains; hardware and software security; and more.

CESD Facility, under ECE Dept. is open for all users of SRMIST and external users.

The Centre for Electronics Skill Development and Consultancy Services is located in Basic Engineering Laboratory Building, 2nd Floor, and Room no. BEL304, BEL305, BEL306, BEL307 & BEL308

QUANTUM COMPUTING CENTER

The SRM Quantum computing Centre was established in September 2022 under the joint leadership of Prof. T. V. Gopal, Prof. Revathi Venkatraman, and Prof. Pushpalatha. Since its inception the Centre has taken several teaching and research initiatives. So far, the Centre has offered quantum computing courses to 500+ BTech students. Subsequently the students have successfully obtained internship positions and also have received job offers from among Fortune 500 companies. Additionally, quantum computing courses have been offered in a fast-track mode to the several experts from the industry. The Centre has also been actively involved in research related activities in collaboration with the industrial partners. As a result, our faculty along with their industry partners have attracted Government funding MeitY QCAL in different domains of quantum computing and the research projects are ongoing at the moment. Faculty members are working in Samsung R&D quantum research (3 projects) worklets related to blockchain domain and large language models. It is interdisciplinary team with research experts with physics, chemistry, computing and mathematics Professors. We provide training on "quantum computing" to different Universities. Many projects related to quantum cryptography is in progress. It offers 3 department electives and honors course to UG students with 20 credits. It offers minor degree of 18 Credits. It conducts seminars, workshops and conclave to upskill our faculties. Faculties in this domain are acting as resource person to various ATAL FDPs and workshops in various colleges. Center has received two important funding from DST. Funding of UG lab set up for Quantum technologies for worth of 1 crore under NQM. Funding for Quantum algorithms DST call under NQM with SRMIST as the Associate Member PI.

Objectives

- The objective of the Quantum Computing Center is to support the India's national Mission on quantum and establish SRMIST as one of the leading organizations for quantum Technologies across India.

- Invent and develop new algorithms in Quantum Machine Learning, Quantum Optimization and Quantum Chemistry.
- Focus on applications in finance, drug discovery and logistics.
- Work jointly with industry on their use cases.
- Educate students to work on cutting-edge quantum technologies that will help prepare them for the quantum era.

Vision:

To revolutionize computations through the use of quantum computers and various algorithms to solve intractable problems, thereby achieving quantum supremacy.

Mission:

To seed, nurture and scale up the research and development activities in the quantum eco-system

Training offered from Centre:

Dr. M. Gayathri and Thilagavathy served as resource persons for one week hands-on workshop on "Quantum Computing" at GIET university, Gunpur, Odisha in the month of December 2024.

Center has offered a 3 months certification course titled "Quantum computing for Managers" to Industrial experts.

Equipment's available in Center:

Quantum cryptography analogy toolkit
Quantum eraser information tool Kit
Quantum Random number Generator
ARMOS Quantum key distribution Set up

Center offers a BTech honors degree in Quantum computing:

An honors degree in quantum studies typically involves advanced education in fields such as quantum mechanics, quantum computing, or quantum technologies, often tailored for students with exceptional academic performance.

GOALS:

The goal of an honors degree in quantum studies is to prepare students for advanced research, innovation, and leadership roles in the rapidly evolving field of quantum science and technology. It provides a rigorous foundation in quantum principles, advanced mathematical methods, and hands-on experience with emerging quantum technologies.

Graduates of honors programs in quantum studies are well-positioned for:

- Advanced research (Ph.D. programs).
- Careers in quantum computing firms (e.g., IBM Quantum, Google Quantum AI, D-Wave).
- Roles in quantum encryption, national security, or cutting-edge technology startups.

The objectives of an Honors Program in Quantum are tailored to equip students with advanced knowledge, technical skills, and innovative thinking in quantum science and technology. These objectives ensure that graduates can contribute meaningfully to both academic research and industrial applications. Below are the key objectives:

- Train students to design, implement, and test quantum algorithms and computational models using platforms like Qiskit, Cirq, or Rigetti Forest.
- Encourage students to undertake independent and collaborative research in cutting-edge areas of quantum science, such as quantum computing, quantum communication, and quantum sensing.
- Equip students with the ability to critically analyze scientific literature and contribute original findings to the field.

Center offers Minor degree in Quantum Technologies:

In light of the surge in research, development, investment, and career opportunities across academia, national labs, and industry, the Department of Computing Technologies at SRMIST-KTR is now offering a new Minor in Quantum Technologies. This minor is open to all SRMIST students, regardless of major, who wish to explore topics such as quantum computation and simulation, quantum communication and cryptography, quantum sensing, quantum materials and devices, and related areas. It offers 18 credits.

Head of the Center: Dr. M. Pushpalatha

Professor / Associate Chairperson, School of Computing

CENTER FOR UAV DATA ANALYTICS

The Center for UAV Data Analytics, established in 2025 under the Department of Data Science and Business Systems, School of Computing, SRM Institute of Science and Technology, serves as a multidisciplinary research and innovation hub focused on advancing data analytics, edge intelligence, and autonomous technologies in Unmanned Aerial Vehicle (UAV) systems. The Centre aims to bridge the gap between academic research and real-world UAV applications by promoting innovation in intelligent drone systems, aerial data processing, computer vision, and AI-driven autonomous operations.

The Centre currently operates with a dedicated team of 7 faculty members and 20 student researchers, fostering collaborative research and hands-on learning in emerging UAV technologies. It has successfully secured support through internal research grants and industry consultancy projects, enabling the development of advanced drone analytics solutions and practical research prototypes.

To strengthen research and industrial engagement, the Centre has established collaborations with leading organizations and academic institutions, including Garuda Aerospace Pvt. Ltd., Indian Institute of Space Science and Technology, CSIR, Deakin University, and University of Twente. These partnerships support interdisciplinary research, knowledge exchange, and global exposure in UAV technologies and intelligent systems.

The Centre has actively conducted workshops and technical training programmes on drone assembly, UAV image processing, aerial mapping, drone programming, and edge-based analytics, thereby enhancing the practical and research skills of students, researchers, and industry participants. Through its research initiatives, the Centre has produced several peer-reviewed publications and has also secured a granted patent related to drone flight control systems.

CENTER FOR IOT-C-DAC BENGALURU

The Centre for IoT – C-DAC Bengaluru has been established to promote research, innovation, skill development, and industry collaboration in the field of Internet of Things (IoT) and emerging technologies. The centre is set up in collaboration with C-DAC Bangalore, an autonomous scientific society under the Ministry of Electronics and Information Technology (MeitY), Government of India. The centre aims to provide a strong platform for students and faculty members to work on IoT, Embedded Systems, Artificial Intelligence, Edge Computing, Smart Healthcare, Smart Agriculture, and Industry 4.0 applications. With support from C-DAC, the centre is equipped with advanced IoT kits, software tools, technical mentorship, and training facilities.

The Centre focuses on hands-on learning, interdisciplinary research, industry-oriented projects, faculty development programs, internships, workshops, patents, publications, consultancy activities, and funded research projects. It also encourages innovation, entrepreneurship, and technology transfer through industry–academia collaboration.

The infrastructure enables students and researchers to design, prototype, and deploy real-world IoT solutions addressing societal and industrial challenges.

Aligned with the vision of Digital India, Smart Cities, Industry 4.0, and NEP 2020, the Centre for IoT – C-DAC Bangalore aims to strengthen research capabilities, develop industry-ready skills, and contribute to national technological advancement.

Vision

To become a leading Centre of Excellence in Internet of Things by fostering innovation, interdisciplinary research, skill development, and industry collaboration to address societal and industrial challenges.

Mission

- To provide advanced infrastructure and hands-on training in IoT and emerging technologies
- To promote interdisciplinary research, innovation, patents, and industry-oriented projects
- To strengthen industry–academia collaboration and develop industry-ready skilled professionals

Objectives

- Establish a state-of-the-art IoT research and training facility
- Facilitate projects, publications, patents, consultancy, and funded research activities
- Conduct training programs, workshops, and collaborative activities with industry and research organizations

Events Conducted

- Two-Day Faculty Development Program (FDP) on Advanced IoT Kits conducted from 27th to 28th April 2026
- Five-Day Boot Camp Training for students on C-DAC Indigenous IoT Kits conducted from 29th April to 6th May 2026

CENTRE FOR INTELLECTUAL ASSET PROTECTION (CIAP)

The ***Centre for Intellectual Asset Protection (CIAP)*** is dedicated to guiding, protecting, managing, and commercializing the intellectual property created by SRMIST students and faculty members.

To support innovation and intellectual property development, CIAP regularly conducts awareness and capacity-building programmes. These programmes are designed to educate, train, and empower students and faculty to identify, protect, and effectively manage their intellectual assets and inventions

Current Patent Statistics:

Number of patents filed	: 1144
Number of patents published	: 1097
Number of patents granted	: 565

Technology Transfer

CIAP, the Technology Transfer and Holding office of SRMIST, serves as the exclusive liaison between SRMIST and a diverse network of industries and investors seeking cutting-edge technologies. It facilitates the transfer and licensing of the University's intellectual property to promote innovation, technology transfer, and industry collaboration.

As a lifelong member of the Society for Technology Management (STEM), CIAP has established a strong network across industries, professional associations, and Government Technology Transfer Offices (TTOs). CIAP is committed to guiding inventors throughout the commercialization process—from identifying potential industry partners and customers to successfully transferring and commercializing their intellectual property.

In May 2024, SRM Institute of Science and Technology (SRMIST) signed a licensing agreement with ***Ezovion Solutions Private Limited***. The agreement covers two patents in data security developed by the ***Department of Computing***

Technologies, School of Computing. Mr. Kasi Viswanatha Shanmugam, Founder and CEO of Ezovion Solutions Private Limited, formally presented the Licensing Term Sheet to the Vice Chancellor of SRMIST.

In February 2026, the patented solar cell encapsulant technology developed by ***Dr. K. Ananthanarayanan*** was commercialized through a licensing agreement with ***Anabond Limited***. The transfer of this innovation from SRMIST to industry marks a significant milestone in technology translation, strengthening India's renewable energy manufacturing capabilities and demonstrating the impact of academic research commercialization.

CENTER FOR REMOTE SENSING AND GIS

Vision:

The Centre for Remote Sensing and GIS is dedicated to promoting sustainable resource management by advancing innovative research, offering professional training, providing consultancy and fostering global collaboration in Remote Sensing and GIS technologies.

Objectives:

- To conduct pioneer research on the application of Remote Sensing and GIS for the assessment, monitoring, and sustainable management of land and aquatic resources.
- To offer training in Remote Sensing and GIS to professionals from both government and non-government organizations, enhancing their expertise in relevant fields.
- To collaborate with national and international organizations and universities on research, consultancy, and exchange programs in Remote Sensing and GIS.

iOS DEVELOPMENT CENTRE

SRM Institute of Science and Technology, Kattankulathur Campus, is proud to host the ***iOS Development Centre***, a first-of-its-kind industry–academia collaboration that empowers students with world-class skills in Apple platform development. The centre provides an immersive learning experience across Apple's latest platforms, including ***iOS, iPadOS, macOS, tvOS, and watchOS***, enabling students to design, develop, and deploy innovative applications for the Apple ecosystem.

Students are mentored by Apple-certified trainers and industry experts, equipping them with the technical expertise, design thinking, and entrepreneurial mindset required to become globally competitive iOS app developers. The program complements the university curriculum by integrating industry best practices with project-based learning, preparing students for successful careers in the rapidly growing iOS app economy.

Structured as a two-semester academic program, the curriculum carries academic credits as professional electives, allowing students to gain hands-on industry experience while fulfilling their degree requirements.

SRM Institute of Science and Technology has established a state-of-the-art iOS Development centre, spanning 7,500 sq. ft., with an investment of approximately ₹2.5 crore. The centre features world-class infrastructure designed to foster creativity, innovation, collaboration, and experiential learning through a refined project-based pedagogy.

The Centre has consistently demonstrated outstanding student achievements. Students have developed and published 36 apps on the Apple App Store, addressing real-world challenges across diverse domains. In the 2026 Apple Swift Student Challenge, 11 students were selected as winners, including one Distinguished Winner, reflecting the global recognition of the talent nurtured at SRM.

These accomplishments underscore the Centre's commitment to innovation, excellence, and creating impactful digital solutions.

Building on the success of its previous cohorts, the Centre continues to nurture the next generation of Apple developers by providing students with unparalleled opportunities for innovation, mentorship, product development, and global recognition.

CENTRE FOR ADVANCED CONCRETE RESEARCH (CACR-CIVIL)

ABOUT OUR CENTRE

Centre for Advanced Concrete Research (CACR) at SRM Institute of Science and Technology, Kattankulathur was started in the year 2010 to carry out interdisciplinary research in the field of concrete, a most common material of construction in any built environment and a necessity for accelerated economic development.

OBJECTIVE OF THE CENTRE

The main objectives of our centre are,

- ✓ To identify the improvementsor modifications desired in the existing conventional concrete construction practices.
- ✓ To develop new construction materials with lower carbon footprints and reduced embodied energy contents.
- ✓ To formulate guidelines for eco-friendly construction
- ✓ To undertake sponsored investigative studies to find solutions for specific field problems in the construction industry from considerations of selection of appropriate materials and disposal of waste/by-products from industry.
- ✓ To perform all types of consultancy work on concrete especially mechanical studies, durability studies, non-destructive testing studies etc.
- ✓ To conduct seminars / workshops / advanced courses to disseminate the latest knowledge in the field of concrete composites.

TEAM MEMBERS

6	Mr. D. Venkatesan	HSC	Lab Helper

NOTEWORTHY FINDINGS /INNOVATIONS

- ✓ DST-sponsored R&D project on geopolymer concrete for field applications.
- ✓ Geopolymer concrete for road construction
- ✓ Development of one-part alkali-activated geopolymer matrix for Building Blocks.
- ✓ An eco-friendly geopolymer concrete has been developed and it has compressive strength ranging from M20 to M80.
- ✓ Geopolymer Portland Cement Free Binder System from Industrial Wastes has been developed.
- ✓ Developed high temperature resistance Geopolymer composites.
- ✓ Process technique of alkaline activator solution was developed.

NOTABLE ACHIEVEMENTS

- ✓ Geopolymer Concrete Building for an area of 850 sq.ft. in SRMIST Kattankulathur.
- ✓ Geopolymer Demo Building at Raichur, Karnataka.
- ✓ Precast Geopolymer Toilet Block at SRM IST, Kattankulathur.
- ✓ Demo Geopolymer Pavement for ACCE Program at Pandian Hotel, Madurai.
- ✓ Geopolymer Paver Block Production at ASR Bricks, Coimbatore.
- ✓ Geopolymer Road was constructed in RKM Powergen Limited, Chhattisgarh.
- ✓ Geopolymer Road constructed in SRM Medical College and Hospital, Kattankulathur.

TAMIL COMPUTING CENTRE (TCC)

About TCC:

Tamil computing is a long-cherished dream of Tamil professionals, enthusiasts, government entities, and every Tamil individual using computers. Over the years, various professionals and researchers have made significant efforts to realize this dream. The Tamil Computing Centre (TCC) is envisioned as a hub for the development, research, and promotion of Tamil language computing. With the growing influence of technology in every aspect of life, it is essential to ensure that Tamil speakers have access to modern computing tools and AI-driven solutions in their native language.

TCC serves as a multidisciplinary platform, bringing together expertise from Computer Science, Artificial Intelligence, Linguistics, Humanities, Digital Humanities, Media Studies, and Cultural Studies, enabling collaborative research and innovation.

Vision

To advance Tamil language computing through Artificial Intelligence and disruptive technologies, ensuring its global relevance and digital sustainability.

Mission

To empower Tamil speakers with accessible, AI-driven tools while preserving and promoting Tamil linguistic and cultural heritage.

On Going Projects:

Tamil OCR

Development of an AI-based Optical Character Recognition system to convert printed and handwritten Tamil text into editable digital format.

This helps in digitizing books, manuscripts, and historical documents for easy access and preservation.

Tamil Heritage Museum

An interactive digital platform designed to showcase Tamil culture, literature, and historical artifacts using modern technologies.

The project aims to preserve and present Tamil heritage in an engaging digital format for students and researchers.

TLM (Tamil Language Model)

Development of a specialized Tamil Language Model using artificial intelligence for better language understanding and processing.

It supports applications such as translation, text generation, and intelligent Tamil language systems.

Thirukkural with 3D Vision

Creation of a 3D visualization platform to present Thirukkural concepts through immersive and interactive experiences.

This project helps learners understand the philosophical meanings of Thirukkural in a more engaging way.

Olai Suvadi Digitization

Digitization and preservation of ancient palm-leaf manuscripts (Olai Suvadi) using modern scanning and AI technologies.

The project ensures long-term preservation and accessibility of valuable Tamil historical texts.

INDUSTRY CENTRE OF EXCELLENCE (COE)

About the COE

The Industry Centre of Excellence (CoE) at SRM Institute of Science and Technology, established in collaboration with EduSkills, bridges academia and industry through globally recognized certifications, industry-aligned training, and hands-on project experience in emerging technologies. Through this initiative, 16,000+ students have completed virtual internships and 947+ students have earned global certifications, strengthening industry-ready skills among learners.

SRMIST has consistently been ranked among the Top 3 nationally and has received the Star Performing University Award from the AICTE Chairman for three consecutive years for its excellence in skill development and industry–academia collaboration.

Vision

To build a globally recognized ecosystem for industry-aligned education, innovation, and skill development, empowering students with future-ready technological competencies.

Mission

To bridge academia and industry by providing industry-driven training, global certifications, hands-on learning, and real-world project exposure in emerging technologies.

Industry Collaboration

Through the EduSkills platform, SRMIST collaborates with leading global technology companies including:

AWS | Alteryx | Altair | Google | Palo Alto Networks | Zscaler | Fortinet | Juniper Networks | Microchip | Celonis | ANSYS | Wadhwani Foundation | UiPath | MIDAS

These collaborations enable students to access industry-driven training programs,

CENTRE FOR COMPUTATIONAL SUSTAINABILITY (CCS)

The Centre for Computational Sustainability (CCS) was formally inaugurated by the Department of Computational Intelligence (CINTEL) on 11th November, 2025 at UB-1213 from 9:30am-12:30pm. The Centre aims to promote interdisciplinary research and innovation at the intersection of computational intelligence, sustainability, and real-world societal challenges. The inauguration marked an important milestone in strengthening research, academic collaboration, and industry engagement in sustainable technologies.

Collaboration with CDAC and Google

The Centre has initiated collaborative engagement with Mr. Mohammed Vayada, Silicon Engineer at Google, and Dr. Naveen Kabra, Technical Project Manager at Centre for Development of Advanced Computing (CDAC), through expert interaction sessions held during the Centre's inaugural session on 11th November, 2025. These collaborations are expected to strengthen industry–academia partnerships, enabling joint research initiatives, technical mentorship, and the development of real-world computational sustainability solutions.

Collaboration with Incedo Inc.

A structured academic–industry collaboration between the Centre (from SRMIST) and Incedo Inc. was formalized following a meeting held between SRMIST CINTEL Department faculty members and Incedo representatives on 2 March 2026 evening. The collaboration focuses on engaging students in real-world AI problem statements under joint mentorship from industry experts and faculty members. Each project team will consist of three students and two faculty mentors, and the work will be carried out in three phases: Phase 1 (15 March – 30 May 2026) and Phases 2 & 3 (15 July – 15 December 2026). Students who successfully complete Phase 1 will undergo joint evaluation by industry mentors and earn 3 academic credits. The collaboration includes five AI-focused case studies—time-series anomaly detection, agent observability for intelligent systems, agentic workflows

using A2A and MCP for IntelliDoc operations, computer vision-enabled object detection, and domain contextualization of large language models through semantic layer design—providing students with hands-on exposure to practical AI systems, LLM architectures, and computer vision applications while strengthening academia–industry engagement and application-oriented research.

SCHOLARSHIPS AND AWARDS

SRM Institute of Science and Technology (formerly known as SRM University) offers several Scholarships, fee waiver schemes, concessions to meritorious and deserving students. Every year, a large number of students tremendously benefit from such schemes. The scholarship program is a transparent merit-based process. In subsequent years, the scholarship is subject to consistent high performance as per the norms set by the University from time to time. The quantum of scholarship and the number of scholarships are subject to change from time to time. Processing will be done by the Scholarship committee consisting of SRMIST officials and academicians.

The scholarship and concession schemes of SRMIST to recognize excellence in academic, sports and deserving candidates are listed below.

Sl. No	***Category***	***Sub Category***
I	Founder's Scholarship	SRMJEEE

SCHOLARSHIP POLICY 2026-27: INTERNATIONAL STUDENTS

SRMIST offers various scholarship for International students joining undergraduate and postgraduate programs. The exceptions are MBBS, BDS, BASLP, B. Pharm and Pharm D.

In all matters relating to scholarship, the decision of the SRMIST Scholarship Committee would be final and binding

1)Eligibility norms to avail Scholarships for Foreign category: -

All foreign category -65% scholarship on Engineering UG progam and 50% scholarship on PG Engineering and 50% scholarship applicable for (both UG& PG) all the other streams and Ph D programs

2) Founders Scholarship for NRI/OCI/PIO

• Tuition fee waiver of 40% Tuition fee waiver for Engineering and 50% for other streams on annual fee for the entire duration of the program for the candidates scoring 70% and above in relevant subjects

(Applicable only for UG programs)

Scholarship Norms	***Applicable only for UG program for the entire duration except MBBS, BDS, B. Pharm, BASLP, Pharm D & PhD***	
	Criteria -70% and above	
	40% Tuition fee waiver for Engineering and 50% for other streams on annual fee	
	Science Stream	***Commerce Stream***
CBSE / HSC	70% and above aggregate of PCM or PCB	70% and above for CBSE-Commerce stream-80% Aggregate in ACE (Accounts, Commerce and Economics)
GCE A Level	Grade 'B' and above in two courses and minimum 'C' in third course (PCM or PCB)	Grade 'B' and above in two courses and minimum 'C' in third course (ACE)

Scholarship Norms	***Applicable only for UG program for the entire duration except MBBS, BDS, B. Pharm, BASLP, Pharm D & PhD***	
	Criteria -70% and above	
	40% Tuition fee waiver for Engineering and 50% for other streams on annual fee	
	Science Stream	***Commerce Stream***
IB	Grade '5' and above in any two courses but not less than "4" in the third course (PCM or PCB)	Grade '5' and above in any two courses but not less than "4" in the third (ACE)
WAEC and other African national grade examination	Grade 'C4' and above in any two courses and minimum 'C5' in the third course. (PCM or PCB)	Grade'C4' and above in any two courses and minimum'C5' in the third course. (ACE)
Note	40% Tuition fee waiver for Engineering and 50% for other streams on annual fee	
1) For programs like BA JMC, B. Sc Vis-com, B. Com ISM, LLB, B. A LLB, BScHCM, B. Des, B. Arch, BCA and BBA- overall percentage will be considered for CBSE and boards other than CBSE any three subjects as per the above-mentioned band will be considered.		
2) Marks scored in the language subjects will not be considered for scholarship		
3) If the eligibility committee seeks grade equivalence, in such cases the responsibility lies with the candidate to submit the grade equivalence signed by the authorized signatory from the concerned school. Based on the same, scholarship will be approved.		

3) SAT Scholarship for NRI/PIO/OCI

For admitting international students based on SAT Subject score with 40% Tuition fee waiver for Engineering and 50% for other streams on annual fee

S.NO	*Examination*	*Program*	*Eligibility Criteria*
1	SAT 1	For all FSH, Management, E&T, Law and Agri courses	Aggregate of 1000 out of 1600 in reasoning test

Sports Scholarship

International and National level sports persons are exempted from Tuition fee, Hostel accommodation and Mess fee.

Sports Scholarship is also given to those categories of students who excel in sports.

Category I	100% Fees Concession –Tuition, Book, Exam Fees and Hostel or Transport fees
Category II	50% Fees Concession – Tuition Fees and Hostel Fees or Transport Fees

Sports Performance during the Programme

RULES AND REGULATIONS

Students must be aware of the Vision and Mission of the University. They should be familiar with their Departmental goals. Students should take all efforts to enable their Department to achieve its goals.

Students shall be thoroughly familiar with the regulations which are available at the University website www.srmist.edu.in. The curriculum and syllabi of various programs are also accessible on the website.

Some important aspects of the rules and regulations, based on the present university regulations, are reproduced here for strict compliance. These are subject to changes effected by the Institution from time to time.

1. Punctuality and Attendance Rules

- Attendance is the physical presence of the student in the class/laboratory/field work. It is a well-observed fact that the students who score good grades are those who attend the class/laboratory/field work, regularly. Students must strive to attend all classes without fail and sincerely participate in all assigned learning activities. Every faculty member handling a subject shall take attendance till the last working day of the semester.
- A student must maintain an attendance record of at least 75% in individual courses, ***exclusive*** of the leave of absence due to medical reasons, on-duty, extracurricular/extramural activities, permitted assignments such as job interviews, unforeseen emergencies etc. Without the minimum attendance of 75%, in any subject, students become ineligible to appear for the end semester examination in that course. His/Her registration for that course will be treated as cancelled and the student should register and repeat the entire course when it is offered next.
- A student must strive to attend all the classes without fail. However, the minimum attendance requirement of 75% allows a student the facility to use the balance 25% to account for illnesses, permitted assignments such as job interviews, inter-university sports meets, inter-collegiate/inter-university competitions, accidents, unforeseen emergencies etc. An attendance of

75% in a course is considered to be the minimum required for a student to get just enough input on the course syllabus through class room contact hours to make him/her eligible to appear in the end semester examination for that course. It is the responsibility of each and every student to keep track/monitor his/her percentage of attendance daily for each course and ensure that he/she satisfies the attendance norms prescribed by the University. If a student finds any discrepancy/error in the attendance status, immediately on the same day, he/she should bring it to the attention of the concerned faculty member and seek redressal.

- ***Condonation of Attendance*** In rare and genuine cases, a committee consisting of the Dean-CETand Head of the concerned department will examine the case, based on the documents submitted by the student, facts and circumstances. The documents may include medical certificate, permission sought by the parents and students just before or just after the commencement of medical treatment, fitness certificate, evidence of being treated as in-patient and/or recommendation for convalescence etc. as applicable to particular situations. The assessment will be done by the committee on the merit of the case, and their recommendation will be communicated to the Vice Chancellor. The Vice Chancellor, based on the recommendation of the committee may then give condonation for the inadequate attendance. But in any case, the condonation cannot exceed 10%. ***It is to be noted that condonation of attendance shortage is not a right to be claimed by the student but to be considered only in the rarest of rare cases.*** Once the medical leave is rejected by the committee, the period for which condonation is claimed will be treated only as 'absent'. Only those cycle tests, quizzes, surprise tests or any other forms of internal assessment conducted during the approved condonation period will be re-administered. ***No condonation will be considered for end semester examinations.***
- It is compulsory that a leave letter in an approved format should be submitted for medical reasons. Medical leave letters should be signed/counter signed

by parents / guardians / hostel Warden. Medical leave letters should be accompanied by medical certificates for availing leave. Prior permission must be obtained for availing leave in other than emergency cases. A fitness and medical certificate should be submitted while rejoining the classes. Students are prohibited from producing false / fabricated certificates, the act of which will result in grave disciplinary action against them.

- It is important that all students are present on the enrollment day as well as on the last working day of every semester. Absence will be permitted only for unavoidable reasons with prior permission. Suitable fine will be levied for absence on the course enrollment day and the last working day of the semester.
- Students should be punctual to the class and should equip themselves with calculators, approved drawing materials, instrument boxes, record note books and standard notebooks as and when necessary. Since the faculty will be taking the attendance at the commencement of the class, even one or two minutes of late entry will lead to the student being marked absent for the class which may ultimately lead to his/her attendance falling below 75% at the end of the semester.

2. Ragging

Ragging in any form is strictly forbidden, and severe action will be taken against those who indulge in such activities as per the Tamil Nadu Prohibition of Ragging Act No.7 of 1997. Please refer to the following URL to know about what constitutes ragging and actions that must be taken against those who indulge in ragging:

https://www.srmist.edu.in/life-at-srm/anti-ragging/

3. Discipline

- Every student is required to maintain discipline and decorum both inside and outside the University campus and should not indulge in any activity that will tarnish the reputation of the university.
- Any act of indiscipline by a student first will be scrutinized/considered

by the Discipline and Welfare Committee of the Department/School for necessary action. If the issue demands more serious consideration, the act of indiscipline will be reported to the Dean CET, and he will refer it to the Discipline and Welfare Committee of the University, constituted by the Vice Chancellor.

- The Committee will enquire into the charges and recommend suitable action if the charges are substantiated. The Dean CET will take appropriate action based on the recommendation of the Discipline and Welfare Committee.
- Dean (CET) may suspend a student pending inquiry depending upon the prima facie evidence.

Appeal: The student may appeal to the Vice Chancellor whose decision will be final and binding.

4. Standards on Attire and Accessories

Students are required to wear their identity cards with the college name lanyard, and these should be worn only around the neck, in a clearly visible manner, at all times within the college premises and also when traveling using the College of Engineering and Technology transport. Not wearing the identity card will be considered as an act of indiscipline.

Laboratory Dress code

No loose garments are permitted inside workshop / laboratories. Both boys and girls have to wear leather shoes in the workshops. In the workshops, the uniform for girl students is a grey overcoat, while for boy students it is grey trousers and grey shirts. In the Physics and Chemistry laboratories, all students are required to wear white overcoats.

On the playfields, the standard attire consists of shorts and vests or jerseys. Footwear worn on the field should have securely strapped heels.

Visiting students are also expected to observe the standards regarding attire and accessories. All students will wear presentable dress which is neat, clean and ironed.

Students are strictly instructed to adhere to the following standards on Attire and Accessories while attending the Lectures / Practicals / Library / Laboratories and formal functions of the Departments / Institution.

Permitted Attire:

Boys	***Girls***
Properly covered, neat, clean, and well-fitted attire, including: ● Indian traditional wear ● Formal or casual shirts (full sleeve or half sleeve) ● Full-length pants ● Coat, suit, or blazer	Properly covered, neat, clean, and well-fitted attire, including: ● Indian traditional dress ● Coat, suit, or blazer
Shoes and Socks	Formal Footwear
Neatly Trimmed Hair	Hair length beyond shoulder to be tied up

Not Permitted Attire:

Prohibited for Boys	***Prohibited for Girls***
Tight fitting jeans, low waist trousers, trousers with too many (multiple) pockets, shorts and folded pants	Tight fitting jeans and leggings, low waist trousers, skirts/shorts and Folded pants
Short shirts, T-shirts with round collars	Short tops, Sleeveless tops, round neck T-Shirts and Deep-neck tops
Clothes depicting illegal drugs, alcohol, profane language, racial comments etc.	Clothes depicting illegal drugs, alcohol, profane language, racial comments etc.
Chappals, Pony tails, Ear Rings	Loose hair

Additional clothes / accessories for Laboratories

- Grey / white over coat for girls as per the laboratory need
- Grey trousers and grey / white shirts as per the laboratory need
- Leather / synthetic shoes

In case of violation of the dress code, the student concerned will be asked to leave the class room / lab

5. Use of Cell Phones

SRM Management understands the necessity of cell phones in a student's life. But the management is totally against its over-use or misuse.

- Use of cell phones inside the classroom in an unauthorised manner during the class is strictly prohibited. However, with the specific permission of the concerned faculty a student may use it to take photo of notes etc.
- The Cell phone of the student who uses it in the class without the permission of the faculty will be confiscated and action will be taken.
- The student found with a cell phone during cycle test / model examination / practical exams / university examinations will be severely punished which will involve cancellation of tests/examinations or debarred from writing further tests/examinations.

6. Overall Progress

- Students should maintain good academic progress on a continuous basis.
- Students should maintain satisfactory progress on all fronts.
- Corrective actions proposed by the Department to maintain academic excellence should be strictly adhered to by the students.
- Unsatisfactory performance will also render the students ineligible to appear for University Examinations.

7. Hostellers

- Students admitted to the University hostel shall abide by the existent rules and regulations at the time of admission and as amended from time to time.

- A student dismissed from the Institute shall automatically cease to be a member of the Hostel.

Apart from the rules and regulations prescribed above, following exhortations are made to the students aimed at their well-being:

❖Chennai and nearby areas have long beaches. Students are firmly advised not to take bath in the sea waters as the unpredictability of killer currents and monster waves may lead to untoward accidents / deaths

❖Students are advised to be extremely cautious while crossing the busy National Highway adjacent to the campus. Students are cautioned not to walk across or along the railway tracks in front of the campus or anywhere else. Carelessness on the part of students has led to many unfortunate fatal accidents.

❖Students crossing the highway near the main campus should invariably use the foot-overbridge. Students not using the bridge will be penalized by the traffic police and the University authorities.

❖Students are strictly forbidden to smoke/consume alcoholic drinks/drugs inside the campus or for that matter anywhere else. Such habits irreparably wreck the career of the students.

Curriculum and syllabus: Respective department Webpage in our website: *www.srmist.edu.in*

Any amendment issued by the University will be binding on the concerned students. For every course in every semester, students are expected to know the mode/plan of internal assessment.

ii. In case of order of a University to the Chancellor
iii. In case of an institution of national importance created by an Act of Parliament, to the Chairman or Chancellor of the Institution, as the case may be

Revised Procedure for Students to file online Anti-Ragging Affidavit

As per the AICTE Regulation 2009, it is compulsory for each student of SRMIST and his/her parents/guardians to submit an online undertaking each academic year at the website, *www.antiragging.in.* As part of UGC's initiative to reduce the compliance burden of students, UGC has revised the procedure for students to file online Anti-Ragging Affidavit as follows:

Step 1: The student has to submit his/her details on the above website after reading and confirming that he/she and his/her parents / guardians have read and understood the AICTE regulations on curbing the menace of ragging and he/she will not engage in ragging in any form.

Step 2: The student has to forward the weblink received through email from antiragging portal to his / her faculty advisor for recording of the Anti-Ragging Undertaking Reference Number generated by the portal.

The University has inserted a mandatory field in the academic enrolment form to capture the above reference number of each and every student. Further the University has taken steps to display the anti-ragging posters with email addresses and contact numbers of SRMIST Anti-Ragging Committee Members, the University website and across the campus to create awareness among the students. In addition, complete information / guidance on anti-ragging measures is made available in the following link of SRMIST website: https://www.srmist.edu.in/life-at-srm/anti-ragging/

FORMAT OF DECLARATION ON RAGGING

1. That the statements made and information furnished in my son's/daughter's/ward's application as also in all the enclosures thereto submitted by him/her are true. Should it however, be found that any information furnished therein is untrue in material particulars. I realise that I am liable to criminal prosecution and I also agree to the forfeiture of the seat in the institution.
2. That I have read the eligibility regulations and I am satisfied that my ward is for admission to the course, as per University, Government norms.
3. That my son/daughter/ward would confirm strictly to all the rules and regulations in for or which may be introduced in the institution hereafter and that I realise that breach of discipline and rules on my son's/daughter's/ward's part would entail summarily forfeiture of his/her seat in the institution.
4. That I am aware that if my son/daughter/ward does not put in a minimum of 75% attendance in each course during the semester, my son/daughter/ward will not be eligible to write the semester examinations in that course and will have to repeat the course of study as and when offered next.
5. That I am aware that the curriculum for the various courses is liable to be revised or modified and that my son/daughter/ward will follow the syllabi for the various courses in force at the time of his/her admission and that any revision or modification made in the syllabi during the course of his/her study in the institution will be binding on him/her.
6. That in case of my son's/daughter's/ward's progress in studies is uniformly poor in the institution his/her studies are liable to be terminated by the issue of Transfer Certificate.
7. That in case my son/daughter/ward becomes a scholarship holder or comes to enjoy educational concessions like half fee or full fee etc., and does not show special progress, the scholarships or educational concessions are liable to the cancelled and that if my son's/daughter's/ward's conduct and character are not good these will be cancelled summarily.

8. That my son/daughter/ward is aware that breach of discipline and rules or bad conduct in extra curricular activities will also entail summarily forfeiture of seat in the institution, in addition to such other proceedings that may be taken against him/her.
9. That I am aware that if my son/daughter/ward is admitted into the hostel he/she will strictly abide by the rules and regulations in force in the hostel and that any breach of discipline or rules or any unruly conduct or undesirable activities will be summarily dealt with by the forfeiture of seat both in the hostel and the institution in addition to such other proceedings that may be taken against him/her.
10. That I and my son/daughter/ward are aware that the College of Engineering and Technology, SRMIST is a Deemed to be University framing its own courses, curricula and assessment systems. We agree that my son/daughter/ward will be bound by and above by such rules and regulations relating to curricula, examination assessment and other academic matters as may be framed from time under the autonomous functioning of the College of Engineering and Technology, SRMIST.
11. That I am fully aware, as per directions of the Hon'ble Supreme Court of India and Tamilnadu Prohibition of Ragging Act 1997, Ragging is an offence, as is banned in the Institutions and anyone indulging in ragging is liable to be punished such as expulsion from the institution and / or rigorous imprisonment upto 3 years.

60.	6	August'26	Aerospace Engineering	Outreach Programme on Sky Explorers: Drone Workshop and Flight Demo for Agriculture Students
61.	6-7	August'26	Nanotechnology Research Centre (NRC)	Hands on Training Program on Advanced Characterization Techniques- I
62.	6-7	August'26	Computing Technologies	2 Days Techminar on Secure Fullstack Development Using Agentic AI
63.	6-7	August'26	Architecture	Workshop on Temple Architecture and Vasthu
64.	6-7	August'26	Computational Intelligence	Workshop on XR Innovate – Advanced AR/VR Development Bootcamp Using Unity XR Toolkit
65.	6-7	August'26	Networking and Communications	Workshop on Digital Transformation in Healthcare
66.	6-7	August'26	Mathematics	PDP on Software Training and Awareness for Teaching and Non Teaching Staffs-1
67.	6-7	August'26	Electronics and Communication Engineering	Outreach Programme on TEKMUX: Fun with Electronics and Optics
68.	6-7	August'26	Electrical and Electronics Engineering	Student Related Programme on Vidyut 2K'26: Unleashing the Power of Standards
69.	6-7	August'26	Genetic Engineering	Workshop on TA cloning
70.	6-7	August'26	Mechanical Engineering	Workshop on Mechanical Intelligence: Hands-on ML from Data to Real-World Deployment

Sl. No.	Date	Month	Department	Event
71.	7	August'26	Data Science and Business Systems	UHV Outreach Programme for School Kids
72.	7-8	August'26	Computational Intelligence	Alumni Related Programme on Agent Orchestration and Memory
73.	7-11	August'26	Mechanical Engineering	PDP on Lean Six Sigma Green Belt Certification
74.	8-14	August'26	Office of CET	Deeksharambh - Student Induction and Orientation Programme 2026 - 2027
75.	10	August'26	Computational Intelligence	Anti-Ragging Activity-Say No to Ragging, Say Yes to Respect
76.	10-11	August'26	Automobile Engineering	Association Activity on Tech Day - Ignite Mobility
77.	10-13	August'26	Computing Technologies	National Summit on AI-Driven HealthCare Solutions 2026
78.	10-14	August'26	Aerospace Engineering	Workshop on Additive Manufacturing -Enabled Thermal Management: From Heat Pipe to Porous Cooling Structures
79.	10-14	August'26	Electronics and Communication Engineering	Five Days FDP on Smart Embedded System Design and Development
80.	10-14	August'26	Biotechnology	FDP on Neuro-Pedagogical Teaching to Support Student Learning and Engagement
81.	11	August'26	Electronics and Communication Engineering	Industry Academia Conclave on Responsible Innovation: Ethics and Standards in a Rapidly Changing Technological AI World
82.	11-12	August'26	Civil Engineering	Two Days Hands on Training Workshop on High-Performance Concrete: Mastering SCC and Sustainable Geopolymers

Sl. No.	*Date*	*Month*	*Department*	*Event*
83.	12	August'26	Interdisciplinary Institute of Indian System of Medicine	One Day Workshop on High Performance Liquid Chromatography, Theory and Practice
84.	12-14	August'26	Mechatronics Engineering	Workshop on Design to Prototype: Mastering 3D Printing
85.	13	August'26	Food Technology	Outreach Program on Personal Hygiene, Food Safety and Quality Awareness for School Students
86.	13-14	August'26	Nanotechnology Research Centre (NRC)	Workshop on SDG-7 (Affordable and Clean Energy)
87.	13-14	August'26	Computing Technologies	Industrial Conclave on Capital Craft: The Budding Investor's FinTech Summit
88.	13-14	August'26	Electrical and Electronics Engineering	Industry - Ready Coding and Technical Skill Enhancement Program
89.	13-14	August'26	Electronics and Communication Engineering	Workshop on Photonic and Photovolatic Devices WOPPD 2026
90.	15	August'26	Directorate of Students Affairs	Music Workshop - Music Night
91.	15-16	August'26	Directorate of Students Affairs	ACE- Fresher's Sports Fest
92.	17-18	August'26	Electrical and Electronics Engineering	Student Related Programme on Synergy'26: Young Engineers for Sustainable Power
93.	17-19	August'26	Architecture	Commemoration Day - Honouring Madras - Trails of the Past
94.	17-20	August'26	Electronics and Communication Engineering	Workshop on Hack and Beyond

Sl. No.	*Date*	*Month*	*Department*	*Event*
95.	17-21	August'26	Computational Intelligence	STTP on Agentic Verse V2.0
96.	17-21	August'26	Data Science and Business Systems	Counselling Event for Students
97.	17-21	August'26	Automobile Engineering	PDP on Vehicle Thermal Management - An Insight and Advances
98.	17-21	August'26	Mechanical Engineering	Workshop on AI-Enabled Robotics: From Simulation to Smart and Sustainable Factory Automation
99.	18	August'26	Physics and Nanotechnology	Nanothon: Build from the Bottom Up
100.	18	August'26	Data Science and Business Systems	Blockchain Workshop
101.	18	August'26	Networking and Communications	Student Related Programme on Idea Quest - Imagining Today, Inventing Tomorrow
102.	18	August'26	Computing Technologies	Student Related Programme on Quantum Quest 2.0
103.	18-20	August'26	Computational Intelligence	Cintel Association Flagship Series (Cintel Connect / Capture the Flag / Game Jam)
104.	18-22	August'26	Physics and Nanotechnology	FDP on Semiconductor Virtual Fabrication
105.	19	August'26	Mechanical Engineering	Outreach Programme on Blood Donation Camp
106.	19-21	August'26	Computing Technologies	Student Related Programme on Robofest 2.0 *SRM Sports
107.	19-21	August'26	Mechanical Engineering	Workshop on CNC Programming and Practices

Sl. No.	*Date*	*Month*	*Department*	*Event*
108.	20-21	August'26	Architecture	Workshop on Precinct Level Accessibility Audit Using Spatial Audit
109.	20-21	August'26	Electronics and Instrumentation Engineering	NOMIZO'26 - A National Level Symposium
110.	20-21	August'26	Data Science and Business Systems	2 Days Workshop on Interactive Data Visualization
111.	20-21	August'26	Electrical and Electronics Engineering	Two-Day Hands-On Workshop on AI-Enabled Application Development and Backend Integration
112.	20-21	August'26	Genetic Engineering	National Level Workshop on Molecular Identification of Pathogen Using Isothermal Nucleic Acid Amplification Method
113.	22	August'26	Directorate of Students Affairs	Onam Celebration
114.	21-22	August'26	Directorate of Students Affairs	RENDEZVOUS - CULTURAL FEST
115.	21	August'26	Physics and Nanotechnology	Outreach Programme on Transforming Lives with Laser-Light Therapy Techniques
116.	22-23	August'26	Mechatronics Engineering	Bootcamp on VR in Unity
117.	24	August'26	Directorate of Students Affairs	Honourable Chancellor's Birthday Celebration
118.	24-25	August'26	Aerospace Engineering	Two-Day Workshop on Advanced Composites for Stealth Applications

Sl. No.	*Date*	*Month*	*Department*	*Event*
119.	26	August'26	Interdisciplinary Institute of Indian System of Medicine	One Day Workshop on : Flow Cytometry, Theory and Practice
120.	26	October'26	Interdisciplinary Institute of Indian System of Medicine	One Day Workshop on : Confocal Microscopy, Theory and Practice
121.	27-28	August'26	Computational Intelligence	Outreach Program on Mindful Living for Young Learners
122.	27-28	August'26	Computational Intelligence	Student Related Programme on EdgeNova 2026 – Collaborative 24-Hour Hackathon on AI and Embedded Systems
123.	27-28	August'26	Computing Technologies	Innovate with Generative AI - V2.0: A Practical Workshop for Professionals
124.	28	August'26	Muthucharam Community Radio	Healthy Body, Strong Nation - Outreach Program for Rural School Students
125.	28	August'26	Mechanical Engineering	Outreach Programme on Superhero Sports Gala
126.	28-29	August'26	Electrical and Electronics Engineering	Mock Interview and Placement Training Program
127.	29-30	August'26	Mechatronics Engineering	Bootcamp on AR in Unity
128.	31	August'26	Mechatronics Engineering	Mastering LaTeX: A One-Day Boot Camp
129.	31-4	August'26	Genetic Engineering	FDP on Molecular Diagnostics
130.	1-3	September'26	Computing Technologies	AI-Powered Digital Twins for Omnidirectional Robotic Systems: A Hands-On Workshop

Sl. No.	*Date*	*Month*	*Department*	*Event*
131.	2	September'26	Biotechnology	Student Related Programme on Falling Walls Lab Chennai
132.	2-3	September'26	Biotechnology	SRM-BIS Workshop on Standards for FEAT (Food, Environment, Agriculture and Therapeutics)
133.	2-3	September'26	Aerospace Engineering	SkyVision 2026: FPV Drone Build and Fly Workshop
134.	3	September'26	Data Science and Business Systems	Association Activity on Vidya Vandana -Teachers Day Celebration
135.	3	September'26	Electronics and Communication Engineering	Life Skills Training for Adolescents- An Outreach Program
136.	3	September'26	Biomedical Engineering	One Day Seminar on Patent Commercialization Opportunities and Challenges
137.	3	September'26	Chemical Engineering	Student Related Programme on Mind Strong: Empowering Students to Rise, Resilience and Realize Their Potential
138.	4-6	September'26	Directorate of Students Affairs	SHURU and TALENT HUNT - First Year Cultural Fest
139.	5	September'26	Directorate of Students Affairs	JOSH - Faculty Cultural Event
140.	5	September'26	Directorate of Students Affairs	Rotaract Event
141.	5	September'26	Electronics and Communication Engineering	Polish Your Pitch with Mock Interviews
142.	5	September'26	Mechatronics Engineering	Bootcamp on 3D Modeling in Blender

Sl. No.	*Date*	*Month*	*Department*	*Event*
143.	5	September'26	Office of CET	Teacher's Day Celebration
144.	7	September'26	Networking and Communications	Open Sky Ideathon 2026
145.	7-8	September'26	Data Science and Business Systems	Association Activity on GAMEJAM- 2026
146.	7-8	September'26	Computational Intelligence	Student Related Programme on IEEE GRSS Geohack 2.0
147.	7-9	September'26	Computing Technologies	Industrial Conclave on Startup Summit 2.0 Terranext
148.	7-11	September'26	Electronics and Communication Engineering	PDP on Recent Evolutions in Microwave and Optical TEchnologies (REMOTE) 2026
149.	7-11	September'26	Data Science and Business Systems	FDP in Collaboration with ICT Academy
150.	7-11	September'26	Mechanical Engineering	STTP on Advanced Composites: Hands-On Practice with Industry Integration
151.	7-25	September'26	Genetic Engineering	Lecture series - Industry experts on Bioindustry-Academia Connect Series
152.	8	September'26	Networking and Communications	Student Related Programme on Design Today; Build Tomorrow
153.	8-14	September'26	Mechatronics Engineering	Workshop on Foundations of Autonomous Systems Engineering
154.	9-10	September'26	Networking and Communications	Two-Day Workshop on IoT 360: Smart Solutions and Beyond ver 2.0
155.	9-10	September'26	Data Science and Business Systems	Student Related Programme on Women Student ACM-MAKE-ATHON'26

Sl. No.	Date	Month	Department	Event
156.	9-10	September'26	Computing Technologies	Workshop on AI Tools for Modern lab Automation
157.	9-11	September'26	Data Science and Business Systems	Student Related Programme on Code Merge Hackathon V2.0
158.	9-11	September'26	Computational Intelligence	Student Related Programme on Intel's Training on Machine Learning (For SRMIST B.Tech-AI Second year Students)
159.	9-11	September'26	Automobile Engineering	PDP on Advanced EV Powertrain Design and Systems Integration Certification
160.	10-11	September'26	Mathematics	Workshop on Stochastic Processes for Intelligent Industrial and Digital Systems
161.	10-11	September'26	Electrical and Electronics Engineering	PDP on Reimagining the Educator's Role: Aligning with NEP 2020
162.	10-12	September'26	Physics and Nanotechnology	Symposium on Cutting Edge Experimental Methods for Advances in Physics (CEEMAP)
163.	11	September'26	Mechanical Engineering	Student Related Programme on 4th Edition of Wealth Out of Waste - State Level
164.	12	September'26	Networking and Communications	National Conference on Cyber Security
165.	14	September'26	Directorate of Students Affairs	Vinayakar Chaturthi - Festival Celebration
166.	15	September'26	Mechanical Engineering	Outreach Programme on Smart Ration Dispenser for Public Distribution System (PDS)

Sl. No.	Date	Month	Department	Event
167.	16	September'26	Civil Engineering	One Day Workshop on Sustainable and Smart Concrete Technologies for Future Infrastructure
168.	16	September'26	Automobile Engineering	Outreach Programme on Smart, Safe and Secure Mobility for School Children
169.	16	September'26	Mechanical Engineering	MECH FIESTA'26 (A Intra-Collegiate Technical Event)
170.	16-17	September'26	Computing Technologies	Student Related Programme on Product Expo 2026: BIS-Based Product Design Contest
171.	17	September'26	Physics and Nanotechnology	Industrial Conclave on Optical Materials and Devices: Industry Partnership Meet
172.	17	September'26	Mechanical Engineering	Outreach Programme on Waste Segregation Drive
173.	17-18	September'26	Aerospace Engineering	Two Days Workshop on NDT Techniques for Aerospace Applications
174.	17-18	September'26	Computational Intelligence	Hands-on Workshop on AI Agents and Workflow Automation
175.	17-18	September'26	Networking and Communications	Student Related Programme on Forensic Frontiers 2026: Innovate Crime Investigation
176.	17-18	September'26	Language Culture and Society (LCS)	Student Related Programme on Sahitya SRM Lit Fest 4.0
177.	17-18	September'26	Mathematics	PDP on Software Training and Awareness for Teaching and Non Teaching Staffs-2

Sl. No.	Date	Month	Department	Event
178.	18	September'26	Food Technology	National Symposium on Exploring the Future of Food: Innovations in Technology, Sustainability and Consumer Health - FEAST 2026
179.	18-19	September'26	Data Science and Business Systems	National Level Workshop on Multi-Level Network Protection: Vulnerability Analysis and Mitigation with Hands-on Training
180.	18-26	September'26	Mechatronics Engineering	FDP on VR Development Using Vizard
181.	19	September'26	Directorate of Students Affairs	Workshop on Dance
182.	21	September'26	Physics and Nanotechnology	Counselling Activity on Clear Minds, Strong Futures – The Next Step
183.	21	September'26	Mechanical Engineering	Workshop on Self Protection and Boundry Setting
184.	21-22	September'26	Computational Intelligence	Student Related Programme on MedVision Ideathon 2026: Ignite Ideas. Impact Lives
185.	21-23	September'26	Computing Technologies	Workshop on GPU Architectures for Real Time Predictive and Streaming Analytics
186.	21-25	September'26	Data Science and Business Systems	Workshop on App Development Using Swift UI Professional Development Program
187.	21-25	September'26	Data Science and Business Systems	FDP on AI-Driven Approaches for Stuttering Speech Analysis and Recognition
188.	21-25	September'26	Computing Technologies	Global Colloquium on Intelligent Computing and Innovation (GCICI-2026)

Sl. No.	*Date*	*Month*	*Department*	*Event*
189.	21-26	September'26	Language Culture and Society (LCS)	FDP on LinguaSphere 360: Global Language Pedagogy and Digital Fluency for Future-Ready Educators
190.	23	September'26	Chemical Engineering	Student related Programme on High on life Not on Drugs
191.	23	September'26	Civil Engineering	PDP on Modern Bridge Engineering and Intelligent Monitoring Systems
192.	23-24	September'26	Computational Intelligence	Workshop on AI for Computationally Sustainable Innovation
193.	23-25	September'26	Electronics and Instrumentation Engineering	Workshop on Industrial Robotics
194.	23-26	September'26	Mechatronics Engineering	Workshop on PCB Design and Fabrication a Hands on Training
195.	24-27	September'26	Office of CET	Aaruush - National Techno - Management Festival
196.	25	September'26	Muthucharam Community Radio	Fit Future Initiative - Outreach Program on Health Awareness
197.	25	September'26	Chemical Engineering	Outreach Programme on Women SHG Empowerment and Livelihood Development Initiative
198.	25-26	September'26	Architecture	Student Related Programme on D Con - Design Conclave '26
199.	28-29	September'26	Computational Intelligence	Student Related Programme on Roborush AI: AutonoX Racing League

Sl. No.	*Date*	*Month*	*Department*	*Event*
200.	29-30	September'26	Computing Technologies	Student Related Programme on Sustain Agentic Bootcamp: Designing and Building Sustainable, Intelligent AI Agentic Systems
201.	30	September'26	Biomedical Engineering	Hands on Workshop 2.0: Miniaturized Ink Printed Sensors for Biomedical Applications
202.	30-1	September'26	Computing Technologies	Student Related Programme on GeoImpathon 1.0-Geospatial Ideas for a Greener Earth
203.	3	Octobre'26	Directorate of Students Affairs	Workshop on Photography
204.	4-10	October'26	Aerospace Engineering	World Space Week 2026
205.	5-6	October'26	Networking and Communications	Student Related Programme on Hack Storm
206.	5-6	October'26	Computing Technologies	Workshop on The TRIAD: Machine Learning, Blockchain and Quantum for Trusted AI
207.	5-9	October'26	Architecture	Faculty Development Progrdam on COA TRC
208.	5-9	October'26	Computational Intelligence	National Seminar on Transforming Ideas into Applications: Advancing Tamil Heritage 2.0
209.	5-9	October'26	Data Science and Business Systems	Student Related Programme on Future Skills Prime: Cloud Computing Upskilling and Reskilling Programme for Students and Faculty
210.	5-10	October'26	Networking and Communications	STTP in Cyber Security

Sl. No.	Date	Month	Department	Event
211.	5-10	October'26	Mechanical Engineering	6 Days FDP in Recent Advancements in Renewable and Sustainable Energy Systems
212.	6-10	October'26	Physics and Nanotechnology	3rd International Conference on Indian Summer Monsoon Antcyclone (ASMA2026)
213.	6-12	October'26	Networking and Communications	Student Related Programme on SRM ACM SIGAPP
214.	16-17	Octobre'26	Directorate of Students Affairs	JHALAK - Inter College Cultural Fest
215.	7	October'26	Mathematics	Intra-Collegiate Mathematics Festival-2026
216.	7-8	October'26	Architecture	Workshop on Interior Lighting
217.	7-9	October'26	Computational Intelligence	Three-Days Workshop on Underwater Technology
218.	7-9	October'26	Biotechnology	INARA – Student Club Activity
219.	7-9	October'26	Automobile Engineering	Hands on Workshop on Simulation-Based Design for Automotive and Mechanical Engineering
220.	8	October'26	Data Science and Business Systems	Association Activity on DataKon'2026
221.	8-9	October'26	Physics and Nanotechnology	Two Days National Workshop on Emerging Materials for Energy and Environmental Applications
222.	8-9	October'26	Electronics and Communication Engineering	Association Activity on HACKFEST
223.	8-9	October'26	Mechatronics Engineering	GenAI Unleashed: A Two-Day Hands on Workshop

Sl. No.	Date	Month	Department	Event
224.	8-9	October'26	Mechanical Engineering	Outreach on Robotics and IoT and Drone Competition
225.	8-11	October'26	Computing Technologies	Association Activity on IEEE CS All India Computer Society Students and Young Professional Congress (AICSSYC 2026)
226.	9	October'26	Data Science and Business Systems	Outreach Programme on Play Smart: Discovering AI Ethics Through Games
227.	9	October'26	Networking and Communications	Student Related Programme on W3CS CyberCon – Defend, Detect, Dominate
228.	9	October'26	Mathematics	Empowering School Students with Higher Education Skills Through University Outreach
229.	10	October'26	Centre for Yoga	World Mental Health Day Awareness Program
230.	10	October'26	Civil Engineering	Outreach Programme on Healthy Kids with Happy Minds
231.	12-13	October'26	Computational Intelligence	Outreach Programme on Empowering Young Minds Through AI-Guided Academic Higher Education Pathways
232.	12-16	October'26	Electronics and Communication Engineering	PDP on Research Opportunities in Semiconductor Materials and Devices ROSMD 2026
233.	13-14	October'26	Computational Intelligence	Counselling Activity on Capacity Development with Ethical Considerations and Skill Development
234.	14	October'26	Computational Intelligence	Association Activity on Ideathon 3.0

Sl. No.	Date	Month	Department	Event
235.	14	October'26	Mechanical Engineering	Outreach Programme on Eco IoT Hackstorm
236.	15	October'26	Aerospace Engineering	Student Related Programme on Recent Technological Trends of AI/MI and IoT in Aerospace Applications
237.	15	October'26	Mathematics	Awareness Program on Value Based Education
238.	15	October'26	Mechanical Engineering	Awareness About Renewable Energy Utilization for Domestic Use
239.	15-16	October'26	Biotechnology	SRMIST- Bhabha Atomic Research Centre joint Conference on Biofilm and Biofouling Control
240.	15-17	October'26	Nanotechnology Research Centre (NRC)	AFMD Global Summit-Japan 2026
241.	16	October'26	Data Science and Business Systems	Outreach Programme on Reach and Rise
242.	16	October'26	Food Technology	Food Hackathon in Connection with World Food Day 2026
243.	17	October'26	Mechanical Engineering	Industry Conclave
244.	24	Octobre'26	Directorate of Students Affairs	Celebrating Inclusion and Diversity - Sangamam
245.	24	Octobre'26	Directorate of Students Affairs	Fashion Events
246.	24-25	October'26	Networking and Communications	Student Related Programme on H7CTF-2.0 Cyber Security Competition
247.	26	October'26	Mechanical Engineering	Student Related Programme on Creative Ingenuity

Sl. No.	Date	Month	Department	Event
248.	26-30	October'26	Mechanical Engineering	Capstone Program in Electronic Cooling
249.	27-28	October'26	Biomedical Engineering	Hands-On Workshop on Brain–Computer Interface and Applied Neuroscience
250.	27-31	October'26	Electronics and Communication Engineering	Lecture Series - Industry Experts on Chip Verification Using System Verilog to Meet the Industry Requirement for Better Placement
251.	28-29	October'26	Computing Technologies	Workshop on IPR and Innovation Ecosystem: Workshop and Technology Project Showcase
252.	28-30	October'26	Computational Intelligence	Workshop on Design and Development of advanced E-Content for Online Learning and MOOCs
253.	29-30	October'26	Architecture	Workshop on Why Conserve? Exploring Lime
254.	29-30	October'26	Electronics and Instrumentation Engineering	Outreach Programme on TECHNOBLIZZ
255.	29-31	October'26	Biotechnology	Association Activity on RARIORA '26
256.	30	October'26	Muthucharam Community Radio	Grama Udhayam – Village Entrepreneurship Program on Mushroom Cultivation
257.	30	October'26	Networking and Communications	National Conclave on Secure Intelligent Computing Platforms
258.	30	October'26	Mechanical Engineering	Student Related Programme on AutomateX 2026
259.	31	October'26	Networking and Communications	Outreach Programme on INSIF 2.0 – Innovate India: National Science and Idea

Sl. No.	Date	Month	Department	Event
260.	31	October'26	Chemistry	Outreach Programme on 5th SRM Crystal Growing Challenge
261.	2	November'26	Physics and Nanotechnology	NOVARIS '26 - Network Of Visionaries, Achievers, Researchers and Innovators in Science
262.	2-6	November'26	Mechanical Engineering	Project Expo'26 (Workshop Practice)
263.	5-6	November'26	Computing Technologies	Student Related Programme on Flairquest 2.0
264.	6	November'26	Mathematics	Empowering School Students with Higher Education Skills Through University Outreach
265.	11-12	November'26	Data Science and Business Systems	Upskilling for Non-Teaching Staff
266.	12	November'26	Data Science and Business Systems	Empowering Government School Students with AI Skills for the 5.0 Era
267.	13	November'26	Networking and Communications	From Patent to Product - Commercialisation
268.	13	November'26	Mechatronics Engineering	School Outreach: Invention and Intellectual Property Awareness with AI
269.	14	November'26	Muthucharam Community Radio	National Children's Day Celebration 2026 - Empowering Young Innovators Through Smart Technology
270.	14	November'26	Mechatronics Engineering	Essential Computer Skills: MS Office for Employment Opportunities

Sl. No.	Date	Month	Department	Event
271.	16-18	November'26	Centrer for Research in Environment. Sustainability Advocacy and Climate Change (REACH)	5th International Conclave on Higher Education Institute Challenges Solutions for Sustainable Development Goals 2026
272.	16-21	November'26	Mechanical Engineering	FDP on Mechanics Driven Design and Analysis for Engineering Structures
273.	18	November'26	Data Science and Business Systems	Outreach Programme on Think Before You Click - Cyber Safety Matters
274.	19-20	November'26	Automobile Engineering	Workshop on INDIA BRAKE 2026
275.	19-20	November'26	Food Technology	Workshop on Fundamentals and Product Innovations in Bakery Science and Technology
276.	23-27	November'26	Electronics and Instrumentation Engineering	5 Days FDP on AI-Driven Intelligent Robotics in Industrial Automation and Healthcare Systems
277.	23-28	November'26	Networking and Communications	IEEE sponsored Six Days PDP on Network Information Theory: Challenges and Opportunities
278.	24-25	November'26	Networking and Communications	Two Days Hackathon on Cybersecurity
279.	25-27	November'26	Biotechnology	Hands on Workshop on Drosophila as Model for Education, Research and AI Applications
280.	26	November'26	Directorate of Students Affairs	AIU - Association of Indian University Cultural Festival

Sl. No.	Date	Month	Department	Event
281.	26	November'26	Interdisciplinary Iinstitute of Indian System of Medicine	One Day Workshop on AI in Clinical Trials and Digital Monitoring with AYUSH-GCP Framework
282.	27	November'26	Computational Intelligence	Tech Bridge Conclave: Industry Meets Innovation B2B EXPO
283.	30-1	November'26	Directorate of Students Affairs	SRM MUN - Debate Competition
284.	30-26	November'26	Mathematics	Annual Foundation School - I (AFS - I)
285.	1-14	December'26	Food Technology	Food Nutrition, Fermentation and Processing - Winter School 2026
286.	2-4	December'26	Networking and Communications	Outreach Programme on Skill Development Programme on Safe Networking Practices for Students
287.	2-4	December'26	Chemical Engineering	Short-Time Training Program on Adoptation of AI and ML in Chemical Engineering
288.	4	December'26	Physics and Nanotechnology	Research Trends in Non Linear Optics
289.	4	December'26	Mathematics	Empowering School Students with Higher Education Skills Through University Outreach
290.	7-8	December'26	Physics and Nanotechnology	Two Day Hands on Training on Advanced Instrumentation and Analysis
291.	7-11	December'26	Chemistry	Summer School on Non-Covalent Interactions: From Molecules to Materials (NIMM-2026)
292.	7-12	December'26	Mechatronics Engineering	FDP on ROS2 Mastery: From Linux Fundamentals to Autonomous Robot Simulation

Sl. No.	Date	Month	Department	Event
293.	7-18	December'26	Biotechnology	Winter School Program on Translational Toxicology in Practice: Mammalian Cell Culture, Zebrafish and Drosophila Models
294.	7-21	December'26	Chemical Engineering	Winter School Training Program, Department of Chemical Engineering
295.	7-21	December'26	Mechatronics Engineering	Winter Internship in Virtual Reality Application Development
296.	9-23	December'26	Computing Technologies	Short Term Training Program for Empowering Educators on Modern Computer Networking
297.	10-11	December'26	Data Science and Business Systems	Student Related Programme on ICPC Regional Contest
298.	11	December'26	Mechatronics Engineering	Outreach Programme on Switch off Screens, Switch on Minds: Read, Think, Play
299.	12-13	December'26	Mechanical Engineering	Outreach Programme on STEM Fest
300.	14-15	December'26	Interdisciplinary Iinstitute of Indian System of Medicine	Hands on Training Nuclear Magnetic Resonance Sepctroscopy Workshop
301.	14-19	December'26	Electrical and Electronics Engineering	Hands-On FDP on Hardware-in-the-Loop (HIL) Platforms for Real-Time System Validation
302.	15-18	December'26	Mathematics	7th International Conference on Applications of Fluid Dynamics (ICAFD-2026)
303.	17-18	December'26	Nanotechnology Research Centre (NRC)	Hands on Training Program on Advanced Characterization Techniques-II

Sl. No.	Date	Month	Department	Event
304.	17-18	December'26	Civil Engineering	International Conference on Coastal and Ocean Technology for Sustainable Futures
305.	21	December'26	Centre for Yoga	Outreach Programme on Meditation Day Celebration
306.	21-24	December'26	Directorate of Students Affairs	Christmas and Easter Celebration
307.	22	December'26	Mathematics	Outreach Programme on National Mathematics Day
308.	4-8	January'27	Genetic Engineering	FDP on Gene Cloning and Recombinant Protein Expression
309.	4-9	January'27	Mechatronics Engineering	STTP on Industrial Robot Programming
310.	6-7	January'27	Nanotechnology Research Centre (NRC)	Outreach Programme on Multidisciplinary Research Forum
311.	6-8	January'27	Computational Intelligence	AI Foundations to Intelligent Agent Development: A Hands-on Training Program
312.	7-14	January'27	Physics and Nanotechnology	Evolution of Electronic Structure and Experimental Realization (EESTER 2027)
313.	8	January'27	Networking and Communications	Ideation to Patent - Workshop
314.	8	January'27	Aerospace Engineering	Hackathon 2027
315.	9	January'27	Directorate of Students Affairs	BUTTERFLIES - Cultural and Sports Govt School
316.	11	January'27	Directorate of Students Affairs	Pongal and Lohri Celebration

Sl. No.	Date	Month	Department	Event
317.	16	January'27	Directorate of Students Affairs	Workshop on Drama
318.	19-20	January'27	Computing Technologies	Counselling Activity on Holistic Wellbeing:Counselling for Staff and Students
319.	20	January'27	Physics and Nanotechnology	Technical Series on Synergizing Green Hydrogen and Battery Tech
320.	20	January'27	Networking and Communications	Student Related Programme on Swearing in Ceremony and Guest Lecture for IEEE Information Theory Society
321.	21-22	January'27	Food Technology	2 Days – Awareness Training Program on Laboratory Accreditation and Internal Audit
322.	21-23	January'27	Chemistry	National Conference on Sustainable Progress and Advanced Research in Chemistry (SPARK 2027)
323.	22-23	January'27	Electrical and Electronics Engineering	SRM Global Industry Conclave 2026
324.	21-24	January'27	Mechanical Engineering	PDP on Lean Six Sigma Certification
325.	27-29	January'27	Physics and Nanotechnology	9th International Conference on Nanoscience and Nanotechnology
326.	27-29	January'27	Computational Intelligence	Intel's Students Training on Multiple Technologies – Version 4 (For SRMIST B.Tech-AI I-II-III year Students)
327.	27-29	January'27	Aerospace Engineering	Workshop on UAV Technologies 27

Sl. No.	Date	Month	Department	Event
328.	27-29	January'27	Automobile Engineering	PDP on Automotive Control System Engineering: Executive Immersion Program
329.	28	January'27	Mechanical Engineering	Outreach Programme on Awareness about Road Safety
330.	28-29	January'27	Architecture	Workshop on Design and Performance of High Rise Structures
331.	28-29	January'27	Biomedical Engineering	Student related Programme on Hackathon 3.0: Rehab MedTech Innovation
332.	28-29	January'27	Chemistry	2nd Organic Chemistry Workshop BridgingTheory and Practice (OCW - 2027)
333.	28-29	January'27	Data Science and Business Systems	Student related Programme on SRM Swift Coding Challenge
334.	28-29	January'27	Computing Technologies	SRM Techno Hackathon 2027 : AI for Social Good
335.	28-29	January'27	Electrical and Electronics Engineering	Student related Programme on Manak Drishti 2K'27: Learning Engineering Through Standards
336.	28-29	January'27	Genetic Engineering	SRM Bioengineering Alumni Conference
337.	28-29	January'27	Biotechnology	Outreach Programme on GramHack: BioHackathon for Sustainable Rural Development
338.	28-29	January'27	Mechatronics Engineering	Student related Programme on Mechatronics in Action: Design, Build and Automate
339.	28-30	January'27	Language Culture and Society (LCS)	Outreach Programme on SDG: From Dream to Screen

Sl. No.	Date	Month	Department	Event
340.	28-30	January'27	Language Culture and Society (LCS)	Nilgiri Tribal Outreach and Capacity Workshop: SDG 4, 9, 10
341.	1-2	February'27	Computing Technologies	Student Related Programme on ESummit-2027
342.	1-5	February'27	Networking and Communications	Next-Gen DevOps: Real-World IT Automation Workshop
343.	1-6	February'27	Physics and Nanotechnology	FDP on Pioneering Materials and Characterizations for Sustainable Future (SDG-7)
344.	2-3	February'27	Genetic Engineering	National Level Workshop on Molecular Diagnostics of Antimicrobial Resistance (AMR)
345.	3	February'27	Electrical and Electronics Engineering	Student related Programme on WATTATHON 2K'27
346.	3	February'27	Biomedical Engineering	Outreach Programme on Unnat Bharat Abhiyan: Outreach Programme on Medical Health Camp
347.	3-5	February'27	Computing Technologies	Association Activity on ULTRON 10.0
348.	3-5	February'27	Electronics and Communication Engineering	PDP on Mind Matters 2.0 - A Wellness Fest
349.	4	February'27	Mechatronics Engineering	School Outreach - Invention and Intellectual Property Awareness
350.	4-5	February'27	Electronics and Communication Engineering	Workshop on Modelling and Simulation of Next Generation Optical Communication and Networks
351.	4-5	February'27	Data Science and Business Systems	Association Activity on INNOFUSION 27

Sl. No.	Date	Month	Department	Event
352.	4-5	February'27	Mathematics	Workshop on Quantum Computing and Automata Theory: Foundations to Secure Intelligent Systems
353.	4-5	February'27	Automobile Engineering	Student Related Programme on Industrial Readiness to ADAS
354.	4-5	February'27	Mechatronics Engineering	Workshop on A Practical Bootcamp on Engineering System Simulation with MATLAB and Simulink
355.	5	February'27	Data Science and Business Systems	AI Awareness Outreach Program for School Students
356.	5	February'27	Data Science and Business Systems	UHV Outreach Programme for School Kids
357.	5	February'27	Mathematics	Student Related Programme on Engineering Mathematics Festival
358.	5	February'27	Electrical and Electronics Engineering	Strees Management Workshop
359.	5	February'27	Directorate of Students Affairs	Dhandiya Night - Festival Club Celebration
360.	5-6	February'27	Genetic Engineering	National Symposium on Targeted Cancer Therapeutics and Nanodrug Delivery Systems
361.	6	February'27	Computing Technologies	Outreach Programme on Open House: Future Minds @University
362.	6	February'27	Directorate of Students Affairs	Workshop on Self Defence
363.	6-7	February'27	Mechatronics Engineering	Bootcamp on VR in Unity

Sl. No.	*Date*	*Month*	*Department*	*Event*
364.	8	February'27	Networking and Communications	Student related Programme on One Day Ideathon on Cybersecurity
365.	8-12	February'27	Computational Intelligence	TECHTONIX 1.0 (in Association with Centre for Computational Sustainability)
366.	9-10	February'27	Data Science and Business Systems	Student Related Programme on UAV HackSprint 1.0
367.	10	February'27	Computational Intelligence	IEEE Sponsored Initiative: From Curiosity to Intelligence – AI for Students
368.	10	February'27	Electronics and Communication Engineering	Excellence in ACTION Award Ceremony (Even)
369.	10	February'27	Genetic Engineering	Unnath Barath Abhayan and UHV Event on Stress Management
370.	10-12	February'27	Chemical Engineering	Chemflux 14.0
371.	10-13	February'27	Computing Technologies	Outreach Programme - ACM ARC 2027
372.	11	February'27	Aerospace Engineering	Lecture Series - Industry Experts on Empowering Minds: Role of Counseling in Student Success
373.	11-12	February'27	Mathematics	PDP on Advanced Software Training and Awareness for Teaching and Non Teaching Staffs-1
374.	11-12	February'27	Civil Engineering	MDP on Steel Insights: Hands-on Design of Pre-Engineered Buildings with Composite Systems

Sl. No.	Date	Month	Department	Event
375.	11-12	February'27	Electronics and Communication Engineering	Workshop on Women in Semiconductors, Integrated Optics and Nanophotonics (WISION- 27)
376.	11-12	February'27	Food Technology	National Conference on Emerging Trends and Challenges in Food Nutrition, Functional Ingredients, Packaging Technologies, Safety Standards and AI Innovations - 2027
377.	11-12	February'27	Genetic Engineering	Workshop on Basics in Animal Cell Culture (BACC)
378.	11-12	February'27	Biotechnology	Hands on Training in Application of COMSOL
379.	11-13	February'27	Architecture	International Conference on Architecture and Design
380.	11-14	February'27	Directorate of Students Affairs	MILAN - National Level Cultural Fest
381.	12-26	February'27	Computational Intelligence	Industry Induced Lecture Series for Mastering in Corporate Etiquette V4.0 on 12-02-2027, 26-02-2027, 12-03-2027 and 26-03-2027
382.	13-14	February'27	Mechatronics Engineering	Bootcamp on AR in unity
383.	15	February'27	Computing Technologies	National Conclave on Role of Nation Builders in National Education Policy 2020 (RNBNEP'27)
384.	15-16	February'27	Genetic Engineering	Hands on Training Cum Workshop on IHC and Fluorescense Staining of Cells
385.	15-17	February'27	Computational Intelligence	Association Activity on Digithon 4.0

Sl. No.	Date	Month	Department	Event
386.	15-17	February'27	Automobile Engineering	Converge CFD - Hands on Training
387.	15-19	February'27	Chemistry	International Workshop on Energy Storage Technologies (iWEST-2027)
388.	16-17	February'27	Computing Technologies	Two Days Workshop on Capacity Building Event on Empowering Pathways to Success
389.	17	February'27	Mechanical Engineering	Robotic Skill Development Program
390.	17-18	February'27	Networking and Communications	Workshop on Advanced Cloud Security and Privacy Engineering
391.	17-18	February'27	Genetic Engineering	Workshop on Phage Biology
392.	17-19	February'27	Electrical and Electronics Engineering	Association Activity on Elektra'27
393.	18-19	February'27	Electronics and Instrumentation Engineering	Outreach Program on National Level Automation and Robotics Challenge
394.	18-19	February'27	Computing Technologies	Student Related Programme on Privathon: Code the Pulse of Protection
395.	18-19	February'27	Computing Technologies	Workshop on AI Tools for the Geolocation Analysis
396.	19	February'27	Genetic Engineering	Student Related Programme on Bio-Ideathon 2027
397.	19	February'27	Language Culture and Society (LCS)	Student Related Programme on Matribhasha Diwas
398.	19	February'27	Electronics and Communication Engineering	Alumni Conclave on Career Opportunities and Growth in the Microchip Industries

Sl. No.	Date	Month	Department	Event
399.	19	February'27	Automobile Engineering	Winter School Program on STEM Explore Program
400.	19-20	February'27	Networking and Communications	National Level Hackthon on Cloud Native Application Developement for Societal Application
401.	20	February'27	Mechatronics Engineering	Bootcamp on 3D Modeling in Blender
402.	22-24	February'27	Computing Technologies	Future Skills Prime Programme on Cloud Computing
403.	22-26	February'27	Computational Intelligence	STTP on Meta-Cognitive and Self-Reflective Agent Architectures for Advanced AI Systems
404.	23-1	February'27	Mechatronics Engineering	Student Related Programme on Perception, Localization and Sensor Fusion Engineering
405.	24	February'27	Architecture	Workshop on Creating Functional and Experiential Urban Landscapes
406.	24	February'27	Chemical Engineering	Upskilling for Non-Teaching - AI for Administrative Excellence: Smart Tools for Office Productivity
407.	24-26	February'27	Mechanical Engineering	4th International Conference on Recent Composite and Advanced Materials
408.	24-26	February'27	Mechanical Engineering	Wrokshop on CNC Programming and Practices
409.	24-26	February'27	Office of CET	AIU- Anveshan International Level Student Research Convention
410.	25	February'27	Muthucharam Community Radio	BRIDGE 2026 – 2nd Edition, Building Radio Initiatives for Development, Governance and Empowerment

Sl. No.	Date	Month	Department	Event
411.	25-26	February'27	Computing Technologies	Student Related Programme on HackArena VC3.0
412.	25-26	February'27	Mathematics	National Conference on Women In Mathematics
413.	25-26	February'27	Electronics and Communication Engineering	Workshop on Emerging Artificial Intelligence Tools and Applications (ECE Association)
414.	25-26	February'27	Biomedical Engineering	Workshop on MoveTrack 2.0: Motion Capture and Analysis
415.	26	February'27	Physics and Nanotechnology	Outreach UHV Program on Talent Expo Wealth from Waste for Smart India
416.	26	February'27	Genetic Engineering	Commemoration Day on Rare Disease Day
417.	27	February'27	Directorate of Research	National Science Day
418.	1-3	March'27	Computing Technologies	ICONNECT 2.0 - A National Level Industry Conclave
419.	1	March'27	Biomedical Engineering	Unnat Bharat Abhiyan: Skill Development Program on Preventive Rural Healthcare Through Biomedical Skill Development
420.	1-6	March'27	Data Science and Business Systems	6-DayS Professional Development Program on Game Development and Game Studio Practices
421.	1-31	March'27	Computing Technologies	Student Related Programme on FOSS HACK 2027
422.	2-3	March'27	Networking and Communications	Workshop on Digital Forensics Bootcamp: Mobile, Network and Disk Investigations

Sl. No.	*Date*	*Month*	*Department*	*Event*
423.	2-5	March'27	Mechatronics Engineering	Workshop on From 8085 to IoT – Evolution of Embedded Systems
424.	3-4	March'27	Data Science and Business Systems	Student Related Programme on Women Student ACM-CODE for HER'27
425.	3-5	March'27	Computing Technologies	Hands-on Training on Building and Flying Drones 2.0
426.	4-5	March'27	Computational Intelligence	Hackathon - Hacker Rank Version 2.0
427.	4-5	March'27	Architecture	Wayfinding Workshop
428.	4-5	March'27	Electronics and Communication Engineering	Student Related Programme on SILICON SPRINT - 2.0
429.	4-5	March'27	Biomedical Engineering	Workshop on Capstone Experience 2.0: Hands-on Experience on Natural Language Processing for Medical Data Analysis
430.	5	March'27	Physics and Nanotechnology	Outreach Programme on NEXTGEN - SHE
431.	5	March'27	Chemical Engineering	Outreach Programme on Dignity Project 2.0
432.	5	March'27	Chemical Engineering	Outreach Programme on Women SHG Empowerment and Livelihood Development Initiative
433.	6	March'27	Directorate of Students Affairs	Literary Club Competition
434.	8-12	March'27	Computing Technologies	PDP on GeoCompute 1.0

Sl. No.	Date	Month	Department	Event
435.	10-11	March'27	Automobile Engineering	Workshop on Spray Atomization Across Engineering Applications: Automotive, Aerospace and Agriculture
436.	10-12	March'27	Computing Technologies	Outreach Programme on Plastic-Free Enterprises: Sustainable Alternatives and Income Opportunities for SHG Entrepreneurs
437.	11	March'27	Genetic Engineering	Workshop on Yoga and Stress Eradication
438.	11-12	March'27	Data Science and Business Systems	Student Related Programme on Layer Hackathon
439.	11-12	March'27	Mechanical Engineering	Outreach on Robotics and IoT, and Drone Competition
440.	11-12	March'27	Networking and Communications	Non-Teaching Upskilling Program
441.	11-12	March'27	Mathematics	PDP on Advanced Software Training and Awareness for Teaching and Non Teaching Staffs-2
442.	11-12	March'27	Electrical and Electronics Engineering	A Two-Day Hands-on Workshop on IoT-Based Smart Battery Monitoring System
443.	11-19	March'27	Computational Intelligence	Association Activity - Department Sports Event V2.0 (SPORTIVA)
444.	12	March'27	Data Science and Business Systems	Association Activity on ACM SIGKDD
445.	12-13	March'27	Genetic Engineering	National Conference on Genetics and Genetic Engineering, 2027 - From cells to Systems
446.	13	March'27	Data Science and Business Systems	Mock Interview by Alumni

Sl. No.	Date	Month	Department	Event
447.	15	March'27	Civil Engineering	One Day Workshop on Design of Reinforced Concrete Structures Using Low-Carbon Concrete
448.	15-17	March'27	Electronics and Instrumentation Engineering	Workshop on Industrial COBOT Programming and Integration with RT Toolbox
449.	15-19	March'27	Data Science and Business Systems	Counselling Event for Students
450.	15-20	March'27	Chemistry	IITE - 2027 : FDP on Innovation, Intellectual Property Rights, Technology Transfer and Entrepreneurship
451.	16	March'27	Computational Intelligence	IEEE GRSS Lecture Series 3.0 on Geospatial Foundation Models
452.	16	March'27	Genetic Engineering	National Workshop on Metagenomics
453.	16	March'27	Data Science and Business Systems	Outreach Programme on Empowering Young Thinkers
454.	16-17	March'27	Physics and Nanotechnology	Symposium on Intelligent Soft Materials (iSoftMat 2027)
455.	16-19	March'27	Language Culture and Society (LCS)	Francophonie Week Celebration
456.	17	March'27	Electrical and Electronics Engineering	Outreach Programme on Inter-School Science Day Competition: Inspiring Young Minds in Government Schools
457.	17-19	March'27	Data Science and Business Systems	Data Conclave
458.	17-18	March'27	Computing Technologies	Student Related Programme on Quantathon 4.0

Sl. No.	Date	Month	Department	Event
459.	17-19	March'27	Aerospace Engineering	Second International Conference on Advances in Aerospace Technologies 2027
460.	18	March'27	Mechanical Engineering	Workshop on Breaking Mental Health Stigma
461.	18	March'27	Mechanical Engineering	Outreach Programme on Wealth from Waste
462.	18-19	March'27	Electrical and Electronics Engineering	International Conference on Artificial Intelligence and Sustainable Green Energy Technologies for Future Electrification (AI-SGE2027)
463.	18-19	March'27	Architecture	Training Program on GRIHA V. 6.0
464.	18-19	March'27	Biomedical Engineering	National Conference on 'Biomedical Engineering and Technology - 2027
465.	18-19	March'27	Networking and Communications	Student related Programme on SRM Aqua Bot Challenge (SRMABC)
466.	18-19	March'27	Electronics and Communication Engineering	ATHLOS 2027 - SPORTS MEET
467.	22	March'27	Chemical Engineering	Aqua Analytica: Water Sampling and Analysis Workshop
468.	22-23	March'27	Computing Technologies	Symposium on Ubiquitous Mathematics UBIMATH 2027
469.	22-24	March'27	Computational Intelligence	Student Related Programme on AI PENTATHON 4.0
470.	22-26	March'27	Electronics and Communication Engineering	Summer School on Nextgen Communication System Design Using FPGA

Sl. No.	Date	Month	Department	Event
471.	23	March'27	Networking and Communications	Student Related Programme on QwikInnovate 2.0 (Ideathon)
472.	24	March'27	Directorate of Research	Research Day
473.	25	March'27	Muthucharam Community Radio	Vision Without Limits - Outreach Program on Eye Awareness
474.	25	March'27	Networking and Communications	Student related Programme on She in Cyber World in Association with WiCys
475.	25	March'27	Networking and Communications	Industry Conclave
476.	25	March'27	Civil Engineering	Student Related Programme on Ideathon
477.	25-26	March'27	Computational Intelligence	Student Related Programme on MOZOHACK 9.0
478.	27	March'27	Directorate of Students Affairs	Traditional Art Form Competition
479.	29-3	March'27	Mechanical Engineering	FDP on Digital Design to Physical Realization: Additive Manufacturing and Reverse Engineering
480.	29-16	March'27	Mechanical Engineering	Student Related Programme on Creative Ingenuity'27
481.	1-2	April'27	Architecture	Workshop-Integrated Building Services: HVAC, Lighting and Smart Security Systems
482.	1-2	April'27	Computational Intelligence	Project Expo 2027
483.	1-2	April'27	Networking and Communications	Hackthon 11.0

Sl. No.	Date	Month	Department	Event
484.	1-2	April'27	Language Culture and Society (LCS)	National Conference on Language, Literature, Culture, and Society: Humanities in the Age of Intelligent Technologies
485.	1-2	April'27	Electronics and Instrumentation Engineering	Workshop on From Idea to AI Startup: Funding and Market Entry
486.	3	April'27	Computing Technologies	Ctrl + Meet: CSE Alumni Reunion
487.	5-6	April'27	Computational Intelligence	Student Related Programme on MOZOFEST 2027
488.	5-9	April'27	Automobile Engineering	Outreach Programme on Empowering Women in Automotive Design
489.	8-9	April'27	Computing Technologies	Student Related Programme on SPARKS INNOVATION TechXpo' 27-Igniting Ideas for a Better Future
490.	9	April'27	Networking and Communications	Student Related Programme on Project Expo 2026
491.	9	April'27	Electronics and Communication Engineering	Student Related Programme on Gradulance 2027
492.	15-16	April'27	Networking and Communications	Student Related Programme on DayZero
493.	15-21	April'27	Mechanical Engineering	Project Expo'27 (Workshop Practice)
494.	16	April'27	Architecture	Workshop on Interior Design Inspired by Vernacular Wisdom
495.	16	April'27	Computational Intelligence	TEDXSRMIST

Sl. No.	Date	Month	Department	Event
496.	19	April'27	Mechanical Engineering	Outreach Programme on Awareness about Organic Farming
497.	19-20	April'27	Interdisciplinary Institute of Indian System of Medicine	Two Day National Industry-Academia Conclave-2026 Translating Herbal Innovations into Clinical Evidence
498.	19-23	April'27	Automobile Engineering	5-Day Hands-On Training Program Introduction to 2D and 3D Modelling
499.	19-23	April'27	Mechanical Engineering	Student Related Programme on Capstone Program in Electronic Cooling
500.	21-22	April'27	Computational Intelligence	International Symposium on Computational Intelligence for Cyber-Physical Systems (SCICPS-2027)
501.	21-22	April'27	Data Science and Business Systems	Upskilling for Non-Teaching Staff
502.	21-23	April'27	Computing Technologies	6th International Conference on Internet of Things (ICIoT-27)
503.	21-23	April'27	Electronics and Communication Engineering	6th International Conference on Recent Advances in Electrical, Electronics, Ubiquitous Communication and Computational Intelligence (RAEEUCCI-2027)
504.	22-23	April'27	Data Science and Business Systems	International Conference of Data Science and Business Systems
505.	22-23	April'27	Networking and Communications	Conference on Advances in Communication Networks and Systems (CoaCoNS 2027)
506.	22-23	April'27	Electrical and Electronics Engineering	Hands on Workshop on Energy Efficient Practices for Professionals and Support Staff

Sl. No.	*Date*	*Month*	*Department*	*Event*
507.	23	April'27	Data Science and Business Systems	Project Expo-Major Project-21CSP401L
508.	23	April'27	Civil Engineering	Upskilling for Non-Teaching on Understanding Self and Body
509.	23	April'27	Chemical Engineering	Student related Programme on Chem Project Expo
510.	23	April'27	Aerospace Engineering	One Day Seminar on Human Values and Professional Ethics
511.	24	April'27	Networking and Communications	Alumni Reunion
512.	26	April'27	Electronics and Communication Engineering	Student Related Programme on COMSPRO
513.	26-28	April'27	Directorate of Research	Dr. Paarivendhar Research Colloquim
514.	26-30	April'27	Mechatronics Engineering	FDP on Integrating Artificial Intelligence in Mechatronics Systems
515.	28	April'27	Aerospace Engineering	SRM-Aman Aviation Best Project Award 2027 Competitive
516.	29	April'27	Aerospace Engineering	Student Related Programme on Technical Poster Presentation Competition 2027
517.	29-30	April'27	Electrical and Electronics Engineering	Project and Poster Expo 2027
518.	30	April'27	Data Science and Business Systems	Project Expo- 21CSP302L Minor Project
519.	30	April'27	Genetic Engineering	Genetic Engineering Research Symposium 2027

Sl. No.	*Date*	*Month*	*Department*	*Event*
520.	6-7	May'27	Computational Intelligence	International Conference on Deep Sciences for Computing and Communications
521.	10-24	May'27	Mechanical Engineering	Two Weeks National Summer School on Intelligent Next-Generation Mechanical Ecosystems Using AI, Robotics and IoT
522.	10-15	May'27	Networking and Communications	Worskhop on Access Control Policy Awareness in Campus Networks
523.	24-22	May'27	Computational Intelligence	Summer School v2.0
524.	1-15	June'27	Biomedical Engineering	Summer School on Emerging Trends in Biomaterials Research
525.	1-15	June'27	Genetic Engineering	Summer School on Molecular Cloning and recombinant Protein expression
526.	7-11	June'27	Computing Technologies	Summer School on Built with AI: Generative AI Summer Series
527.	24-30	June'27	Chemical Engineering	Faculty Development Program on Semiconductor Manufacturing and Process Engineering

ACADEMIC SCHEDULE

(Tentative)

Academic Year 2026-27 - For Regular and Flexi Timings

B.Tech, M.Tech (Integrated) & M.Tech -

FACULTY AND STAFF DETAILS

RAMAPURAM CAMPUS

Dr. M. Sakthi Ganesh	BE, ME, PhD	Dean E&T
Dr.T. Rama Chaithanya	BE, ME, PhD	Vice Principal (Academic)
Dr. M. Roopa	BE, ME, PhD	Vice Principal (Research)

FACULTY MEMBERS

BIOTECHNOLOGY

1.	***Dr. R. V. Hemavathy***	MTech, PhD	Assoc. Prof. HOD
2.	***Dr. H. Archana***	MTech, PhD	Assistant Professor
3.	***Dr. R. Saranya***	MTech, PhD	Assistant Professor
4.	***Dr. V. Monika***	MTech, PhD	Assistant Professor
5.	***Dr. D. Banupriya***	MTech, PhD	Assistant Professor
6.	***Dr. Madhurima Jordhar***	MTech, PhD	Assistant Professor
7.	***Dr. Deepti Susanna***	MTech, PhD	Assistant Professor
8.	***Dr. P. Kowsalya***	MTech, PhD	Assistant Professor
9.	Mr. R. Gurumoorthi	MTech, (PhD)	Assistant Professor

BIOMEDICAL ENGINEERING

1.	***Dr. Ushus.S. Kumar***	ME, PhD	Asst. Prof, HOD(i/c)
2.	***Dr. R. Indhumathi***	ME, PhD	Assistant Professor
3.	***Dr. B. Pushpa***	ME, PhD	Assistant Professor
4.	Ms. P. Padmapriya	ME, (PhD)	Assistant Professor
5.	***Dr. Karoline Kercin***	ME, PhD	Assistant Professor
6.	***Dr. Shelishiyah***	PhD	Assistant Professor
7.	***Dr. R. Karthikha***	PhD	Assistant Professor

CIVIL ENGINEERING

1.	***Dr. R. Divahar***	ME, PhD	Professor & HoD
2.	***Dr. T. Ch. Madhavi***	ME, PhD	Professor
3.	Mr. D. Senthil Velan	ME, (PhD)	Assistant Professor
4.	Mr. S. Vijayan	ME, (PhD)	Assistant Professor
5.	***Dr. P. Manibalan***	ME, PhD	Assistant Professor
6.	***Dr. M. Abhinaya***	ME, PhD	Assistant Professor
7.	***Dr. M. Kesavamoorthi***	ME, PhD	Assistant Professor
8.	***Dr. S. Kotteeswaran***	ME, PhD	Assistant Professor
9.	***Dr. M. Priyanka***	ME, PhD	Assistant Professor
10.	***Dr. K. M. Priyanka***	ME, PhD	Assistant Professor

COMPUTER SCIENCE AND ENGINEERING

1.	***Dr. K. Raja***	ME, PhD	Professor & HoD
2.	***Dr. R. Subashini***	ME, PhD	Professor
3.	***Dr. M. Azhagiri***	ME, PhD	Associate Professor
4.	***Dr. S. S. Subashka Ramesh***	ME, PhD	Associate Professor
5.	***Dr. S. Suresh***	MTech, PhD	Associate Professor
6.	***Dr. J. Faritha Banu***	ME, PhD	Associate Professor
7.	***Dr. J. Jean Justus***	MTech, PhD	Associate Professor
8.	***Dr. A. Ranjith Kumar***	MTech, PhD	Associate Professor
9.	***Dr. M. S. Bennet Praba***	ME, PhD	Asst. Prof. - SI.G
10.	***Dr. M. S. Antony Vigil***	ME, PhD, PDF	Asst. Prof. - Sr.G
11.	***Dr. D. Deva Hema***	ME, PhD	Asst. Prof. - Sr.G
