VOLUME 11 - EDITION 2

69th Republic Day

69th Republic day celebration

The 69th Republic Day was celebrated in honor of the Constitution of India. Faculty members from various departments have gathered to be a part of this event. Dr.K.Duraivelu, Dean (E&T) delivered the welcome address and insisted students to be brave and face all the challenges with courage. Dr.R.Rajagopal, Dean (S&H), recollected the noble efforts of the national leaders in building an independent nation. The program concluded after planting tree saplings inside the campus.

2ND ALUMNI MEET - REUNION

Dean (E&T) and HoDs with SRM VDP Alumni Association Members

The 2nd Alumni meet of VDP campus was held on 26th Jan' 18. Dean (E&T) and HoDs graced the occasion and shared their memories with the Alumni. Mr.Khan, Secretary of Alumni Association expressed his views on providing training to the students to make them Industry-ready. Mr.Rajasekaran, President of Alumni Association accepted to provide training and internships for the students in the field

of marketing and sales. Mr. Akilan, of 2016 batch working with Nissan- Chennai, spoke about smart work and promised to train the students in preparing themselves for their survival in this competitive environment. The Alumni were ecstatic to be present in their alma mater and expressed their gratitude towards their teachers for their untiring contribution in developing and grooming the students.

DRUG AWARENESS PROGRAM '18

Awareness boards presented by NCB

A Drug awareness program was held on 11th Jan'18 for B.Tech II & III year students with an initiative to increase support for prevention of drug usage. The program explained the science behind drug intake, and turned out to be an effective investment in the well being of today's generation. The session was addressed by Mr. P. Jayamaran, Inspector of NCB. He briefed about the various implications and consequences by the law & order. The Inspectors of NCB presented two awareness boards to create awareness in and around the campus.

WORKSHOPS & GUEST LECTURES

EMBEDDED SYSTEM & ATMEL AVR

Mr. Yuvaraj and Mrs. D. Vaishali with students

The Department of ECE conducted a two day National level workshop on 'Embedded system and hands-on training on ATMEL AVR Microcontroller' in co-ordination with 'Wiztech Automation Pvt. Ltd on the 19th and 20th of Jan'18. The workshop was coordinated by Dr. A. Shirly Edward, Mrs. D. Vaishali & Mr. R. Muthu Krishnan. Students from various colleges benefited from the workshop.

The Guest, Mr. Yuvaraj taught the students the basics of C, C++ using the application CodeBlocks. Later, the students were taught to write simple programs for the ATMEL AVR Microcontroller using AVR Studio and to simulate the circuit in the Proteus application. On the second day the students were shown practically how the created programs were transferred to the target microcontroller board and executed.

ENERGY MANAGEMENT SYSTEM

Dr. C. Gomathy (HoD ECE) with guest and students

The 4th event of the IEEE was conducted on the 26th Jan'18. A guest lecture was addressed by Mrs. Chenthamarai Selvam, Sr. Principal Scientist in CSIR-CSIO. The topic was based on Energy Management System for Industries for conserving Energy. Later, the emphasis on usage of Lon works in Manali Petrochemicals was elaborated in depth. The advancement in technology was blended with real time approach which ignited the students to post many interesting questions after the lecture. In a nutshell, the overall lecture was very informative and it indeed set a new platform for the budding engineers.

ENGINEERING MATHEMATICS THROUGH MATLAB

Dr.G.Deepa, Ms.V.Sujatha , Dr.S.Prasanna Devi (HOD CSE) with students and staffs

The CSE Department has conducted one-day workshop on “Engineering Mathematics through Matlab” on 14th Feb’18. The workshop was handled by Dr. G. Deepa, Assistant Prof. and Ms. V. Sujatha, Assistant Prof. at School of Advanced Sciences (SAS), Vellore Institute of Technology. The workshop brought a great insight to the students about the Matlab software and it’s application in the field of mathematics.

STRATEGIC PLANNING FOR WELLNESS

Dr.S.Kesavan HoD(MBA) honouring the guest

Guest Speaker delivering the Lecture

The Department of Management Studies organized a guest lecture on 31st Jan’18 for the MBA I year students on the growing prospects of the ‘Health and Wellness’ industry. The program was coordinated by Dr. M. N. Prabadevi , AP, Department of Management Studies. The lecture was delivered by Mr. Mrythusa Hariswala, Joint VP and Mr. Praveen Nambiar, Deputy Chief Manager of Aditya Birla Wellness. A glimpse of the strategic planning for wellness ecosystem was presented to the audience.

The sole motive of Aditya Birla to implement this incentivized wellness program was “To enhance the lifetime and financial wellness of people and their communities”. The brand idea being “Empowering and motivating families to prioritize health and lead fulfilling lives”. A clear idea on how an innovative product is brought into the market was expressed. Apart from enriching the knowledge of the students, an internship offer was also provided to the students at Aditya Birla Wellness group.

VETTRI NICHAYAM - PLACEMENT EVENT

Dean (E&T) felicitating the guest

The event “Vettri Nichayam” began with an introduction speech about the program, delivered by Mr.R.Premanand, Senior Manager, Institutions & Value Segments, THE HINDU on 29th Jan’18. This initiative was taken up by ‘Gillette’, with the media partnership of the ‘The Hindu Group of Publications’. Cornerstone International was the domain partner. This session was conducted for the participants from the final year who were aspiring for a good start in their career. The event was organized by Mr. P. Muthukrishnan, Mr. T. S. Balaji & Mr. A. Dinesh Babu and Mr. E. Ethirajalu.

Lecture being delivered to students

Mr. S. Shyam Sundar, Behavioral trainer (Corporate) & Alumni of SRM-B School gave a presentation on Personal Effectiveness & Confidence Building, Communication Skills, Grooming, Business Etiquette, Group Discussion & Interview Skills. The session was provided to all the final year students. The session concluded with a Preliminary Online Test on Aptitude & English and following students had been shortlisted: Dinesh, Nivrutha, Athirai, Shreeram, Wadood, Mohd Kasib Guard. In the Final round, Ms. Athirai was selected under this drive.

BASIC ROUTING AND SWITCHING & MAN IN THE MIDDLE ATTACK

Dr. Prasanna Devi (HOD CSE) Honoring Mr. Pownaj

On 14th Feb’18, Forenoon Session, CSE Department organized a guest lecture on “Basic Routing and Switching & Man in the middle Attack” for the II year CSE students. The lecture was delivered by Mr. PownRaj, founder of Chennai’s leading Networking company – Network Geek. Mr. He presented a network scenario and gave a brief introduction about Dynamic and Static IP address. He explained about Switching, basic concepts of routing and security issues. The workshop concluded with short instruction on acquiring certifications such as CCNA, CCNP

TALK ON BACKUP AND RECOVERY OF DATA USING ORACLE

Mr. Sakthi Prasanna delivering a lecture

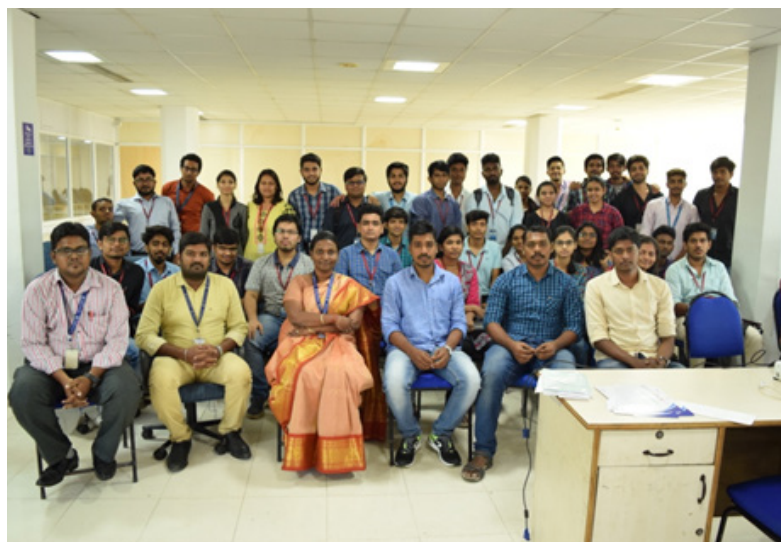

On the noon of 14th Feb'18, students of 3rd year CSE department attended a guest lecture on “Talk on Backup and Recovery of Data using Oracle” by Mr. Sakthi Prasanna. He is an Oracle Database Administrator (DBA) who is an Associate consultant in HCL Technologies. The head of the department Dr. S. Prasanna Devi felicitated the guest. Mr. Sakthi Prasanna discussed the basic concepts of DBMS and presented a detailed explanation about Database backup and recovery. The lecture concluded with Q&A session followed by a briefing on the career prospects in this field.

HANDS-ON WORKSHOP ON AWS CLOUD

Hands-on Workshop on AWS Cloud was successfully conducted by the Department of CSE, on 7th-8th Feb and 7th March '18. The programme received an overwhelming response with overall 83 participants from CSE department. After inauguration, Internal Resource persons' Mr. Vidhyasagar B S, AP/CSE and Mr. Anwar Basha H, AP/CSE handled AWS Cloud Services which includes EC2, S3 Storage, Image Snapshot & Hadoop Clustering on EC2 Instances. The continuation of the workshop was taken over on 7th March, by the expert Mr. Srinivasa Prasad, Team Lead, IBM, Chennai.

Mr.Srinivasa Prasad

Dr.S.Prasanna Devi (HOD CSE) with guests and Students

NATIONAL SEMINAR ON MACHINE LEARNING

A National Seminar on Machine Learning with hands-on Workshop using Weka and R was successfully conducted by the CSE Dept, on the 24th & 25th Jan'18, in association with IET – Chennai Local Network. The programme received an overwhelming response with a total of 68 participants, out of which 58 were UG students and around 10 were faculty members from various Engineering colleges in Tamil Nadu. The programme was inaugurated in the morning by Dr.S.Chitrakala, Associate Professor, Department of CSE, Anna University. The inauguration was followed by the felicitation of the resource person, by Dr.S.Prasanna Devi, HOD/CSE and Dr.C.Gomathy,HOD/ ECE and Joint Treasurer of IET CLN.

*Felicitating of resource person Dr.S.Chitrakala
– Asso.Professor, CEG, Anna University*

Followed by the felicitation, the expert lecture was delivered on the topic, “Introduction to Machine Learning (ML)” by Dr. S. Chitrakalain the forenoon of 24th Jan'18. This was followed by the hands-on session on Weka and Basics of R by the Internal Resource persons’ Dr. G. Paavai Anand and Dr. P. Mohammed Fathimal, in the afternoon.

On Day 2, implementation of ML algorithms using R was delivered by Mr. R. V. Jagadeesan, Senior Data Analyst of Nationstar Services Mortgage Private Ltd. He explained about various data analytic techniques and implementations. Mr. Jagadeesan distributed the certificates to the participants which brought the event to an end.

On the whole, the National Seminar received a lot of positive response from the participants and it served as an eye opening session for many of the budding engineers to implement their ideas in Machine Learning and Data Analytics.

DESIGN OF EXPERIMENTS AND OPTIMIZATION TECHNIQUES

The Department of Mechanical Engineering in association with IET Chennai Local Network, conducted a faculty development program on “Design of experiments and optimization techniques” on 18th, 19th, 24th & 25th Jan’18. The resource Mr. K. V. Ramanan, General Manager, corporate quality & training, Western Thomson group, Chennai, covered concepts of DOE Design, One Factor Experiments, Full factorial, Randomization & Blocking, DOE Analysis, ANOVA Model, Taguchi method, Multiple regression model, response optimization using Minitab for analysis, and optimization techniques. The FDP with hands on training enhanced the knowledge of the faculty members in understanding the concepts of DOE & optimization techniques.

The faculty members of Mechanical Engineering department, with the resource person *Mr. K. V. Ramanan* and the HoD *Dr. S. Karthikeyan*

SUDAN TRAINING PROGRAM

The Department of CSE, in association with SRM Institute of Training & Development has organized the 4 days intensive training programme for the Professionals from Sudan from 12th - 15th Feb’18. The programme was inaugurated by Dr. K. Duraivelu - Dean (E&T), Dr. S. Prasanna Devi - HOD/CSE, Ms. Revathi Ramanujam, Sr Manager-communications, SRM Inst for Training & Development and Ms. Ananthapriya - Sudan Training programme coordinator.

BITCOIN-CRYPTOCURRENCY -WHITE HAT HACKERS CLUB

Arjun Vijay delivering the Lecture at SRM VDP Campus

The White Hat Hackers Club of CSE Dept, convened a guest lecture on “Bitcoins”, by Mr. Arjun Vijay, Co-Founder & COO of Giottus Technologies Private Limited on 26th Feb’18. Participants were first and third year club members. Mr. Arjun Vijay, covered major topics which included-

regulation of money by government inflation, Bitcoin, Cryptocurrency, Cryptocurrency mining, Blockchain etc. The event was coordinated by WHHC faculty coordinators Mr. Ashok, Mr. Vinit and student coordinators Khagendra Kumar, Dhaniyakumar Baid and others.

XION’18 & OUTREACH

The Robotics club in association with the Department of ECE conducted a two day National Level Robotic TechFest XION’18 and SRM OUTREACH’18 on 9th-10th Feb’18. The TechFest aimed at imparting technical knowledge to engineering college students and school students in the field of Robotics. Mr. Chandrasekaran VASUDEVAN, Director and Head, Ericsson inaugurated the event and delivered a presentation on 5G controlled Robotics. COL. K. S. Chakravarthi, Vice Chairman, IIPE, Chennai delivered the special address and Dr. C. Gomathy, HOD-ECE spoke about SRM Outreach. The events conducted include Quadcopter workshop, Animation workshop and robotics competitions like Robo Soccer, Robo War, Pick and Place robots and Robo-E-Junk.

IET ACADEMIC AFFILIATE

SRM, Institute of Science and Technology, Vadapalani Campus renewed the contract of the Institution of Engineering and Technology (IET) Academic Affiliation on 31st Jan'18. Mr. Ian Mercer, Head of International Operations and Mr. S. Raghavan, Regional Head (South & West), IET India represented the IET and handed over the Academic Affiliate Certificate to Dr. K. Duraivelu, Dean who signed the contract in the presence of department HODs and Mr. S. Prasanna Bharathi (AP /ECE) and IET Faculty Advisor.

Mr. Ian Mercer handing over IET Academic Affiliation in presence of Dean (E&T) and HoDs

Mr. Ian Mercer spoke about the IET Faraday programme which is one of the pioneer initiatives of the IET in the field of education in Schools in remote places. IET Faraday India Programme aims to create an ecosystem which encourages curiosity, questioning of the status-quo among both students and teachers to fuel passion for Science, Technology, Engineering and Mathematics (STEM). The IET Faraday project intends to provide teaching resources along with teacher enrichment programs to the school teachers. Mr. Raghavan spoke about the various Placement opportunities available in the Industry Partners of IET. The contract signing concluded with the interaction with the Student Office Bearers of the IET On Campus Groups of SRM Institute of Science and Technology.

INDUSTRIAL VISIT

Students at Aavin Milk Factory

An Industrial visit to the Aavin Milk factory at Sholinganallur was arranged on 30th Jan'18 for the second year Mechanical Engineering students. The students gained knowledge over the different types of milk processed using various machinery at the factory.

This factory visit provided them an opportunity to witness the entire milk processing procedure from the stage where the fresh milk is brought in from the lush and green villages of Tamil Nadu, up to the last stage where the processed milk is packaged and exported for domestic consumer usage. As budding Mechanical Engineers, they keenly observed the storing and packaging sector of the milk factory where unique machinery and mechanisms are used in an automated manner and also the solar energy generating power plants over the parking sheds which are utilized for generating steam, for factory usage. This enabled the students to have a better understanding on the utilization of renewable energy resources in factories and also develop their knowledge over the basic working of factory production machinery.

ROTARACT CLUB

RISE WOMEN RISE

On the 6th of March, Rotaract Club of SRM Institute of Science and Technology, Vadapalani organized an event titled “Rise Women Rise” to create awareness on Women Empowerment.

Mr. Aravindhan, IPS, Deputy Commissioner of Police, T.Nagar, Chennai presided the event as a chief guest along with the Dean (E&T) Dr. K. Duraivelu, and Mr. Raman Faculty coordinator RC-SRM elucidated the audience with an inspirational speech about breaking the stereotypes set on women by the society . at the end of the session he engaged himself in a questionnaire time, where he enlightened the audience about the struggles that a women encounter in her day today life. He also added up some of the laws that make women safety better in society. Followed by the vote of thanks by Ms. Sharon Rayan, Joint Secretary RC-SRM.

Mr.Aravindhan (IPS) addressing the gathering

AWARENESS ON WOMEN EMPOWERMENT - RALLY

Students from various departments of Vadapalani campus gathered on 6th March and held a rally to throw spotlight on women rights. The rally was flagged by Mr. Aravindhan, IPS at SRM Institute of science and Technology. The goal was to create awareness on ‘Motivating young women to become torch bearers for the society’.

Rally flagged at campus by Mr.Aravindhan (IPS)

MATHEMATICS NATIONAL CONFERENCE (NCRTMA'18)

Inaugural Of NCRTMA '18

The Department of Mathematics organized a National Conference on Recent Trends in Mathematics and it's Application (NCRTMA'18) for two days. The third consecutive (NCRTMA) Conference was attended by the most promising and prominent scholars from various esteemed institutions. A cluster of participants from different parts of the country attended and presented their research findings in the field of Mathematics. The Conference was inaugurated by Dr. D. Viswanathan, former Vice-Chancellor of Anna University, Chennai along with Dr. K. Duraivelu, Dean (E&T), and Dr. B. Baskaran, HoD of Mathematics.

Dr. Viswanathan pointed out the importance of mathematical foundation in every corner of the world made by mankind. Renowned professors from acclaimed Universities were invited to provide Guest Lectures in various fields of Mathematics. Prof. Nanjundan from Bangalore University and Prof. K.C.Sivakumar from IIT - Madras, spoke extensively on broader topic of 'Introduction to Random walk in Probability and Almost Skew Symmetric Matrices' concentrating on the nuances of each procedure and explaining the underlying disciplines of variational analysis and inequalities, functional analysis, differential and difference equations. Other invited speakers provided a wide spectrum of ideas, discussed through sharing the aspects of mathematical notions in every branch of science. All the invited participants and the delegates expressed their utmost satisfaction with the successful organization of this conference and exhibited a desire to accomplish their on-going problems with a rational logic and probable solutions. The valedictory function graced by APJ. MJ

PRADARSHANEE '18

Inaugural of Pradarshanee '18

PRADARSHANEE 2018 is an initiative conducted by the Department of Management Studies with the purpose of encouraging students to understand the business environment and to hone their entrepreneurial skills. This is a flagship event of Vadapalani campus and organised by the DOMS for all the department students to showcase their business ideas. The event was started with the welcome address by Dr.S.Kesavan, HOD/ DOMS and inaugurated by Dr. A.Chandramohan Registrar, RGNIYD , Sriperumbupur who was the chief guest along with guests of honour, Mrs. Mahalakshmi, Managing Partner, Muscle Garage and Mrs. Deepti Jayakumar, Director, Studio D, Cube Enterprise LLP. It was presided by Dr.K.Duraivelu, Dean (E & T), SRM Institute of Science and Technology, Vadapalani Campus along with the HOD of various departments of the campus.

The event had fifteen stalls of which eight were food and seven were non food stalls. The non food stalls included a fancy photo booth, three gaming stalls, clothing stall and a fitness challenge stall. The food stalls had a variety of chaat, tandoori, sandwich and biriyani. All stalls have witnessed consistent sales throughout the day with increase in sale during breaks and lunch. Apart from the general business experience obtained from the event, students were also given an opportunity to analyse various aspects of business such as the breakeven point and time taken to reach it, customer requirements and marketing strategies based on the same. Inventory management and crowd management were some of the other skills learnt through the event.

Thus PRADARSHANEE'18 has given the students a brief insight on real time business environment and helped participants to gain hands on experience on entrepreneurship skill and also prepared them to perceive and interpret the difficulties and complications that may arise in a real business scenario.

The event was coordinated by the faculty members Dr. Nandhini R and Mrs. Mohana Sundari V . Ms. Khushbu Mehta , MBA I year student proposed vote of thanks and Ms.Poovizhi of MBA I year was the anchor for the event.

ACHIEVEMENTS

TECHZEAL 2K18

A group of three members: Surya Kailaash (2nd year ECE-A), Sri Priyadarshini L (2nd year ECE-B) and S. Atchaya (2nd year ECE-A), from SRM participated in the National Symposium conducted by the Science Club, “TECHZEAL 2K18” held at Sathyabama-IST on 24th & 25th Jan’18.

The students of SRM presented a paper on “ICAR” which included - 4 dimensional view, Arduino UNO, Electronic working, GPS Controller, Eye Recognition system, Sonar and Elevation of the zebra crossing.

TECHNOVONZA 2K18

Vidhant Matta

Vidhant Matta of 2nd year CSE Department participated in Eureka’18 Hackathon held at G.H. Rasoni Institute of Engineering and Technology, Pune on 19th and 20th Jan’18. He developed an Augmented Reality edu-tech application which helps students learn and remember lessons properly. He bagged the second prize worth ₹10,000 at the Hackathon.

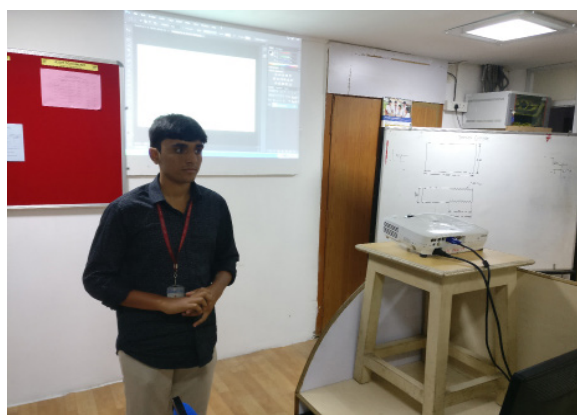

HACKFEST '18

Rohit Venkat

Rohit Venkat of 2nd year Mechanical Engineering Department participated in Hackfest '18 held at Pratyusha Engineering College on 22nd February 2018. He won the Second place in this innovative event, where the participants have to conceptualize on any pioneering ideas. He created an Augmented Reality app 'KASADARA', The app would help the students to view an image in a 3 Dimensional perspective.

WORKSHOP ON ADOBE PHOTOSHOP

G.Sunil Kumar

The Department of Mechanical Engineering has organized a “Workshop on Adobe Photoshop” from 6th-9th February 2018. Mr.G.Sunil Kumar, a third year Mechanical Engineering student was the resource person for the workshop. Both faculty members and the students of the department participated in this program and gained knowledge. The topics covered are Introduction to Photoshop, basic concepts, canvas size, importing images, adding text box, fonts, marquee tool and colour correction. The objective of this workshop was to enable the students and faculty members to give hands on training on designing banners, brochure, posters and invitations. All the participants applauded Mr.G.Sunil Kumar for his enthusiastic and informative sessions.

STUDENT'S VISIT TO JAPAN

The Government of Japan, through its Embassy in India had announced a sponsorship for eight students from India to participate in the “Jenesys 2018-short term invitation program” with a thematic focus on peace building, and the visit is scheduled from 19th to 28th March in Japan. A student P. Mohan Kumar of third year Mechanical Engineering is one among the eight students from India who got selected to participate in this prestigious event. The program was conducted by Japan International Cooperation Center (JICC), which selected the students based on their good academic records, excellent skill-sets and their interest in International relationship and sociology.

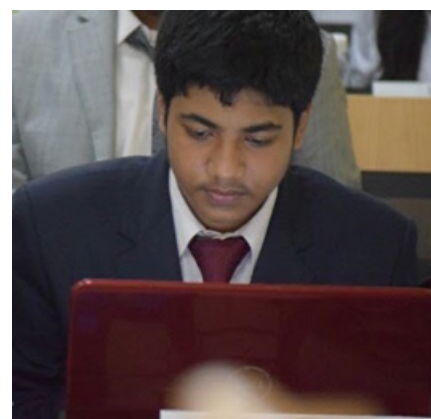

Mohan Kumar alongside with Dean (E&T) and HoD

PAPER PRESENTATION WINNER

Arvind Balaji M., of second year Mechanical Engineering, had participated and won the First Place in a Paper Presentation event- CENTRINO '18, a National Level Technical Symposium conducted by N.S.N College of Engineering, Karur on the 20th Jan'18 on paper titled “Integrated Smart Vehicle Communication”.

He had also participated in TEXUS 2018, a National Level Technical Symposium conducted by Bannari Amman Institute of Technology, Erode and secured First Place in the paper presentation event on the topic “Mobiltech”.

He has worked on Smart Vehicles, use of technical textiles in automobiles, Electric Vehicles and has presented at different institutions and has brought laurels to the department.

Arvind Balaji M

UK SUMMIT 2018 -CAMBRIDGE UNIVERSITY

S. S. Nihitha and Vivek Ram Vasam, final year students of ECE had an amazing opportunity to present their papers on the 4th and 5th of Jan'18 at the World Summit Conference organized by the Vellore Institute of Technology at Murray Edwards College, Cambridge university in U.K. The papers were based on Power Optimisation and Arduino based Parallel parking system. The whole experience was mind blowing, as the students had the privilege of meeting eminent stalwarts.

In addition to this, the students made several contacts, and also visited prestigious universities at Cambridge which was an add-on in their visit. In a nutshell, the overall experience was an outstanding learning opportunity which enabled them to understand the competition around the world, to show-case their talent and a new facet which would be a vital and memorable one in their future.

QCFI - CONVENTION

The 20th convention on Quality Circles in Education CCQCE 2018, an Annual event organised by Quality Circle Forum of India - Chennai Chapter was conducted in Sri Sairam Engineering College, West Tambaram, Chennai on 3rd Feb'18. The theme of the convention was "QC – Key to Creativity and Leadership".

Four teams from CSE department participated in the case study presentation which was facilitated by the QCFI department coordinators Ms. M. Indumathy and Ms. D. Punitha. The case studies were presented by Phoenix team on Digital Letter to Parent, Resonance team on Peer to Group Training, Idealist on implementing eLab and Iconic team on Digital Signage. Three Teams – Phoenix, Resonance and Idealist bagged up the "PAREXCELLENCE" trophy and Iconic team won the "EXCELLENCE" trophy. They have also conducted on the spot Poster making and Slogan writing competition in which Ram Kumar from III year CSE won the 1st Prize in Poster Making and Rishabh Gupta from III year CSE won the 2nd Prize in Slogan writing competitions.
