## ABOUT THE INSTITUTE

Sri Ramasamy Memorial Engineering College (SRMEC) was founded in the academic year 1985–86 at Kattankulathur, Kancheepuram District, Tamil Nadu. This is one of the first of a few engineering colleges started under the self-financing scheme of the Tamil Nadu Government to meet the increasing demand for technical education.

SRM Institute of Science and Technology – **SRMIST**- (formerly known as SRM University), which came into existence in the year 2002, is one of the top ranking Universities in India functioning in four campuses located at Kattankulathur, Ramapuram and Ramapuram Campus Part (Vadapalani) in Tamil Nadu besides a fourth campus at Modi Nagar, National Capital Region (NCR) Ghaziabad, near Delhi, with over 50000 students and 3300 faculty, offering a wide range of Undergraduate, Postgraduate and Doctoral programs in Engineering, Management, Medicine and Health Sciences, and Science and Humanities. The campuses occupy a total area of 250 acres. The main Kattankulathur campus is located in a sylvan campus skirting the National Highway (NH45), about 15 kilometers from Tambaram, Chennai.

The campuses consist of buildings with a built-up area of about 12 million square feet with various facilities, state-of-the-art laboratories, libraries, Wi-Fi connectivity, a knowledge center, 300 online smart classrooms, Hostels for boys and girls with premium facilities. Endless conveniences on the campus include Banks with ATMs, Hospital, Post office, bookstores, dining options, cafeterias, gymnasium, indoor game centers, prayer halls, staff quarters, guest houses and other facilities.

Further, the University has a multipurpose Dr. T. P. Ganesan Auditorium having a seating capacity for 3100 persons. In addition, there are two fifteen-storey buildings-the Tech Park and the University Administrative Building which houses the University Library.

SRM added a feather to its already glorious cap in 2011 by hosting the 98<sup>th</sup> edition of The Indian Science Congress where the distinguished delegates including six Nobel Laureates and other celebrated Scientists, Academicians and Philosophers participated and delivered their thoughts. The launching of SRMSAT (satellite) is another milestone which other Universities across the country are yet to reach.

**SRM Institute of Science and Technology** has achieved many milestones over the years and few of them are highlighted below:

- SRMIST is accredited by NAAC (National Assessment and Accreditation Council) with the highest Grade of 'A++' in the year 2018 which is currently valid.
- It is classified as **Category I** University by UGC/MHRD.

Foreign faculty, flexible and dynamic curriculum, exciting research and global connections are the features that set SRM apart. Every year over 150-200 students are sponsored to more than 35 foreign universities such as MIT, Carnegie Mellon, UC Davis, Warwick, Western Australia etc. Fifty members from the top Universities across the world including MIT, Stanford, UC Berkeley, Cambridge and NUS help to set global standards. Over 100 top executives from leading corporate institutions constantly interact with the faculty and students to help formulate the academic and research activities, thus enabling SRM to be one among the world class Universities in India.

The Faculty of Engineering and Technology (Engg. & Tech.) which comprises of Engineering and Architecture programs has nearly 36000 students with a faculty strength of over 2200. For all engineering programs, the curriculum and syllabus have been revamped in 2018-19 so that they are as per AICTE's prescription.

## **INTERNAL QUALITY ASSURANCE CELL (IQAC)**

In pursuance of the National Action Plan of the National Assessment and Accreditation Council (NAAC), Bangalore, for performance evaluation, assessment and accreditation and quality up gradation of institutions of higher education, there is a stipulation that every accredited institution should establish an Internal Quality Assurance Cell (IQAC) as a post-accreditation quality sustenance measure. Since quality enhancement is a continuous process, the IQAC will become a part of an institution's system and work toward realizing the goals of quality enhancement and sustenance. The prime task of the IQAC is to develop a system for conscious, consistent and catalytic improvement in the performance of institutions. The IQAC will make a significant and meaningful contribution in the post-accreditation phase of institutions. During the post-accreditation period, the IQAC will channelize the efforts and measures of an institution toward academic excellence.

### **Strategies**

- Documentation of the various programs/activities leading to quality improvement;
- Acting as a nodal agency of the institution for quality-related activities; and
- Preparation of the Annual Quality Assurance Report (AQAR) to be submitted to NAAC based on the quality parameters.

## **Benefits**

IQAC will facilitate:

- A heightened level of clarity and focus in institutional functioning towards quality enhancement and facilitate internalization of the quality culture;
- The enhancement and integration among the various activities of the institution and institutionalize many good practices;
- A sound basis for decision making to improve institutional functioning;

### **NATIONAL SERVICE SCHEME (NSS)**

NSS was commissioned in SRM Institute of Science and Technology in 2003. The activities of the NSS mainly focus on Community Development Services, Social Service, Environmental Awareness Programs, Health Awareness Programs and Technology Transfer Programs. The NSS at SRM IST has guidelines to conduct various Regular and Special Camping activities. This ensures uniformity in the organization and conduct of the programs. The NSS volunteers benefit from the NSS activities as they get exposed to the sensitive issues of the downtrodden, need of the hour remedies, team work, time management and health issues. As a result of all this, they develop self-confidence, compassion, commitment, leadership qualities, positive attitude and above all, they turn out to be better individuals to survive in the 21<sup>st</sup> century.

The National Service Scheme (NSS) aims at involving the youth in community service through education. Students give their time, talent, and energy for social work. It trains them to fulfill their social responsibilities as citizens. The experience of coming into close contact with the poorer section of the society molds the volunteers in the best possible way to face reality. Few students opt for such programs out of personal interest. Making NSS as a mandatory course ensures that all students participate and benefit from it, thus drawing every individual to learn to serve mankind with humility.

In order to render service to the community, the NSS volunteer undertakes various activities inside the campus and also outside the campus, particularly in the adopted villages, temples, common places like railway junction, bus stand and slums. These activities are normally conducted during weekends.

The Regular Activities are conducted with the help of the concerned Department Heads and the faculty members interested in social service. A program close to the heart is the adoption of a village or an area as a whole. The volunteers exhibit a greater sense of responsibility when they serve in the adopted villages. These activities are mainly a part of the Community Service and Health Awareness Programs. The Regular and Special Camp activities carried out are listed below:

- i) Environment Enrichment Programs
- ii) Health Awareness Programs
- iii) Educational Programs
- iv) Women Empowerment Programs
- v) Social Service Programs
- vi) Production Oriented Programs
- vii) Relief & Rehabilitation work during Natural calamities
- viii) Creation of Durable Assets
- ix) Donation of computers, appliances and kits to school children
- x) Medical support to school children and village public
- xi) Cleaning of school grounds, temples and planting trees
- xii) Conducting short courses for school children and unemployed youth
- xiii) Organizing blood donation camps periodically in association with many Government Hospital blood banks and Rotary club blood banks
- xiv) Collection of used dresses; washing them and distributing them to the needy people in and around SRM IST campus and in the vicinity of Kanchipuram District in association with NGOs
- xv) Visits to orphanages and old age homes and entertaining them by conducting competitions in their premises, rewarding them with attractive and useful prizes and taking them to different intellectual places like, libraries, museums and offering them food for the whole day during weekends

The NSS student volunteers celebrate Independence Day, NSS Day and Republic Day every year in the campus by bringing government school students to SRM campus and organizing interesting events on social interest, cleanliness, discipline, food habits, hygiene, tree plantation and environmental awareness. One of our 2<sup>nd</sup> year students participated in the Republic Day parade in New Delhi in 2013 and a first year student won prize in marathon organized near Marina in 2016, three of our first year students got medals and appreciation from the revenue department during a marathon organized on the occasion of Voters awareness program in 2019 and served as volunteers during the Lok sabha elections 2019 along with police and revenue officials.

### **NATIONAL CADET CORPS (NCC)**

The objective of National Cadet Corps is to develop character, comradeship, and capacity for leadership among the youth in India. The NCC at SRM motivates the students with the best training and the ideals of selfless service. The training inculcates team spirit and a sense of nationalism and it also helps in developing the overall personality of an individual. The SRM NCC (Senior Division-SD) under 1 (Tamilnadu) Signal Company NCC [1 (TN) SIG COY NCC] was started in August 1996. The first and the second year students are enrolled for a duration of three years. We also enroll girls in the NCC since 2005, and the total allotted strength including girls is 83. The Obstacle Area was established in the year 2009 to train the cadets. NCC parades are regularly conducted in Dr. T. P. Ganesan Auditorium Ground every Saturday from 7.00 to 11.00 a.m. as per the Parade Schedule. Pre-parade meeting is also conducted in front of the NCC Office every Friday from 4.30 to 5.30 p.m.

The NCC cadets actively participate in the Independence Day and Republic Day celebrations in the campus. Annual Training Camp, Republic Day Camp (RDC–New Delhi), Inter Group Competitions (IGC), National Integration Camp (NIC) and special camps such as Trekking Camp, Firing Camp are held periodically. The NCC cadets also get the opportunity to visit various countries like Singapore, Srilanka, Bangladesh, Maldives and Taiwan through Youth Exchange Program (YEP) to

represent our country. SRM NCC cadets also organize social service events like Anti-Drug Rally, Blood Donation Camp, Anti-Plastic Rally. They visit orphanages and old age homes and tap public consciousness regarding Consumer Awareness, Cancer & AIDS awareness, etc. The Cadets are encouraged to complete “B” and “C” certificate examinations and to join Defence Services like Army, Navy and Airforce.

## **ALUMNI ASSOCIATION**

The Directorate of Alumni Affairs looks after the alumni needs for the entire Institute. The major objectives of the Directorate are to enhance the coordination between SRM IST and its alumni, to improve the interaction of alumni with the students and the faculty members, to establish alumni chapters in India and abroad, to maintain the database of alumni and to look after the interests of SRM alumni.

The alumni office holds the following events regularly

One of the major activities of the office is to invite the alumni to visit the campus and host them during their visit. Alumni are also invited to meet the students, interact with them and guide them on their careers. Another initiative of the office is to conduct the department alumni meets and reunions of groups of alumni at the campus.

Other activities of the office include increasing the involvement of the alumni through their contributions such as sponsored labs, joint research collaborations, MOUs and offering of internships. Alumni coordinators (faculty) and student coordinators are present in all departments to increase the collaboration with alumni.

We have six registered chapters at Chennai, Bangalore, Singapore, US East and West Coasts and Dubai. Unregistered chapters are at Mumbai, Hyderabad, Delhi / NCR, Kolkata, Lucknow, Canada, Germany, Australia, Texas, Africa, Illinois/Chicago, UK and Nepal.

## RULES AND REGULATIONS

The students must be aware of the Vision and Mission of the University. They should be familiar with their Departmental goals. Students should take all efforts to enable their Department to achieve these goals.

The students shall be thoroughly familiar with the regulations which are available at the University website *www.srmuniv.ac.in*. The curriculum and syllabus of various programs are also accessible at the website.

Some important aspects of the rules and regulations based on the present University regulations are reproduced here for strict compliance. These are subject to changes effected by the Institution from time to time.

### 1. Punctuality and Attendance Rules

- Attendance is the physical presence of the student in the class/laboratory/field work. It is a well-observed fact that the students who score good grades are those who attend the class/laboratory/field work, regularly. Therefore, the students must strive to attend all the classes without fail. Therefore, the students must strive to attend and sincerely participate in all the assigned learning activities without fail. Every faculty member handling a course will take attendance till the last instruction day in the semester.
- A student must maintain an attendance record of at least 75% in individual courses, **exclusive** of the leave of absence **due to medical reasons**, on-duty, extracurricular/extramural activities, permitted assignments such as job interviews, unforeseen emergencies etc. Without the minimum attendance of 75%, in any course, students become ineligible to appear for the end semester examination in that course. His/hers registration for that course will be treated as cancelled and the student should register for and repeat the entire course when it is offered next.

- A student must strive to attend all the classes without fail. However, the minimum attendance requirement of 75% allows a student the facility to use the balance 25% to account for illnesses, permitted assignments such as job interviews, inter-university sports meets, inter-collegiate/inter-university competitions, accidents, unforeseen emergencies etc. An attendance of 75% in a course is considered to be the minimum required for a student to get just enough input on the course syllabus through class room contact hours to make him/her eligible to appear in the end semester examination for that course. It is the responsibility of each and every student to keep track/monitor his/her percentage of attendance for each course and ensure that he/she satisfies the attendance norms prescribed by the university. If the student finds any discrepancy/error in the attendance status, he/she should immediately bring it to the attention of the concerned faculty member and seek redressal.
- **Condonation of Attendance:** In rare and genuine cases, a committee consisting of the Director and Head of the Department of the concerned department will examine the case, based on the documents submitted by the student, facts and circumstances. The documents may include medical certificate, permission sought by the parents and students just before or just after the commencement of medical treatment, fitness certificate, evidence of being treated as in-patient and/or recommendation for convalescence etc. as applicable to particular situations. The assessment will be done by the committee on the merit of the case, and their recommendation will be communicated to the Vice Chancellor. The Vice Chancellor, based on the recommendation of the committee may then give condonation for the inadequate attendance. But in any case the condonation cannot exceed 10%. **It is to be noted that condonation of attendance shortage is not a right to be claimed by the student but to be considered only in the rarest of rare cases.** Once the medical leave is rejected by the committee, the period for which condonation is claimed will be treated only as 'absent'. Only those cycle tests, quizzes, surprise tests or any other forms of internal assessment

conducted during the approved condonation period will be re-administered.

**No condonation will be considered for end semester examinations.**

- It is compulsory that a leave letter in an approved format should be submitted for Medical reasons. Medical leave letters should be signed/counter signed by parents/guardians/Hostel Warden. Medical leave letters should be accompanied by medical certificates for availing leave. Prior permission must be obtained for availing leave in other than emergency cases. A fitness and medical certificate should be submitted while rejoining the classes. Students are prohibited from producing false / fabricated certificates the act of which will result in grave disciplinary action against them.
- It is important that all students are present on the enrollment day as well as on the last working day. Absence will be permitted only for unavoidable reasons with prior permission. Suitable fine will be levied for absence on the course enrollment day and the last working day of the semester.
- Students should be punctual to the class and should equip themselves with calculators, approved drawing materials, instrument boxes, record note books and standard notebooks as and when necessary. Since the faculty will be taking the attendance at the commencement of the class, even one or two minutes of late entry will lead to the student being marked absent for the class which may ultimately lead to his/her attendance falling below 75% at the end of the semester.

## **2. Ragging**

Ragging in any form is strictly forbidden, and severe action will be taken against those who indulge in such activities as per the Tamil Nadu Prohibition of Ragging Act No.7 of 1997. Apart from the rules and regulations prescribed above, following exhortations are made to the students aimed at their well-being:

- ❖ Chennai and nearby areas have long beaches. Students are firmly advised not to take bath in the seawaters as the unpredictability of killer currents and monster waves may lead to untoward accidents.
- ❖ The students are advised to be extremely cautious while crossing the busy National Highway adjacent to the campus. Students are cautioned not to walk across or along the railway tracks in front of the campus or anywhere else. Carelessness on the part of students has led to many unfortunate fatal accidents.
- ❖ Students are strictly forbidden to smoke/consume alcoholic drinks/take drugs inside the campus or for that matter anywhere else. Such habits irreparably wreck the career of the students.
