my Choice SRM!
This is the moment to think deeply about who you are and what matters to you. Choose your course, driven by your passion.
Yes. Time has come for you to choose your course, driven by your passion. What really matters is where you want to be after you graduate – higher studies at the world’s best University or a rewarding top notch job.

SRM understands that better than anybody else and helps you to realize your dreams. And, you would experience an exciting learning and living environment all through!
Engineering and Science can give you the exhilarating power to become an active explorer, maker and doer, inventing the future
Medicine & Health Sciences, and Science & Humanities, you can give life and inspire billions.
Students first came to study in Tamil Nadu over 1400 years ago. The trend still continues.

So, come be an SRMite. And fly.

Hiuen Tsang, a Buddhist traveller spent years in Kancheepuram learning Buddhist philosophy in the seventh century. Tamil Nadu has always valued education and has a long history of welcoming visiting students. The same is true at SRM.
